

# Better furnishings lead to brilliant spaces

When it comes to the learning environment, there's no such thing as neutral furnishings. Every piece in your space either enhances the educational experience or puts up roadblocks to success.

Whether you're looking for clean lines and vibrant colors with the **Demco ColorScape® Furniture Collection** or customizable options for the perfect fit using the **Demco FLEXplore Furniture Collection**, our design team will work with you to bring your large-scale vision to life — on time and on budget.
