## Reasons Why Our MackinCurator Subscription Works for You:

### Have Questions?

[mackincurator@mackin.com](mailto:mackincurator@mackin.com)

800.245.9540

### Timesaver

Huge timesaver for busy library professionals that need to balance numerous responsibilities.

### Created By Professionals

Our custom lists are created by librarians and teachers that select from thousands of books, based on your profile of preapproved categories, topics, or genres. Plus, they check against your current collection to avoid duplicates.

### You Approve the Titles

Once you have received the recommended title list, created for you three times per year, you will have 7 days to review the titles. After 7 days, all titles left on the list will be ordered and filled against your prepaid subscription balance.

### You Decide the Price

You determine the cost of your subscription! There is a minimum value, but you can set your MackinCurator Subscription for any amount equal to or greater than \$1,000

### Start Anytime

You can start your subscription anytime during the year. You select the 3 months you want to receive shipments or we can pick the three delivery dates for you.
