What is Edpuzzle?

Edpuzzle is interactive learning simplified. Educators can choose from a variety of formats including videos, slides, and quizzes, to easily create trackable interactive lessons that support different learning styles and keep every student engaged.

1.9+ million teachers worldwide

30+ million learning resources

Spark student engagement with interactive lessons

Video

Engage students on a medium they love and turn videos into active learning experiences.

Quizzes

Use quizzes to make learning feel magical with gamification options students enjoy.

Slides

Bring slide presentations to life and let students take an active role in their learning.

Student Projects

Unleash student creativity and give students the chance to create their own lessons.

Discover 6,000+ Nebraska standards-aligned activities with 20,000+ assessment questions in subjects like:

Math

- Multiplication & Division
- Graphing & Inequalities
- Algebra 1 & 2
- Geometry

Language Arts & Literacy
