

## DESIGN, BUILD, & CODE ROBOTS WITH **TETRIX® PRIME**

**TETRIX® PRIME** comes with everything teachers need to bring robotics to life in the classroom.

Whether engineering or programming robotics is your primary focus, **we've got options to meet your needs.** Designed for ease of use, PRIME enables students to assemble robots and get them moving within a classroom period.

### NEW: TETRIX Ardublockly Web App

Our new **TETRIX Ardublockly web app** makes it easier than ever for students to program their PRIME robots using block-based code.

- ⚙ Created by Pitsco for exclusive use with the TETRIX PULSE® controller
- ⚙ 100% web based; no software installation is necessary
- ⚙ Use the app in Google Chrome and Microsoft Edge browsers
- ⚙ Compatible with Mac, Windows, and Chromebooks (one USB-A port required)
- ⚙ Accessible anywhere with an Internet connection

**SHOP PRIME**

Don't forget to use code **AEPACTE** when shopping at [Pitsco.com](https://Pitsco.com) for your exclusive 2% discount! Valid through May 2026.
