

Brightly, a Siemens company, is the global leader in intelligent asset management solutions. Education clients can rely on Brightly to provide a complete suite of intuitive software including CMMS, EAM, Strategic Asset Management, IoT Remote Monitoring, Sustainability and Community Engagement. With over 12,000 clients worldwide, Brightly, formerly Dude Solutions, has been helping clients lead their evolution for over 20 years.

Schools deserves smarter asset management. Keep your students focused and your school running smoothly. Since our founding in 1999 as SchoolDude, thousands of schools and colleges have relied on us to help them overcome the operational challenges they face in the education industry. From work order management to preventative maintenance, we simplify your institution's day-to-day operations:
