

FLEXIBILITY IS KEY TO MANAGE CAMPUS COMMUNICATIONS

Utilizing InfoView, any display can be transformed into a powerful visual notification tool, keeping faculty and students informed during various situations. InfoView offers a range of visual notification capabilities, such as emergency signage, digital signage, and clocks. Integrated into the EPIC (Education Paging & Intercom Communications) System® interactive platform, InfoView is fully customizable, enabling campuses to deliver timely visual messages at any given moment.

Emergency Signs

As EPIC System plays emergency notifications, receive corresponding visual notifications on all clocks and digital signs on campus.
