I. Introduction to CPC

The Cooperative Purchasing Connection (CPC) is a joint powers group of local governmental agencies and service cooperatives in Minnesota, organized pursuant to Minnesota Statute §123A.21. CPC obtains the legal authority to develop and offer, among other services, cooperative procurement services to members and participants. Eligible and existing participants include state, city, and county governments, tribal nations, government agencies, public and non-public educational agencies, colleges, universities, nonprofit (501(c)(3)) organizations, and other entities contracted on behalf of an agency.

Participation in the resulting contract(s) is open to government and nonprofit agencies across the United States.

In addition, the North Dakota Educators Service Cooperative (NDESC) is a joint powers group organized under the provisions of Chapter 54-40.3 of the North Dakota Century Code. NDESC holds a joint powers agreement with Lakes Country Service Cooperative (LCSC) in Fergus Falls, Minnesota, to provide purchasing contracts to its participating agencies. South Dakota participating agencies may also utilize CPC's purchasing contracts pursuant to South Dakota State Statute §5-18A-37.

LCSC provides the administrative functions of CPC and NDESC. Administrative functions include, but are not limited to, bid and contract research, contract development, negotiations, fiscal reporting agent, marketing contract promotion and agency support services.

Through the combination of purchasing power, CPC's objective is to achieve cost savings through a single competitive solicitation process. This process eliminates a Supplier from responding to multiple quotes and proposals allowing for the reduction in administrative and overhead costs through CPC's purchasing procedures. CPC will collaborate closely with the Supplier to market the contract not only to participating agencies but also to potential agencies where the contract would be an advantageous option for growing participation and purchases through the Supplier.

II. Solicitation Description

CPC is seeking to award a contract to a qualified, experienced Supplier(s) who can provide participating agencies with access to technology products and supporting services at discounted consortium pricing. A qualified Supplier shall have established a percentage discount from a catalog list, published prices, or price list. Discounts may be submitted for an entire catalog or for specific product categories or manufacturer categories. Technology products may include, but are not limited to the following categories:

1. Hardware (desktops, laptops, monitors, printers, etc.) and accessories
2. Chromebooks and Smart Notebooks
3. STEAM, robotics and VR
4. Battery backup and portable power banks
5. Network and server equipment
6. Audio-visual products
7. Technology related furniture
8. Refurbished equipment
9. Managed IT services*

**Note – Services may only be offered in North Dakota and South Dakota. Services are not to be offered under this contract in the state of Minnesota.*

This solicitation is not intended to cover software (including productivity tools, educational applications, and antivirus software), full-scale cybersecurity programs or managed security services.

A highly qualified Supplier is one that can provide a comprehensive catalog of offerings, ensuring a range of options that meet the diverse needs of participating agencies.

CPC reserves the right to award this solicitation to one or more Suppliers based on evaluation factors, geographic service coverage, distinctions based on product and service offerings, and the greatest overall benefit for all participating agencies. CPC anticipates multiple awards under this solicitation. Manufacturers may respond directly and will be required to identify regional suppliers to execute the contract. Designated suppliers must adhere to the terms outlined in this solicitation.

CPC encourages providers of all manufacturers/brands to bid, providing the following criteria are met:

1. Guaranteed pricing discounts.
 - a. Pricing discounts offered on a full range of quality products and supplies.
 - b. Pricing discounts held firm for the duration of the contract term.
2. Warranty protection.
3. Training and support, when applicable.
4. Installation, when applicable.

The contract(s) resulting from this solicitation will be Indefinite Delivery, Indefinite Quantity (IDIQ) contract(s). Historically, CPC participating agencies have purchased just over \$17.6 million in this area over the last four years. All quantities or dollar values listed within this solicitation are estimates.

Numerous factors could cause the actual value of the contract(s) resulting from this solicitation to vary from the historical value. Such factors include, but are not limited to, the following:

1. There is no guarantee of volume to be purchased, nor is there any guarantee that demand will continue in any manner consistent with previous purchases; and
2. The individual value of each contract is indeterminate and will depend upon actual participating agency demand, and actual quantities ordered during the contract period.
3. If actual contract pricing is lower than anticipated or historical pricing, actual quantities purchased could be substantially greater than the estimates; conversely, if actual contract pricing is higher than anticipated or historical pricing, actual quantities purchased could be substantially lower than the estimates.

By submitting a response, the Supplier acknowledges the foregoing and agrees that actual good faith purchasing volumes during the term of the resulting contract(s) could vary substantially.

III. Responding Minimum Qualifications

All submittals must contain answers, responses and/or documentation to the information requested herein. Any submittal failing to provide the required information and/or documentation will be considered non-responsive. A submittal considered non-responsive may result in possible disqualification for consideration of a solicitation award.

Responding Suppliers must communicate and demonstrate their experience, ability, capacity, and available resources to provide products and/or services to participating agencies as described in this solicitation. CPC reserves the right to accept or reject any Supplier's proposal failing to demonstrate their abilities or capacity solely based on information provided in the solicitation response and/or its own investigation of the company.

IV. General Specifications

An attempt has been made to standardize the language used in this solicitation. The words "must," "shall," "mandatory" and the phrase "it is required" are used in connection with a mandatory specification. The words "should" and "may" are used in connection with a specification that is desirable.

1. The Supplier must have access to a full inventory of the proposed product line(s) while maintaining a minimum monthly average fill rate of 95% or above. Items that are reordered, backordered, or partially filled are not considered filled items when calculating this service level.

2. The Supplier must provide participating agencies who have questions, issues, and/or concerns with an efficient response; responding to agencies within 24 business hours.
3. All products sold by the Supplier must be new, unless specifically identified within a category of products such as "remanufactured" or "refurbished," where such remanufactured or refurbished products have a commercially available price and an applicable discount formula. Awarded supplier must be able to offer the newest versions of equipment available from manufacturers.
4. All equipment, supplies, parts, products, etc. will meet applicable current industry standards and health and safety standards.
5. Recalls.
 - a. The Supplier must notify CPC and their participating agencies of any product recalls.
 - b. The Supplier will issue a credit or comparable substitute for any delivered, recalled product at the agency's discretion.
 - c. All costs associated with voluntary and involuntary product recalls shall be borne by the Supplier.
6. Maintenance Plans.
 - a. The Supplier may offer pricing for maintenance for all equipment listed under the solicitation and include it in pricing proposals to participating agencies if requested.
 - b. The Supplier providing maintenance and repair options must provide and clearly state, pricing, and terms of the various plans in their submission.
7. The Supplier will pass through any manufacturer warranties on all products sold and make available instructions to buyers on how to claim rights on a warranty when necessary.
8. Suppliers must be a manufacturer's authorized sales and service dealer for all proposed equipment. An authorized sales and service dealer is defined in this solicitation as one purchasing their products for resell directly from the manufacturer(s) or the manufacturer's approved channels.
9. Suppliers must clearly list all costs and components required to perform the contract. Do not omit items simply because they are not specifically mentioned in this RFP. Proposals should reflect complete and transparent pricing, with no hidden or unexpected charges.
10. A Supplier's Commercially Available Catalog must advise customers of applicable return policies or any money-back guarantees.

V. Technical Specifications

1. The Supplier will endeavor to include products in its catalog that are made in the United States of America.
2. The Supplier will endeavor to include products in its catalog that are Green Star certified or ecologically friendly.
3. Suppliers are encouraged to provide a product or mix of products in a manner that will allow participating agencies to migrate to emerging technologies/services and between legacy technologies with no penalty charge associated with maintaining the most appropriate selections of goods and services throughout the life of the contract.
4. Supplier has the option to offer private label products. Supplier shall maintain the same manufacturer specifications for private label products throughout the term of contract. Any change of manufacturers for a private label shall result in offerings equal to or superior to the originally approved manufacturer at a price equal to or lower than the original offering.

VI. Pricing

1. Contract discounts and percentages must be held firm during the initial contract period. Additional discounts may be made to accommodate one-time bulk replacements, special promotions, or a large individual project. CPC may conduct periodic audits, and the Supplier will be responsible for full reimbursement for any overcharge to a participating agency.
2. The Supplier must provide discounted pricing on all products available, and labor/services offered in this solicitation.

3. New products and services, pertaining to the scope of this solicitation, can be added during the course of the contract term with notice, as outlined below (see #4), to CPC. These items shall meet or exceed all the specifications established in the solicitation and resulting contract. CPC may direct the Supplier to remove products that do not meet the intent or are otherwise in conflict with the contract requirements.
4. When a price list is revised (i.e., manufacturer) to add or delete products and accessories that result in revised contract pricing, the Supplier shall notify CPC in writing via email as follows:
 - a. Request will be on the Supplier's letterhead and emailed to CPC.
 - b. It is filed with CPC, a minimum of seven (7) business days before the effective date of the proposed change;
 - c. It clearly identifies the items impacted by the change and the cause for the adjustment.
 - d. It is accompanied by documentation acceptable to the RFP facilitator, as noted on the cover page of this solicitation, to warrant the change (i.e., appropriate Bureau of Labor Statistics, Consumer Price Index (CPI-U, change in manufacturer's price, etc.).
 - e. CPC reserves the right to accept or reject such change and will confirm in writing. For contract administration purposes, CPC must be able to verify the manufacturer's current product price. Price increases that cannot be verified shall not be reflected on the contract nor charged to the participating agency.
5. CPC may accept a future claim from the Supplier that a new threshold of performance or technology has been established. If CPC is satisfied with the evidence presented in support of the claim, appropriate pricing for such new technology may be established by applying the same pricing method used by the Supplier in their submission. The Supplier must be able to verify the pricing calculation.
6. CPC expects Suppliers to offer their very best prices to ensure the CPC contract provides value to its membership and is competitive. CPC allows a Supplier to lower prices for a participating agency when it benefits the agency and is based upon commitments and variables that may include but is not limited to: agency size and scope, geography, purchase volume, guarantees, logistical expenses, manufacturer support, specific product usage and other contractual terms/requirements.

VII. Design Layout and/or Installation Services

1. Pricing for design layout and/or installation will be by hourly rate or percentage of the project cost. The Supplier must outline all service charges for design and installation. If the Supplier charges for installation by a method other than hourly or percentage, a complete explanation, and breakdown of how charges are calculated must be included with the submission.
2. Prevailing Wage.
 - a. Minnesota: If the resulting contract involves a project erection, construction, remodeling, or repairing of a public building or other public work financed in whole or part by State [Minnesota] funds, then pursuant to Minnesota Statutes 177.41 to 177.44 and corresponding Minnesota Rules 5200.1000 to 5200.1120, this contract is subject to the prevailing wages as established by the Minnesota Department of Labor and Industry. Specifically, all Suppliers and all tiers of subcontractors must pay all laborers and mechanics the established prevailing wages for work performed under the resulting contract. Failure to comply with the aforementioned may result in civil or criminal penalties.
 - b. If the contract is used outside of Minnesota and prevailing wage applies, contractors shall follow all applicable wage laws for that state.
 - c. For questions regarding prevailing wage laws, contact the applicable state's Department of Labor or equivalent.
3. Prevailing Wage/Davis Bacon [State & Federal Funds]. The Supplier's hourly price shall include, but is not limited to: wage requirements, equipment and tools normally associated with the removal and installation of goods and services. Due to wage rate requirements for State and Federal funded projects, the costs associated with labor may increase from contracted pricing.

4. The Supplier subcontractors will maintain in current status, all federal, state, and local licenses, bonds, and permits required for the performance and delivery of any and all products and services in response to this solicitation. This also includes any contractor's licensure as required by state law. The Supplier must have the ability to furnish all required labor, materials, equipment, parts and supplies necessary for the services requested within an agreed upon timeframe.
5. The Supplier will possess the ability to assess and determine existing site conditions and the participating agencies' expectations for the products being purchased.
6. Installation times will be coordinated with the purchasing agency. All areas will be kept clean and free of debris. Suppliers must be able to provide the purchasing agency with a list of responsibilities for installation, a minimum of five (5) business days prior to the start of installation.
7. All personnel that are working in participating agencies must be bonded, insured, and follow any and all participating agencies' requirements for contractors and subcontractors.
8. Subcontractors.
 - a. The Supplier will not assign any duties to perform services nor to provide goods to purchasing agencies under this contract to a subcontractor that is not listed in the Subcontractor Utilization Form.
 - b. If a subcontractor is removed from the contract agreement at any time, the Supplier will submit to CPC in writing the reason for removal and effective date.
 - c. To add a subcontractor to the contract agreement, the Supplier must submit to CPC an updated Subcontractor Utilization Form. The subcontractor may not begin providing service until approved by CPC.
 - d. The Supplier will be responsible for ensuring that all subcontractors who provide goods or services under the resulting contract agreement comply with the terms and conditions.
 - e. CPC reserves the right to require that a subcontractor be removed from the contract.
 - f. Any damage done to the participating agencies' property by contractors or subcontractors shall be repaired or replaced at no cost to the participating agency.
9. All services will be 100% guaranteed. Any service provided, which does not meet the end-users' expectations will either be redone until the end-users' expectations are met, or the charges for the services are refunded to the participating agency.

VIII. Ordering Methods

1. All orders will be executed by participating agencies directly with the Supplier. The Supplier may offer a variety of options for agencies to place orders. The Supplier will make all deliveries and installation of products and services. CPC will not warehouse items or provide services.
2. Participating agencies may use two (2) different methods of placing orders from the resulting contract: Purchase Orders (PO's) and procurement cards. The method of payment is at the discretion of the participating agency. Additional surcharges for the use of a procurement card must be clearly outlined (see Supplier Questionnaire).
3. A PO may be issued to the Supplier on behalf of the participating agency ordering the services covered under the resulting contract. An issued PO will become part of the resulting contract. The PO indicates that sufficient funds have been obligated toward the purchase.
4. Regardless of the method of ordering used, solely the contract and any modification determine performance time and dates.
5. Performance under this contract is not to begin until receipt of a PO, procurement card order, or other notification to proceed by the participating agencies to proceed.
6. When applicable, an online catalog for order entry must be provided for use by and suitable for participating agencies' needs. The online catalog will note product discounts and, if applicable, the differing discounts for catalog categories awarded.

IX. Freight and Delivery

1. Delivery must be made as ordered and in accordance with the solicitation. If delivery qualifications do not appear in the Supplier's proposal, it will be interpreted to mean that goods are in stock, and

that shipment will be made within five (5) business days. The decision of CPC, as to reasonable compliance with the delivery terms, shall be final. The burden of proof of delay in receipt of an order shall rest with the Supplier.

2. No delivery charges shall be added to invoices except when authorized on the Purchase Order.
3. All prices submitted are to be F.O.B. Destination, Freight Pre-Paid, and Allowed. Unless clearly stated otherwise by the respondent, prices submitted shall include all charges for transportation, packaging, etc., necessary to complete delivery on an F.O.B. Destination basis.
4. CPC does not require freight to be included in the proposed pricing for this RFP due to the variance of freight charges attributable to weight and volume per order. However, if awarded, the merchandise must be shipped prepaid with the freight charged added to the invoice as a separate line item.
5. Freight charges must be quoted to the agency prior to any purchase order being issued by the participating agency.
6. Invoice and ship all items directly to CPC's participating agencies. A packing slip will be provided with all deliveries including the agencies' purchase order number. Orders not filled and partial shipments shall be indicated on the packing list. Participating agencies shall be notified of an anticipated availability date, within three (3) business days of receipt of order.
7. All equipment, supplies, and related accessories must be delivered during normal hours of operation on weekdays, unless at the convenience of the participating agency and through mutual agreement with the Supplier.
8. All products must be 100% guaranteed. Any product which is damaged, found to be defective, or does not perform to the end-user's expectations must be replaced at the Supplier's expense including all shipping/delivery charges. If a participating agency receives the product(s) that appear to be damaged, they reserve the right to refuse delivery. Participating agencies will not be charged for items that are refused.

X. Payment

1. Participating agencies using the resulting contract Agreement will make payments directly to the Supplier. Payment terms will be defined by the Supplier in their response.
 - a. Suppliers are encouraged to offer payment terms through procurement card (P Card) services, if applicable.
 - b. Payments shall be made after satisfactory performance, following all provisions thereof, and upon receipt of a properly completed invoice.
 - c. Where a question of quality is involved, payment in whole or part against which to charge back any adjustment required shall be withheld at the direction of the participating agency. In the event a cash discount is stipulated, the withholding of payments, as herein described, will not deprive the participating agency of taking such a discount.
 - d. Payments for the used portion of inferior delivery will be made by the participating agency on an adjusted price basis.
2. The Supplier will submit invoices to the participating agencies clearly stating, "Per CPC Contract."
3. The shipment tracking number or pertinent information for verification shall be made available upon request.
4. Participating Agencies will follow M.S. §471.425 regarding prompt payment of local government bills.

XI. Advertising and Marketing

1. The Supplier will provide sales and marketing representation that is able to educate, introduce and demonstrate products and/or services to CPC's participating agencies.
2. The Supplier will be able to assist in developing marketing materials that support the contract.

3. The Supplier will provide a comprehensive training and support program on the operation and use of the contract agreement to all applicable personnel. The services offered must be appropriate and adequate to ensure a successful contract agreement.
4. All promotional marketing materials must have the prior approval of CPC before distribution and must include the CPC logo and pertinent contract information.
5. Upon award and completion of the Supplier orientation, CPC will promote the contract opportunity via its websites. CPC will also announce the new partnership through various marketing channels. Contracts may also be promoted at applicable trade shows, conferences, and meetings.

XIV. Method of Evaluation

This solicitation will be evaluated based on the combined factors outlined below. Evaluation criteria include supplier qualifications and experience, quality and variety of product selection, pricing, services and support, and ease of ordering. No single factor will determine the final award decision.

	Points Available
Minimum Qualifications <i>See section "III. Responding Minimum Qualifications" for criteria.</i>	Pass/Fail
Technical Proposal <i>Considers responses to company information, qualifications and experience, performance capability, products and services offered, value adds, exceptions and deviations, and additional requirements.</i>	300
Pricing Proposal <i>Considers both price and overall value of the products/services proposed.</i>	200
Total Points	500

As a part of the process of determining responsible respondents, CPC may request reports that describe the financial soundness of your organization. Accepted financial reports may include balance sheets and Profit & Loss statements for the past three years, a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies).

Best and Final Offer (BAFO): CPC may request a BAFO if additional information or modified terms are necessary for the evaluation committee to complete its evaluation and ranking. CPC will set a date and time for the submission of BAFO proposals. The BAFO will be limited to specific sections of the RFP or proposal identified by CPC. A BAFO will not be used solely to reduce pricing. If a BAFO is requested, all short-listed Suppliers or, if the short-list process is not used, all qualified Suppliers will be provided an opportunity to submit a modified response. Only one BAFO request will be issued by CPC. The information received from the BAFO will be used by the evaluation committee to re-rank the Suppliers. If a Supplier does not submit a BAFO proposal or a notice of withdrawal, the Supplier's previous proposal is considered the Supplier's BAFO. CPC reserves the right to proceed directly to negotiations with the highest ranked proposers immediately following the initial submission and evaluation of proposals.

Contract Development: Following the final evaluations, contract offer and award, and contract negotiations, CPC will develop a Master Contract Agreement with the most highly qualified Supplier(s). If a satisfactory contract cannot be developed with the most highly qualified Supplier(s) the second most qualified Supplier(s) may then be approached to develop a contract.

Solicitation Debriefing: A supplier that did not receive an award may request a debriefing to be scheduled with CPC after the solicitation process has been completed and a Master Contract Agreement with the awarded Supplier(s) has been executed. Debriefings are not forums for protest, negotiation, or argumentation, but are learning opportunities for unsuccessful Suppliers.

Debriefings will be conducted via a virtual meeting and will be limited to the requesting supplier's own proposal. Comparative evaluation information or confidential data about competing proposals will not be shared.

XV. Solicitation and Submittal Procedures

Public Purchase: All solicitations can be found on Public Purchase (www.publicpurchase.com). All solicitation activity is time-stamped and logged as part of the solicitation process.

Submission of Proposals:

1. All proposals must be submitted electronically via Public Purchase. Hardcopy proposals are invalid and will not receive consideration.
2. It is the Supplier's responsibility to completely upload and submit a response by the submission deadline, as described in the solicitation.
 - a. If the proposal has not completed its upload to Public Purchase by the submission deadline, the Public Purchase system will not accept the proposal.
 - b. If any issues occur during the upload of the proposal, Supplier should contact Public Purchase for immediate technical support.
 - c. The data included in the submission will not be password protected.
3. CPC does not consider any information submitted in the General Notes section of Public Purchase when evaluating.
4. Submission checklist:

Document Title	Instructions
Part 1 RFP Provided as a PDF.	Retain for your records.
Part 2 General Terms and Conditions Provided as a PDF.	Retain for your records.
Part 3 Questionnaire Provided as a Word document.	Submit as one (1) PDF. Include company name in the file title. Include certifications with submission, if applicable.

Part 4 Forms & Signatures Provided as a PDF.	Submit as one (1) PDF, signatures required. Include company name in the file title.
Part 5 Pricing Schedule Provided as Excel document.	Submit as Excel document. Include name of company in the file title.
Certificate of Insurance (COI)	Submit as PDF Include name of company in the title. <u>CPC must be identified as a certificate holder.</u>
Exhibit A – Manufacturer Authorization <i>Refer to Part 3 – Questionnaire, section 8. Additional Requirements, 1. Exhibit A – Manufacturer Authorization for requested information.</i>	Submit all documentation as one (1) PDF. Include name of company in the file title.

Questions: Requests for additional information, clarifications, interpretations, or questions shall be promptly asked via Public Purchase. CPC will respond via Public Purchase as laid out in the solicitation documents.

Addenda: Addenda are written instruments issued by CPC which modify or interpret the solicitation documents by additions, deletions, clarification, or corrections. All addenda issued by CPC shall become a part of the specifications and will be made part of the contract. Addenda will be sent automatically through Public Purchase; being logged and tracked within the system. Interpretations, corrections, or changes made in any other manner will not be binding, and Suppliers shall not rely upon such interpretations, corrections, and changes. Answers to questions or addenda will be issued no later than five (5) business days prior to the submission deadline, except an addendum withdrawing the proposal or one which includes postponement of the submission deadline.

Late Submittals: Submittals will not be allowed to be submitted or uploaded after the due date and time set by CPC. It is the respondent's responsibility to ensure that submittals are received by the due date and time listed.

Modifications or Withdrawal of a Proposal: A proposal may not be modified, withdrawn or canceled by the Supplier for a period of one hundred twenty (120) days following the submission deadline of the proposal, as each Supplier so agrees in submitting a proposal. Prior to the submission deadline, any proposal submitted may be modified or withdrawn within Public Purchase. Withdrawn proposals may be resubmitted within Public Purchase prior to the submission deadline provided that they are in full conformance with this solicitation.

Rejection of Any or All Proposals: CPC reserves the right to reject any and all bids/proposals, to waive any informality, or to accept/reject any items listed in the pricing schedule in the best interest of CPC and its participating agencies.

Opening of Proposals (Opening Record): Proposals that have been submitted on time will be opened after the submission deadline. An opening record of the proposals received will be made available.

XVI. Solicitation Terms and Conditions

Performance Bond (for construction and/or installation related projects): A performance bond is held between the awarded supplier and a participating agency, and will be required:

1. As defined by all applicable state statute(s) where the project is being conducted.
2. As required by the participating agency.

All performance bonds will be issued by a corporate surety authorized to do business in the state in which the work will be conducted and by a surety listed in the US Treasury Circular 570. Performance bonds will be posted by the Supplier and submitted to the specific participating agency for the assigned project. Should the contract be the result of a piggyback agreement, performance bonds will reflect each state's bonding requirements.

The Supplier will execute a performance bond in an amount equal to one hundred percent (100%) of the value specified in the contract between the participating agency and the Supplier unless the participating agency requires less to be posted. This bond will protect all persons supplying labor and material to the Supplier for the performance of the work provided in the contract. Subcontractors who may work on the contract may have to provide the Supplier with a performance bond. If the contract price increases after the bond is provided, the participating agency may consider obtaining additional bonds from the Supplier.

The Supplier will deliver the performance bond to the eligible participating agency at the time the contract is executed between the agency and the Supplier. Work will not commence between the Supplier and the eligible participating agency until the performance bond is received by the participating agency and a copy has been sent to CPC via email (info@purchasingconnection.org). The Supplier will be responsible for providing CPC with a copy of all contracts and bonds in accordance with CPC purchasing procedures. Should the Supplier fail to satisfactorily perform the contract, the bonding company that provided the performance bond will be required to pay the dollar amount of the bond to the participating agency.

It is the Supplier's responsibility to ensure that they can obtain the required bonding for all construction products based on an awarded contract arising from this solicitation. Payment will not be issued for any project for which the required bonds have not been received.

Other Bonds: An awarded supplier will supply additional bonds as required based on federal law, state law, or participating agency policy.

Additional Terms and Conditions/Participating Addendum: Participating agencies and a Supplier may negotiate additional terms and conditions as necessary to complete a purchase. These may include, but are not limited to:

1. Industry specific requirements
2. Legal obligations
3. Specific local/board policy provisions

Some participating agencies may also require a Participating Addendum (or equivalent) with terms negotiated directly between them and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any additional negotiated terms and conditions must not be less favorable to the participating agency than the terms outlined in this solicitation.

Certificate of Insurance: The Supplier must purchase, maintain and provide certification from the insurer for minimal coverage during the life of an awarded contract, to include, but not limited to, comprehensive public and/or commercial liability, errors and omissions, workman's compensation, unemployment, and other insurance coverage required by and applicable to each of CPC's individual state's statutes and federal laws which proposed products and services will be offered and provided. The Supplier must provide a Certificate of Insurance (COI) from the issuing company or their authorized agent, identifying the coverage required below and identifying CPC as a "Certificate Holder." Any required insurance that is canceled before the expiration date of the contract agreement, the issuing company will send immediate notice to CPC. COIs must be updated and sent electronically to CPC upon coverage renewal. The Supplier must meet the following minimum coverage requirements:

1. Commercial General Liability: \$1,000,000 each occurrence, \$500,000 annual aggregate
2. Automobile Liability: \$1,000,000 each occurrence
3. Workers Compensation: \$100,000

CPC reserves the right to consider and accept alternate forms and plans of insurance or to require additional or more extensive coverage for any individual requirement.

Binding Contract: A response to this solicitation is an offer to contract with CPC based upon the terms, conditions, the scope of work, and specifications contained in the solicitation. The Supplier acknowledges that the Contract Offer and Award binds the party to all terms and conditions stated in the proposal.

Notification of Intent to Award: An award notification will be made as outlined in the solicitation documents. The actual award is subject to the successful negotiation of a mutually accepted Master Contract Agreement and approval by the CPC Board of Directors.

Contract Term: The term of the contract resulting from this RFP will be from February 1, 2026 through January 31, 2028. The contract may be extended for one (1) additional 24-month period, based on successful performance. CPC may grant an extension under certain criteria and conditions. CPC evaluates and reviews all contract agreements. CPC has established a set of performance criteria that will be used in the Supplier evaluation. Performance criteria will include:

1. Contract start-up and communication
2. Partnership responsiveness with CPC
3. Participating agencies evaluation(s)
4. Volume, sales, and competitiveness
5. Marketing

Administrative Fee: The Supplier will be required to pay a two (2.0%) percent administrative fee on the total sales price of all purchases shipped and billed to participating agencies. This fee is used to cover CPC's program costs, including the cost of conducting the solicitation, continuing support of the contract, and marketing the contract to participating and potential agencies. Administrative fees shall be paid to CPC quarterly, within 20 business days after the end of each fiscal quarter.

Payments must be received either via check or authorized ACH. An ACH enrollment/authorization form must be provided to CPC for completion. ACH remittance notification must be sent to the individual indicated on the ACH enrollment/authorization form prior to ACH payment.

Sales Reports Required of the Supplier: The Supplier will provide CPC with a quarterly report listing the sales volume showing the total gross dollar volume of all purchases made by participating agencies, the administrative fee calculations, and the correlating savings incurred by participating agencies. CPC's fiscal year is July through June and fiscal quarters are July – September; October – December; January – March; and April – June. CPC may also request reports on commonly purchased items or top-selling items to create or update a market basket or core list of commonly purchased items. All reports must be submitted in MS Excel within 20 business days after the end of each fiscal quarter, listing the following information:

1. Name of purchasing agency
2. Address of purchasing agency (city, state, zip code)
3. Date of purchase
4. Invoice number
5. Amount of purchase
6. Administrative fee generated by the sale
7. Savings generated by the sale

Part 2 – General Terms & Conditions

RFP #26.05 Technology Catalog

General Terms & Conditions

The Cooperative Purchasing Connection (CPC) may make amendments to the General Terms and Conditions when CPC determines that such amendments are in the best interest of its participants. All amendments will be agreed upon between the Parties. Submittals by a Supplier certify that they have read the General Terms and Conditions and understand that they apply to all purchases under the resulting contract(s).

Alcoholic Beverages, Substance Use, and Weapons: A Supplier shall not permit its personnel or any subcontractor to possess upon school property any alcoholic beverages, illicit/non-prescribed drugs, tobacco products, or weapons. All personnel must follow all local substance rules and conduct (dress code, language, parking, etc.) policies while on school premises. Any actions involving, or possession of, any of the aforementioned items while on school property may cause a cancellation of any Agreement, at no cost to CPC and its participating SFAs. Criminal charges may apply.

Assignees, Mergers, Dissolution and Successors: If the original vendor partner sells or transfers all assets or the entire portion of the assets used to perform this contract, the Offeror agrees that during the term of the contract, it will adhere to the terms and provisions of said contract. The parties will be bound by and inure to the benefits of the successors and the respective parties involved. CPC reserves the right to recommend approval, acceptance, or rejection of the new party. A simple change of name agreement will not change the contractual obligations of the Vendor Partner.

Assignment: Any contract awarded under the conditions of this solicitation shall be for the use of organizations eligible for participation. Any eligible agency may participate (piggyback) with this contract at its discretion, with the consent of the Supplier. The Supplier must seek approval from CPC before utilizing the contract with another eligible agency. CPC has partnerships with consortiums across the United States. CPC will work with the Supplier to make such connections should the Supplier want to piggyback the contract as a vehicle for additional sales. All requirements of this solicitation will apply to all participating eligible agencies. Agencies participating in this contract shall be responsible for obtaining approval from their approving body of authority when necessary and shall hold CPC harmless from any disputes, disagreements, or actions which may arise as a result of using this contract.

Audit: Under applicable law, the Supplier will agree that members of CPC's purchasing team may audit their records to establish that total compliance of the agreement is met. CPC will ask participating agencies for invoices showing purchases from the Supplier. The Supplier will agree to provide verifiable documentation of all purchases made by said agencies and will make every reasonable effort to resolve discrepancies fairly and equitably to the satisfaction of both CPC and the Supplier. CPC will require a refund to the agencies involved if any difference in price is found and will also require payment of any administrative fees due resulting from sales that were not listed on the sales report(s). CPC will give at least five (5) calendar days' notice of an audit. The audit will be conducted at a reasonable place and time.

Awarded Supplier: The Respondent(s) chosen by CPC to provide goods and/or services to participating agencies.

Awards: Awards will be made with reasonable promptness and by written notice to the successful Supplier; solicitation responses are considered to be irrevocable for a period of one hundred twenty (120) days following the

solicitation opening unless expressly provided for to the contrary in the solicitation and may not be withdrawn during this period without the express permission of CPC.

1. CPC reserves the right to determine those offers which are responsive to the solicitation, or which otherwise serve its members' best interests.
2. CPC reserves the right, before making an award, to initiate investigations as to whether or not the materials, equipment, supplies, qualifications or facilities offered by the Supplier meet the requirements outlined in the proposal and specification and are ample and sufficient to ensure the proper performance of the contract in the event of an award. If upon such examination it is found that the conditions of the proposal are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications or facilities are not satisfactory, CPC may reject such offer. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon CPC to make any examinations before awarding a contract; and it is further understood that if such examination is made, it in no way relieves the Supplier from fulfilling all requirements and conditions of the contract.
3. Qualified or conditional offers which impose limitations of the Supplier's liability or modify the requirements of the solicitation, offers for alternate specifications, or which are made subject to different terms and conditions than those specified by CPC may, at the option of the CPC, be:
 - a. Rejected as being non-responsive, or
 - b. Set aside in favor of the CPC's terms and conditions (with the consent of the respondent), or
 - c. Accepted, where CPC determines that such acceptance best serves the interests of participating agencies and CPC.

Acceptance or rejection of alternate or counteroffers by CPC shall not constitute a precedent that shall be binding on successive solicitations or procurements.

4. CPC reserves the right to determine the responsibility of any Supplier for a particular procurement.
5. CPC reserves the right to reject any responses in whole or in part, to waive technical defects, irregularities, and omissions, and to consider past performance of the offeror wherein its judgment the best interests of participating agencies will be served by so doing.
6. CPC reserves the right to make awards by items, group of items or on the total low response for all the items specified as indicated in the detailed specification unless the Supplier specifically indicates otherwise in their response.
7. Preference may be given to responses on products raised or manufactured in the state, other things being equal.

Confidential Information: CPC is a public entity; the information contained in the proposals shall be considered public information under the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 et. seq. No part of a proposal shall be treated as confidential unless so designated, by the Supplier submitting the proposal, as trade secret information having met the criteria under Minnesota Statutes § 13.37 Subd. 1(b) and other applicable laws. Any data claimed by the Supplier submitting the proposal to be trade secret data must be marked "proprietary and confidential." Should a challenge occur to said Supplier's designation of data as "proprietary and confidential," the Supplier shall indemnify and hold CPC harmless for any attorney's fees, costs, penalties, or losses associated with such designation. CPC makes no representations to any Supplier regarding their designation of data as "proprietary and confidential." CPC designates the sales reports and administrative fee data, references in this solicitation, as confidential. Therefore, under no circumstances, release this data to any entity other than CPC. CPC, however, is a government entity, is required to, upon request of any individual organization; make this information available to the person(s) requesting to contact the CPC department.

Costs of Preparation: All costs associated with the preparation, development, or submission of a response or other offers will be borne by the Supplier. CPC will not reimburse any Supplier for such costs.

Default Contract: The resulting contract shall be the default contract. All participating agencies' purchases will receive the pricing described in this contract and CPC will receive credit for those purchases made by participating agencies.

Express Online Marketplace: CPC provides participating agencies with an online purchasing platform called Express. Through Express, agencies can search for and purchase items. Essentially, Express is a one-stop-shop for many of CPC's commodity-based contracts. A Supplier does not have to have an e-commerce site to be included in Express. Express offers integration into two (2) of the main K-12 school financial systems in Minnesota. CPC expects growth in the number of agencies utilizing the marketplace and the volume of sales to grow significantly. CPC will work with the Supplier to determine if the contract agreement is suitable for the online platform. If deemed suitable, CPC will require integration into Express promptly as outlined in the solicitation.

Entire Agreement: The Master Contract Agreement, shall constitute the entire and exclusive agreement between CPC and any Supplier receiving an award. In the event of any conflict between the bidder's standard terms of sale, these conditions or more specific provisions contained in the solicitation shall govern.

1. Each proposal will be received with the understanding that the acceptance, in writing, by contract or purchase order by the participating agency of the offer to do work or to furnish any or all the materials, equipment, supplies or services described therein shall constitute a contract between the Supplier and the participating agency. This shall bind the Supplier to furnish and deliver at the prices following the conditions of the said accepted proposal and detailed specifications and the participating agency to pay for at the agreed prices, all materials, equipment, supplies, or services specified and delivered. A contract shall be deemed executory only to the extent of funds available for payment of the amounts shown on purchase orders issued by the participating agency to the Supplier.
2. No alterations or variations of the terms of the contract shall be valid or binding unless submitted in writing and accepted by CPC. All orders and changes thereof must originate from the participating agencies: no oral agreement or arrangement made by a contractor with an agency or employee will be binding on CPC and may be disregarded.
3. Contracts will remain in force for the contract period specified or until all articles or services ordered before date of termination shall have been satisfactorily delivered or rendered and accepted and thereafter until all terms and conditions have been met, unless
 - a. Terminated prior to the expiration date by satisfactory delivery against orders of entire quantities, or
 - b. Extended upon written authorization of CPC and accepted by the Supplier, to permit ordering of the unordered balances or additional quantities at the contract price following the contract terms, or
 - c. Canceled by CPC following other provisions stated herein.
4. It is mutually understood and agreed that the Supplier shall not assign, transfer, convey, sublet or otherwise dispose of this contract or his right, title or interest therein, or his power to execute such contract, to any other person, company or corporation, without the previous consent, in writing, of CPC.
5. If subsequent to the submission of an offer or issuance of a purchase order or execution of a contract, the Supplier shall merge with or be acquired by another entity, the contract may be terminated, except as a corporate resolution prepared by the Supplier and the new entity ratifying acceptance of the original bid or contract terms, condition, and pricing is submitted to CPC, and expressly accepted.

Federal Uniform Guidance: By entering a contract, the Supplier agrees to comply with all applicable provisions of Title 2, Subtitle A, Chapter II, Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards contained in Title 2 C.F.R. § 200 et. seq. (See Supplier Forms and Signatures).

Fiscal Year: a fiscal year is defined as July 1 through June 30 of the following calendar year. The fiscal quarters end on September 30, December 31, March 31, and June 30.

Force Majeure: Except for payments of sums due, neither party shall be liable to the other, nor deemed in default under this contract, if and to the extent that such party's performance of this contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of either party affected and occurs without fault or negligence, including, but not limited to, the following: acts of nature; acts of the public enemy;

pandemics; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; earthquakes; famine; volcanic eruptions; meteor strikes; lockouts; injunctions-interventions-acts or failures; or refusals to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence. The force majeure shall be deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure and shall be deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with this agreement. Force majeure shall not include late deliveries of software or materials caused by congestion at a manufacturer's plant or elsewhere, an over-sold condition of the market, inefficiencies and poor management practices, or similar occurrences. If either party is delayed at any time by force majeure, then the delayed party shall notify the other party in writing of such delay within 48 hours.

A Supplier requesting relief under this provision must adhere to the following conditions prior to the price of any product being adjusted:

1. A formal, written request for a price increase must be submitted by the Manufacturer to CPC prior to the price change taking effect. CPC must approve the request. The request will include the Force Majeure cause substantiating the reason the relief is being requested.
2. Adequate documentation to substantiate the request must be included.
3. Failure to comply with provisions of the Force Majeure shall be cause for a request to be denied.

Governing Law: This resulting contract award shall be interpreted and construed in accordance with and governed by the laws of the State of Minnesota.

Governing Venue: The resulting contract award shall be deemed to have been made and performed in Otter Tail County, Minnesota. All legal arbitration or causes for action arising out of the resulting agreement shall be brought to the courts of Otter Tail County, Minnesota.

Hold Harmless: All parties agree to hold the other harmless from any claims and demands of participating agencies which may result from the negligence of the other in connection with their duties and responsibilities under this agreement unless such action is a result of intentional wrongdoing of the other party.

Leasing and Rental Agreements: The Supplier may allow participating agencies to enter into a rental, lease, or lease-purchase agreements, providing such agreements comply with Minnesota Statutes and guidelines. CPC must receive a report annually, summarizing the executed lease purchases along with a summary of the participating agencies' purchases. CPC will not collect lease payments or be involved in the terms and conditions of the lease. All lease arrangements are between the Supplier and the participating agency. The Supplier agrees that leases will comply with the Uniform Commercial Code. The applicable administrative fee must be included in the lease cost based on the total value of the goods and applicable services purchased. This fee is referred to under the Technical Specifications. The Supplier should attempt to work with CPC's current leasing Supplier. Note, the current leasing Supplier may require a minimum purchase amount to begin the leasing process. Should the Supplier be required to utilize their own financial leasing company, this should be noted/requested as an exception.

Minority and Women-Owned Business: CPC intends to undertake every effort to increase the opportunity for utilization of minority and women-owned businesses in all aspects of procurement. In connection with the performance of this solicitation, the Supplier agrees to use their best effort to carry out this intent and ensure that minority and women-owned enterprises shall have the maximum practicable opportunity to compete for subcontract work under this solicitation consistent with the efficient performance of this solicitation. CPC desires to promote wherever possible equitable opportunities for minority and women-owned businesses to participate in the services associated with this solicitation.

New Agency Notification: CPC will email the current participating agency list to the Supplier each quarter. Those agencies not renewing their participation must not receive CPC agency pricing/discounts.

Notices: Notices permitted or required to be given hereunder shall be deemed sufficient if given by written email addressed to the following recipients of the parties, or at such other addresses as the respective parties may designate by like notice from time to time. Notices so given shall be effective upon (a) receipt by the party to which notice is given. Notices shall be sent to info@purchasingconnection.org.

Patent Indemnification: The Supplier agrees to hold harmless CPC, its successors, assigns, customers and the users of its products from any liability of any nature or kind for use of any copyrighted or copyrighted composition, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of the contract agreement, for which the contractor is not the patentee, assignee or licensee.

Participating Agency: A participating agency shall be defined in accordance with the Minnesota Statutes M.S. §471.59, and M.S. §123A.21, Sub. 11, North Dakota Century Code Chapter 54-40.3, and South Dakota Statutes §5-18A-37. An eligible agency includes any school, higher education, city, county, other governmental agency, nonprofit organization, or other entity contracted to conduct business on behalf of a participating agency provided that the entity is required to follow state and local procurement regulations.

Party: The name given to either organization who enters into a contractual agreement.

Protests: Vendors wishing to protest an award decision must submit a written protest delivered to the address listed below, and it must be received within seven (7) calendar days of the award notice email, fax, or telephone protests will not be accepted.

To be considered valid, a protest must include:

- Name, address, and telephone number of the protestor
- Signature of an authorized representative
- Specific grounds for the protest with clear factual support
- Reference to the specific solicitation and sections being contested
-

Protests that fail to meet ALL the above requirements will be dismissed without review. Protests that merely request a re-evaluation of a proposal's scoring or content without identifying a violation of procurement procedures or applicable law will not be considered.

Send all protest correspondence to:

Cooperative Purchasing Connection
1001 E. Mount Faith
Fergus Falls, MN 56537
Attn: Director of Cooperative Purchasing Connection

The decision of the agency regarding any protest is final.

Relationship of Parties: No contract agreement resulting from this solicitation shall be considered a contract of employment. The relationship between CPC and the Supplier is one of the independent contractors each free to exercise judgment and discretion concerning the conduct of their respective businesses. The parties do not intend the proposed contract agreement to create or is to be construed as creating a partnership, joint venture, master-servant, principal-agent, or any other relationship. Except as provided elsewhere in this solicitation, neither party may be held liable for acts of omission or commission of the other party and neither party is authorized or has the power to obligate the other party by contract, agreement, warranty, representation or otherwise in any manner whatsoever except as may be expressly provided herein.

Respondent: A respondent has notified CPC of a desire to respond to the proposal and/or has submitted a proposal in response to this solicitation.

Rights and Obligations Upon Termination: Termination of the resulting contract award shall not release the party from the obligation to make payment of all amounts due and payable. Regardless of the cause, the Supplier must refrain from any activity which will create a negative relationship between participating agencies and CPC. Notification of termination to participating agencies shall not be made by the Supplier unless written approval has been received from CPC or its designee. Said approval shall include, but not be limited to, the content of the notice, its structure and timing. This will remain in effect for 60 days post-termination. When failure is deemed by the other party to be the result of willful and wanton negligence, it may result in a civil action against the first party. The Supplier will continue to provide warranty and product support as specified in their proposed response to the solicitation or by the manufacturer, whichever is greater, on all services purchased by participating agencies during the contract term. Upon termination, any website references and/or email accounts, created by either the Supplier or CPC and designed to promote the contract agreement resulting from this solicitation shall be terminated within 48 hours of the termination.

Risk of Loss: Regardless of F.O.B., the Supplier agree(s) to bear all risks of loss, injury, or destruction of goods and materials ordered herein which occur before delivery, and such loss or destruction shall not release the Supplier from any obligation hereunder.

Safety Data Sheet (SDS): Documentation providing workers and emergency personnel with procedures for handling or working with a specific substance safely, and information such as physical data, toxicity, health effects, first aid, reactivity, storage, disposal, protective equipment, and spill-handling procedures. SDS documentation must accompany all deliveries when required by federal, state, and local laws.

Sales Tax: Sales and other taxes shall not be included in the prices quoted. The Supplier will charge state and local sales and other taxes on items for which a valid tax exemption certification has not been provided. Each participating agency is responsible for verifying the tax-exempt status to the Supplier. When ordering, participating agencies must indicate that they are tax-exempt entities. Except as set forth herein, no party shall be responsible for taxes imposed on another party as a result of or arising from the transactions contemplated by a Supplier resulting from this solicitation.

Severability: If any of the terms of this solicitation conflict with any rule of law or statutory provision or otherwise unenforceable under the laws or regulations of any government or subdivision thereof, such terms shall be deemed stricken from this agreement, but such invalidity or unenforceability shall not invalidate any of the other terms of this agreement, and this agreement shall continue in force, unless the invalidity or unenforceability of any such provisions hereof does substantial violence to, or where the invalid or unenforceable provisions compromise an integral part of or are otherwise inseparable from, the remainder of the resulting agreement.

Substitutions: The materials, products or equipment described in these documents establish a standard of type, function, and quality to be met by any proposed substitution. Unless the specification prohibits substitution, Suppliers are encouraged to propose materials, products or equipment of comparable type, function, and quality. Proposals for substitute items shall be stated in the appropriate blank on the proposal form, or if the form does not contain blanks for substitution, on the Supplier's letterhead attached to the pricing form. Suppliers shall attach to the form a statement of the manufacturer and brand name of each proposed substitution plus a complete description of the item, including descriptive literature, illustrations, performance, and test data and any other information necessary for evaluation. The burden of proof is upon the respondent for the merit of the proposed substitution.

Termination: CPC reserves the right to terminate this contract, without penalty or recourse, in whole or in part, whereas termination is in the best interest of the participating agencies. The Parties may terminate the Agreement without cause by mutual written consent or by either Party with a minimum of 60 days written notice. The Supplier

will not accept any new orders after the termination date specified in the notice. Participating agencies will only be required to pay the Supplier for goods and services delivered before termination and not otherwise returned following the Supplier's return policy. If the participating agency has paid the Supplier for goods and services not yet provided as of the date of termination, the Supplier shall immediately refund such payment(s). Any termination shall not affect projects that are in progress or in receipt of a purchase order (PO) at the time the termination is received. The Supplier shall be entitled to receive just and equitable compensation in accordance with applicable contract pricing for work in progress, work completed, and materials accepted before the effective date of the termination. The Supplier will not be reimbursed for any anticipated profit. CPC reserves the right to cancel, or suspend the use thereof, any contract resulting from this solicitation upon any one of the following events with the Supplier:

1. Voluntary or involuntary bankruptcy or insolvency;
2. Failure to remedy a material breach to the terms and conditions of this solicitation;
3. Receipt of written information from any authorized agency finding activities the Supplier engaged in according to this solicitation to violate the law.

Termination for Default: If either Party is in default under this contract, it shall have an opportunity to cure the default within the time indicated, 10 business days, after it is given written notice of default to the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party shall have 10 business days to provide a satisfactory response. Failure on the part of the defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party shall have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement shall not constitute a waiver of any of the parties' rights hereunder. CPC reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Supplier, or if the Supplier fails to comply with any contract terms and conditions or fails to provide adequate assurances of future performance.

In the event of termination for cause, CPC and its participating agencies shall not be liable to the Supplier for any amount of supplies or services not accepted, and the Supplier shall be liable to CPC and its participating agencies for any and all rights and remedies provided by law. If it is determined that CPC improperly terminated this contract for default, such termination shall be deemed a termination for convenience. CPC will issue written notice to the Supplier for acting or failing to act in any of the following:

1. The Supplier provides material that does not meet the specifications of the contract;
2. The Supplier fails to adequately perform the services set forth in the specifications of the contract;
3. The Supplier fails to complete the work required or to furnish the materials required within a reasonable amount of time;
4. The Supplier fails to make progress in the performance of the contract and/or gives CPC reason to believe that the Supplier will not or cannot perform to the requirements of the contract;
5. The Supplier fails to observe any of the terms and conditions of the contract.

Termination for Non-Appropriation: Any individual participating agency's procurement/contract covered by this solicitation and executed in accordance with the resulting contract may be terminated if insufficient appropriations and/or authorizations do not exist due to changes in state or federal law, or because of a court order, or because of insufficient appropriations made available to the participating agency's governing board and/or its State Legislature. Such termination will be affected by sending fifteen (15) days written notice to the Supplier. The participating agency's decision as to whether sufficient appropriations and authorizations are available shall be accepted by the Supplier and shall be final.

Tri-State Area: Defined as the three states participating in CPC (Minnesota, North Dakota and South Dakota) and their participating agencies.

Supplier Orientation (CPC 101): The Supplier and their participating resellers/sub-contractors will be required to participate in an online training session that is designed to educate the Supplier and resellers/sub-contractors on

the purpose and nature of CPC. The Supplier will not be marketed to participating agencies until they have completed the Supplier orientation session.

Waiver: No failure by either party to take any action or assert any right hereunder shall be deemed to be a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right.

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS – APPENDIX II TO 2 CFR 200

The following provisions are required and apply when federal funds are expended by participating agencies for any contract resulting from this procurement process.

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Supplier Violation or Breach of Contract Terms

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. Provisions regarding Supplier default and legal remedies are included in Sections I.K.18 and I.K.19 above. Any contract award will be subject to such provisions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

(B) Termination for Cause and for Convenience

Pursuant to Federal Rule (B) above when federal funds are expended by participating agencies, the participating agency reserves all rights to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by the Supplier, in the event the Supplier fails to" (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. The participating agency reserves the right to terminate the contract immediately, with written notice to Supplier, for convenience, if the participation agency believes, in its sole discretion that it is in the best interest of the participating agency to do so. The Supplier will be compensated for work perform and accepted and goods accepted by the participating agency as of the termination date if the contract is terminated for convenience of the participating agency. Any award made under this procurement process is not exclusive and the participating agency reserves the right to purchase goods and services from other Suppliers when it is in the best interest of the participating agency.

(C) Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis Bacon Act

When required by Federal program legislation, Supplier agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Supplier shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, the Supplier is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. In addition, the Supplier shall pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by

the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Supplier must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act

Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Right to Inventions Made Under a Contract or Agreement

If the participating agency's Federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the "funding agreement," the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act and Federal Water Pollution Control Act

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Order 12549 and 12689)

A contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)

Suppliers that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with

obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by participating agencies, the Supplier certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, the Supplier certifies that it is compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be include in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriated tiers and that all subrecipients shall certify and disclose accordingly.

(J) Procurement of Recovered Materials

For participating agency purchases utilizing Federal funds, Supplier agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

(K) Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

A participating agency is prohibited from obligating or expending funds to:

- (1) Procure or obtain.
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iii) Telecommunications or video surveillance equipment or services products or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(L) Domestic Preferences for Procurements

As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For the purpose of this section:

- (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- (2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

PROFIT AS A SEPARATE ELEMENT OF PRICE

For purchases using federal funds in excess of \$250,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, the Supplier agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Supplier agrees that the total price, including profit, charged by the Supplier to the participating agency shall not exceed the awarded pricing.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS PAID FOR WITH FEDERAL FUNDS – 2 CFR § 200.333

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The Supplier further certified that Supplier will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that the Supplier will be in compliance with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18; Pub. L. 94- 163, 89 Stat. 871).

CERTIFICATION OF NON-COLLUSION STATEMENT

Supplier certifies under penalty of perjury that its responsible to this procurement solicitation is in all respects bona fide, fair, and made without collusion or fraud with any person, joint venture, partnership, corporation or other business or legal entity.

Pursuant to Federal Ruling, when federal funds are expended by participating agencies, the Supplier hereby certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, Supplier certifies compliance will all provisions, laws, acts, regulations as specifically noted above. The Supplier agrees to comply with all federal, state, and local laws, rules, regulations, and ordinances, as applicable.

Part 5 - Pricing

This solicitation is intended to establish a structured discount and pricing framework for technology products and services under an indefinite delivery, indefinite quantity (IDIQ) contract. Suppliers are encouraged to provide clear notes and assumptions supporting their pricing methodology.

Respondents shall complete this pricing template in full. All required tabs (1-3) in this workbook must be completed for a pricing proposal to be considered. Tabs 4-5 are optional.

This workbook contains the following tabs/worksheets:

- 1 - Discount Structure (Required)
- 2 - Pricing Schedule (Required)
- 3 - Market Basket (Required)
- 4 - Services (Optional)
- 5 - Additional Discounts (Optional)

1 - Discount Structure - REQUIRED

Define your discount structure using the table provided on the tab.

2 - Price Schedule - REQUIRED

Input the Net Effective RFP Price and respective information for all line items in your commercially available catalog(s). Create a separate tab for each catalog. Alternatively, you may upload separate spreadsheets as long as they contain the minimum information as described in the Pricing Schedule instructions.

3 - Market Basket - REQUIRED

Using the Discount Structure provided on tab 1 and the information provided in columns C-E, complete the table provided for this market basket of items. Alternative/equivalent items will be accepted (see columns F-G). This tab will be used for evaluation purposes only.

4 - Services - Optional

Suppliers must provide pricing for any services that are included in their response. **If a Supplier is not offering any services, this tab is not required.**

5 - Additional Discounts - Optional

Suppliers have the opportunity to offer additional discounts on top of contract pricing. If your response includes additional discounts, provide your discount schedule on the tab provided. **If your response does not include additional discounts, this tab is not required.**

1 - Discount Structure (Required)

This tab is required.

Instructions: On the table below, define your discount structure (i.e. by product, catalog, category, manufacturer, etc.) which can include sub-categories (specific lines from a manufacturer) and the associated discount. If the discount is offered to all participating agencies, enter the discount under "ALL" in column F. If a discount offered changes by agency type, enter the respective discount under the agency type (i.e. education, government). See rows #8 through #10 as examples. DO NOT list a discount range (i.e. 30-40%) for a grouping of items; a sub-category will need to be defined (see row #9, 10) and its applicable discount applied. Rows have been provided; add additional rows as needed.

2 - Pricing Schedule (Required)

This tab is required.

Instructions:

1. Using your proposed Discount Structure (i.e. by product, catalog, category, manufacturer, etc), complete this sheet for all items in a commercially available catalog. Complete a separate tab for each catalog.

2. Alternative Method. Suppliers may submit their own Pricing Schedules with a minimum of the following information:

*The name and brief description of the product, including the manufacturer (if applicable).

*The current price of the item at the solicitation due date.

*The discount percentage offered for this solicitation.

*The final price after the solicitation discount.

3. The Discount Percentage MUST be consistent with the percentage discounts listed on the Discount Structure tab. Failure to have discounts correspond may be cause for rejection of your offer.

By: ByteSpeed - avanze

This question is regarding Page 7 of RFP - "When applicable, an online catalog for order entry must be provided for use by and suitable for participating agencies' needs."

We do not have an e-commerce/online ordering website. Is this a requirement for this bid? Or is it acceptable for agencies to place orders via phone and email?

Answers

E-commerce or online ordering is not a requirement for this bid. If it is not part of your business model, you may propose alternative ordering methods that meet agency needs.

Question #4

Nov 10, 2025 2:42:08 PM CST
By: Zones ,Inc - bidteam@zones.com

Can we submit a link to an online catalogue by offering discount structure for each OEM-Category? Or do we need

to add all the SKUs/items on the provided pricing template?

Answers

Suppliers must complete the provided pricing workbook (Part 5). However, as stated in the instructions on tab "2 - Pricing Schedule" of Part 5, an alternative pricing schedule may be submitted only if it includes the required information listed on the Pricing Schedule tab and aligns with the Discount Structure tab.

1. Describe your organization. Are you a national or regional service provider, reseller, distributor, or another type of provider (e.g., independent contractor, franchisee/franchisor)? Please specify.

Twotrees Technologies is a reseller.

***If your organization offers products as a distributor, dealer, reseller, or in any capacity that requires manufacturer authorization, provide written documentation from the manufacturer confirming your authorization to offer and distribute those products under this RFP.**

2. If your company is best described as a manufacturer or service provider, describe your relationship with your sales/service force and your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees or employees of a third party?

We are a reseller.

3. List other cooperative or state contracts that your company holds that participating agencies have access to and include the contract expiration date.

TIPS 230105 May 2028

4. How will your company position a potential contract with CPC versus other contracts you have access to?

TIPS is a Texas based contract and our positioning would be to lead with this contract (CPC) in the states of Minnesota, South Dakota, and North Dakota. The participating agencies of CPC would much prefer to work with a local contract, and this would be a great vehicle to get our services and products into more districts. It is equal pricing.

5. In the past five (5) years, has your company or any proposed subcontractors been involved in any alleged or actual contract failures, breaches, or been the subject of any civil or criminal litigation or investigations, whether pending or resolved?

Yes No

If YES, provide detailed documentation. Include any contracts where your organization was found guilty or liable, as well as any issues that could impact your ability to perform the requested services.

Click or tap here to enter text.

6. Has your company been disbarred and or suspended from doing business within the United States?

Yes No

If YES, list what states, the reason for debarment and/or suspension, and its effective dates.

Click or tap here to enter text.

2. Qualifications & Experience

1. Provide a brief background of your organization, including the year it was founded, your company's business philosophy, industry longevity, etc. (1-2 paragraphs max.).

Founded in 1984, Twotrees Technologies is one of the mid/southwest's leading providers of full-service IT solutions to the education market. Known for personalized service and a commitment to excellence, Twotrees' core competencies include purchasing contracts for hardware, network design and management, cybersecurity, and E-Rate services.

Twotrees is headquartered in Wichita, Kansas, with a local presence in Tulsa, Phoenix, Las Vegas, San Diego, and Springfield, Illinois. In 2023 we expanded our technological offerings and geographic footprint with the acquisition of Connecting Point, one of Midwest's premier providers of K-12 and Enterprise IT Solutions and developer of specialized management software to city and county governments. The merger broadens Twotrees' product and service portfolio as well as its footprint, adding offices in Watertown and Sioux Falls, South Dakota; Bismarck and Grand Forks, North Dakota; and Hutchinson, Minnesota.

2. Provide evidence of what your company is doing to remain viable in the industry (i.e., how you are adapting to changes, etc.?).

Twotrees Technologies continues to evolve to bring thought leadership and new products to our clients. Many districts don't have the resources to send their staff to conferences to learn but we do. We work with partners such as Lenovo, HP, Dell and our distributors to stay on the edge of technological advances. We believe strongly in continuing education and have weekly meetings with featured vendors and are committed to bringing the best products and services to our customer

base. Recently that included several products that we have brought to our portfolio that we are including on this bid such Rocket Alumni Solutions, Active Floor, Ruckus and Lenovo AI for Education.

The second piece to remain viable is to be financially sound. Twotrees has never believed in hyper growing, our philosophy has always been to be fiscally conservative and take care of our clients and the rest will come. We have steadily grown our business over 30 years by remaining profitable the whole time. We have no debt. With the purchase of Connecting Point/Ultra, they had historically operated in the same manner and that is why the acquisition was such a good cultural fit for both companies.

We currently are in the process of a major digital transformation with new interfaces and Artificial intelligence engines to make ordering and shipping more efficient. We invest back into the company in training and upgrades.

3. Describe your customer retention practices, including how you maintain long-term relationships and the percentage or number of customers who return for repeat business.

Twotrees Technologies and legacy Connecting Point both have their roots in the rural K-12 market, which leads to keeping customer satisfaction high because there truly isn't that many of them! Both companies have a history with many of our clients for over 30 years. We realized early on that the education community is a small community, even in the more urban areas that we serve, and word gets around of a poorly completed project. The best way to have repeat customers is to do the job right the first time. If there are complications, as there tend to be sometimes, we are known for advocating for our clients to manufacturers and to stay after the issue until it is resolved. We do NOT operate under the philosophy of selling it and then our job is done. We live in these communities and interact with staff from the agencies we sell to every day.

Twotrees Technologies has also participated in the E-Rate program since its inception in 1999 with our yearly billings being over 3 million dollars. We never have been red lighted and meet all the federal guidelines for bidding and other program issues. Schools trust us to do the process correctly and keep coming back.

We are also on the Mohave Contract for the State of Arizona and have been for twelve years now, moving over 15 million a year through that process. We have grown that contract from 2 million to 15 million a year in those 12 years. We consistently scored 95 percentile in references and performance on Mohave, TIPS and Choice Contracts.

We are in the process of putting in the customer retention tracking but our best estimate is 90% retention.

4. On average, how many agencies do you currently serve with the same or similar products and services as those proposed in this RFP?

Across the U.S., Twotrees Technologies provides interactive technology solutions to over 500 agencies that are school districts, private or public; cities and counties.

5. Using the table below, input the percentage of your company's annual revenue by customer market

Customer Market	% of Revenue
City/county government	10%
K12 education	60%
Non-profits - 501(c)(3)	5%
Higher education	5%

6. Describe the sales approach your company will take with participating public agencies in marketing this contract?

Twotrees Technologies has a physical presence with account executives in all the states contract and our specialty is providing onsite consultative services to remote and rural areas. We structure our time wisely to cover large mileage territories by sponsoring regional meetings and conferences that are of interest to our client base. For example, in 2025 we will have had representatives at over 15 regional meetings/conferences in each of the following states, Nebraska, Oklahoma, South Dakota, Minnesota, Wisconsin and North Dakota. That is over 60 interactions for just those areas and in addition to our booths at FETC, TCEA and ISTE, all national conferences with large attendances. In addition, we will visit the agencies in person to develop a relationship. Each agency will be assigned a dedicated Account executive, which is the physically closest account exec. 80% of our account executives have over 10 years of experience in working with K-12 districts and we do not turn over or reassign reps very often. We count on relationships, not cold calling and turn and burn

7. Outline your geographic coverage or service capabilities for the tri-state region (MN, ND, SD) and beyond.

Twotrees Technologies has locations with fully staffed offices in Hutchinson MN, Sioux Falls SD, Watertown SD, Bismarck ND and Grand Forks ND. Over 35 Twotrees associates live and work in those communities. Our roots are in working in

rural areas and have dedicated to onsite service no matter how remote or small. We have a fleet of 15 company owned vehicles to provide dependable transportation to both our sales and technical staff.

We also have a central scheduling and dispatch out of Watertown to manage the dispatching most efficiently.

8. Provide three (3) references that have purchased the same or similar products and services as those proposed in this RFP from your company within the last two (2) years. References from the tri-state area are preferred. A contact name, phone number and email will be required. *Note, ensure your references are prepared to communicate with a representative from CPC. Failure to confirm reference of past work may affect your evaluation.

3. Performance & Capability

1. What has motivated your company to respond to our solicitation? What aspects of our organization or solicitation captured your interest?

Twotrees currently provides quotes to many of your member districts and being able to consolidate pricing with a cooperative purchasing discount structure not only benefits the agencies but streamlines our processes as well. If we can provide a competitive price consistently to the smaller agencies, under a contract to ease their purchasing burden, it is beneficial to both parties.

2. What are your company's expectations in the event of an award?

Our expectation is to have standardized discounted pricing across our complete catalog and then to be able to contact the agencies to make them aware of award and what breadth of products are available. We understand it takes time to educate end users on purchasing coop capabilities. We are on the Mohave purchasing contract in Arizona for 15 years and have grown that part of our business from 500k a year to 17 million a year.

3. Are there any participating agencies (govt., education, non-profits, etc.) you will NOT be serving through the proposed contract?

No restrictions

4. Describe what differentiates your company from your competitors. Describe your differences regarding sales, service, installation, technology, and product line, or any key employees.

Twotrees Technologies has a unique combination of quick response time and experience within purchasing agreements and have put a team together throughout the years that understands the importance of these agreements.

In the last 30 years, we have not only streamlined our back office to deliver the correct equipment in a timely manner but have developed a network of manufacturers and distributors to harvest for the best possible pricing. We also pride ourselves in working with everyone for level set pricing across large and small orders, thus best utilizing contract agreements purchasing power.

Twotrees Technologies has many bespoke services we have developed for schools over the years and we have included them in our pricing catalog. They range asset tagging, etching and ZTE of workstations to secured lockers for storage of mobile devices to Google and Microsoft professional development.

Purchasing Power- over 65 million a year in sales and part of a 100+ million technology conglomerate (WTI) to get the best pricing

Stability- 40-year-old company privately held company with large credit lines and have never been penalized for non-delivery or nonperformance on any bid. We have had the same core management for those 30 years.

Flexibility-Twotrees Technologies is dedicated to “making it work” for the customer, we have streamlined our process to be as nimble as we can be.

Cybersecurity Specialist-Twotrees Technologies was an awarded vendor for the RFP# DSU-25003-SecureSD. This project headed by Dakato State University disbursement of federal cybersecurity grants to municipalities and counties. We are currently working with 25 counties in South Dakota to move their email systems to a consistent more secure format.

We were also awarded the AEPA Cyber Security contract for 14 states across the U.S. utilizing Sophos as our partner. We were the 2022 Sophos Complete Security Partner of the Year for our efforts to ensure that school districts are implementing best practices across all facets of their systems.

David Lewis is the Education Sales Director with over 30 years of K-12 Educational Technology experience and lives in Hutchinson MN.

Dan Durkee-Director of Engineering Services He has passed over 40 IT certification tests including national certification tests by Ruckus, Cisco, HP, Microsoft, Novell, Symantec, Altiris, Promethean, Kaseya, and CompTIA. Dan's security certifications include CompTIA Security+, Criminal Justice Information Services (CJIS) - LASO Officer (Local Agency Security Officer), CJIS - Level 4 Security Awareness Training, Florida International University - Cybersecurity Leadership and Strategy, Florida International University - CISSP Level 1: Intro to Concepts, Techniques and Domains

Michelle O'Farrell and Ginger Pietz make up is our installation support management and was responsible for coordination of 3000 Promethean panels in Minneapolis Public Schools and over 25 schools in the CPC agencies Audio Enhancements installations.

These are just a few of the Twotrees associates that have a long history of working with SLED agencies for technology services

5. Describe your ordering process. If orders are to be handled by distributors, dealers or others, explain the respective roles of your company (as the proposer) and others.

Twotrees uses a decentralized ordering structure, with the orders being placed by purchasing agents that reside in the state they are servicing. The local account executive creates a quote in our system so that when the order is placed from the agency, the activity is visible to all stakeholders, order entry to installation. Electronic and physical PO's are both accepted. If agency does not issue PO's a signed quote can substitute for a PO. At that point the quote and PO is reviewed by sales administrative staff to ensure all contractual obligations are accounted for. At that point the order is processed and delivery estimates are communicated to the installation crew. Through many years of experience, we have learned that it is best to be patient to wait to schedule installation until product and materials are onsite. Our lead time from when product is delivered on site to installation is around 2 weeks. We are using an average time frame because the installation of panels, projectors or sound systems is more complex than just installing a computer.

6. What is your company's fill rate and/or success in meeting project timelines?

Outside of Covid, our average delivery times/fill rates are around 10 days from time of processing the order to delivery. Processing the order is done the same day it is received unless there are issues. We are dependent on the manufacturers for the much of the shipping but we track the whole process and deliver updates to the agencies.

7. Describe your company's customer service/problem resolution process. Include hours of operation, number of services, modes of contact, etc.

Twotrees Technologies operates a help desk, managed by Michelle O'Farrell, Director of Services, (605) 882-1555 ext 3002, michelle.ofarrell@twotrees.com, that operates 7:30am-5:30pm M-W. Contact may be by phone call or email. The email address is helpdesk@twotrees.com. When submitting a ticket clients have access to a portal where they can follow the progress of the work being done.

Outside of those times 1-800-364-5700 can be called for emergencies and a call back will occur in 30 minutes. You may also email support@twotrees.com for emergency responses within 30 minutes. We have "on duty" operators at that time.

8. Describe how your company plans to utilize this contract. How will you educate and train company personnel on the contract terms and conditions, details, and promotion of the contract.

Twotrees Technologies is on the Mohave Contract that is only in Arizona and we will include the CPC contract in our regularly scheduled training sessions. These sessions are held quarterly for all staff members from CFO to order entry personal on the policies of said contract. All are required to attend training sessions on contracts. Contract specialists are trained on compliance through the entire order process. This process includes, pre-sales, quoting invoicing, fee reporting and payment. We also do quarterly audits of all agreements to ensure compliance. We also will ask the contracting agency for clarification and to participate in a call with our staff.

We will display the CPC logo and membership at the show

9. Describe how your organization plans to utilize your marketing and sales staff with this anticipated contract.

Social media and Web site announcements, in our monthly newsletter to participating state schools, press release through our Creative marketing, Staci Smith. Twotrees Technologies will provide contract announcements and promotions on our website, social media and at technology conferences. If we can obtain an email list of members of the state agencies we will send out emails promoting the association and benefits of purchasing on contract. Here are some examples of how we market current contracts:

Twotrees.com Website Mohave Page

We attend many local conferences to demonstrate new technologies and we would have a placard at our booth

We also can hold special events, like we have already with different organizations but advertise it as a CPC on contract technology, such as the one below we have done in Mohave:

10. From your perspective, what is CPC's role in promoting a contract resulting from this solicitation?

Access to your member agencies is the key. The first step is aiding us to develop training for our ordering and sales staff to ensure a complete understanding and adherence to the contract rules.

Second would be a joint announcement and developing a marketing plan such as conference schedules synching. With other state contracts we have a monthly synching call to do account mapping and reporting check ins.

11. Describe your company's contract implementation or customer transition plan.

Twotrees Technologies will utilize our local presence to reach out to each eligible member agencies to setup a meeting to individualize a transition plan. Our normal process is to first, contact the agency to find out their requirements and processes to participate in the CPC contract. We will sponsor any seminars or session and provide speakers.. We have had clients for over 30 years that continue to look to us for thought leadership in the educational technology industry. Because of the challenges of keeping those relationships over long distances with remote areas, we attend and support many regional conferences where we can talk to many people at one time will promote this contract.

We will notify existing clients of savings that they can incur by purchasing through this contract.

12. Describe your company's experience and ability to work with punch-out and cXML marketplace systems.

Twotrees Technologies works with several manufacturers and distribution companies in the exchange of EDI data and currently have two marketplace systems in place. We are very familiar with working with punch out and cXML marketplace systems and actually are in the process of rebuilding our own marketplace.

4. Products, Service & Pricing

1. What specific products and/or services are you proposing under this solicitation?

Computers, Servers, networking equipment, switches, access points, Interactive flat panels, printers, cables, audio equipment, VR headsets, STEM equipment

2. Indicate the level of support your company will offer on this contract category.

Pricing is better than what is offered to individual agencies.

Pricing is better than what is offered to cooperative agencies.

Other, please describe

If OTHER, describe how the pricing submitted differs from individual entities or other purchasing consortiums:

Pricing is the same as other cooperative agencies that services different states.

3. Describe how participating agencies will verify they are receiving contract pricing.

The Twotrees Catalog pricing file and schedule for CPC will be available to members and all Twotrees staff. The contract number is required to be on all PO's Twotrees so that our sales enablement staff can identify the contract and pull up the pricing to verify before placing order. If the agency doesn't identify the contract but the quote from our account executives identifies it as this contract, they will reach out to the agency to verify.

4. Describe any minimum order requirements and if any surcharges will be assessed for not meeting that minimum.

No minimum order, however orders under 2000.00 will have additional shipping charges.

5. Describe your warranty and the warranty process for all products and services.

All products delivered by Twotrees Technologies are covered by a genuine manufacturer warranty. At time of delivery Twotrees will inform the end user the process for each manufacturer. Twotrees is available at 1-800-364-5700 for guidance and escalation of each manufacturers warranty. We work hand in hand with our vendor partners to provide warranty services for their products. Twotrees Technologies is an authorized service provider for Lenovo, HP, Asus, Promethean and can provide warranty processing if so desired. Newline, BenQ, Active Floor and Inspirit, all provide warranty services directly to the end user but we can aid in troubleshooting if you staff doesn't have time and we can even pack up the monitors for exchange if required.

6. Describe the return process and restocking fees associated with a return.

Unopened items can be returned 15 days from date of delivery without restock fees. Items that have been opened will have a 15% restock fee and can be returned up to 30 days from date of purchase. There are no returns for SPECIAL ORDER, CUSTOM CONFIGURATIONS or Items that are older than 30 days from date of purchase. Every RMA begins with contacting the account executive who then will direct the agency to the correct sales admin for processing.

7. State your backorder policy. Do you fill the order when available, or cancel the order and require participating agencies to reorder if items are backordered?

Twotrees Technologies allows the backorder to remain until filled. If the backorder fulfill date is 30 days out from time order is placed we notify client and offer alternatives or the option to wait. Twotrees is very flexible in working with the schools on what they want to do.

8. Describe your company's allowed methods for payment and if any fees are assessed for those methods. How does your company work with agencies to determine payment terms?

Payment by ACH is preferred but we will also accept checks, pcard payments and major credit cards. Credit card processing does require a 3% fee and for credit card payments over 30,000.00 prior approval is required. All public entities are Net 30 with Twotrees Technologies and additional terms can be negotiated on sales over 30,000.00.

9. Describe the frequency of price list revisions. Describe any indices used to guide price adjustments.

Twotrees Technologies is bidding multiple manufacturers on this bid so price changes will be frequent. To manage that process we will consolidate price list revisions to monthly. We realize this is still frequent and all efforts will be expended to reduce, but technology is a rapidly changing industry. We manage a similar contract for the state of Arizona and have a process in place for the pricing file for each manufacturer and a single contact that is tasked with maintaining pricing updates.

10. Describe how future product introductions will be priced and align with proposed contract pricing.

Discounts percentages are fixed on the cost pricing schedule by manufacturers. Twotrees Technologies will utilize manufacturers announcements of new products to update our Twotrees Catalog price and apply the contract pricing.

11. Describe any self-audit process/program you plan to employ to verify compliance with your anticipated contract with CPC.

Within our accounting software we have a line item for purchasing contracts, such as CPC. When this line item indicated, we run monthly reports for pricing compliance and fee payments. These reports are reviewed by the controller and CRO to ensure integrity of contract compliance. Twotrees Technologies has run this self-auditing process for over 15 years on the Mohave contract in Arizona through which over 15 million a year in orders are processed. We also are independently audited yearly through our holding company WTI. It is very important to Twotrees for compliance with governmental agencies since we also participate in the E-Rate program and have been through multiple Program Integrity Audits with the FCC. In our 30 years of operations, we have always been in compliance.

5. Value Add

Are you offering any additional benefits (outside of discounted pricing) that add value to this contract? If so, please describe below. Also, please indicate if the benefit(s) is exclusive to CPC.

Twotrees Technologies is a local company with deep roots in the rural, underserved communities. We have a long history of working and living in the communities that we both sell and install into. Our focus has always been on the communities outside of the urban areas where other resellers focus their efforts. We are in it for the long haul, not just a quick sale of some products. Though not "exclusive" to CPC, our multiple physical locations in Minnesota, South Dakota and North Dakota show our commitment to these communities. We also have many years of experience in installing audio and visual systems across these communities. Our installation team is dedicated to doing the job right and just recently have received endorsements from Selfridge Schools in North Dakota and Sioux Falls School District in South Dakota and that is just in the last month.

REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS - APPENDIX II TO 2 CFR 200

The following provisions are required and apply when federal funds are expended by participating agencies for any contract resulting from this procurement process.

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Supplier Violation or Breach of Contract Terms

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. Provisions regarding Supplier default and legal remedies are included in Sections I.K.18 and I.K.19 above. Any contract award will be subject to such provisions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

(B) Termination for Cause and for Convenience

Pursuant to Federal Rule (B) above when federal funds are expended by participating agencies, the participating agency reserves all rights to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by the Supplier, in the event the Supplier fails to" (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. The participating agency reserves the right to terminate the contract immediately, with written notice to Supplier, for convenience, if the participation agency believes, in its sole discretion that it is in the best interest of the participating agency to do so. The Supplier will be compensated for work perform and accepted and goods accepted by the participating agency as of the termination date if the contract is terminated for convenience of the participating agency. Any award made under this procurement process is not exclusive and the participating agency reserves the right to purchase goods and services from other Suppliers when it is in the best interest of the participating agency.

(C) Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis Bacon Act

When required by Federal program legislation, Supplier agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Supplier shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, the Supplier is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. In addition, the Supplier shall pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by

the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Supplier must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act

Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Right to Inventions Made Under a Contract or Agreement

If the participating agency's Federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the "funding agreement," the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act and Federal Water Pollution Control Act

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Order 12549 and 12689)

A contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)

Suppliers that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with

obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by participating agencies, the Supplier certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, the Supplier certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriated tiers and that all subrecipients shall certify and disclose accordingly.

(J) Procurement of Recovered Materials

For participating agency purchases utilizing Federal funds, Supplier agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

(K) Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

A participating agency is prohibited from obligating or expending funds to:

- (1) Procure or obtain.
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
 - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
 - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
 - (iii) Telecommunications or video surveillance equipment or services products or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(L) Domestic Preferences for Procurements

As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For the purpose of this section:

- (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- (2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

PROFIT AS A SEPARATE ELEMENT OF PRICE

For purchases using federal funds in excess of \$250,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, the Supplier agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Supplier agrees that the total price, including profit, charged by the Supplier to the participating agency shall not exceed the awarded pricing.

RECORD RETENTION REQUIREMENTS FOR CONTRACTS PAID FOR WITH FEDERAL FUNDS – 2 CFR § 200.333

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The Supplier further certified that Supplier will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that the Supplier will be in compliance with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18; Pub. L. 94- 163, 89 Stat. 871).

CERTIFICATION OF NON-COLLUSION STATEMENT

Supplier certifies under penalty of perjury that its responsible to this procurement solicitation is in all respects bona fide, fair, and made without collusion or fraud with any person, joint venture, partnership, corporation or other business or legal entity.

Pursuant to Federal Ruling, when federal funds are expended by participating agencies, the Supplier hereby certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, Supplier certifies compliance will all provisions, laws, acts, regulations as specifically noted above. The Supplier agrees to comply with all federal, state, and local laws, rules, regulations, and ordinances, as applicable.

Evaluation Report RFP #26.05 Technology Catalog

Description of Solicitation

The Cooperative Purchasing Connection (CPC) issued Request for Proposal (RFP) #26.05 Technology Catalog on October 27, 2025. The intent of this solicitation was to establish a cooperative contract(s) for technology products and services.

Proposals were due on November 25, 2025, and CPC followed all established opening procedures to determine responsiveness and compliance.

Summary of Evaluation Activity

Proposals were evaluated by Amy Lohse, Procurement Specialist, Melissa Mattson, Director of Administrative Services, and Joni Puffett, Procurement Solutions Program Director.

CPC received nine (9) proposals by the submission deadline. They include Aztek Computers, Bluum, Bytespeed, Paloma Learning Inc., Trafera Holdings LLC., Twotrees Technologies, LLC., Zones Inc., vCloud Tech, Inc., and Focus Camera LLC. The proposals were reviewed for compliance with the mandatory requirements outlined in the RFP. Seven (7) proposals were found to be compliant and deemed responsive. Two (2) proposals (vCloudTech, Inc., Focus Camera) did not meet the requirements to be included in the evaluation process.

Evaluators conducted their consensus evaluation on December 10, 2025, using established criteria outlined in the RFP. A summary of results is included below.

Evaluation Scoring Results

Refer to the attached Master Score Sheet (Exhibit A) for scoring details.

Evaluation Discussion & Overview

Upon review of the proposals, evaluators did not require clarifications.

Evaluators noted the following:

Aztek Computers - Upon technical review, Aztek's submission for Part 3 – Questionnaire was determined to be incomplete, and therefore did not proceed past the technical evaluation.

Paloma Learning - Upon technical review, Paloma's proposal did not fully align with the desired scope of work and was not advanced to the next stage of evaluation.

Bluum

1. Minnesota-based reseller offering extensive catalogs of technology products.
2. No minimum order requirements.
3. Provides standard delivery times supported by strong logistics capabilities and multiple warehouse locations.
4. Structured customer service processes contributing to customer retention.
5. Clearly defined contract administration processes.

Bytespeed

1. Minnesota-based small business that operates as both a manufacturer and reseller.
2. Offers a broad portfolio of technology products; no minimum order requirements.
3. Provides extensive warranty coverage.
4. Proposed value-added services such as free consultations, 30-day trial evaluations, live phone support from locally based technicians, and customized hardware solutions.
5. Demonstrates strong marketing, customer service, and cooperative contract participation practices.

Trafera Holdings, LLC

1. Minnesota-based reseller with strong relevance to the tri-state area.
2. Offers a broad K-12-focused catalog; no minimum order requirements.
3. High customer retention rates; high success rates in meeting project timelines.
4. Maintains structured pricing and self-audit practices.
5. Robust customer engagement through trade shows, lunch-and-learns, and established marketing processes.

TwoTrees Technologies, LLC

1. Regionally-based reseller with a strong physical presence; multiple office locations across MN, ND, and SD.
2. Offers a broad catalog of education-focused technology.
3. Provides onsite consultative services supported by a highly certified team; extensive installation experience.
4. No minimum order requirements.
5. Demonstrates strong organizational maturity, stability and innovation efforts.

Zones, LLC

1. National technology solutions provider and reseller; operates on a national scale.
2. Classified as a minority owned business.
3. Offers robust ordering and procurement integration options.
4. Technical responses were high level; lacked supporting details specific to CPC's tri-state footprint.
5. Proposed a limited number of catalogs despite representing numerous manufacturers.

Recommendation

After analysis of the proposals, evaluators recommend the following suppliers for award: Bluum, Bytespeed, Trafera Holdings, LLC., and Twotrees Technologies, LLC.

The recommendations and awards are subject to final review by CPC Administration and approval by the Board of Directors.

Award Decision, RFP #26.05 Technology Catalog

Dear Susie:

Thank you for your time, effort, and interest in supplying a response for Request for Proposal (RFP) #26.05 Technology Catalog.

The evaluation committee, using the criteria outlined in the RFP documents, has completed its review of the proposals received.

Due to the diverse strengths and capabilities demonstrated by the proposals received, CPC finds great value in awarding multiple vendors, including your organization. We are pleased to announce that your proposal is one of four receiving a recommendation for an award.

This decision is subject to the approval of the Cooperative Purchasing Connection and the North Dakota Educators Service Cooperatives Boards of Directors and the successful negotiation of a mutually acceptable contract.

I will be contacting you soon to finalize a contract. Thank you for submitting your proposal! We look forward to working with you.

Regards,

Contract Offer & Award

Instructions: Part I of this form is to be completed by the Supplier and signed by its authorized representative. Part II will be completed by the Cooperative Purchasing Connection (CPC) upon the occasion of an award.

Part I: Supplier

In compliance with the Request for Proposal (RFP), the undersigned warrants that I/we have examined all General Terms and Conditions, Forms and Specifications, and being familiar with all of the conditions surrounding the solicitation, hereby offer and agree to furnish all goods and services in compliance with all terms, conditions, specifications, and amendments in this solicitation and any written exceptions in the offer. Signature also certifies understanding and compliance with this proposal. The undersigned understands that his/her competence and responsibility and that of his/her proposed subcontractors, time of completion, as well as other factors of interest to CPC as stated in the evaluation section, will be a consideration in making the award. This contract offer and award binds said Supplier to all terms and conditions stated in the proposal.
