

# 10" Compact Table Saw

## WHAT ARE YOU WAITING FOR?

**A SMALL YET PORTABLE TABLE SAW FOR ANY SHOP CLASS.**

To prevent serious injury, the spinning blade stops in **less than 5 milliseconds** after making contact with skin, and drops below the table.

Easy to adjust and always square, the rack and pinion fence has a built-in high and low shelf to support all kinds of cuts.

A centrally-located quick-tilt bevel knob makes all blade adjustments easy with just one hand. Micro-adjust feature for highly precise settings.

On-board storage for tools and accessories means nothing gets lost and everything is organized.
