

Why Insight for education?

At Insight, we define, architect and implement Intelligent Technology Solutions™ that help your institution run smarter. Our strong supply chain optimization and workplace solutions combined with our data center transformation expertise and modernized applications keep your organization running, foster flexible work environments and put you at the forefront of innovation.

- Exclusive access to low pricing through public sector contracts
- Experienced education industry specialists ready to help
- Strong client relationships that support your entire IT lifecycle
- Customized solutions to support staff, students and faculty

ESUCC Partnership

The Educational Service Unit Coordinating Council shall work toward statewide coordination to provide the most cost-effective services for the students, teachers, and school districts in each educational service unit. The council's duties include, but are not limited to:

- Preparation of strategic plans to assure the cost-efficient and equitable delivery of services across the state
- Administration of statewide initiatives and provision of statewide services
- Coordination of Distance Education

A single IT source

Whether your organization demands a cloud migration, a converged network, a desktop refresh or server/storage consolidation, Insight delivers the solution with single-source efficiency.
