I. Introduction to CPC

The Cooperative Purchasing Connection (CPC) is a joint powers group of local governmental agencies and service cooperatives in Minnesota, organized pursuant to Minnesota Statute §123A.21. CPC obtains the legal authority to develop and offer, among other services, cooperative procurement services to members and participants. Eligible and existing participants include state, city, and county governments, tribal nations, government agencies, public and non-public educational agencies, colleges, universities, nonprofit (501(c)(3)) organizations, and other entities contracted on behalf of an agency.

Participation in the resulting contract(s) is open to government and nonprofit agencies across the United States.

In addition, the North Dakota Educators Service Cooperative (NDESC) is a joint powers group organized under the provisions of Chapter 54-40.3 of the North Dakota Century Code. NDESC holds a joint powers agreement with Lakes Country Service Cooperative (LCSC) in Fergus Falls, Minnesota, to provide purchasing contracts to its participating agencies. South Dakota participating agencies may also utilize CPC's purchasing contracts pursuant to South Dakota State Statute §5-18A-37.

LCSC provides the administrative functions of CPC and NDESC. Administrative functions include, but are not limited to, bid and contract research, contract development, negotiations, fiscal reporting agent, marketing contract promotion, and agency support services.

Through the combination of purchasing power, CPC's objective is to achieve cost savings through a single competitive solicitation process. This process eliminates a Supplier from responding to multiple quotes and proposals allowing for the reduction in administrative and overhead costs through CPC's purchasing procedures. CPC will collaborate closely with the Supplier to market the contract not only to participating agencies but also to potential agencies where the contract would be an advantageous option for growing participation and purchases through the Supplier.

II. Solicitation Description

CPC is seeking qualified, experienced Supplier(s) to perform Facility Cleanup and Restoration Services. Supplier(s) shall be equipped with the necessary resources and capabilities to develop a program for participating agencies to have the ability to purchase a broad line of services at consortium level discounted pricing. A qualified Supplier shall have established a percentage discount from a catalog list, published prices, or price list. Discounts may be submitted for an entire catalog or for specific product categories or manufacturer categories. Facility Cleanup and Restoration Services may include, but not be limited to the following:

1. Natural disasters (fires, storms, flooding)
2. Pandemic events
3. Acts of vandalism or terrorism
4. Mold abatement and remediation
5. Specialty services (document restoration, biohazard, crime scene, odor removal, etc.)
6. Equipment rental for use in cleanup and/or restoration efforts
7. Construction services related to facility cleanup and/or restoration efforts

This RFP will not include asbestos abatement, the purchase of supplies or equipment, or recovery planning for technology or financial disasters.

A highly qualified Supplier is one that can provide a comprehensive catalog of offerings, ensuring a wide range of options that meet the diverse needs of participating agencies.

CPC reserves the right to award this solicitation to one or more Suppliers based on evaluation factors and the greatest benefit for all participating agencies. Corporate entities may respond directly but must designate the regional offices authorized to execute and administer the contract on their behalf. Designated suppliers must adhere to the terms outlined in this solicitation.

CPC encourages providers of all related services to bid, providing the following criteria are met:

1. Guaranteed pricing discounts.
 - a. Pricing discounts offered on a full range of services, quality products and supplies.
 - b. Pricing discounts held firm for the duration of the contract term.
2. Warranty protection.
3. Training and support, when applicable.
4. Installation, when applicable.

Suppliers who meet any or all of the above-mentioned must complete the required documents to be considered a responsive and responsible Supplier.

Facility Cleanup and Restoration Services is a new category offering for CPC. The contract(s) resulting from this solicitation will be Indefinite Delivery, Indefinite Quantity (IDIQ) contract(s).

Numerous factors could cause the actual value of the contract(s) resulting from this solicitation to vary. Such factors include, but are not limited to, the following:

1. There is no guarantee of volume to be purchased, nor is there any guarantee that demand will continue in any manner consistent with previous purchases; and
2. The individual value of each contract is indeterminate and will depend upon actual participating agency demand, and actual quantities ordered during the contract period.
3. If actual contract pricing is lower than anticipated or historical pricing, actual quantities purchased could be substantially greater than the estimates; conversely, if actual contract pricing is higher than anticipated or historical pricing, actual quantities purchased could be substantially lower than the estimates.

By submitting a response, the Supplier acknowledges the foregoing and agrees that actual good faith purchasing volumes during the term of the resulting contract(s) could vary substantially.

III. Responding Minimum Qualifications

All submittals must contain answers, responses and/or documentation to the information requested herein. Any submittal failing to provide the required information and/or documentation will be considered non-responsive. A submittal considered non-responsive may result in possible disqualification for consideration of a solicitation award.

Responding Suppliers must communicate and demonstrate their experience, ability, capacity, and available resources to provide products and/or services to participating agencies as described in this solicitation. CPC reserves the right to accept or reject any Supplier's proposal failing to demonstrate their abilities or capacity solely based on information provided in the solicitation response and/or its own investigation of the company.

IV. General Specifications

An attempt has been made to standardize the language used in this solicitation. The words "must," "shall," "mandatory" and the phrase "it is required" are used in connection with a mandatory specification. The words "should" and "may" are used in connection with a specification that is desirable.

1. The Supplier shall provide all labor, materials, and equipment necessary to clean and restore the structure and contents.
2. The Supplier shall possess appropriate licensing, certifications, and insurance coverage required for the full spectrum of services outlined herein. All work shall comply with applicable federal, state, and local regulations, industry standards, and environmental guidelines. The Supplier shall coordinate with insurance carriers, regulatory agencies, and other stakeholders as necessary to facilitate project completion.
3. The Supplier shall provide project management and monitoring services.
4. The Supplier shall provide 24/7 response and service.
5. The Supplier shall provide security for the sites to prevent pilfering, theft or vandalism.
6. At the Supplier's own cost and expense, assume responsibility, in accordance with all applicable laws, for any and all leaks, spills, or other emergencies occurring in connection with performance of the services covered. If leaks or spills (including hazardous substances) occur at the worksite that are not related to the Supplier's performance, response may be added as a covered service under the procedures provided.
7. All equipment, supplies, parts, products, etc. will meet applicable current industry standards and health and safety standards.
8. The Supplier must provide participating agencies who have questions, issues, and/or concerns with an efficient response; responding to agencies within 24 business hours.
9. Supplier shall remain responsible for all materials and equipment until final acceptance by the participating agency. Any materials delivered but not yet installed shall be stored securely and protected from loss or damage. Payment for such materials shall not constitute final acceptance.
10. Recalls
 - a. The Supplier must notify CPC and their participating agencies of any product recalls.
 - b. The Supplier will issue a credit or comparable substitute for any delivered, recalled product at the agency's discretion.
 - c. All costs associated with voluntary and involuntary product recalls shall be borne by the Supplier.
11. Maintenance Plans
 - a. The Supplier may offer pricing for maintenance for all equipment listed under the solicitation and include it in pricing proposals to participating agencies if requested.
 - b. The Supplier providing maintenance and repair options must provide and clearly state, pricing, and terms of the various plans in their submission.

V. Technical Specifications

Initial Assessment and Planning

- Perform a thorough physical survey and inspection to evaluate all damages to contents and structures, including the presence of odor, water, and other water damage. In the event of a fire, include odor, soot, ash, and other fire-related elements. A representative of the Participating Agency must be allowed to be present during the physical survey of each site.
- Provide a written and/or electronic scope of damages.
- Provide a detailed, itemized written and/or electronic estimate of damages.
- Evaluate the feasibility of restoring versus replacing damaged items, to be reported to the Participating Agency for determination.
- Identify and tag all items that will be restored.
- Provide documentation of damaged and non-restorable items.

Stabilization and Mitigation

- Stabilize the environment to control moisture and dampness to prevent the growth of mold and mildew.
- Provide water extraction and moisture control, taking immediate action to remove all standing water.

- Provide structure and content drying, including dry-down methods to prevent and/or eliminate excess water, and temporary roof covering, as applicable.
- Provide microbial remediation.
- Provide protective disinfection services, including wiping down all horizontal and vertical surfaces with EPA-approved disinfectant, ULV (Ultra-Low Volume) fogging, and post-spray cleaning of horizontal surfaces.

Restoration and Specialty Services

- Provide complete fire, smoke, water and wind damage recovery and restoration.
- Remove acidic smoke and soot from all surfaces, if applicable.
- Provide building deodorization/odor control — clean, dry, and deodorize all items and surfaces.
- Provide structural cleaning and restoration.
- Provide content cleaning and decontamination.
- Provide commercial cleaning and decontamination of HVAC units and ductwork, drapes, post-construction cleanup, and pre-catastrophe registration.
- Provide recovery services for media, documents, books, and vital records.
- Provide service for biohazard incidents.
- Provide floor and carpet cleaning.
- Pack, transport, and store salvageable items.

Documentation and Communication

- Provide ongoing digital photos and/or video as a baseline record and to document work progress.
- Document and provide ongoing periodic written and/or electronic reports, including humidity readings.
- Provide daily reports with a breakdown of all current resource utilization, anticipated daily needs, and projected completion times.
- Host daily briefings/meetings with Participating Agency staff to communicate work progress.
- Provide documentation of all consumable goods utilized, recorded in the daily log.
- At the completion of work, provide the Participating Agency with a comprehensive written and/or electronic final report summarizing all covered services provided, with sufficient detail to meet FEMA and insurance requirements to maximize payment of claims and reimbursement of expenses.
- Provide an itemized invoice of all charges, in accordance with the scope of each project.

VI. Pricing

1. Contract discounts and percentages must be held firm during the initial contract period. Additional discounts may be made to accommodate one-time bulk replacements, special promotions, or a large individual project. CPC may conduct periodic audits, and the Supplier will be responsible for full reimbursement for any overcharge to a participating agency.
2. Contract discounts must apply to any and all charges paid to the Supplier by the participating agency.
3. The Supplier must provide discounted pricing on all products available, and labor/services offered in this solicitation.
4. For services, suppliers may respond with a discount off labor and material costs. Labor must be sufficiently itemized by title and include a total rate (salary and fringe). Material costs must be itemized. Any supplier awarded under a time and materials pricing strategy must provide a “not to exceed” project quote to the participating agency for work approval.
5. New products and services, pertaining to the scope of this solicitation, can be added during the course of the contract term with notice, as outlined below (see #6), to CPC. These items shall meet or exceed all the specifications established in the solicitation and resulting contract. CPC may direct the Supplier to remove products that do not meet the intent or are otherwise in conflict with the contract requirements.

6. When a price list is revised (i.e., manufacturer) to add or delete products and accessories that result in revised contract pricing, the Supplier shall notify CPC in writing via email as follows:
 - a. Request will be on the Supplier's letterhead and emailed to CPC.
 - b. It is filed with CPC, a minimum of seven (7) business days before the effective date of the proposed change;
 - c. It clearly identifies the items impacted by the change and the cause for the adjustment.
 - d. It is accompanied by documentation acceptable to the RFP facilitator, as noted on the cover page of this solicitation, to warrant the change (i.e., appropriate Bureau of Labor Statistics, Consumer Price Index (CPI-U, change in manufacturer's price, etc.).
 - e. CPC reserves the right to accept or reject such change and will confirm in writing. For contract administration purposes, CPC must be able to verify the manufacturer's current product price. Price increases that cannot be verified shall not be reflected on the contract nor charged to the participating agency.
7. CPC may accept a future claim from the Supplier that a new threshold of performance or technology has been established. If CPC is satisfied with the evidence presented in support of the claim, appropriate pricing for such new technology may be established by applying the same pricing method used by the Supplier in their submission. The Supplier must be able to verify the pricing calculation.
8. CPC expects Suppliers to offer their very best prices to ensure the CPC contract provides value to its membership and is competitive. CPC allows a Supplier to lower prices for a participating agency when it benefits the agency and is based upon commitments and variables that may include but is not limited to: agency size and scope, geography, purchase volume, guarantees, logistical expenses, manufacturer support, specific product usage and other contractual terms/requirements.
9. Pricing Proposal Instructions. For a pricing proposal to be complete, suppliers must provide detail on their proposed pricing structure as well as outline a method by which CPC and participating agencies will be able to verify that they are receiving contract pricing. Emphasis should be placed on the ease of accessibility and verification by CPC and participating agencies.
 - a. Suppliers must complete and submit the pricing document (Part 5 – Pricing). Part 5 – Pricing is an Excel workbook consisting of the following tabs:
 - i. 1 – Pricing Schedule: This tab is REQUIRED for a response to be complete. Complete the rate table provided with all applicable costs (i.e., products, equipment, rentals, fees, etc.) necessary to perform the scope of work outlined in this solicitation.
 - ii. 2 – Services: This tab is REQUIRED for a response to be complete. Complete the rate table provided with all applicable labor/service costs necessary to perform the scope of work outlined in this solicitation.
 - iii. 3 – Project Scenarios: This tab is REQUIRED for a response to be complete and includes 5 project scenarios. Suppliers must complete a pricing table for each scenario provided. This information will be used for evaluation purposes only.
 - iv. 4 – Additional Discounts: This tab is OPTIONAL and not required for a response to be complete. Suppliers have the opportunity to offer additional discounts on top of contract pricing. If a response includes additional discounts, they may be provided on this tab.

VII. Design Layout and/or Installation Services

1. Pricing for design layout and/or installation will be by hourly rate or percentage of the project cost. The Supplier must outline all service charges for design and installation. If the Supplier charges for installation by a method other than hourly or percentage, a complete explanation, and breakdown of how charges are calculated must be included with the submission.
2. Prevailing Wage.
 - a. Minnesota: If the resulting contract involves a project erection, construction, remodeling, or repairing of a public building or other public work financed in whole or part by State [Minnesota] funds, then pursuant to Minnesota Statutes 177.41 to 177.44 and corresponding

Minnesota Rules 5200.1000 to 5200.1120, this contract is subject to the prevailing wages as established by the Minnesota Department of Labor and Industry. Specifically, all Suppliers and all tiers of subcontractors must pay all laborers and mechanics the established prevailing wages for work performed under the resulting contract. Failure to comply with the aforementioned may result in civil or criminal penalties.

- b. If the contract is used outside of Minnesota and prevailing wage applies, Suppliers shall follow all applicable wage laws for that state.
 - c. For questions regarding prevailing wage laws, contact the applicable state's Department of Labor or equivalent.
3. Prevailing Wage/Davis Bacon [State & Federal Funds]. The Supplier's hourly price shall include, but is not limited to wage requirements, equipment and tools normally associated with the removal and installation of goods and services. Due to wage rate requirements for State and Federal funded projects, the costs associated with labor may increase from contracted pricing.
4. The Supplier subcontractors will maintain in current status, all federal, state, and local licenses, bonds, and permits required for the performance and delivery of any and all products and services in response to this solicitation. This also includes any supplier's licensure as required by state law. The Supplier must have the ability to furnish all required labor, materials, equipment, parts and supplies necessary for the services requested within an agreed upon timeframe.
5. The Supplier will possess the ability to assess and determine existing site conditions and the participating agencies' expectations for the products being purchased.
6. Installation times will be coordinated with the purchasing agency. All areas will be kept clean and free of debris. Suppliers must be able to provide the purchasing agency with a list of responsibilities for installation, a minimum of five (5) business days prior to the start of installation.
7. All personnel that are working in participating agencies must be bonded, insured, and follow any and all participating agencies' requirements for suppliers and subcontractors.
8. Subcontractors.
 - a. The Supplier will not assign any duties to perform services nor to provide goods to purchasing agencies under this contract to a subcontractor that is not listed in the Subcontractor Utilization Form.
 - b. If a subcontractor is removed from the contract agreement at any time, the Supplier will submit to CPC in writing the reason for removal and effective date.
 - c. To add a subcontractor to the contract agreement, the Supplier must submit to CPC an updated Subcontractor Utilization Form. The subcontractor may not begin providing service until approved by CPC.
 - d. The Supplier will be responsible for ensuring that all subcontractors who provide goods or services under the resulting contract agreement comply with the terms and conditions.
 - e. CPC reserves the right to require that a subcontractor be removed from the contract.
 - f. Any damage done to the participating agencies' property by suppliers or subcontractors shall be repaired or replaced at no cost to the participating agency.
9. All services will be 100% guaranteed. Any service provided, which does not meet the end-users' expectations, will either be redone until the end-users' expectations are met, or the charges for the services are refunded to the participating agency.

VIII. Ordering Methods

1. All orders will be executed by participating agencies directly with the Supplier. The Supplier may offer a variety of options for agencies to place orders. The Supplier will make all deliveries and installation of products and services. CPC will not warehouse items or provide services.
2. Participating agencies may use two (2) different methods of placing orders from the resulting contract: Purchase Orders (PO's) and procurement cards. The method of payment is at the discretion of the participating agency. Additional surcharges for the use of a procurement card must be clearly outlined (see Supplier Questionnaire).

3. A PO may be issued to the Supplier on behalf of the participating agency ordering the services covered under the resulting contract. An issued PO will become part of the resulting contract. The PO indicates that sufficient funds have been obligated toward the purchase.
4. Regardless of the method of ordering used, solely the contract and any modification determine performance time and dates.
5. Performance under this contract is not to begin until receipt of a PO, procurement card order, or other notification to proceed by the participating agencies to proceed.
6. When applicable, an online catalog for order entry must be provided for use by and suitable for participating agencies' needs. The online catalog will note product discounts and, if applicable, the differing discounts for catalog categories awarded.

IX. Freight and Delivery

1. Delivery must be made as ordered and in accordance with the solicitation. If delivery qualifications do not appear in the Supplier's proposal, it will be interpreted to mean that goods are in stock, and that shipment will be made within five (5) business days. The decision of CPC, as to reasonable compliance with the delivery terms, shall be final. The burden of proof of delay in receipt of an order shall rest with the Supplier.
2. No delivery charges shall be added to invoices except when authorized on the Purchase Order.
3. All prices submitted are to be F.O.B. Destination, Freight Pre-Paid, and Allowed. Unless clearly stated otherwise by the respondent, prices submitted shall include all charges for transportation, packaging, etc., necessary to complete delivery on an F.O.B. Destination basis.
4. CPC does not require freight to be included in the proposed pricing for this RFP due to the variance of freight charges attributable to weight and volume per order. However, if awarded, the merchandise must be shipped prepaid with the freight charged added to the invoice as a separate line item.
5. Freight charges must be quoted to the agency prior to any purchase order being issued by the participating agency.
6. Invoice and ship all items directly to CPC's participating agencies. A packing slip will be provided with all deliveries including the agencies' purchase order number. Orders not filled and partial shipments shall be indicated on the packing list. Participating agencies shall be notified of an anticipated availability date, within three (3) business days of receipt of order.
7. All equipment, supplies, and related accessories must be delivered during normal hours of operation on weekdays, unless at the convenience of the participating agency and through mutual agreement with the Supplier.
8. All products must be 100% guaranteed. Any product which is damaged, found to be defective, or does not perform to the end-user's expectations must be replaced at the Supplier's expense including all shipping/delivery charges. If a participating agency receives the product(s) that appear to be damaged, they reserve the right to refuse delivery. Participating agencies will not be charged for items that are refused.

X. Payment

1. Participating agencies using the resulting contract Agreement will make payments directly to the Supplier.
2. Payment terms will be defined by the Supplier in their response.
 - a. Suppliers are encouraged to offer payment terms through procurement card (P Card) services, if applicable.
 - b. Payments shall be made after satisfactory performance, following all provisions thereof, and upon receipt of a properly completed invoice.
 - c. Where a question of quality is involved, payment in whole or part against which to charge back any adjustment required shall be withheld at the direction of the participating agency. In the event a cash discount is stipulated, the withholding of payments, as herein described, will not deprive the participating agency of taking such a discount.

- d. Payments for the used portion of inferior delivery will be made by the participating agency on an adjusted price basis.
3. The Supplier will submit invoices to the participating agencies clearly stating, "Per CPC Contract."
4. The shipment tracking number or pertinent information for verification shall be made available upon request.
5. Participating Agencies will follow M.S. §471.425 regarding prompt payment of local government bills.

XI. Advertising and Marketing

1. The Supplier will provide sales and marketing representation that is able to educate, introduce and demonstrate products and/or services to CPC's participating agencies.
2. The Supplier will be able to assist in developing marketing materials that support the contract.
3. The Supplier will provide a comprehensive training and support program on the operation and use of the contract agreement to all applicable personnel. The services offered must be appropriate and adequate to ensure a successful contract agreement.
4. All promotional marketing materials must have the prior approval of CPC before distribution and must include the CPC logo and pertinent contract information.
5. Upon award and completion of the Supplier orientation, CPC will promote the contract opportunity via its websites. CPC will also announce the new partnership through various marketing channels. Contracts may also be promoted at applicable trade shows, conferences, and meetings.

XII. Timeline

Date/Time	Event
September 8, 2025	Publication of Solicitation
September 15, 2025 @ 10:00 AM CST	Non-Required Conference Call
September 22, 2025	Deadline for Suppliers to Submit Questions
October 3, 2025 @ 1:00 PM CST	Deadline for Submission
October 20, 2025	Contact Supplier/Award(s) Made
December 1, 2025	Initial Start of Contract Term

XIII. Non-Required Conference Call

A virtual conference will be held allowing Suppliers to ask questions and address concerns and/or issues they may have relating to the solicitation. The conference call will not be recorded, and the use of AI notetaking will not be permitted.

To attend the conference call, visit:

<https://us02web.zoom.us/j/83248847425?pwd=HbDssp3V4pizDLeWD4AA6p0tFuZsnS.1>

1. **Dial-in Number:** 1 312 626 6799
2. **Meeting ID:** 832 4884 7425
Passcode: 2Sd9gm

XIV. Method of Evaluation

This solicitation will be evaluated based on the combined factors outlined below. Evaluation criteria include supplier qualifications and experience, quality and variety of product selection, pricing, services and support, and ease of ordering. No single factor will determine the final award decision.

	Points Available
Minimum Qualifications <i>See section "III. Responding Minimum Qualifications" for criteria.</i>	Pass/Fail

Technical Proposal	300
<i>Considers responses to company information, qualifications and experience, performance capability, products and services offered, value adds, exceptions and deviations, and additional requirements.</i>	
Pricing Proposal	200
<i>Considers both price and overall value, using the equipment and labor price lists that are submitted along with the quotes for the sample scenarios.</i>	
Total Points	500

As a part of the process of determining responsible respondents, CPC may request reports that describe the financial soundness of your organization. Accepted financial reports may include balance sheets and Profit & Loss statements for the past three years, a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies).

Best and Final Offer (BAFO): CPC may request a BAFO if additional information or modified terms are necessary for the evaluation committee to complete its evaluation and ranking. CPC will set a date and time for the submission of BAFO proposals. The BAFO will be limited to specific sections of the RFP or proposal identified by CPC. A BAFO will not be used solely to reduce pricing. If a BAFO is requested, all short-listed Suppliers or, if the short-list process is not used, all qualified Suppliers will be provided with an opportunity to submit a modified response. Only one BAFO request will be issued by CPC. The information received from the BAFO will be used by the evaluation committee to re-rank the Suppliers. If a Supplier does not submit a BAFO proposal or a notice of withdrawal, the Supplier's previous proposal is considered the Supplier's BAFO. CPC reserves the right to proceed directly to negotiations with the highest ranked proposers immediately following the initial submission and evaluation of proposals.

Contract Development: Following the final evaluations, contract offer and award, and contract negotiations, CPC will develop a Master Contract Agreement with the most highly qualified Supplier. If a satisfactory contract cannot be developed with the most highly qualified Supplier, the second most qualified Supplier may then be approached to develop a contract.

Solicitation Debriefing: A supplier that did not receive an award may request a debriefing to be scheduled with CPC after the solicitation process has been completed and a Master Contract Agreement with the awarded Supplier has been executed. Debriefings are not forums for protest, negotiation, or argumentation, but are learning opportunities for unsuccessful Suppliers.

Debriefings will be conducted via a virtual meeting and will be limited to the requesting supplier's own proposal. Comparative evaluation information or confidential data about competing proposals will not be shared.

XV. Solicitation and Submittal Procedures

Public Purchase: All solicitations can be found on Public Purchase (www.publicpurchase.com). All solicitation activity is time-stamped and logged as part of the solicitation process.

Submission of Proposals:

1. All proposals must be submitted electronically via Public Purchase. Hardcopy proposals are invalid and will not receive consideration.
2. It is the Supplier's responsibility to completely upload and submit a response by the submission deadline, as described in the solicitation.
 - a. If the proposal has not completed its upload to Public Purchase by the submission deadline, the Public Purchase system will not accept the proposal.
 - b. If any issues occur during the upload of the proposal, Suppliers should contact Public Purchase for immediate technical support.

- c. The data included in the submission will not be password protected.
3. CPC does not consider any information submitted in the General Notes section of Public Purchase when evaluating.
4. Submission checklist:

Document Title	Instructions
1. Part 1 - RFP Provided as a PDF.	Retain for your records.
2. Part 2 - General Terms and Conditions Provided as a PDF.	Retain for your records.
3. Part 3 - Questionnaire Provided as a Word document.	Submit as one (1) PDF. Include company name in the file title.
4. Part 4 - Forms & Signatures Provided as a PDF.	Submit as one (1) PDF, signatures required. Include company name in the file title.
5. Part 5 - Pricing Schedule Provided as Excel document.	Submit as Excel document. Include name of company in the file title.
6. Certificate of Insurance (COI)	Submit as PDF. Include name of company in the title. <u>CPC must be identified as a certificate holder.</u>
Business Type/Classification (if applicable)	Submit as PDF. See "Company Information" in Part 3 – Questionnaire for details. Include name of company in the file title.
Exhibit A – Proof of Industry/Professional Certifications (if applicable)	Submit as PDF. See "Additional Requirements" in Part 3 – Questionnaire for details. Include name of company in the file title.

Questions: Requests for additional information, clarifications, interpretations, or questions shall be promptly asked via Public Purchase. CPC will respond via Public Purchase as laid out in the solicitation documents.

Addenda: Addenda are written instruments issued by CPC which modify or interpret the solicitation documents by additions, deletions, clarification, or corrections. All addenda issued by CPC shall become a part of the specifications and will be made part of the contract. Addenda will be sent automatically through Public Purchase; being logged and tracked within the system. Interpretations, corrections, or changes made in any other manner will not be binding, and Suppliers shall not rely upon such interpretations, corrections, and changes. Answers to questions or addenda will be issued no later than five (5) business days prior to the submission deadline, except an addendum withdrawing the proposal or one which includes postponement of the submission deadline.

Late Submittals: Submittals will not be allowed to be submitted or uploaded after the due date and time set by CPC. It is the respondent's responsibility to ensure that submittals are received by the due date and time listed.

Modifications or Withdrawal of a Proposal: A proposal may not be modified, withdrawn, or canceled by the Supplier for a period of one hundred twenty (120) days following the submission deadline of the proposal, as each Supplier so agrees in submitting a proposal. Prior to the submission deadline, any proposal submitted may be modified or withdrawn within Public Purchase. Withdrawn proposals may be resubmitted within Public Purchase prior to the submission deadline provided that they are in full conformance with this solicitation.

Rejection of Any or All Proposals: CPC reserves the right to reject any and all bids/proposals, to waive any informality, or to accept/reject any items listed in the pricing schedule in the best interest of CPC and its participating agencies.

Opening of Proposals (Opening Record): Proposals that have been submitted on time will be opened after the submission deadline. An opening record of the proposals received will be made available.

XVI. Solicitation Terms and Conditions

Performance Bond (*for construction and/or installation related projects*): A performance bond is held between the awarded supplier and a participating agency, and will be required:

1. As defined by all applicable state statute(s) where the project is being conducted.
2. As required by the participating agency.

All performance bonds will be issued by a corporate surety authorized to do business in the state in which the work will be conducted and by a surety listed in the US Treasury Circular 570. Performance bonds will be posted by the Supplier and submitted to the specific participating agency for the assigned project. Should the contract be the result of a piggyback agreement, performance bonds will reflect each state's bonding requirements.

The Supplier will execute a performance bond in an amount equal to one hundred percent (100%) of the value specified in the contract between the participating agency and the Supplier unless the participating agency requires less to be posted. This bond will protect all persons supplying labor and material to the Supplier for the performance of the work provided in the contract. Subcontractors who may work on the contract may have to provide the Supplier with a performance bond. If the contract price increases after the bond is provided, the participating agency may consider obtaining additional bonds from the Supplier.

The Supplier will deliver the performance bond to the eligible participating agency at the time the contract is executed between the agency and the Supplier. Work will not commence between the Supplier and the eligible participating agency until the performance bond is received by the participating agency and a copy has been sent to CPC via email (info@purchasingconnection.org). The Supplier will be responsible for providing CPC with a copy of all contracts and bonds in accordance with CPC purchasing procedures. Should the Supplier fail to satisfactorily perform the contract, the bonding company that provided the performance bond will be required to pay the dollar amount of the bond to the participating agency.

It is the Supplier's responsibility to ensure that they can obtain the required bonding for all construction products based on an awarded contract arising from this solicitation. Payment will not be issued for any project for which the required bonds have not been received.

Other Bonds: An awarded supplier will supply additional bonds as required based on federal law, state law, or participating agency policy.

Additional Terms and Conditions/Participating Addendum: Participating agencies and a Supplier may negotiate additional terms and conditions as necessary to complete a purchase. These may include, but are not limited to:

1. Industry specific requirements
2. Legal obligations
3. Specific local/board policy provisions

Some participating agencies may also require a Participating Addendum (or equivalent) with terms negotiated directly between them and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any additional negotiated terms and conditions must not be less favorable to the participating agency than the terms outlined in this solicitation.

Certificate of Insurance: The Supplier must purchase, maintain and provide certification from the insurer for minimal coverage during the life of an awarded contract, to include, but not limited to, comprehensive public and/or commercial liability, errors and omissions, workman's compensation, unemployment, and other insurance coverage required by and applicable to each of CPC's individual state's statutes and federal laws which proposed products and services will be offered and provided.

The Supplier must provide a Certificate of Insurance (COI) from the issuing company or their authorized agent, identifying the coverage required below and identifying CPC as a "Certificate Holder." Any required insurance that is canceled before the expiration date of the contract agreement, the issuing company will send immediate notice to CPC. COIs must be updated and sent electronically to CPC upon coverage renewal. The Supplier must meet the following minimum coverage requirements:

Commercial General Liability: \$1,000,000 each occurrence, \$500,000 annual aggregate

Automobile Liability: \$1,000,000 each occurrence

Workers Compensation: \$100,000

CPC reserves the right to consider and accept alternate forms and plans of insurance or to require additional or more extensive coverage for any individual requirement.

Binding Contract: A response to this solicitation is an offer to contract with CPC based upon the terms, conditions, the scope of work, and specifications contained in the solicitation. The Supplier acknowledges that the Contract Offer and Award binds the party to all terms and conditions stated in the proposal.

Notification of Intent to Award: An award notification will be made as outlined in the solicitation documents. The actual award is subject to the successful negotiation of a mutually accepted Master Contract Agreement and approval by the CPC Board of Directors.

Contract Term: The term of the contract resulting from this RFP will be from December 1, 2025 through December 31, 2027. The contract may be extended for one (1) additional 24-month period, based on successful performance. CPC may grant an extension under certain criteria and conditions. CPC evaluates and reviews all contract agreements. CPC has established a set of performance criteria that will be used in the Supplier evaluation. Performance criteria will include:

1. Contract start-up and communication
2. Partnership responsiveness with CPC
3. Participating agencies evaluation(s)

4. Volume, sales, and competitiveness
5. Marketing

Administrative Fee: The Supplier will be required to pay a two (2.0%) percent administrative fee on the total sales price of all purchases shipped and billed to participating agencies. This fee is used to cover CPC's program costs, including the cost of conducting the solicitation, continuing support of the contract, and marketing the contract to participating and potential agencies. Administrative fees shall be paid to CPC quarterly, within 20 business days after the end of each fiscal quarter.

Payments must be received either via check or authorized ACH. An ACH enrollment/authorization form must be provided to CPC for completion. ACH remittance notification must be sent to the individual indicated on the ACH enrollment/authorization form prior to ACH payment.

Sales Reports Required of the Supplier: The Supplier will provide CPC with a quarterly report listing the sales volume showing the total gross dollar volume of all purchases made by participating agencies, the administrative fee calculations, and the correlating savings incurred by participating agencies. CPC's fiscal year is July through June, and fiscal quarters are July – September; October – December; January – March; and April – June. CPC may also request reports on commonly purchased items or top-selling items to create or update a market basket or core list of commonly purchased items. All reports must be submitted in MS Excel within 20 business days after the end of each fiscal quarter, listing the following information:

1. Name of purchasing agency
2. Address of purchasing agency (city, state, zip code)
3. Date of purchase
4. Invoice number
5. Amount of purchase
6. Administrative fee generated by the sale
7. Savings generated by the sale

XVII. Appendix A: New Award Onboarding Checklist

The following process will commence once the Master Contract Agreement has been executed.

Task Description	Completed By
1. CPC Supplier Orientation Discuss expectations Establish contacts, people, and roles Discuss the reporting process and requirements Discuss sales and ordering process Outline kick-off plan; marketing needs Establish a Webinar training date, if applicable	CPC & Supplier
2. Sales Training and Roll Out CP Personnel Briefing; possible webinar training Marketing information sent to CPC	CPC to Coordinate with Supplier
3. Express Store (if applicable) Initiate IT/eProcurement contact Supplier works with CPC's eProcurement marketplace vendor to create a store (cXML or catalog). Review and test Store Functionality Announce Store Availability	Supplier
4. Marketing - CPC Connect with CPC marketing team Award announcements Supplier profile page <i>*All materials will be approved by Supplier prior to disbursement</i>	CPC
5. Marketing - Supplier General announcement Sales/Account team training; contract highlights including pricing schedule <i>*All materials will be approved by CPC prior to disbursement</i>	Supplier
6. Management Strategies Review kickoff and roll-out plan Discuss and establish target communication strategy	CPC & Supplier
7. Annual Evaluation	CPC & Supplier

General Terms & Conditions

The Cooperative Purchasing Connection (CPC) may make amendments to the General Terms and Conditions when CPC determines that such amendments are in the best interest of its participants. All amendments will be agreed upon between the Parties. Submittals by a Supplier certify that they have read the General Terms and Conditions and understand that they apply to all purchases under the resulting contract(s).

Alcoholic Beverages, Substance Use, and Weapons: A Supplier shall not permit its personnel or any subcontractor to possess upon school property any alcoholic beverages, illicit/non-prescribed drugs, tobacco products, or weapons. All personnel must follow all local substance rules and conduct (dress code, language, parking, etc.) policies while on school premises. Any actions involving, or possession of, any of the aforementioned items while on school property may cause a cancellation of any Agreement, at no cost to CPC and its participating SFAs. Criminal charges may apply.

Assignees, Mergers, Dissolution and Successors: If the original vendor partner sells or transfers all assets or the entire portion of the assets used to perform this contract, the Offeror agrees that during the term of the contract, it will adhere to the terms and provisions of said contract. The parties will be bound by and inure to the benefits of the successors and the respective parties involved. CPC reserves the right to recommend approval, acceptance, or rejection of the new party. A simple change of name agreement will not change the contractual obligations of the Vendor Partner.

Assignment: Any contract awarded under the conditions of this solicitation shall be for the use of organizations eligible for participation. Any eligible agency may participate (piggyback) with this contract at its discretion, with the consent of the Supplier. The Supplier must seek approval from CPC before utilizing the contract with another eligible agency. CPC has partnerships with consortiums across the United States. CPC will work with the Supplier to make such connections should the Supplier want to piggyback the contract as a vehicle for additional sales. All requirements of this solicitation will apply to all participating eligible agencies. Agencies participating in this contract shall be responsible for obtaining approval from their approving body of authority when necessary and shall hold CPC harmless from any disputes, disagreements, or actions which may arise as a result of using this contract.

Audit: Under applicable law, the Supplier will agree that members of CPC's purchasing team may audit their records to establish that total compliance of the agreement is met. CPC will ask participating agencies for invoices showing purchases from the Supplier. The Supplier will agree to provide verifiable documentation of all purchases made by said agencies and will make every reasonable effort to resolve discrepancies fairly and equitably to the satisfaction of both CPC and the Supplier. CPC will require a refund to the agencies involved if any difference in price is found and will also require payment of any administrative fees due resulting from sales that were not listed on the sales report(s). CPC will give at least five (5) calendar days' notice of an audit. The audit will be conducted at a reasonable place and time.

Awarded Supplier: The Respondent(s) chosen by CPC to provide goods and/or services to participating agencies.

Awards: Awards will be made with reasonable promptness and by written notice to the successful Supplier; solicitation responses are considered to be irrevocable for a period of one hundred twenty (120) days following the solicitation opening unless expressly provided for to the contrary in the solicitation and may not be withdrawn during this period without the express permission of CPC.

1. CPC reserves the right to determine those offers which are responsive to the solicitation, or which otherwise serve its members' best interests.

2. CPC reserves the right, before making an award, to initiate investigations as to whether or not the materials, equipment, supplies, qualifications or facilities offered by the Supplier meet the requirements outlined in the proposal and specification and are ample and sufficient to ensure the proper performance of the contract in the event of an award. If upon such examination it is found that the conditions of the proposal are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications or facilities are not satisfactory, CPC may reject such offer. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon CPC to make any examinations before awarding a contract; and it is further understood that if such examination is made, it in no way relieves the Supplier from fulfilling all requirements and conditions of the contract.
3. Qualified or conditional offers which impose limitations of the Supplier's liability or modify the requirements of the solicitation, offers for alternate specifications, or which are made subject to different terms and conditions than those specified by CPC may, at the option of the CPC, be:
 - a. Rejected as being non-responsive, or
 - b. Set aside in favor of the CPC's terms and conditions (with the consent of the respondent), or
 - c. Accepted, where CPC determines that such acceptance best serves the interests of participating agencies and CPC.

Acceptance or rejection of alternate or counter-offers by CPC shall not constitute a precedent that shall be binding on successive solicitations or procurements.

4. CPC reserves the right to determine the responsibility of any Supplier for a particular procurement.
5. CPC reserves the right to reject any responses in whole or in part, to waive technical defects, irregularities, and omissions, and to consider past performance of the offeror wherein its judgment the best interests of participating agencies will be served by so doing.
6. CPC reserves the right to make awards by items, group of items or on the total low response for all the items specified as indicated in the detailed specification unless the Supplier specifically indicates otherwise in their response.
7. Preference may be given to responses on products raised or manufactured in the state, other things being equal.

Confidential Information: CPC is a public entity; the information contained in the proposals shall be considered public information under the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 et. seq. No part of a proposal shall be treated as confidential unless so designated, by the Supplier submitting the proposal, as trade secret information having met the criteria under Minnesota Statutes § 13.37 Subd. 1(b) and other applicable laws. Any data claimed by the Supplier submitting the proposal to be trade secret data must be marked "proprietary and confidential." Should a challenge occur to said Supplier's designation of data as "proprietary and confidential," the Supplier shall indemnify and hold CPC harmless for any attorney's fees, costs, penalties, or losses associated with such designation. CPC makes no representations to any Supplier regarding their designation of data as "proprietary and confidential." CPC designates the sales reports and administrative fee data, references in this solicitation, as confidential. Therefore, under no circumstances, release this data to any entity other than CPC. CPC, however, is a government entity, is required to, upon request of any individual organization; make this information available to the person(s) requesting to contact the CPC department.

Costs of Preparation: All costs associated with the preparation, development, or submission of a response or other offers will be borne by the Supplier. CPC will not reimburse any Supplier for such costs.

Default Contract: The resulting contract shall be the default contract. All participating agencies' purchases will receive the pricing described in this contract and CPC will receive credit for those purchases made by participating agencies.

Express Online Marketplace: CPC provides participating agencies with an online purchasing platform called Express. Through Express, agencies can search for and purchase items. Essentially, Express is a one-stop-shop for

many of CPC's commodity-based contracts. A Supplier does not have to have an e-commerce site to be included in Express. Express offers integration into two (2) of the main K-12 school financial systems in Minnesota. CPC expects growth in the number of agencies utilizing the marketplace and the volume of sales to grow significantly. CPC will work with the Supplier to determine if the contract agreement is suitable for the online platform. If deemed suitable, CPC will require integration into Express promptly as outlined in the solicitation.

Entire Agreement: The Master Contract Agreement, shall constitute the entire and exclusive agreement between CPC and any Supplier receiving an award. In the event of any conflict between the bidder's standard terms of sale, these conditions or more specific provisions contained in the solicitation shall govern.

1. Each proposal will be received with the understanding that the acceptance, in writing, by contract or purchase order by the participating agency of the offer to do work or to furnish any or all the materials, equipment, supplies or services described therein shall constitute a contract between the Supplier and the participating agency. This shall bind the Supplier to furnish and deliver at the prices following the conditions of the said accepted proposal and detailed specifications and the participating agency to pay for at the agreed prices, all materials, equipment, supplies, or services specified and delivered. A contract shall be deemed executory only to the extent of funds available for payment of the amounts shown on purchase orders issued by the participating agency to the Supplier.
2. No alterations or variations of the terms of the contract shall be valid or binding unless submitted in writing and accepted by CPC. All orders and changes thereof must originate from the participating agencies: no oral agreement or arrangement made by a contractor with an agency or employee will be binding on CPC and may be disregarded.
3. Contracts will remain in force for the contract period specified or until all articles or services ordered before date of termination shall have been satisfactorily delivered or rendered and accepted and thereafter until all terms and conditions have been met, unless
 - a. Terminated prior to the expiration date by satisfactory delivery against orders of entire quantities, or
 - b. Extended upon written authorization of CPC and accepted by the Supplier, to permit ordering of the unordered balances or additional quantities at the contract price following the contract terms, or
 - c. Canceled by CPC following other provisions stated herein.
4. It is mutually understood and agreed that the Supplier shall not assign, transfer, convey, sublet or otherwise dispose of this contract or his right, title or interest therein, or his power to execute such contract, to any other person, company or corporation, without the previous consent, in writing, of CPC.
5. If subsequent to the submission of an offer or issuance of a purchase order or execution of a contract, the Supplier shall merge with or be acquired by another entity, the contract may be terminated, except as a corporate resolution prepared by the Supplier and the new entity ratifying acceptance of the original bid or contract terms, condition, and pricing is submitted to CPC, and expressly accepted.

Federal Uniform Guidance: By entering a contract, the Supplier agrees to comply with all applicable provisions of Title 2, Subtitle A, Chapter II, Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards contained in Title 2 C.F.R. § 200 et. seq. (See Supplier Forms and Signatures).

Fiscal Year: a fiscal year is defined as July 1 through June 30 of the following calendar year. The fiscal quarters end on September 30, December 31, March 31, and June 30.

Force Majeure: Except for payments of sums due, neither party shall be liable to the other, nor deemed in default under this contract, if and to the extent that such party's performance of this contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of either party affected and occurs without fault or negligence, including, but not limited to, the following: acts of nature; acts of the public enemy; pandemics; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; earthquakes; famine; volcanic eruptions; meteor strikes; lockouts; injunctions-interventions-acts or failures; or refusals to act by government

authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence. The force majeure shall be deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure and shall be deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with this agreement. Force majeure shall not include late deliveries of software or materials caused by congestion at a manufacturer's plant or elsewhere, an over-sold condition of the market, inefficiencies and poor management practices, or similar occurrences. If either party is delayed at any time by force majeure, then the delayed party shall notify the other party in writing of such delay within 48 hours.

A Supplier requesting relief under this provision must adhere to the following conditions prior to the price of any product being adjusted:

1. A formal, written request for a price increase must be submitted by the Manufacturer to CPC prior to the price change taking effect. CPC must approve the request. The request will include the Force Majeure cause substantiating the reason the relief is being requested.
2. Adequate documentation to substantiate the request must be included.
3. Failure to comply with provisions of the Force Majeure shall be cause for a request to be denied.

Governing Law: This resulting contract award shall be interpreted and construed in accordance with and governed by the laws of the State of Minnesota.

Governing Venue: The resulting contract award shall be deemed to have been made and performed in Otter Tail County, Minnesota. All legal arbitration or causes for action arising out of the resulting agreement shall be brought to the courts of Otter Tail County, Minnesota.

Hold Harmless: All parties agree to hold the other harmless from any claims and demands of participating agencies which may result from the negligence of the other in connection with their duties and responsibilities under this agreement unless such action is a result of intentional wrongdoing of the other party.

Leasing and Rental Agreements: The Supplier may allow participating agencies to enter into a rental, lease, or lease-purchase agreements, providing such agreements comply with Minnesota Statutes and guidelines. CPC must receive a report annually, summarizing the executed lease purchases along with a summary of the participating agencies' purchases. CPC will not collect lease payments or be involved in the terms and conditions of the lease. All lease arrangements are between the Supplier and the participating agency. The Supplier agrees that leases will comply with the Uniform Commercial Code. The applicable administrative fee must be included in the lease cost based on the total value of the goods and applicable services purchased. This fee is referred to under the Technical Specifications. The Supplier should attempt to work with CPC's current leasing Supplier. Note, the current leasing Supplier may require a minimum purchase amount to begin the leasing process. Should the Supplier be required to utilize their own financial leasing company, this should be noted/requested as an exception.

Minority and Women-Owned Business: CPC intends to undertake every effort to increase the opportunity for utilization of minority and women-owned businesses in all aspects of procurement. In connection with the performance of this solicitation, the Supplier agrees to use their best effort to carry out this intent and ensure that minority and women-owned enterprises shall have the maximum practicable opportunity to compete for subcontract work under this solicitation consistent with the efficient performance of this solicitation. CPC desires to promote wherever possible equitable opportunities for minority and women-owned businesses to participate in the services associated with this solicitation.

New Agency Notification: CPC will email the current participating agency list to the Supplier each quarter. Those agencies not renewing their participation must not receive CPC agency pricing/discounts.

Notices: Notices permitted or required to be given hereunder shall be deemed sufficient if given by written email addressed to the following recipients of the parties, or at such other addresses as the respective parties may designate by like notice from time to time. Notices so given shall be effective upon (a) receipt by the party to which notice is given. Notices shall be sent to info@purchasingconnection.org.

Patent Indemnification: The Supplier agrees to hold harmless CPC, its successors, assigns, customers and the users of its products from any liability of any nature or kind for use of any copyrighted or copyrighted composition, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of the contract agreement, for which the contractor is not the patentee, assignee or licensee.

Participating Agency: A participating agency shall be defined in accordance with the Minnesota Statutes M.S. §471.59, and M.S. §123A.21, Sub. 11, North Dakota Century Code Chapter 54-40.3, and South Dakota Statutes §5-18A-37. An eligible agency includes any school, higher education, city, county, other governmental agency, nonprofit organization, or other entity contracted to conduct business on behalf of a participating agency provided that the entity is required to follow state and local procurement regulations.

Party: The name given to either organization who enters into a contractual agreement.

Protests: Vendors wishing to protest an award decision must submit a written protest delivered to the address listed below, and it must be received within seven (7) calendar days of the award notice email, fax, or telephone protests will not be accepted.

To be considered valid, a protest must include:

- Name, address, and telephone number of the protestor
- Signature of an authorized representative
- Specific grounds for the protest with clear factual support
- Reference to the specific solicitation and sections being contested

Protests that fail to meet ALL the above requirements will be dismissed without review. Protests that merely request a re-evaluation of a proposal's scoring or content without identifying a violation of procurement procedures or applicable law will not be considered.

Send all protest correspondence to:

Cooperative Purchasing Connection
1001 E. Mount Faith
Fergus Falls, MN 56537
Attn: Director of Cooperative Purchasing Connection

The decision of the agency regarding any protest is final.

Relationship of Parties: No contract agreement resulting from this solicitation shall be considered a contract of employment. The relationship between CPC and the Supplier is one of the independent contractors each free to exercise judgment and discretion concerning the conduct of their respective businesses. The parties do not intend the proposed contract agreement to create or is to be construed as creating a partnership, joint venture, master-servant, principal-agent, or any other relationship. Except as provided elsewhere in this solicitation, neither party may be held liable for acts of omission or commission of the other party and neither party is authorized or has the power to obligate the other party by contract, agreement, warranty, representation or otherwise in any manner whatsoever except as may be expressly provided herein.

Respondent: A respondent has notified CPC of a desire to respond to the proposal and/or has submitted a proposal in response to this solicitation.

Rights and Obligations Upon Termination: Termination of the resulting contract award shall not release the party from the obligation to make payment of all amounts due and payable. Regardless of the cause, the Supplier must refrain from any activity which will create a negative relationship between participating agencies and CPC. Notification of termination to participating agencies shall not be made by the Supplier unless written approval has been received from CPC or its designee. Said approval shall include, but not be limited to, the content of the notice, its structure and timing. This will remain in effect for 60 days post-termination. When failure is deemed by the other party to be the result of willful and wanton negligence, it may result in a civil action against the first party. The Supplier will continue to provide warranty and product support as specified in their proposed response to the solicitation or by the manufacturer, whichever is greater, on all services purchased by participating agencies during the contract term. Upon termination, any website references and/or email accounts, created by either the Supplier or CPC and designed to promote the contract agreement resulting from this solicitation shall be terminated within 48 hours of the termination.

Risk of Loss: Regardless of F.O.B., the Supplier agree(s) to bear all risks of loss, injury, or destruction of goods and materials ordered herein which occur before delivery, and such loss or destruction shall not release the Supplier from any obligation hereunder.

Safety Data Sheet (SDS): Documentation providing workers and emergency personnel with procedures for handling or working with a specific substance safely, and information such as physical data, toxicity, health effects, first aid, reactivity, storage, disposal, protective equipment, and spill-handling procedures. SDS documentation must accompany all deliveries when required by federal, state, and local laws.

Sales Tax: Sales and other taxes shall not be included in the prices quoted. The Supplier will charge state and local sales and other taxes on items for which a valid tax exemption certification has not been provided. Each participating agency is responsible for verifying the tax-exempt status to the Supplier. When ordering, participating agencies must indicate that they are tax-exempt entities. Except as set forth herein, no party shall be responsible for taxes imposed on another party as a result of or arising from the transactions contemplated by a Supplier resulting from this solicitation.

Severability: If any of the terms of this solicitation conflict with any rule of law or statutory provision or otherwise unenforceable under the laws or regulations of any government or subdivision thereof, such terms shall be deemed stricken from this agreement, but such invalidity or unenforceability shall not invalidate any of the other terms of this agreement, and this agreement shall continue in force, unless the invalidity or unenforceability of any such provisions hereof does substantial violence to, or where the invalid or unenforceable provisions compromise an integral part of or are otherwise inseparable from, the remainder of the resulting agreement.

Substitutions: The materials, products or equipment described in these documents establish a standard of type, function, and quality to be met by any proposed substitution. Unless the specification prohibits substitution, Suppliers are encouraged to propose materials, products or equipment of comparable type, function, and quality. Proposals for substitute items shall be stated in the appropriate blank on the proposal form, or if the form does not contain blanks for substitution, on the Supplier's letterhead attached to the pricing form. Suppliers shall attach to the form a statement of the manufacturer and brand name of each proposed substitution plus a complete description of the item, including descriptive literature, illustrations, performance, and test data and any other information necessary for evaluation. The burden of proof is upon the respondent for the merit of the proposed substitution.

Termination: CPC reserves the right to terminate this contract, without penalty or recourse, in whole or in part, whereas termination is in the best interest of the participating agencies. The Parties may terminate the Agreement

without cause by mutual written consent or by either Party with a minimum of 60 days written notice. The Supplier will not accept any new orders after the termination date specified in the notice. Participating agencies will only be required to pay the Supplier for goods and services delivered before termination and not otherwise returned following the Supplier's return policy. If the participating agency has paid the Supplier for goods and services not yet provided as of the date of termination, the Supplier shall immediately refund such payment(s). Any termination shall not affect projects that are in progress or in receipt of a purchase order (PO) at the time the termination is received. The Supplier shall be entitled to receive just and equitable compensation in accordance with applicable contract pricing for work in progress, work completed, and materials accepted before the effective date of the termination. The Supplier will not be reimbursed for any anticipated profit. CPC reserves the right to cancel, or suspend the use thereof, any contract resulting from this solicitation upon any one of the following events with the Supplier:

1. Voluntary or involuntary bankruptcy or insolvency;
2. Failure to remedy a material breach to the terms and conditions of this solicitation;
3. Receipt of written information from any authorized agency finding activities the Supplier engaged in according to this solicitation to violate the law.

Termination for Default: If either Party is in default under this contract, it shall have an opportunity to cure the default within the time indicated, 10 business days, after it is given written notice of default to the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party shall have 10 business days to provide a satisfactory response. Failure on the part of the defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party shall have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement shall not constitute a waiver of any of the parties' rights hereunder. CPC reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Supplier, or if the Supplier fails to comply with any contract terms and conditions or fails to provide adequate assurances of future performance.

In the event of termination for cause, CPC and its participating agencies shall not be liable to the Supplier for any amount of supplies or services not accepted, and the Supplier shall be liable to CPC and its participating agencies for any and all rights and remedies provided by law. If it is determined that CPC improperly terminated this contract for default, such termination shall be deemed a termination for convenience. CPC will issue written notice to the Supplier for acting or failing to act in any of the following:

1. The Supplier provides material that does not meet the specifications of the contract;
2. The Supplier fails to adequately perform the services set forth in the specifications of the contract;
3. The Supplier fails to complete the work required or to furnish the materials required within a reasonable amount of time;
4. The Supplier fails to make progress in the performance of the contract and/or gives CPC reason to believe that the Supplier will not or cannot perform to the requirements of the contract;
5. The Supplier fails to observe any of the terms and conditions of the contract.

Termination for Non-Appropriation: Any individual participating agency's procurement/contract covered by this solicitation and executed in accordance with the resulting contract may be terminated if insufficient appropriations and/or authorizations do not exist due to changes in state or federal law, or because of a court order, or because of insufficient appropriations made available to the participating agency's governing board and/or its State Legislature. Such termination will be affected by sending fifteen (15) days written notice to the Supplier. The participating agency's decision as to whether sufficient appropriations and authorizations are available shall be accepted by the Supplier and shall be final.

Tri-State Area: Defined as the three states participating in CPC (Minnesota, North Dakota and South Dakota) and their participating agencies.

Supplier Orientation (CPC 101): The Supplier and their participating resellers/sub-contractors will be required to participate in an online training session that is designed to educate the Supplier and resellers/sub-contractors on the purpose and nature of CPC. The Supplier will not be marketed to participating agencies until they have completed the Supplier orientation session.

Waiver: No failure by either party to take any action or assert any right hereunder shall be deemed to be a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right.

Revised 8/2025

Part 3: Questionnaire

RFP #26.01 – Facility Cleanup & Restoration Services

Instructions

This questionnaire is a requirement of Cooperative Purchasing Connection (CPC). Please note that while some responses are for informational purposes only, others will be used as part of the evaluation and vetting process.

To submit the required forms, follow these steps:

1. Read the document in its entirety.
2. Respondents must use the Questionnaire to its capacity. Attached exhibits and/or supplemental information should be included only when requested (i.e. Marketing Plan).
3. Complete all questions.
4. Save all pages in the correct order to a single PDF format titled ***“Part 3 Questionnaire – Name of Company”***.
5. Submit the Questionnaire, along with other required documents via Public Purchase.

The following sections need to be completed before submission:

1. Company Information
2. Qualifications & Experience
3. Performance Capability
4. Products, Service & Pricing
5. Value Add
6. Exceptions & Deviations
7. Additional Requirements

Company Information

Name of Company: _____

Company Address: _____

City, State, Zip code: _____

Website: _____

Phone: _____

1. Describe your organization. Are you a national or regional service provider, an independent contractor, a franchisee/franchisor, or another type of provider (please specify)?

Click or tap here to enter text.

2. Describe how your company delivers the products and services proposed in this RFP, including the role of subcontractors, franchisees/franchisors, sales and service staff, etc. Indicate whether these individuals are employed directly by your company or by a third party.

Click or tap here to enter text.

3. List other cooperative or state contracts that your company holds that participating agencies have access to and include the contract expiration date.

Click or tap here to enter text.

4. How will your company position a potential contract with CPC versus other contracts you have access to?

Click or tap here to enter text.

5. In the past five (5) years, has your company or any proposed subcontractors been involved in any alleged or actual contract failures, breaches, or been the subject of any civil or criminal litigation or investigations, whether pending or resolved?

_____ *Yes*

_____ *No*

If YES, provide detailed documentation using the space below. Include any contracts where your organization was found guilty or liable, as well as any issues that could impact your ability to perform the requested services.

Click or tap here to enter text.

6. Has your company been disbarred and or suspended from doing business within the United States?

_____ *Yes*

_____ *No*

If YES, list what states, the reason for debarment and/or suspension, and its effective dates.

Click or tap here to enter text.

Qualifications & Experience

1. Provide a brief background of your organization, including the year it was founded, your company's business philosophy, industry longevity, etc. (1-2 paragraphs max.).

Click or tap here to enter text.

2. Describe your 24/7 emergency response protocol including guaranteed response times for initial site assessment across our geographic service area (MN, ND, SD). How do you ensure consistent response times during multiple simultaneous emergency events affecting different member agencies?

Click or tap here to enter text.

3. Provide evidence of what your company is doing to remain viable in the industry (i.e., how you are adapting to changes, etc.).

Click or tap here to enter text.

4. Describe your customer retention practices, including how you maintain long-term relationships and the percentage or number of customers who return for repeat business.

Click or tap here to enter text.

5. Describe your geographic coverage capabilities including your service locations, mobile response units, and regional staffing levels.

Click or tap here to enter text.

6. On average, how many agencies do you currently serve with the same or similar products and services as those proposed in this RFP?

Click or tap here to enter text.

7. Using the table below, input the percentage of your company's annual revenue by customer market.

Customer Market	% of Revenue
City/county government	

K12 education	
Non-profits - 501(c)(3)	
Higher education	

8. Describe the sales approach your company will take with participating public agencies.

Click or tap here to enter text.

9. Provide any additional information relevant to this section.

Click or tap here to enter text.

Provide three (3) references that have purchased the same or similar products and services as those proposed in this RFP from your company within the last two (2) years. References from the tri-state area are preferred. A contact name, phone number and email will be required. *Note, ensure your references are prepared to communicate with a representative from CPC. Failure to confirm reference of past work may affect your evaluation.

- 11. Describe any self-audit processes/programs you plan to employ to verify compliance with your anticipated contract with CPC.**

Click or tap here to enter text.

- 12. Provide any additional information relevant to this section.**

Click or tap here to enter text.

Value Add

- 1. Are you offering any additional benefits (outside of discounted pricing) that add value to this contract? If so, describe below and indicate if the benefit(s) is exclusive to CPC.**

Click or tap here to enter text.

Exceptions & Deviations

Our company is requesting an Exception and/or Deviation to the RFP documents.

_____ *Yes*

_____ *No*

If YES, complete the questions below:

List any additional stipulations and/or requirements your company requests that are not covered in the RFP.

Click or tap here to enter text.

List any exceptions your company is requesting to the terms outlined in the Technical Specifications. Respondents must include the following when requesting exceptions:

- RFP section number and page number
- Describe the exception
- Explanation of why this is an issue
- A proposed alternative to meet the needs of participating agencies and the cooperative

Click or tap here to enter text.

RFP Section	Exception	Why This is an Issue	Proposed Alternative

Additional Requirements

As required by CPC, please provide each of the following additional items as separate PDF documents. Be sure to follow the specific instructions outlined below for each submission.

- 1. Exhibit A -Include documentation of any industry and/or professional certifications your company holds.**

Part 4: Forms & Signatures

RFP #26.01 – Facility Cleanup & Restoration Services

Instructions

Contained herein are forms and information required by the Cooperative Purchasing Connection (CPC). Please note, while some information is merely informational, some will be used during the evaluation and vetting process.

To submit the required forms, follow these steps:

1. Read the document in its entirety.
2. Complete all questions and forms.
3. Save all pages in the correct order to a single PDF format titled ***"Forms & Signatures – Name of Company"***.
4. Submit the forms in the required format with all necessary signatures in Public Purchase.

The following sections will need to be completed prior to submission:

1. [Contract Offer & Award](#)
2. [Uniform Guidance "EDGAR" Certification Form](#)
3. [Subcontractor Utilization Form](#)

Contract Offer & Award

Instructions: Part I of this form is to be completed by the Supplier and signed by its authorized representative. Part II will be completed by the Cooperative Purchasing Connection (CPC) upon the occasion of an award.

Part I: Supplier

In compliance with the Request for Proposal (RFP), the undersigned warrants that I/we have examined all General Terms and Conditions, Forms and Specifications, and being familiar with all of the conditions surrounding the solicitation, hereby offer and agree to furnish all goods and services in compliance with all terms, conditions, specifications, and amendments in this solicitation and any written exceptions in the offer. Signature also certifies understanding and compliance with this proposal. The undersigned understands that his/her competence and responsibility and that of his/her proposed subcontractors, time of completion, as well as other factors of interest to CPC as stated in the evaluation section, will be a consideration in making the award. This contract offer and award binds said Supplier to all terms and conditions stated in the proposal.

Business Name	_____	Date	_____
Address	_____	City, State, Zip	_____

2 CRF Part 200

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS – APPENDIX II TO 2 CFR 200

The following provisions are required and apply when federal funds are expended by participating agencies for any contract resulting from this procurement process.

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Supplier Violation or Breach of Contract Terms

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. Provisions regarding Supplier default and legal remedies are included in Sections I.K.18 and I.K.19 above. Any contract award will be subject to such provisions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

(B) Termination for Cause and for Convenience

Pursuant to Federal Rule (B) above when federal funds are expended by participating agencies, the participating agency reserves all rights to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by the Supplier, in the event the Supplier fails to” (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. The participating agency reserves the right to terminate the contract immediately, with written notice to Supplier, for convenience, if the participation agency believes, in its sole discretion that it is in the best interest of the participating agency to do so. The Supplier will be compensated for work perform and accepted and goods accepted by the participating agency as of the termination date if the contract is terminated for convenience of the participating agency. Any award made under this procurement process is not exclusive and the participating agency reserves the right to purchase goods and services from other Suppliers when it is in the best interest of the participating agency.

(C) Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR Part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(D) Davis Bacon Act

When required by Federal program legislation, Supplier agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Supplier shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, the Supplier is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. In addition, the Supplier shall pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by

the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Supplier must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act

Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Right to Inventions Made Under a Contract or Agreement

If the participating agency’s Federal award meets the definition of “funding agreement” under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the “funding agreement,” the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

(G) Clean Air Act and Federal Water Pollution Control Act

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Order 12549 and 12689)

A contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), “Debarment and Suspension.” SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)

Suppliers that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with

obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by participating agencies, the Supplier certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, the Supplier certifies that it is compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be include in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriated tiers and that all subrecipients shall certify and disclose accordingly.

(J) Procurement of Recovered Materials

For participating agency purchases utilizing Federal funds, Supplier agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

(K) Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

A participating agency is prohibited from obligating or expending funds to:

- (1) Procure or obtain.
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iii) Telecommunications or video surveillance equipment or services products or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(L) Domestic Preferences for Procurements

As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For the purpose of this section:

- (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- (2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

PROFIT AS A SEPARATE ELEMENT OF PRICE

For purchases using federal funds in excess of \$250,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, the Supplier agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Supplier agrees that the total price, including profit, charged by the Supplier to the participating agency shall not exceed the awarded pricing.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS PAID FOR WITH FEDERAL FUNDS – 2 CFR § 200.333

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The Supplier further certifies that Supplier will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that the Supplier will be in compliance with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18; Pub. L. 94- 163, 89 Stat. 871).

CERTIFICATION OF NON-COLLUSION STATEMENT

Supplier certifies under penalty of perjury that its responsible to this procurement solicitation is in all respects bona fide, fair, and made without collusion or fraud with any person, joint venture, partnership, corporation or other business or legal entity.

Pursuant to Federal Ruling, when federal funds are expended by participating agencies, the Supplier hereby certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, Supplier certifies compliance with all provisions, laws, acts, regulations as specifically noted above. The Supplier agrees to comply with all federal, state, and local laws, rules, regulations, and ordinances, as applicable.

Part 5 - Pricing

Suppliers must complete all required tabs (1-3) in this workbook for their pricing proposal to be complete. Tab 4 - "Additional Discounts" is optional.

Instructions: This spreadsheet contains multiple tabs relating to this RFP. Please follow the directions provided on each tab and complete the worksheets as they pertain to your company's offerings. Each individual worksheet will note if it's a required or optional form and a summary is provided below. Per the RFP terms and conditions, all worksheets listed as optional are considered a value-added attribute.

***Please note this workbook has multiple tabs.**

This workbook contains the following tabs/worksheets:

- 1 - Pricing Schedule - Required
- 2 - Services - Required
- 3 - Project Scenarios - Required
- 4 - Additional Discounts - Optional

1 - Pricing Schedule - REQUIRED

Complete the rate table provided with all applicable costs (e.g., products, equipment, rentals, fees, and charges) necessary to perform the scope of work outlined in this solicitation.

2 - Services - REQUIRED

Complete the rate table provided with all applicable labor/service costs necessary to perform the scope of work outlined in this solicitation.

3 - Project Scenarios - REQUIRED

This tab includes 5 project scenarios. Suppliers must complete the pricing table for each scenario provided. This information will be used for evaluation purposes only.

4 - Additional Discounts - Optional

Suppliers have the opportunity to offer additional discounts on top of contract pricing. If your response includes additional discounts, provide your discount schedule on this tab. If your response does not include additional discounts, this tab is not required.

1 - Pricing Schedule

This is a required form.

Company Name:

Instructions: Complete the rate table below with all applicable costs (e.g., products, equipment, rentals, fees, and charges) necessary to perform the scope of work outlined in this solicitation. You may add additional lines as needed. **The "Net Effective Bid Price" column will automatically apply the discount percentage entered in the "Discount %" column to the standard rate provided in the "Standard Rate" column to arrive at a contract price.**

*NOTE - Labor and other service costs will be asked for on tab 2 - Services.

[illegible]

2 - Services

This is a required form.

Company Name:

Instructions: Complete the rate table below with all applicable labor/service costs necessary to perform the scope of work outlined in this solicitation. You may add additional lines as needed. The "Net Effective Bid Price" column will automatically apply the discount percentage entered in the "Discount %" column to the standard rate provided in the "Standard Rate" column to arrive at a contract price.

Description	Standard Rate	Discount %	Net Effective Bid Price	Per Diem Charges (daily rate, if any)	Mileage Charges (per mile, if any)	When do per diem and mileage charges apply?	Notes
Professional Services (Design, Project Management, Dock Delivery, Training, etc.)							
			\$0.00				
			\$0.00				
			\$0.00				
			\$0.00				
			\$0.00				

Installation/Assembly (Labor) - *Prevailing wage projects/installations are subject to higher hourly rates/charges. Prevailing wage rates change by MN county. Participating agencies are required to notify the Vendor if prevailing wages are required (state/federal funding as part or all of the project/purchase).

Description	Standard Rate	Discount %	Net Effective Bid Price	Per Diem Charges (daily rate, if any)	Mileage Charges (per mile, if any)	When do per diem and mileage charges apply?	Notes
Min. Hourly Rate - Regular Hours			\$0.00				
Max. Hourly Rate - Regular Hours			\$0.00				
Not to Exceed Hourly Rate - Regular Hours			\$0.00				
Min. Hourly Rate - Evening			\$0.00				
Max. Hourly Rate - Evening			\$0.00				
Not to Exceed Hourly Rate - Evening			\$0.00				
Min. Hourly Rate - Weekend/Holidays			\$0.00				
Max. Hourly Rate - Weekend/Holidays			\$0.00				
Not to Exceed Hourly Rate - Weekend/Holidays			\$0.00				

Other Costs/Services (Maintenance plans, extended warranties, etc.)

Description	Standard Rate	Discount %	Net Effective Bid Price	Per Diem Charges (daily rate, if any)	Mileage Charges (per mile, if any)	When do per diem and mileage charges apply?	Notes
			\$0.00				
			\$0.00				
			\$0.00				
			\$0.00				
			\$0.00				
			\$0.00				
			\$0.00				

3 - Project Scenarios

This is a required form and will only be used for evaluation purposes.

Company Name:

Instructions : This tab includes (5) project scenarios. Suppliers must complete the pricing table for each scenario provided. Use the quantities/estimates included in each scenario as the basis for your pricing so that all responses are comparable ("apples to apples"). This information will be used for evaluation purposes only.

1. All line items listed in each table must be completed. If a line item does not apply to your company's services, enter "N/A."

2. Suppliers may add additional lines as needed to reflect other necessary costs, but should not remove or alter the required core items.

3. The "Net Effective Bid Price" column will automatically apply the discount percentage entered in the "Discount %" column to the standard rate provided in the "Standard Rate" column to arrive at a contract price.

Scenario 1 - Burst Pipe in Classroom - Brainerd, MN 56401

Location/Size: One classroom, approx. 500 sq. ft. with vinyl tile flooring

Incident: Burst pipe resulting in standing water across the floor and water intrusion into baseboards and drywall (approx. 2 feet up the wall perimeter)

Scope of Work:
Emergency Water Extraction – extract standing water and conduct moisture detection

Dehumidification & Drying – place and monitor commercial-grade dehumidifiers and air movers

Flooring – remove/dispose 500 sq. ft. vinyl tile and replace with new tile (note - existing tile is asbestos free)

Wall & Baseboard Repairs – remove/replace drywall (approx. 240 sq. ft.) and baseboards

Cleanup & Restoration – remove debris and final clean

Line Item	Unit of Measure	Qty/Est.	Standard Rate	Discount %	Net Effective Bid Price	Notes
Emergency Water Extraction	Hour	8 hrs			\$0.00	
Moisture Detection / Monitoring	Each Reading	5			\$0.00	
Dehumidifier Rental	Per Day	3 units × 3 days = 9			\$0.00	
Air Mover Rental	Per Day	6 units × 3 days = 18			\$0.00	
Vinyl Tile Removal & Disposal	Sq. Ft.	500			\$0.00	
Vinyl Tile Replacement (material & install)	Sq. Ft.	500			\$0.00	
Drywall Removal & Disposal	Sq. Ft.	240			\$0.00	
Drywall Replacement (hang, tape, mud, sand, prime)	Sq. Ft.	240			\$0.00	
Painting of repaired drywall	Sq. Ft.	240			\$0.00	
Baseboard Removal & Replacement	Linear Ft.	120			\$0.00	
Debris Removal / Disposal Fees	Lump Sum	1			\$0.00	
Mobilization / Demobilization	Lump Sum	1			\$0.00	
Other Fees / Charges (specify)	—	—			\$0.00	
					\$0.00	
					\$0.00	

Scenario 2 - Kitchen Fire in School Cafeteria - Sioux Falls, SD 57103

Location/Size: School cafeteria kitchen

Incident: Fire contained to kitchen, smoke damage across food prep/storage area

Scope of Work:
Ceiling Tile Replacement – remove/dispose 300 sq. ft. and install new tile (note - existing tile is asbestos free)

Smoke Cleaning – clean/deodorize 1,000 sq. ft. surfaces with food-safe agents

Odor Remediation – deploy ozone treatment until odor is eliminated

Line Item	Unit of Measure	Qty/Est.	Standard Rate	Discount %	Net Effective Bid Price	Notes
Ceiling Tile Removal & Disposal	Sq. Ft.	300			\$0.00	
Ceiling Tile Replacement	Sq. Ft.	300			\$0.00	
Smoke Cleaning	Sq. Ft.	1000			\$0.00	
Ozone Odor Removal	Per Day	2 days			\$0.00	
Debris Disposal	Lump Sum	1			\$0.00	
Mobilization / Demobilization	Lump Sum	1			\$0.00	
Other (specify)					\$0.00	
					\$0.00	
					\$0.00	
					\$0.00	

Scenario 3 - Basement Storage Area Mold Cleanup - Bismark, ND 58501

Location/Size: School basement storage, approx. 800 sq. ft. wall surface

Incident: Moisture intrusion leading to visible mold growth

Scope of Work:
Wall Cleaning – clean/treat 800 sq. ft. with fungicidal agents

Contents Handling – inventory, move, and segregate items

Disposal – bag and dispose of non-salvageable items

Air Scrubbers – operate HEPA scrubbers during remediation

Line Item	Unit of Measure	Qty/Est.	Standard Rate	Discount %	Net Effective Bid Price	Notes
Wall Mold Cleaning/Treatment	Sq. Ft.	800			\$0.00	
Contents Handling	Hour	12 hrs			\$0.00	
Non-Salvageable Contents Disposal	Cubic Yard	5			\$0.00	
Air Scrubber Rental	Per Day	2 units × 3 days = 6			\$0.00	
Debris/Disposal Fees	Lump Sum	1			\$0.00	
Mobilization / Demobilization	Lump Sum	1			\$0.00	
Other (specify)					\$0.00	
					\$0.00	
					\$0.00	
					\$0.00	

Scenario 4 - Wind Damage to Gym Roof - Brainerd, MN 56401

Location/Size: School gymnasium roof, 2,000 sq. ft. affected

Incident: High winds caused roof damage and interior exposure to water/debris

Scope of Work:
Temporary Roof Tarping – install 2,000 sq. ft. of tarp

Debris Removal – clear debris from roof and gym

Ceiling Tile Replacement – remove/replace approx. 400 sq. ft (note - existing tile is asbestos free)

Line Item	Unit of Measure	Qty/Est.	Standard Rate	Discount %	Net Effective Bid Price	Notes
Temporary Roof Tarping	Sq. Ft.	2000			\$0.00	
Debris Removal/Disposal	Lump Sum	1			\$0.00	
Ceiling Tile Removal & Disposal	Sq. Ft.	400			\$0.00	
Ceiling Tile Replacement	Sq. Ft.	400			\$0.00	
Mobilization / Demobilization	Lump Sum	1			\$0.00	
Other (specify)					\$0.00	
					\$0.00	
					\$0.00	
					\$0.00	

Scenario 5 - Chemical Spill in Science Lab - Bismark, ND 58501

Location/Size: High school science lab, 500 sq. ft. affected

Incident: Spill of mixed acids/solvents requiring hazardous cleanup

Scope of Work:
Containment – isolate 500 sq. ft. with barriers/negative air

Hazardous Chemical Cleanup – neutralize/clean acids & solvents (OSHA/EPA compliant)

Hazardous Waste Disposal – transport via licensed hauler

Air Scrubbers – operate 48 hours for vapor removal
Post-Cleaning Verification – clearance testing and documentation

Line Item	Unit of Measure	Qty/Est.	Standard Rate	Discount %	Net Effective Bid Price	Notes
Containment Setup	Lump Sum	1			\$0.00	
Chemical Cleanup (Labor)	Hour	16 hrs			\$0.00	
Neutralizing Agents / Supplies	Lump Sum	1			\$0.00	
Hazardous Waste Disposal	Drum (55 gal)	2			\$0.00	
Licensed Transporter Fee	Lump Sum	1			\$0.00	
Air Scrubber Rental	Per Day	2 units × 2 days = 4			\$0.00	
Post-Cleaning Clearance Testing & Documentation	Lump Sum	1			\$0.00	
Mobilization / Demobilization	Lump Sum	1			\$0.00	
Other (specify)					\$0.00	
					\$0.00	
					\$0.00	
					\$0.00	

4 - Additional Discounts

This is an optional form and not required as part of a response.

Company Name:

Suppliers have the opportunity to offer additional discounts on top of contract pricing. If your response includes additional discounts, provide your discount schedule on this worksheet. If your response does not include additional discounts, this worksheet is not required.

INSTRUCTIONS: Complete the form below if your company is offering additional discounts on top of contract pricing for certain purchasing situations (i.e. discounts based on volume, bulk one-time order, a group of local agencies in a geographic area combining requirements, etc.).

Questions for Bid RFP #26.01 - Facility Cleanup and Restoration Services

Question #1

Reminder from CPC re: Non-Required Conference Call

Sep 11, 2025 11:21:54 AM CDT

By: Cooperative Purchasing Connection - jpuffett_CPC

Answers

This is a notice from CPC that the non-required supplier conference call (via Zoom) is scheduled for Sept. 15, 2025 at 10:00 AM CST.

Sep 11, 2025 11:25:52 AM CDT

By: jpuffett_CPC

The Zoom conference call will be held allowing suppliers to ask questions and address concerns and/or issues they may have relating to the solicitation. The conference call will not be recorded and the use of AI notetaking will not be permitted.

To attend the conference call, visit:
<https://us02web.zoom.us/j/83248847425?pwd=HbDssp3V4pizDLeWD4AA6p0tFuZsnS.1>.

1. Dial-in Number: 1 312 626 6799
 2. Meeting ID: 832 4884 7425
- Passcode: 2Sd9gm

Question #2

Do we download each individual section - and return those individual sections back once we complete or all at one time

Sep 18, 2025 4:37:54 PM CDT

By: ServiceMaster Restoration Services Inc. - trenthsvmps

Answers

Respondents are expected to download and review the entire RFP package. Parts 1 and 2 are provided for informational purposes only and do not need to be returned. Parts 3, 4, and 5 must each be completed in their entirety and submitted as separate uploaded documents. Please do not combine these sections into a single PDF. Documents may be uploaded individually as they are completed or uploaded all at once, provided they remain separate files and all required parts are submitted by the proposal deadline.

Sep 19, 2025 9:44:58 AM CDT

Part 3: Questionnaire

RFP #26.01 – Facility Cleanup & Restoration Services

Instructions

This questionnaire is a requirement of Cooperative Purchasing Connection (CPC). Please note that while some responses are for informational purposes only, others will be used as part of the evaluation and vetting process.

To submit the required forms, follow these steps:

1. Read the document in its entirety.
2. Respondents must use the Questionnaire to its capacity. Attached exhibits and/or supplemental information should be included only when requested (i.e. Marketing Plan).
3. Complete all questions.
4. Save all pages in the correct order to a single PDF format titled ***“Part 3 Questionnaire – Name of Company”***.
5. Submit the Questionnaire, along with other required documents via Public Purchase.

The following sections need to be completed before submission:

1. Company Information
2. Qualifications & Experience
3. Performance Capability
4. Products, Service & Pricing
5. Value Add
6. Exceptions & Deviations
7. Additional Requirements

Company Information

Name of Company: In Sight Restoration, LLC DBA Insight Restoration

Company Address: 12725 16th Ave N.

City, State, Zip code: Plymouth, MN 55441

Website: www.insightrestoration.com

Phone: 763-205-6584

	Name	Email	Phone
Primary Contact 1 for Proposal	Nicole Murillo	nicole@insightrestoration.com	763-205-6584
Primary Contact 2 for Proposal	Tim Staples	tim@insightrestoration.com	612-267-0765

Provide the following company contacts that will be working with this anticipated contract. Include name, email, and phone number(s).

	Name	Email	Phone

1. Describe your organization. Are you a national or regional service provider, an independent contractor, a franchisee/franchisor, or another type of provider (please specify)?

We are a regional service provider

2. Describe how your company delivers the products and services proposed in this RFP, including the role of subcontractors, franchisees/franchisors, sales and service staff, etc. Indicate whether these individuals are employed directly by your company or by a third party.

Insight Restoration delivers its commercial disaster restoration and recovery services, including water, fire, storm, and mold damage mitigation, through its directly employed staff, who are all trained and IICRC certified.

3. List other cooperative or state contracts that your company holds that participating agencies have access to and include the contract expiration date.

State of Minnesota Contract Swift Contract No 274679
Expires 8/31/2026

4. How will your company position a potential contract with CPC versus other contracts you have access to?

Insight Restoration treats a potential contract with CPC as a strategic priority. While we manage multiple agency contracts, CPC projects would receive a dedicated project manager and team to ensure focused attention, timely response, and consistent communication.

We leverage our experience with similar agencies to deliver efficient, compliant, and cost-effective restoration services while tailoring solutions to CPC's specific operational needs. Each project is managed independently, ensuring CPC receives the same high level of service and accountability that defines all our work.

5. In the past five (5) years, has your company or any proposed subcontractors been involved in any alleged or actual contract failures, breaches, or been the subject of any civil or criminal litigation or investigations, whether pending or resolved?

_____ Yes X No

If YES, provide detailed documentation using the space below. Include any contracts where your organization was found guilty or liable, as well as any issues that could impact your ability to perform the requested services.

[Click or tap here to enter text.](#)

6. Has your company been disbarred and or suspended from doing business within the United States?

_____ Yes X No

If YES, list what states, the reason for debarment and/or suspension, and its effective dates.

[Click or tap here to enter text.](#)

Qualifications & Experience

1. Provide a brief background of your organization, including the year it was founded, your company's business philosophy, industry longevity, etc. (1-2 paragraphs max.).

Insight Restoration is a Woman Owned Small Business (WOSB) specializing in commercial/large loss disaster mitigation and restoration. Founded in July 2010, we are located in Plymouth, MN. Our mission is to provide outstanding customer service 24/7/365 and develop lasting relationships, driven by the values of caring and quality. We are committed to exceeding customer expectations and bringing purpose, passion, and precision to every job. We strive to be the customer's best partner for recovery, minimizing business interruption with integrity, quality, and efficiency that is second to none

2. Describe your 24/7 emergency response protocol including guaranteed response times for initial site assessment across our geographic service area (MN, ND, SD). How do you ensure consistent response times during multiple simultaneous emergency events affecting different member agencies?

Our organization maintains a 24/7 emergency response capability to support member agencies across MN, ND, and SD. We guarantee a Service vehicle mobilizing from Plymouth, MN within 1.5 hours of notification for any location within our service area. This response time is supported by the following operational components: **Dispatch Coordination Hub:** A centralized emergency coordination center operates 24/7, managing incoming alerts and mobilizing the closest qualified response team based live availability. **Tiered Alert System:** Incidents are triaged immediately upon notification to determine urgency, scope, and specific expertise required, streamlining deployment and avoiding unnecessary delays. **Managing Simultaneous Emergency Events** To ensure consistency in response times during multiple concurrent emergencies, we implement the following strategies: **Scalable Response Framework:** Our emergency response framework is designed to scale rapidly. When

simultaneous events occur, we activate additional personnel from our reserve response roster, which includes cross-trained staff available for surge deployment. Mutual Aid Agreements: We maintain established mutual aid agreements with trusted partner organizations and subcontractors throughout the region, allowing us to mobilize additional response capacity on short notice. Dynamic Resource Allocation: Real-time tracking of all ongoing incidents and resource deployment allows our command center to make data-driven decisions, redirect teams if needed, and prevent bottlenecks in coverage. Mobile Response Units: Our mobile response units are fully equipped and can be reallocated dynamically across state lines to reinforce areas experiencing peak demand. After-Action Support: Following the stabilization of the initial emergency, we deploy extended support teams to maintain continuity, allowing primary responders to redeploy quickly to new incidents if necessary.

3. Provide evidence of what your company is doing to remain viable in the industry (i.e., how you are adapting to changes, etc.?).

As a leading restoration company, we understand that long-term viability in our industry depends on continuous innovation, operational efficiency, and proactive adaptation to evolving client needs and environmental challenges. We are proud to demonstrate our commitment to excellence and sustainability through the following initiatives:

1. Proprietary, Patent-Holding Technology

We differentiate ourselves in the market with exclusive, patented desiccant dehumidifier technology TITAN 5000 that delivers superior moisture control and greater energy efficiency compared to standard industry equipment. This positions us as a technological leader in structural drying, especially in complex or large-scale water damage scenarios. Additionally, we utilize a portable document freeze dryer, a specialized solution that allows us to recover sensitive paper materials and records on-site, minimizing business interruption and loss of irreplaceable documents. This tool is especially valuable for healthcare, education, and government clients with critical archival needs.

2. Advanced Employee Training Beyond Industry Standards

We invest heavily in the training and professional development of our team members. All field technicians and project managers receive certifications exceeding IICRC standards, along with ongoing education in advanced restoration techniques, safety compliance, and customer communication. This ensures that our personnel are not only technically skilled, but also prepared to respond to emerging challenges with confidence and precision.

3. Operational Efficiency & Business Continuity Focus

Our operational model is built around **minimizing downtime and preventing business interruption** for our clients. We have developed streamlined workflows, rapid mobilization protocols, and redundant equipment systems to ensure we can respond quickly and scale operations as needed. Every project is approached with a focus on restoring functionality as fast as possible, helping clients resume operations with minimal disruption.

4. Continuous Innovation & Market Awareness

We actively monitor trends and regulatory changes within the restoration and property recovery industry. Our leadership team regularly evaluates and pilots new technologies, materials, and techniques to keep our services aligned with industry best practices and environmental sustainability goals.

By staying ahead of technological, regulatory, and client-driven changes, we ensure our services remain relevant, competitive, and trusted — even as the industry evolves.

4. Describe your customer retention practices, including how you maintain long-term relationships and the percentage or number of customers who return for repeat business.

We provide fair and ethical pricing for high quality workmanship. We also provide our customers with daily reports so they know where we are at with the project timeline. This allows them to pass along that communication to other parties involved creating a harmonious project environment. By alleviating a large amount of the daily stressors, our customers have a pleasant experience and have no hesitation calling us if they ever need our services in the future

5. Describe your geographic coverage capabilities including your service locations, mobile response units, and regional staffing levels.

We are fully equipped and staffed to respond to any emergency within a 40-mile radius of Plymouth, MN, within 1.5 hours. For locations outside this radius, our response time will be 1.5 hours plus the drive time from our Plymouth office.

Our fleet includes several 26-foot box trucks on standby, each fully loaded with all necessary equipment for water, fire, wind, or mold situations. Additionally, we maintain many large loss kits that are fully stocked and ready for immediate deployment. Our dedicated staff is on an on-call rotation, ensuring we can mobilize quickly and efficiently whenever an emergency arises.

6. On average, how many agencies do you currently serve with the same or similar products and services as those proposed in this RFP?

On average, Insight Restoration currently serves 3 agencies and organizations each year with services similar to those proposed in this RFP. Our experience across multiple agency types has given us a strong understanding of compliance requirements, the importance of clear communication with multiple stakeholders, and the need for rapid, reliable response.

This breadth of work ensures we are well-prepared to deliver the same high level of service, documentation, and accountability for your agency.

7. Using the table below, input the percentage of your company’s annual revenue by customer market.

Customer Market	% of Revenue
City/county government	15
K12 education	10
Non-profits - 501(c)(3)	
Higher education	10

8. Describe the sales approach your company will take with participating public agencies.

We have taken a relationship building approach with our prospective and current customers. This includes not discussing business until they bring it up first. We focus more on getting to know them personally and earning their trust genuinely. We have found that the business comes naturally after that is accomplished.

9. Provide any additional information relevant to this section.

Click or tap here to enter text.

Provide three (3) references that have purchased the same or similar products and services as those proposed in this RFP from your company within the last two (2) years. References from the tri-state area are preferred. A contact name, phone number and email will be required. *Note, ensure your references are prepared to communicate with a representative from CPC. Failure to confirm reference of past work may affect your evaluation.

Performance & Capability

1. What has motivated your company to respond to our solicitation? What aspects of our organization or solicitation captured your interest?

Insight Restoration's primary motivation for responding to the Cooperative Purchasing Connection (CPC) solicitation is to secure a contract that provides direct access to a broad and essential market segment—governmental and nonprofit agencies—for our specialized commercial disaster restoration services. The RFP's scope perfectly matches Insight Restoration's core competencies, covering a broad line of required services such as cleanup and restoration for natural disasters (fires, storms, flooding) , mold abatement and remediation , and specialty services like vital document restoration.

2. What are your company’s expectations in the event of an award?

Insight Restoration's expectations in the event of an award from the Cooperative Purchasing Connection (CPC) would center on a collaborative, performance-driven partnership focused on immediate market penetration and high-quality service delivery to participating agencies.

3. Are there any participating agencies (govt., education, non-profits, etc.) you will NOT be serving through the proposed contract?

No

4. Describe your process for initiating and completing a facility cleanup or restoration project, beginning with the initial service request and ending with project completion. Include how service requests are placed, how requests are received and assigned, typical response and mobilization times, data and safety reporting, and any other related services you provide.

From Initial Request to Project Completion

At Insight Restoration, we follow a structured and highly responsive process to manage all facility cleanup and restoration projects — ensuring speed, transparency, safety, and minimal disruption to operations.

1. Initial Service Request

Service requests can be submitted through multiple channels for rapid response:

- 24/7 Emergency Hotline
- Direct Contact with Assigned Account Manager (for contracted clients)

All incoming requests are immediately logged into our centralized project management system, triggering a real-time notification to our dispatch team.

2. Triage & Assignment

Each request is triaged within 15 minutes based on urgency, type of incident (e.g., water, fire, mold, biohazard), location, and required specialty response.

- Site location and scope are matched with the nearest qualified response team.
- A Project Manager (PM) is assigned as the primary point of contact for the client and internal teams.

3. Mobilization & Response Times

- Emergency Response: Mobilization typically occurs within 1–2 hours of request across our geographic coverage area (MN, ND, SD).
- Non-Emergency Requests: Scheduled within 24–48 hours, depending on client preference and site access.

Our crews arrive with fully equipped response vehicles, including drying equipment, personal protective equipment (PPE), and materials needed for immediate mitigation or containment.

4. On-Site Assessment & Action Plan

Upon arrival, the Project Manager and team conduct:

- Initial Site Assessment (hazards, damage extent, safety concerns)
- Moisture Mapping & Environmental Readings
- Photo Documentation and Inventory
- Client Consultation

Based on findings, a customized Restoration Action Plan is developed, outlining scope of work, timeline, equipment to be deployed, and any containment or safety procedures needed.

5. Execution of Work

Our trained technicians begin work per the approved plan, with strict adherence to:

- IICRC standards and best practices
- Site-specific safety protocols
- Business continuity coordination (to prevent operational downtime when possible)

We utilize advanced equipment, including our patented desiccant dehumidifiers and portable freeze dryer (for document/media recovery), to accelerate drying and preservation efforts

5. What is your company's success in meeting project timelines?

We consistently meet project timelines. Should any issues arise during the mitigation process, we will communicate immediately with facility management to discuss next steps and assess any potential impact on the project timeline.

6. Detail your project management structure including the qualifications and certifications of your dedicated project managers. How do you ensure consistent communication with multiple stakeholders including facility managers, insurance adjusters, and regulatory agencies?

Our project management structure is designed to provide clear leadership, technical expertise, and seamless coordination from the initial emergency response through project closeout. Each project is assigned a dedicated Project Manager (PM) who serves as the central point of contact for all stakeholders.

Qualifications & Certifications of Our Project Managers:

- IICRC Master Certifications (Water, Fire & Smoke, and Mold Remediation) ensuring technical proficiency in restoration standards.
- State Licensing for Mold Assessment and Remediation (Texas & Florida).
- OSHA Training & Safety Certifications, ensuring compliance with health and safety regulations on every jobsite.
- Xactimate & Insurance Claims Proficiency, enabling accurate estimating, documentation, and alignment with insurance carrier requirements.
- Proven Field Experience, with each PM having years of hands-on restoration and construction management background, giving them the ability to anticipate challenges and deliver efficient solutions.

Communication & Stakeholder Coordination

We understand that water damage projects often involve multiple parties—owners, facility managers, insurance adjusters, and regulatory agencies—each with unique needs. To ensure consistent, transparent communication:

1. Centralized Point of Contact
 - Each PM is responsible for all communication, updates, and documentation, eliminating confusion and ensuring accountability.
2. Regular Progress Updates
 - Daily logs and moisture readings are shared with facility managers and adjusters.
 - Daily or milestone-based progress reports are distributed to all stakeholders.
3. Digital Documentation & Access
 - Use of project management software and cloud-based platforms allows access photos, reports, and schedules in real time.
4. Insurance & Compliance Alignment
 - PMs communicate directly with insurance adjusters to ensure all documentation, estimates, and approvals are handled promptly.
 - When required, PMs interface with regulatory agencies to ensure adherence to environmental and health regulations.
5. On-Site Coordination
 - PMs conduct on-site meetings with contractors, technicians, and client representatives to review progress, address concerns, and adjust timelines as needed.

By combining certified expertise with a structured communication process, we ensure projects are executed efficiently, safely, and transparently—giving our clients confidence at every stage.

7. Detail your personnel training programs including your certification requirements, continuing education, and specialty training.

At Insight Restoration, we ensure all our employees are certified by the IICRC in Water Damage Restoration (WTR), Applied Microbial Remediation (AMRT), and Fire and Smoke Damage Restoration (FSRT), among other relevant specializations.

To maintain these certifications, each employee is required to complete continuing education credits every two years.

8. Describe your company's customer service/problem resolution process. Include hours of operation, number of services, modes of contact, etc.

We want to assure you of our commitment to clear communication and problem resolution throughout any facility cleanup or restoration project. Should an issue arise that requires escalation beyond the project manager and facility manager, our supervisors and owners are available 24/7.

You can always reach a live person by calling our main line at 763-205-6584.

9. Describe how your company plans to utilize this contract. How will you educate and train company personnel on the contract terms and conditions, details, and promotion of the contract?

When our company is awarded a contract, an email is sent out with specific instructions to both the Accounting and Operations departments detailing the processes to be followed. It is also saved on a shared Drive for upper management.

10. Describe how your organization plans to utilize your marketing and sales staff with this anticipated contract.

Our sales team has been trained to ask open-ended questions to learn about our customer needs. When they mention the desire or need for certain contracts, we let them know that we are current contract holders and can fulfill that need or check that box.

11. From your perspective, what is CPC's role in promoting a contract resulting from this solicitation?

CPC's role in promoting a newly awarded contract is to send out pertinent information of the awarded company to all agencies participating in CPC.

12. Describe your company's contract implementation or customer transition plan.

When our company is awarded a contract, an email is sent out with specific instructions to both the Accounting and Operations departments detailing the processes to be followed. It is also saved on a shared Drive for upper management. We hold weekly meetings, in which we go over in detail the processes of the new contracts.

13. Provide any additional information relevant to this section.

Products, Service & Pricing

1. What specific products and/or services are you proposing under this solicitation?

Response & Mitigation

24/7 Commercial Disaster Restoration and Recovery. Water extraction and moisture control, taking immediate action to remove all standing water. Provide water, flood, sewer backup, fire, smoke & odor, storm, wind, catastrophe, and mold damage recovery . Stabilization of the environment to control moisture and dampness to prevent the growth of mold and mildew

Damage/Disaster Types

Services related to natural disasters (fires, storms, flooding) , as well as pandemic events, and acts of vandalism or terrorism

Specialty Services & Cleaning

Mold abatement and remediation. Specialty cleaning services. Services for biohazard incidents , including sewer backup and formaldehyde clean-ups. Odor removal/building deodorization

Structural & Content Restoration

Complete fire, smoke, water, and wind damage recovery and restoration. Removing acidic smoke and soot from all surfaces. Structural cleaning and restoration. Content cleaning and decontamination (clean, dry, and deodorize all items and surfaces)

Vital Records/Document Restoration

Recovery services for media, documents, books, and vital records. Portable Sublimation Document Freeze Drying Capabilities for vital/confidential documents, business records, medical records, books, artwork, textiles, historical and collectible items, and keepsakes

Reconstruction/Construction

Construction services related to facility cleanup and/or restoration efforts. Reconstruction services

2. Indicate the level of support your company will offer on this contract category.

- ☒ Pricing is better than what is offered to individual agencies.
☐ Pricing is better than what is offered to cooperative agencies.
☐ Other, please describe

If OTHER, describe how the pricing submitted differs from individual entities or other purchasing consortiums:

Click or tap here to enter text.

3. Describe how participating agencies will verify they are receiving contract pricing.

Any participating agency should have access to the contract to be able to verify the contract pricing.

4. Describe your warranty and warranty process for all products and services.

At Insight Restoration, we stand behind our work with a one-year workmanship warranty on all restoration services, ensuring projects meet IICRC standards and state regulations. Materials and equipment are also covered under the manufacturer's warranty.

If an issue arises, clients simply contact our office. A Project Manager will inspect the concern, confirm coverage, and either schedule corrective work or assist with a manufacturer claim. We follow up after completion to ensure the matter is fully resolved.

Our warranty is our promise of quality, accountability, and peace of mind long after the job is done.

5. Describe how pricing is determined for insurance claim work versus projects billed directly to the customer.

Insurance Claim Work

For insurance-related projects, we utilize Xactimate, the industry-standard estimating software approved by most carriers. This ensures pricing is fair, consistent, and aligned with current regional market rates for labor, materials, and equipment. All estimates are detailed, transparent, and formatted to meet insurance adjuster requirements, which speeds approvals and claim processing.

Direct-to-Customer Projects

For projects not covered by insurance, we provide a straightforward proposal based on time, materials, and scope of work. Pricing is customized to the specific project needs and presented in a clear, itemized estimate. This approach allows customers to fully understand costs up front and avoids surprises during the project.

Commitment to Transparency

Whether insurance-driven or customer-billed, our goal is to provide fair, consistent pricing with clear documentation so clients know exactly what to expect

6. Describe your insurance coordination experience including your direct billing capabilities, adjuster communication protocols, and documentation requirements for claim processing. How do you expedite claim resolution for governmental and educational clients?

Insight Restoration has extensive experience managing insurance claims for governmental and educational clients. We offer **direct billing** to insurers, reducing administrative burden for our clients and speeding payment.

Our Project Managers serve as the primary liaison with adjusters, maintaining **proactive, documented communication** through regular updates, site inspections, and progress reports. All projects include **digital photos, moisture readings, daily logs, and detailed reports** to meet insurance and regulatory requirements.

To **expedite claim resolution**, we provide comprehensive documentation upfront, maintain continuous adjuster engagement, and respond rapidly to any questions or requests. This approach minimizes delays, ensures compliance, and supports timely project completion while keeping clients informed every step of the way

7. Describe any contracts your company holds with insurance providers. Include the number of contracts and highlight your primary or largest partners.

N/A

8. Describe your company's allowed methods for payment and if any fees are assessed for those methods. Also describe how your company works with agencies to determine payment terms.

Check, ACH, wire transfer or credit card (3.5% fee)

9. Describe the frequency of price list revisions. Describe any indices used to guide price adjustments.

We typically do a price list revision every 2 years. We take into place all industry standard pricing and any price increase on commonly used items.

10. Describe how new service offerings will be priced and aligned with contract pricing.

Any new services will be priced according to the IICRC industry standard via Xactimate or Time & Material.

11. Describe any self-audit processes/programs you plan to employ to verify compliance with your anticipated contract with CPC.

Insight Restoration employs a structured self-audit program to ensure full compliance with CPC contract requirements. Our approach includes internal project reviews, documentation verification, and quality assurance inspections to confirm adherence to industry standards and contract specifications. Any discrepancies are tracked and resolved through a corrective action process. These measures ensure CPC projects are executed with consistency, accountability, and transparency, minimizing risk and maintaining high-quality restoration services

12. Provide any additional information relevant to this section.

Click or tap here to enter text.

Value Add

1. Are you offering any additional benefits (outside of discounted pricing) that add value to this contract? If so, describe below and indicate if the benefit(s) is exclusive to CPC.

N/A

Exceptions & Deviations

Our company is requesting an Exception and/or Deviation to the RFP documents.

_____ Yes X No

If YES, complete the questions below:

List any additional stipulations and/or requirements your company requests that are not covered in the RFP.

N/A

List any exceptions your company is requesting to the terms outlined in the Technical Specifications. Respondents must include the following when requesting exceptions:

- RFP section number and page number
- Describe the exception
- Explanation of why this is an issue
- A proposed alternative to meet the needs of participating agencies and the cooperative

Click or tap here to enter text.

Part 4: Forms & Signatures

RFP #26.01 – Facility Cleanup & Restoration Services

Instructions

Contained herein are forms and information required by the Cooperative Purchasing Connection (CPC). Please note, while some information is merely informational, some will be used during the evaluation and vetting process.

To submit the required forms, follow these steps:

1. Read the document in its entirety.
2. Complete all questions and forms.
3. Save all pages in the correct order to a single PDF format titled "***Forms & Signatures – Name of Company***".
4. Submit the forms in the required format with all necessary signatures in Public Purchase.

The following sections will need to be completed prior to submission:

1. [Contract Offer & Award](#)
2. [Uniform Guidance "EDGAR" Certification Form](#)
3. [Subcontractor Utilization Form](#)

Contract Offer & Award

Instructions: Part I of this form is to be completed by the Supplier and signed by its authorized representative. Part II will be completed by the Cooperative Purchasing Connection (CPC) upon the occasion of an award.

Part I: Supplier

In compliance with the Request for Proposal (RFP), the undersigned warrants that I/we have examined all General Terms and Conditions, Forms and Specifications, and being familiar with all of the conditions surrounding the solicitation, hereby offer and agree to furnish all goods and services in compliance with all terms, conditions, specifications, and amendments in this solicitation and any written exceptions in the offer. Signature also certifies understanding and compliance with this proposal. The undersigned understands that his/her competence and responsibility and that of his/her proposed subcontractors, time of completion, as well as other factors of interest to CPC as stated in the evaluation section, will be a consideration in making the award. This contract offer and award binds said Supplier to all terms and conditions stated in the proposal.

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS – APPENDIX II TO 2 CFR 200

The following provisions are required and apply when federal funds are expended by participating agencies for any contract resulting from this procurement process.

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Supplier Violation or Breach of Contract Terms

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. Provisions regarding Supplier default and legal remedies are included in Sections I.K.18 and I.K.19 above. Any contract award will be subject to such provisions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

(B) Termination for Cause and for Convenience

Pursuant to Federal Rule (B) above when federal funds are expended by participating agencies, the participating agency reserves all rights to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by the Supplier, in the event the Supplier fails to” (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. The participating agency reserves the right to terminate the contract immediately, with written notice to Supplier, for convenience, if the participation agency believes, in its sole discretion that it is in the best interest of the participating agency to do so. The Supplier will be compensated for work perform and accepted and goods accepted by the participating agency as of the termination date if the contract is terminated for convenience of the participating agency. Any award made under this procurement process is not exclusive and the participating agency reserves the right to purchase goods and services from other Suppliers when it is in the best interest of the participating agency.

(C) Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR Part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(D) Davis Bacon Act

When required by Federal program legislation, Supplier agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Supplier shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, the Supplier is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. In addition, the Supplier shall pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by

the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Supplier must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act

Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Right to Inventions Made Under a Contract or Agreement

If the participating agency’s Federal award meets the definition of “funding agreement” under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the “funding agreement,” the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

(G) Clean Air Act and Federal Water Pollution Control Act

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Order 12549 and 12689)

A contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), “Debarment and Suspension.” SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)

Suppliers that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with

obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by participating agencies, the Supplier certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, the Supplier certifies that it is compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be include in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriated tiers and that all subrecipients shall certify and disclose accordingly.

(J) Procurement of Recovered Materials

For participating agency purchases utilizing Federal funds, Supplier agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

(K) Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

A participating agency is prohibited from obligating or expending funds to:

- (1) Procure or obtain.
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iii) Telecommunications or video surveillance equipment or services products or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(L) Domestic Preferences for Procurements

As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For the purpose of this section:

- (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- (2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

PROFIT AS A SEPARATE ELEMENT OF PRICE

For purchases using federal funds in excess of \$250,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, the Supplier agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Supplier agrees that the total price, including profit, charged by the Supplier to the participating agency shall not exceed the awarded pricing.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS PAID FOR WITH FEDERAL FUNDS – 2 CFR § 200.333

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The Supplier further certifies that Supplier will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that the Supplier will be in compliance with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18; Pub. L. 94- 163, 89 Stat. 871).

CERTIFICATION OF NON-COLLUSION STATEMENT

Supplier certifies under penalty of perjury that its response to this procurement solicitation is in all respects bona fide, fair, and made without collusion or fraud with any person, joint venture, partnership, corporation or other business or legal entity.

Pursuant to Federal Ruling, when federal funds are expended by participating agencies, the Supplier hereby certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, Supplier certifies compliance with all provisions, laws, acts, regulations as specifically noted above. The Supplier agrees to comply with all federal, state, and local laws, rules, regulations, and ordinances, as applicable.

Subject: Re: [External]Re: Fw: RFP #26.01 | Clarifying Questions - Insight Restoration - 10.8.25

Hi Joni,

Thank you for clarifying the communication protocol. I apologize for the oversight.

Regarding the subcontractor question, we listed industry partners who can assist us if a catastrophic event is large enough to require support in other areas of the country. To date, we have always been able to perform all contracted services on our own within Minnesota, South Dakota, and North Dakota. The intent of this disclosure in the RFP was to demonstrate that we have specialized support available should the need arise, as I prioritize transparency. This is why no subcontractors were listed in Part 4; we do not anticipate needing a subcontractor to perform any of the work.

I hope this clarifies our position.

Nicole and Tim,

Thank you for submitting a response to **RFP #26.01 Facility Cleanup & Restoration Services**. As we review your submission, we have a few clarification questions to ensure we are interpreting your response correctly.

- **Attached:** A Word document containing our questions. Each item cites the specific part/section/line where clarification is needed.
- **How to respond:** Please type your answers in the **text boxes beneath each question** (no need to reformat). Email the completed document to me (joni@purchasingconnection.org).
- **Deadline:** 12:00 PM CST on Monday, October 13, 2025.

If anything is unclear, please let me know as soon as possible.

We appreciate your time in providing clarification and look forward to your response.

#26.01 Clarifying Questions

Insight Restoration

Please address the following questions regarding your proposal to RFP #26.01 – Facility Cleanup and Restoration Services:

1. Use of Subcontractors

Reference: Part 3 – Questionnaire, Qualifications & Experience, #2
Part 4 – Forms & Signatures, Subcontractor Utilization Form

The response provided in “Part 3 – Questionnaire, Qualifications & Experience, #2” appears to conflict with the declaration of no use of subcontractors in “Part 4 – Forms & Signatures, Subcontractor Utilization Form.” **Confirm whether or not subcontractors may be used to provide services under this contract.**

We do not require subcontractors to perform services under this contract

2. Pricing for New Services

Reference: Part 3 – Questionnaire, Products, Service & Pricing, #10

Will the proposed contract discount (10%) be applied to new services or products added throughout the contract term?

Yes the 10% discount would be applied to new services or products added throughout the contract term.

Award Decision, RFP #26.01 Facility Cleanup & Restoration Services

Dear Nicole:

Thank you for your time, effort, and interest in supplying a response for Request for Proposal (RFP) #26.01 Facility Cleanup & Restoration Services.

The evaluation committee, using the criteria outlined in the RFP documents, has completed its review of the proposals received.

Due to the diverse strengths and capabilities demonstrated by the proposals received, CPC finds great value in awarding multiple vendors, including your organization. We are pleased to announce that your proposal is one of two receiving a recommendation for an award.

This decision is subject to the approval of the Cooperative Purchasing Connection and the North Dakota Educators Service Cooperatives Boards of Directors and the successful negotiation of a mutually acceptable contract.

I will be contacting you soon to finalize a contract. Thank you for submitting your proposal! We look forward to working with you.

Regards,

A handwritten signature in cursive script that reads "Joni Puffett".

Joni Puffett, CPPB | Procurement Solutions Program Director
Cooperative Purchasing Connection

Contract Offer & Award

Instructions: Part I of this form is to be completed by the Supplier and signed by its authorized representative. Part II will be completed by the Cooperative Purchasing Connection (CPC) upon the occasion of an award.

Part I: Supplier

In compliance with the Request for Proposal (RFP), the undersigned warrants that I/we have examined all General Terms and Conditions, Forms and Specifications, and being familiar with all of the conditions surrounding the solicitation, hereby offer and agree to furnish all goods and services in compliance with all terms, conditions, specifications, and amendments in this solicitation and any written exceptions in the offer. Signature also certifies understanding and compliance with this proposal. The undersigned understands that his/her competence and responsibility and that of his/her proposed subcontractors, time of completion, as well as other factors of interest to CPC as stated in the evaluation section, will be a consideration in making the award. This contract offer and award binds said Supplier to all terms and conditions stated in the proposal.
