

Solutions to support the whole student

Students engage, thrive, and reach their highest potential when their school has a climate of safety and wellness.

Web Filtering

Ensure student safety on all devices, anywhere they go.

Give parents/caregivers device control and engage them in student learning.

Teach students how to responsibly use AI.

Student Wellness

Identify at risk students and intervene early.

Capture student voice and gain insights into safety and wellness.

Human analysis of alerts and notifications in less than 5 minutes.

Classroom Management

Engage students and lead classes with confidence.

Simplify flex periods for teachers and students.

Manage iPads and other Apple devices from the cloud.

AI Powered Data Analysis

AI-driven insights for K-12 school leaders.

Digital Hall Pass

Simplify hall monitoring and management.

Ready to make meaningful change for your students and staff?

At Securly, we envision a future where EVERY student and staff member receives the help and support they need to excel in school and in life.

Together, let's make that future a reality - starting today.
