## I. Introduction to CPC

The Cooperative Purchasing Connection (CPC) is a joint powers group of local governmental agencies and service cooperatives in Minnesota, organized pursuant to Minnesota Statute §123A.21. CPC obtains the legal authority to develop and offer, among other services, cooperative procurement services to members and participants. Eligible and existing participants include state, city, and county governments, tribal nations, government agencies, public and non-public educational agencies, colleges, universities, nonprofit (501(c)(3)) organizations, and other entities contracted on behalf of an agency.

Participation in the resulting contract(s) is open to government and nonprofit agencies across the United States.

In addition, the North Dakota Educators Service Cooperative (NDESC) is a joint powers group organized under the provisions of Chapter 54-40.3 of the North Dakota Century Code. NDESC holds a joint powers agreement with Lakes Country Service Cooperative (LCSC) in Fergus Falls, Minnesota, to provide purchasing contracts to its participating agencies. South Dakota participating agencies may also utilize CPC's purchasing contracts pursuant to South Dakota State Statute §5-18A-37.

LCSC provides the administrative functions of CPC and NDESC. Administrative functions include, but are not limited to, bid and contract research, contract development, negotiations, fiscal reporting agent, marketing contract promotion and agency support services.

Through the combination of purchasing power, CPC's objective is to achieve cost savings through a single competitive solicitation process. This process eliminates a Supplier from responding to multiple quotes and proposals allowing for the reduction in administrative and overhead costs through CPC's purchasing procedures. CPC will collaborate closely with the Supplier to market the contract not only to participating agencies but also to potential agencies where the contract would be an advantageous option for growing participation and purchases through the Supplier.

## II. Solicitation Description

CPC is seeking to award a contract to a qualified, experienced Supplier(s) who can provide participating agencies with access to technology products and supporting services at discounted consortium pricing. A qualified Supplier shall have established a percentage discount from a catalog list, published prices, or price list. Discounts may be submitted for an entire catalog or for specific product categories or manufacturer categories. Technology products may include, but are not limited to the following categories:

1. Hardware (desktops, laptops, monitors, printers, etc.) and accessories
2. Chromebooks and Smart Notebooks
3. STEAM, robotics and VR
4. Battery backup and portable power banks
5. Network and server equipment
6. Audio-visual products
7. Technology related furniture
8. Refurbished equipment
9. Managed IT services\*

*\*Note – Services may only be offered in North Dakota and South Dakota. Services are not to be offered under this contract in the state of Minnesota.*

This solicitation is not intended to cover software (including productivity tools, educational applications, and antivirus software), full-scale cybersecurity programs or managed security services.

A highly qualified Supplier is one that can provide a comprehensive catalog of offerings, ensuring a range of options that meet the diverse needs of participating agencies.

CPC reserves the right to award this solicitation to one or more Suppliers based on evaluation factors, geographic service coverage, distinctions based on product and service offerings, and the greatest overall benefit for all participating agencies. CPC anticipates multiple awards under this solicitation. Manufacturers may respond directly and will be required to identify regional suppliers to execute the contract. Designated suppliers must adhere to the terms outlined in this solicitation.

CPC encourages providers of all manufacturers/brands to bid, providing the following criteria are met:

1. Guaranteed pricing discounts.
  - a. Pricing discounts offered on a full range of quality products and supplies.
  - b. Pricing discounts held firm for the duration of the contract term.
2. Warranty protection.
3. Training and support, when applicable.
4. Installation, when applicable.

The contract(s) resulting from this solicitation will be Indefinite Delivery, Indefinite Quantity (IDIQ) contract(s). Historically, CPC participating agencies have purchased just over \$17.6 million in this area over the last four years. All quantities or dollar values listed within this solicitation are estimates.

Numerous factors could cause the actual value of the contract(s) resulting from this solicitation to vary from the historical value. Such factors include, but are not limited to, the following:

1. There is no guarantee of volume to be purchased, nor is there any guarantee that demand will continue in any manner consistent with previous purchases; and
2. The individual value of each contract is indeterminate and will depend upon actual participating agency demand, and actual quantities ordered during the contract period.
3. If actual contract pricing is lower than anticipated or historical pricing, actual quantities purchased could be substantially greater than the estimates; conversely, if actual contract pricing is higher than anticipated or historical pricing, actual quantities purchased could be substantially lower than the estimates.

By submitting a response, the Supplier acknowledges the foregoing and agrees that actual good faith purchasing volumes during the term of the resulting contract(s) could vary substantially.

### III. Responding Minimum Qualifications

All submittals must contain answers, responses and/or documentation to the information requested herein. Any submittal failing to provide the required information and/or documentation will be considered non-responsive. A submittal considered non-responsive may result in possible disqualification for consideration of a solicitation award.

Responding Suppliers must communicate and demonstrate their experience, ability, capacity, and available resources to provide products and/or services to participating agencies as described in this solicitation. CPC reserves the right to accept or reject any Supplier's proposal failing to demonstrate their abilities or capacity solely based on information provided in the solicitation response and/or its own investigation of the company.

### IV. General Specifications

An attempt has been made to standardize the language used in this solicitation. The words "must," "shall," "mandatory" and the phrase "it is required" are used in connection with a mandatory specification. The words "should" and "may" are used in connection with a specification that is desirable.

1. The Supplier must have access to a full inventory of the proposed product line(s) while maintaining a minimum monthly average fill rate of 95% or above. Items that are reordered, backordered, or partially filled are not considered filled items when calculating this service level.

2. The Supplier must provide participating agencies who have questions, issues, and/or concerns with an efficient response; responding to agencies within 24 business hours.
3. All products sold by the Supplier must be new, unless specifically identified within a category of products such as “remanufactured” or “refurbished,” where such remanufactured or refurbished products have a commercially available price and an applicable discount formula. Awarded supplier must be able to offer the newest versions of equipment available from manufacturers.
4. All equipment, supplies, parts, products, etc. will meet applicable current industry standards and health and safety standards.
5. Recalls.
  - a. The Supplier must notify CPC and their participating agencies of any product recalls.
  - b. The Supplier will issue a credit or comparable substitute for any delivered, recalled product at the agency’s discretion.
  - c. All costs associated with voluntary and involuntary product recalls shall be borne by the Supplier.
6. Maintenance Plans.
  - a. The Supplier may offer pricing for maintenance for all equipment listed under the solicitation and include it in pricing proposals to participating agencies if requested.
  - b. The Supplier providing maintenance and repair options must provide and clearly state, pricing, and terms of the various plans in their submission.
7. The Supplier will pass through any manufacturer warranties on all products sold and make available instructions to buyers on how to claim rights on a warranty when necessary.
8. Suppliers must be a manufacturer’s authorized sales and service dealer for all proposed equipment. An authorized sales and service dealer is defined in this solicitation as one purchasing their products for resell directly from the manufacturer(s) or the manufacturer’s approved channels.
9. Suppliers must clearly list all costs and components required to perform the contract. Do not omit items simply because they are not specifically mentioned in this RFP. Proposals should reflect complete and transparent pricing, with no hidden or unexpected charges.
10. A Supplier’s Commercially Available Catalog must advise customers of applicable return policies or any money-back guarantees.

## V. Technical Specifications

1. The Supplier will endeavor to include products in its catalog that are made in the United States of America.
2. The Supplier will endeavor to include products in its catalog that are Green Star certified or ecologically friendly.
3. Suppliers are encouraged to provide a product or mix of products in a manner that will allow participating agencies to migrate to emerging technologies/services and between legacy technologies with no penalty charge associated with maintaining the most appropriate selections of goods and services throughout the life of the contract.
4. Supplier has the option to offer private label products. Supplier shall maintain the same manufacturer specifications for private label products throughout the term of contract. Any change of manufacturers for a private label shall result in offerings equal to or superior to the originally approved manufacturer at a price equal to or lower than the original offering.

## VI. Pricing

1. Contract discounts and percentages must be held firm during the initial contract period. Additional discounts may be made to accommodate one-time bulk replacements, special promotions, or a large individual project. CPC may conduct periodic audits, and the Supplier will be responsible for full reimbursement for any overcharge to a participating agency.
2. The Supplier must provide discounted pricing on all products available, and labor/services offered in this solicitation.

3. New products and services, pertaining to the scope of this solicitation, can be added during the course of the contract term with notice, as outlined below (see #4), to CPC. These items shall meet or exceed all the specifications established in the solicitation and resulting contract. CPC may direct the Supplier to remove products that do not meet the intent or are otherwise in conflict with the contract requirements.
4. When a price list is revised (i.e., manufacturer) to add or delete products and accessories that result in revised contract pricing, the Supplier shall notify CPC in writing via email as follows:
  - a. Request will be on the Supplier's letterhead and emailed to CPC.
  - b. It is filed with CPC, a minimum of seven (7) business days before the effective date of the proposed change;
  - c. It clearly identifies the items impacted by the change and the cause for the adjustment.
  - d. It is accompanied by documentation acceptable to the RFP facilitator, as noted on the cover page of this solicitation, to warrant the change (i.e., appropriate Bureau of Labor Statistics, Consumer Price Index (CPI-U, change in manufacturer's price, etc.).
  - e. CPC reserves the right to accept or reject such change and will confirm in writing. For contract administration purposes, CPC must be able to verify the manufacturer's current product price. Price increases that cannot be verified shall not be reflected on the contract nor charged to the participating agency.
5. CPC may accept a future claim from the Supplier that a new threshold of performance or technology has been established. If CPC is satisfied with the evidence presented in support of the claim, appropriate pricing for such new technology may be established by applying the same pricing method used by the Supplier in their submission. The Supplier must be able to verify the pricing calculation.
6. CPC expects Suppliers to offer their very best prices to ensure the CPC contract provides value to its membership and is competitive. CPC allows a Supplier to lower prices for a participating agency when it benefits the agency and is based upon commitments and variables that may include but is not limited to: agency size and scope, geography, purchase volume, guarantees, logistical expenses, manufacturer support, specific product usage and other contractual terms/requirements.

## VII. Design Layout and/or Installation Services

1. Pricing for design layout and/or installation will be by hourly rate or percentage of the project cost. The Supplier must outline all service charges for design and installation. If the Supplier charges for installation by a method other than hourly or percentage, a complete explanation, and breakdown of how charges are calculated must be included with the submission.
2. Prevailing Wage.
  - a. Minnesota: If the resulting contract involves a project erection, construction, remodeling, or repairing of a public building or other public work financed in whole or part by State [Minnesota] funds, then pursuant to Minnesota Statutes 177.41 to 177.44 and corresponding Minnesota Rules 5200.1000 to 5200.1120, this contract is subject to the prevailing wages as established by the Minnesota Department of Labor and Industry. Specifically, all Suppliers and all tiers of subcontractors must pay all laborers and mechanics the established prevailing wages for work performed under the resulting contract. Failure to comply with the aforementioned may result in civil or criminal penalties.
  - b. If the contract is used outside of Minnesota and prevailing wage applies, contractors shall follow all applicable wage laws for that state.
  - c. For questions regarding prevailing wage laws, contact the applicable state's Department of Labor or equivalent.
3. Prevailing Wage/Davis Bacon [State & Federal Funds]. The Supplier's hourly price shall include, but is not limited to: wage requirements, equipment and tools normally associated with the removal and installation of goods and services. Due to wage rate requirements for State and Federal funded projects, the costs associated with labor may increase from contracted pricing.

4. The Supplier subcontractors will maintain in current status, all federal, state, and local licenses, bonds, and permits required for the performance and delivery of any and all products and services in response to this solicitation. This also includes any contractor's licensure as required by state law. The Supplier must have the ability to furnish all required labor, materials, equipment, parts and supplies necessary for the services requested within an agreed upon timeframe.
5. The Supplier will possess the ability to assess and determine existing site conditions and the participating agencies' expectations for the products being purchased.
6. Installation times will be coordinated with the purchasing agency. All areas will be kept clean and free of debris. Suppliers must be able to provide the purchasing agency with a list of responsibilities for installation, a minimum of five (5) business days prior to the start of installation.
7. All personnel that are working in participating agencies must be bonded, insured, and follow any and all participating agencies' requirements for contractors and subcontractors.
8. Subcontractors.
  - a. The Supplier will not assign any duties to perform services nor to provide goods to purchasing agencies under this contract to a subcontractor that is not listed in the Subcontractor Utilization Form.
  - b. If a subcontractor is removed from the contract agreement at any time, the Supplier will submit to CPC in writing the reason for removal and effective date.
  - c. To add a subcontractor to the contract agreement, the Supplier must submit to CPC an updated Subcontractor Utilization Form. The subcontractor may not begin providing service until approved by CPC.
  - d. The Supplier will be responsible for ensuring that all subcontractors who provide goods or services under the resulting contract agreement comply with the terms and conditions.
  - e. CPC reserves the right to require that a subcontractor be removed from the contract.
  - f. Any damage done to the participating agencies' property by contractors or subcontractors shall be repaired or replaced at no cost to the participating agency.
9. All services will be 100% guaranteed. Any service provided, which does not meet the end-users' expectations will either be redone until the end-users' expectations are met, or the charges for the services are refunded to the participating agency.

## VIII. Ordering Methods

1. All orders will be executed by participating agencies directly with the Supplier. The Supplier may offer a variety of options for agencies to place orders. The Supplier will make all deliveries and installation of products and services. CPC will not warehouse items or provide services.
2. Participating agencies may use two (2) different methods of placing orders from the resulting contract: Purchase Orders (PO's) and procurement cards. The method of payment is at the discretion of the participating agency. Additional surcharges for the use of a procurement card must be clearly outlined (see Supplier Questionnaire).
3. A PO may be issued to the Supplier on behalf of the participating agency ordering the services covered under the resulting contract. An issued PO will become part of the resulting contract. The PO indicates that sufficient funds have been obligated toward the purchase.
4. Regardless of the method of ordering used, solely the contract and any modification determine performance time and dates.
5. Performance under this contract is not to begin until receipt of a PO, procurement card order, or other notification to proceed by the participating agencies to proceed.
6. When applicable, an online catalog for order entry must be provided for use by and suitable for participating agencies' needs. The online catalog will note product discounts and, if applicable, the differing discounts for catalog categories awarded.

## IX. Freight and Delivery

1. Delivery must be made as ordered and in accordance with the solicitation. If delivery qualifications do not appear in the Supplier's proposal, it will be interpreted to mean that goods are in stock, and

that shipment will be made within five (5) business days. The decision of CPC, as to reasonable compliance with the delivery terms, shall be final. The burden of proof of delay in receipt of an order shall rest with the Supplier.

2. No delivery charges shall be added to invoices except when authorized on the Purchase Order.
3. All prices submitted are to be F.O.B. Destination, Freight Pre-Paid, and Allowed. Unless clearly stated otherwise by the respondent, prices submitted shall include all charges for transportation, packaging, etc., necessary to complete delivery on an F.O.B. Destination basis.
4. CPC does not require freight to be included in the proposed pricing for this RFP due to the variance of freight charges attributable to weight and volume per order. However, if awarded, the merchandise must be shipped prepaid with the freight charged added to the invoice as a separate line item.
5. Freight charges must be quoted to the agency prior to any purchase order being issued by the participating agency.
6. Invoice and ship all items directly to CPC's participating agencies. A packing slip will be provided with all deliveries including the agencies' purchase order number. Orders not filled and partial shipments shall be indicated on the packing list. Participating agencies shall be notified of an anticipated availability date, within three (3) business days of receipt of order.
7. All equipment, supplies, and related accessories must be delivered during normal hours of operation on weekdays, unless at the convenience of the participating agency and through mutual agreement with the Supplier.
8. All products must be 100% guaranteed. Any product which is damaged, found to be defective, or does not perform to the end-user's expectations must be replaced at the Supplier's expense including all shipping/delivery charges. If a participating agency receives the product(s) that appear to be damaged, they reserve the right to refuse delivery. Participating agencies will not be charged for items that are refused.

## X. Payment

1. Participating agencies using the resulting contract Agreement will make payments directly to the Supplier. Payment terms will be defined by the Supplier in their response.
  - a. Suppliers are encouraged to offer payment terms through procurement card (P Card) services, if applicable.
  - b. Payments shall be made after satisfactory performance, following all provisions thereof, and upon receipt of a properly completed invoice.
  - c. Where a question of quality is involved, payment in whole or part against which to charge back any adjustment required shall be withheld at the direction of the participating agency. In the event a cash discount is stipulated, the withholding of payments, as herein described, will not deprive the participating agency of taking such a discount.
  - d. Payments for the used portion of inferior delivery will be made by the participating agency on an adjusted price basis.
2. The Supplier will submit invoices to the participating agencies clearly stating, "Per CPC Contract."
3. The shipment tracking number or pertinent information for verification shall be made available upon request.
4. Participating Agencies will follow M.S. §471.425 regarding prompt payment of local government bills.

## XI. Advertising and Marketing

1. The Supplier will provide sales and marketing representation that is able to educate, introduce and demonstrate products and/or services to CPC's participating agencies.
2. The Supplier will be able to assist in developing marketing materials that support the contract.

3. The Supplier will provide a comprehensive training and support program on the operation and use of the contract agreement to all applicable personnel. The services offered must be appropriate and adequate to ensure a successful contract agreement.
4. All promotional marketing materials must have the prior approval of CPC before distribution and must include the CPC logo and pertinent contract information.
5. Upon award and completion of the Supplier orientation, CPC will promote the contract opportunity via its websites. CPC will also announce the new partnership through various marketing channels. Contracts may also be promoted at applicable trade shows, conferences, and meetings.

## XIV. Method of Evaluation

This solicitation will be evaluated based on the combined factors outlined below. Evaluation criteria include supplier qualifications and experience, quality and variety of product selection, pricing, services and support, and ease of ordering. No single factor will determine the final award decision.

	Points Available
<b>Minimum Qualifications</b> <i>See section "III. Responding Minimum Qualifications" for criteria.</i>	Pass/Fail
<b>Technical Proposal</b> <i>Considers responses to company information, qualifications and experience, performance capability, products and services offered, value adds, exceptions and deviations, and additional requirements.</i>	300
<b>Pricing Proposal</b> <i>Considers both price and overall value of the products/services proposed.</i>	200
<b>Total Points</b>	<b>500</b>

As a part of the process of determining responsible respondents, CPC may request reports that describe the financial soundness of your organization. Accepted financial reports may include balance sheets and Profit & Loss statements for the past three years, a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies).

**Best and Final Offer (BAFO):** CPC may request a BAFO if additional information or modified terms are necessary for the evaluation committee to complete its evaluation and ranking. CPC will set a date and time for the submission of BAFO proposals. The BAFO will be limited to specific sections of the RFP or proposal identified by CPC. A BAFO will not be used solely to reduce pricing. If a BAFO is requested, all short-listed Suppliers or, if the short-list process is not used, all qualified Suppliers will be provided an opportunity to submit a modified response. Only one BAFO request will be issued by CPC. The information received from the BAFO will be used by the evaluation committee to re-rank the Suppliers. If a Supplier does not submit a BAFO proposal or a notice of withdrawal, the Supplier’s previous proposal is considered the Supplier’s BAFO. CPC reserves the right to proceed directly to negotiations with the highest ranked proposers immediately following the initial submission and evaluation of proposals.

**Contract Development:** Following the final evaluations, contract offer and award, and contract negotiations, CPC will develop a Master Contract Agreement with the most highly qualified Supplier(s). If a satisfactory contract cannot be developed with the most highly qualified Supplier(s) the second most qualified Supplier(s) may then be approached to develop a contract.

**Solicitation Debriefing:** A supplier that did not receive an award may request a debriefing to be scheduled with CPC after the solicitation process has been completed and a Master Contract Agreement with the awarded Supplier(s) has been executed. Debriefings are not forums for protest, negotiation, or argumentation, but are learning opportunities for unsuccessful Suppliers. Debriefings will be conducted via a virtual meeting and will be limited to the requesting supplier’s own proposal. Comparative evaluation information or confidential data about competing proposals will not be shared.

## XV. Solicitation and Submittal Procedures

**Public Purchase:** All solicitations can be found on Public Purchase ([www.publicpurchase.com](http://www.publicpurchase.com)). All solicitation activity is time-stamped and logged as part of the solicitation process.

### Submission of Proposals:

1. All proposals must be submitted electronically via Public Purchase. Hardcopy proposals are invalid and will not receive consideration.
2. It is the Supplier’s responsibility to completely upload and submit a response by the submission deadline, as described in the solicitation.
  - a. If the proposal has not completed its upload to Public Purchase by the submission deadline, the Public Purchase system will not accept the proposal.
  - b. If any issues occur during the upload of the proposal, Supplier should contact Public Purchase for immediate technical support.
  - c. The data included in the submission will not be password protected.
3. CPC does not consider any information submitted in the General Notes section of Public Purchase when evaluating.
4. Submission checklist:

**Questions:** Requests for additional information, clarifications, interpretations, or questions shall be promptly asked via Public Purchase. CPC will respond via Public Purchase as laid out in the solicitation documents.

**Addenda:** Addenda are written instruments issued by CPC which modify or interpret the solicitation documents by additions, deletions, clarification, or corrections. All addenda issued by CPC shall become a part of the specifications and will be made part of the contract. Addenda will be sent automatically through Public Purchase; being logged and tracked within the system. Interpretations, corrections, or changes made in any other manner will not be binding, and Suppliers shall not rely upon such interpretations, corrections, and changes. Answers to questions or addenda will be issued no later than five (5) business days prior to the submission deadline, except an addendum withdrawing the proposal or one which includes postponement of the submission deadline.

**Late Submittals:** Submittals will not be allowed to be submitted or uploaded after the due date and time set by CPC. It is the respondent’s responsibility to ensure that submittals are received by the due date and time listed.

**Modifications or Withdrawal of a Proposal:** A proposal may not be modified, withdrawn or canceled by the Supplier for a period of one hundred twenty (120) days following the submission deadline of the proposal, as each Supplier so agrees in submitting a proposal. Prior to the submission deadline, any proposal submitted may be modified or withdrawn within Public Purchase. Withdrawn proposals may be resubmitted within Public Purchase prior to the submission deadline provided that they are in full conformance with this solicitation.

**Rejection of Any or All Proposals:** CPC reserves the right to reject any and all bids/proposals, to waive any informality, or to accept/reject any items listed in the pricing schedule in the best interest of CPC and its participating agencies.

**Opening of Proposals (Opening Record):** Proposals that have been submitted on time will be opened after the submission deadline. An opening record of the proposals received will be made available.

## XVI. Solicitation Terms and Conditions

**Performance Bond (for construction and/or installation related projects):** A performance bond is held between the awarded supplier and a participating agency, and will be required:

1. As defined by all applicable state statute(s) where the project is being conducted.
2. As required by the participating agency.

All performance bonds will be issued by a corporate surety authorized to do business in the state in which the work will be conducted and by a surety listed in the US Treasury Circular 570. Performance bonds will be posted by the Supplier and submitted to the specific participating agency for the assigned project. Should the contract be the result of a piggyback agreement, performance bonds will reflect each state's bonding requirements.

The Supplier will execute a performance bond in an amount equal to one hundred percent (100%) of the value specified in the contract between the participating agency and the Supplier unless the participating agency requires less to be posted. This bond will protect all persons supplying labor and material to the Supplier for the performance of the work provided in the contract. Subcontractors who may work on the contract may have to provide the Supplier with a performance bond. If the contract price increases after the bond is provided, the participating agency may consider obtaining additional bonds from the Supplier.

The Supplier will deliver the performance bond to the eligible participating agency at the time the contract is executed between the agency and the Supplier. Work will not commence between the Supplier and the eligible participating agency until the performance bond is received by the participating agency and a copy has been sent to CPC via email (info@purchasingconnection.org). The Supplier will be responsible for providing CPC with a copy of all contracts and bonds in accordance with CPC purchasing procedures. Should the Supplier fail to satisfactorily perform the contract, the bonding company that provided the performance bond will be required to pay the dollar amount of the bond to the participating agency.

It is the Supplier's responsibility to ensure that they can obtain the required bonding for all construction products based on an awarded contract arising from this solicitation. Payment will not be issued for any project for which the required bonds have not been received.

**Other Bonds:** An awarded supplier will supply additional bonds as required based on federal law, state law, or participating agency policy.

**Additional Terms and Conditions/Participating Addendum:** Participating agencies and a Supplier may negotiate additional terms and conditions as necessary to complete a purchase. These may include, but are not limited to:

1. Industry specific requirements
2. Legal obligations
3. Specific local/board policy provisions

Some participating agencies may also require a Participating Addendum (or equivalent) with terms negotiated directly between them and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any additional negotiated terms and conditions must not be less favorable to the participating agency than the terms outlined in this solicitation.

**Certificate of Insurance:** The Supplier must purchase, maintain and provide certification from the insurer for minimal coverage during the life of an awarded contract, to include, but not limited to, comprehensive public and/or commercial liability, errors and omissions, workman's compensation, unemployment, and other insurance coverage required by and applicable to each of CPC's individual state's statutes and federal laws which proposed products and services will be offered and provided. **The Supplier must provide a Certificate of Insurance (COI) from the issuing company or their authorized agent, identifying the coverage required below and identifying CPC as a "Certificate Holder."** Any required insurance that is canceled before the expiration date of the contract agreement, the issuing company will send immediate notice to CPC. COIs must be updated and sent electronically to CPC upon coverage renewal. The Supplier must meet the following minimum coverage requirements:

1. Commercial General Liability: \$1,000,000 each occurrence, \$500,000 annual aggregate
2. Automobile Liability: \$1,000,000 each occurrence
3. Workers Compensation: \$100,000

CPC reserves the right to consider and accept alternate forms and plans of insurance or to require additional or more extensive coverage for any individual requirement.

**Binding Contract:** A response to this solicitation is an offer to contract with CPC based upon the terms, conditions, the scope of work, and specifications contained in the solicitation. The Supplier acknowledges that the Contract Offer and Award binds the party to all terms and conditions stated in the proposal.

**Notification of Intent to Award:** An award notification will be made as outlined in the solicitation documents. The actual award is subject to the successful negotiation of a mutually accepted Master Contract Agreement and approval by the CPC Board of Directors.

**Contract Term:** The term of the contract resulting from this RFP will be from February 1, 2026 through January 31, 2028. The contract may be extended for one (1) additional 24-month period, based on successful performance. CPC may grant an extension under certain criteria and conditions. CPC evaluates and reviews all contract agreements. CPC has established a set of performance criteria that will be used in the Supplier evaluation. Performance criteria will include:

1. Contract start-up and communication
2. Partnership responsiveness with CPC
3. Participating agencies evaluation(s)
4. Volume, sales, and competitiveness
5. Marketing

**Administrative Fee:** The Supplier will be required to pay a two (2.0%) percent administrative fee on the total sales price of all purchases shipped and billed to participating agencies. This fee is used to cover CPC's program costs, including the cost of conducting the solicitation, continuing support of the contract, and marketing the contract to participating and potential agencies. Administrative fees shall be paid to CPC quarterly, within 20 business days after the end of each fiscal quarter.

Payments must be received either via check or authorized ACH. An ACH enrollment/authorization form must be provided to CPC for completion. ACH remittance notification must be sent to the individual indicated on the ACH enrollment/authorization form prior to ACH payment.

**Sales Reports Required of the Supplier:** The Supplier will provide CPC with a quarterly report listing the sales volume showing the total gross dollar volume of all purchases made by participating agencies, the administrative fee calculations, and the correlating savings incurred by participating agencies. CPC's fiscal year is July through June and fiscal quarters are July – September; October – December; January – March; and April – June. CPC may also request reports on commonly purchased items or top-selling items to create or update a market basket or core list of commonly purchased items. All reports must be submitted in MS Excel within 20 business days after the end of each fiscal quarter, listing the following information:

1. Name of purchasing agency
2. Address of purchasing agency (city, state, zip code)
3. Date of purchase
4. Invoice number
5. Amount of purchase
6. Administrative fee generated by the sale
7. Savings generated by the sale

## Part 2 – General Terms & Conditions

### RFP #26.05 Technology Catalog

#### General Terms & Conditions

The Cooperative Purchasing Connection (CPC) may make amendments to the General Terms and Conditions when CPC determines that such amendments are in the best interest of its participants. All amendments will be agreed upon between the Parties. Submittals by a Supplier certify that they have read the General Terms and Conditions and understand that they apply to all purchases under the resulting contract(s).

**Alcoholic Beverages, Substance Use, and Weapons:** A Supplier shall not permit its personnel or any subcontractor to possess upon school property any alcoholic beverages, illicit/non-prescribed drugs, tobacco products, or weapons. All personnel must follow all local substance rules and conduct (dress code, language, parking, etc.) policies while on school premises. Any actions involving, or possession of, any of the aforementioned items while on school property may cause a cancellation of any Agreement, at no cost to CPC and its participating SFAs. Criminal charges may apply.

**Assignees, Mergers, Dissolution and Successors:** If the original vendor partner sells or transfers all assets or the entire portion of the assets used to perform this contract, the Offeror agrees that during the term of the contract, it will adhere to the terms and provisions of said contract. The parties will be bound by and inure to the benefits of the successors and the respective parties involved. CPC reserves the right to recommend approval, acceptance, or rejection of the new party. A simple change of name agreement will not change the contractual obligations of the Vendor Partner.

**Assignment:** Any contract awarded under the conditions of this solicitation shall be for the use of organizations eligible for participation. Any eligible agency may participate (piggyback) with this contract at its discretion, with the consent of the Supplier. The Supplier must seek approval from CPC before utilizing the contract with another eligible agency. CPC has partnerships with consortiums across the United States. CPC will work with the Supplier to make such connections should the Supplier want to piggyback the contract as a vehicle for additional sales. All requirements of this solicitation will apply to all participating eligible agencies. Agencies participating in this contract shall be responsible for obtaining approval from their approving body of authority when necessary and shall hold CPC harmless from any disputes, disagreements, or actions which may arise as a result of using this contract.

**Audit:** Under applicable law, the Supplier will agree that members of CPC's purchasing team may audit their records to establish that total compliance of the agreement is met. CPC will ask participating agencies for invoices showing purchases from the Supplier. The Supplier will agree to provide verifiable documentation of all purchases made by said agencies and will make every reasonable effort to resolve discrepancies fairly and equitably to the satisfaction of both CPC and the Supplier. CPC will require a refund to the agencies involved if any difference in price is found and will also require payment of any administrative fees due resulting from sales that were not listed on the sales report(s). CPC will give at least five (5) calendar days' notice of an audit. The audit will be conducted at a reasonable place and time.

**Awarded Supplier:** The Respondent(s) chosen by CPC to provide goods and/or services to participating agencies.

**Awards:** Awards will be made with reasonable promptness and by written notice to the successful Supplier; solicitation responses are considered to be irrevocable for a period of one hundred twenty (120) days following the

solicitation opening unless expressly provided for to the contrary in the solicitation and may not be withdrawn during this period without the express permission of CPC.

1. CPC reserves the right to determine those offers which are responsive to the solicitation, or which otherwise serve its members' best interests.
2. CPC reserves the right, before making an award, to initiate investigations as to whether or not the materials, equipment, supplies, qualifications or facilities offered by the Supplier meet the requirements outlined in the proposal and specification and are ample and sufficient to ensure the proper performance of the contract in the event of an award. If upon such examination it is found that the conditions of the proposal are not complied with or that articles or equipment proposed to be furnished do not meet the requirements called for, or that the qualifications or facilities are not satisfactory, CPC may reject such offer. It is distinctly understood, however, that nothing in the foregoing shall mean or imply that it is obligatory upon CPC to make any examinations before awarding a contract; and it is further understood that if such examination is made, it in no way relieves the Supplier from fulfilling all requirements and conditions of the contract.
3. Qualified or conditional offers which impose limitations of the Supplier's liability or modify the requirements of the solicitation, offers for alternate specifications, or which are made subject to different terms and conditions than those specified by CPC may, at the option of the CPC, be:
  - a. Rejected as being non-responsive, or
  - b. Set aside in favor of the CPC's terms and conditions (with the consent of the respondent), or
  - c. Accepted, where CPC determines that such acceptance best serves the interests of participating agencies and CPC.

Acceptance or rejection of alternate or counteroffers by CPC shall not constitute a precedent that shall be binding on successive solicitations or procurements.

4. CPC reserves the right to determine the responsibility of any Supplier for a particular procurement.
5. CPC reserves the right to reject any responses in whole or in part, to waive technical defects, irregularities, and omissions, and to consider past performance of the offeror wherein its judgment the best interests of participating agencies will be served by so doing.
6. CPC reserves the right to make awards by items, group of items or on the total low response for all the items specified as indicated in the detailed specification unless the Supplier specifically indicates otherwise in their response.
7. Preference may be given to responses on products raised or manufactured in the state, other things being equal.

**Confidential Information:** CPC is a public entity; the information contained in the proposals shall be considered public information under the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13 et. seq. No part of a proposal shall be treated as confidential unless so designated, by the Supplier submitting the proposal, as trade secret information having met the criteria under Minnesota Statutes § 13.37 Subd. 1(b) and other applicable laws. Any data claimed by the Supplier submitting the proposal to be trade secret data must be marked "proprietary and confidential." Should a challenge occur to said Supplier's designation of data as "proprietary and confidential," the Supplier shall indemnify and hold CPC harmless for any attorney's fees, costs, penalties, or losses associated with such designation. CPC makes no representations to any Supplier regarding their designation of data as "proprietary and confidential." CPC designates the sales reports and administrative fee data, references in this solicitation, as confidential. Therefore, under no circumstances, release this data to any entity other than CPC. CPC, however, is a government entity, is required to, upon request of any individual organization; make this information available to the person(s) requesting to contact the CPC department.

**Costs of Preparation:** All costs associated with the preparation, development, or submission of a response or other offers will be borne by the Supplier. CPC will not reimburse any Supplier for such costs.

**Default Contract:** The resulting contract shall be the default contract. All participating agencies' purchases will receive the pricing described in this contract and CPC will receive credit for those purchases made by participating agencies.

**Express Online Marketplace:** CPC provides participating agencies with an online purchasing platform called Express. Through Express, agencies can search for and purchase items. Essentially, Express is a one-stop-shop for many of CPC's commodity-based contracts. A Supplier does not have to have an e-commerce site to be included in Express. Express offers integration into two (2) of the main K-12 school financial systems in Minnesota. CPC expects growth in the number of agencies utilizing the marketplace and the volume of sales to grow significantly. CPC will work with the Supplier to determine if the contract agreement is suitable for the online platform. If deemed suitable, CPC will require integration into Express promptly as outlined in the solicitation.

**Entire Agreement:** The Master Contract Agreement, shall constitute the entire and exclusive agreement between CPC and any Supplier receiving an award. In the event of any conflict between the bidder's standard terms of sale, these conditions or more specific provisions contained in the solicitation shall govern.

1. Each proposal will be received with the understanding that the acceptance, in writing, by contract or purchase order by the participating agency of the offer to do work or to furnish any or all the materials, equipment, supplies or services described therein shall constitute a contract between the Supplier and the participating agency. This shall bind the Supplier to furnish and deliver at the prices following the conditions of the said accepted proposal and detailed specifications and the participating agency to pay for at the agreed prices, all materials, equipment, supplies, or services specified and delivered. A contract shall be deemed executory only to the extent of funds available for payment of the amounts shown on purchase orders issued by the participating agency to the Supplier.
2. No alterations or variations of the terms of the contract shall be valid or binding unless submitted in writing and accepted by CPC. All orders and changes thereof must originate from the participating agencies: no oral agreement or arrangement made by a contractor with an agency or employee will be binding on CPC and may be disregarded.
3. Contracts will remain in force for the contract period specified or until all articles or services ordered before date of termination shall have been satisfactorily delivered or rendered and accepted and thereafter until all terms and conditions have been met, unless
  - a. Terminated prior to the expiration date by satisfactory delivery against orders of entire quantities, or
  - b. Extended upon written authorization of CPC and accepted by the Supplier, to permit ordering of the unordered balances or additional quantities at the contract price following the contract terms, or
  - c. Canceled by CPC following other provisions stated herein.
4. It is mutually understood and agreed that the Supplier shall not assign, transfer, convey, sublet or otherwise dispose of this contract or his right, title or interest therein, or his power to execute such contract, to any other person, company or corporation, without the previous consent, in writing, of CPC.
5. If subsequent to the submission of an offer or issuance of a purchase order or execution of a contract, the Supplier shall merge with or be acquired by another entity, the contract may be terminated, except as a corporate resolution prepared by the Supplier and the new entity ratifying acceptance of the original bid or contract terms, condition, and pricing is submitted to CPC, and expressly accepted.

**Federal Uniform Guidance:** By entering a contract, the Supplier agrees to comply with all applicable provisions of Title 2, Subtitle A, Chapter II, Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards contained in Title 2 C.F.R. § 200 et. seq. (See Supplier Forms and Signatures).

**Fiscal Year:** a fiscal year is defined as July 1 through June 30 of the following calendar year. The fiscal quarters end on September 30, December 31, March 31, and June 30.

**Force Majeure:** Except for payments of sums due, neither party shall be liable to the other, nor deemed in default under this contract, if and to the extent that such party's performance of this contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of either party affected and occurs without fault or negligence, including, but not limited to, the following: acts of nature; acts of the public enemy;

pandemics; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; earthquakes; famine; volcanic eruptions; meteor strikes; lockouts; injunctions-interventions-acts or failures; or refusals to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence. The force majeure shall be deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure and shall be deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with this agreement. Force majeure shall not include late deliveries of software or materials caused by congestion at a manufacturer's plant or elsewhere, an over-sold condition of the market, inefficiencies and poor management practices, or similar occurrences. If either party is delayed at any time by force majeure, then the delayed party shall notify the other party in writing of such delay within 48 hours.

A Supplier requesting relief under this provision must adhere to the following conditions prior to the price of any product being adjusted:

1. A formal, written request for a price increase must be submitted by the Manufacturer to CPC prior to the price change taking effect. CPC must approve the request. The request will include the Force Majeure cause substantiating the reason the relief is being requested.
2. Adequate documentation to substantiate the request must be included.
3. Failure to comply with provisions of the Force Majeure shall be cause for a request to be denied.

**Governing Law:** This resulting contract award shall be interpreted and construed in accordance with and governed by the laws of the State of Minnesota.

**Governing Venue:** The resulting contract award shall be deemed to have been made and performed in Otter Tail County, Minnesota. All legal arbitration or causes for action arising out of the resulting agreement shall be brought to the courts of Otter Tail County, Minnesota.

**Hold Harmless:** All parties agree to hold the other harmless from any claims and demands of participating agencies which may result from the negligence of the other in connection with their duties and responsibilities under this agreement unless such action is a result of intentional wrongdoing of the other party.

**Leasing and Rental Agreements:** The Supplier may allow participating agencies to enter into a rental, lease, or lease-purchase agreements, providing such agreements comply with Minnesota Statutes and guidelines. CPC must receive a report annually, summarizing the executed lease purchases along with a summary of the participating agencies' purchases. CPC will not collect lease payments or be involved in the terms and conditions of the lease. All lease arrangements are between the Supplier and the participating agency. The Supplier agrees that leases will comply with the Uniform Commercial Code. The applicable administrative fee must be included in the lease cost based on the total value of the goods and applicable services purchased. This fee is referred to under the Technical Specifications. The Supplier should attempt to work with CPC's current leasing Supplier. Note, the current leasing Supplier may require a minimum purchase amount to begin the leasing process. Should the Supplier be required to utilize their own financial leasing company, this should be noted/requested as an exception.

**Minority and Women-Owned Business:** CPC intends to undertake every effort to increase the opportunity for utilization of minority and women-owned businesses in all aspects of procurement. In connection with the performance of this solicitation, the Supplier agrees to use their best effort to carry out this intent and ensure that minority and women-owned enterprises shall have the maximum practicable opportunity to compete for subcontract work under this solicitation consistent with the efficient performance of this solicitation. CPC desires to promote wherever possible equitable opportunities for minority and women-owned businesses to participate in the services associated with this solicitation.

**New Agency Notification:** CPC will email the current participating agency list to the Supplier each quarter. Those agencies not renewing their participation must not receive CPC agency pricing/discounts.

**Notices:** Notices permitted or required to be given hereunder shall be deemed sufficient if given by written email addressed to the following recipients of the parties, or at such other addresses as the respective parties may designate by like notice from time to time. Notices so given shall be effective upon (a) receipt by the party to which notice is given. Notices shall be sent to [info@purchasingconnection.org](mailto:info@purchasingconnection.org).

**Patent Indemnification:** The Supplier agrees to hold harmless CPC, its successors, assigns, customers and the users of its products from any liability of any nature or kind for use of any copyrighted or copyrighted composition, secret process, patented or unpatented invention, articles or appliances furnished or used in the performance of the contract agreement, for which the contractor is not the patentee, assignee or licensee.

**Participating Agency:** A participating agency shall be defined in accordance with the Minnesota Statutes M.S. §471.59, and M.S. §123A.21, Sub. 11, North Dakota Century Code Chapter 54-40.3, and South Dakota Statutes §5-18A-37. An eligible agency includes any school, higher education, city, county, other governmental agency, nonprofit organization, or other entity contracted to conduct business on behalf of a participating agency provided that the entity is required to follow state and local procurement regulations.

**Party:** The name given to either organization who enters into a contractual agreement.

**Protests:** Vendors wishing to protest an award decision must submit a written protest delivered to the address listed below, and it must be received within seven (7) calendar days of the award notice email, fax, or telephone protests will not be accepted.

To be considered valid, a protest must include:

- Name, address, and telephone number of the protestor
- Signature of an authorized representative
- Specific grounds for the protest with clear factual support
- Reference to the specific solicitation and sections being contested
- 

Protests that fail to meet ALL the above requirements will be dismissed without review. Protests that merely request a re-evaluation of a proposal's scoring or content without identifying a violation of procurement procedures or applicable law will not be considered.

Send all protest correspondence to:

Cooperative Purchasing Connection  
1001 E. Mount Faith  
Fergus Falls, MN 56537  
Attn: Director of Cooperative Purchasing Connection

The decision of the agency regarding any protest is final.

**Relationship of Parties:** No contract agreement resulting from this solicitation shall be considered a contract of employment. The relationship between CPC and the Supplier is one of the independent contractors each free to exercise judgment and discretion concerning the conduct of their respective businesses. The parties do not intend the proposed contract agreement to create or is to be construed as creating a partnership, joint venture, master-servant, principal-agent, or any other relationship. Except as provided elsewhere in this solicitation, neither party may be held liable for acts of omission or commission of the other party and neither party is authorized or has the power to obligate the other party by contract, agreement, warranty, representation or otherwise in any manner whatsoever except as may be expressly provided herein.

**Respondent:** A respondent has notified CPC of a desire to respond to the proposal and/or has submitted a proposal in response to this solicitation.

**Rights and Obligations Upon Termination:** Termination of the resulting contract award shall not release the party from the obligation to make payment of all amounts due and payable. Regardless of the cause, the Supplier must refrain from any activity which will create a negative relationship between participating agencies and CPC. Notification of termination to participating agencies shall not be made by the Supplier unless written approval has been received from CPC or its designee. Said approval shall include, but not be limited to, the content of the notice, its structure and timing. This will remain in effect for 60 days post-termination. When failure is deemed by the other party to be the result of willful and wanton negligence, it may result in a civil action against the first party. The Supplier will continue to provide warranty and product support as specified in their proposed response to the solicitation or by the manufacturer, whichever is greater, on all services purchased by participating agencies during the contract term. Upon termination, any website references and/or email accounts, created by either the Supplier or CPC and designed to promote the contract agreement resulting from this solicitation shall be terminated within 48 hours of the termination.

**Risk of Loss:** Regardless of F.O.B., the Supplier agree(s) to bear all risks of loss, injury, or destruction of goods and materials ordered herein which occur before delivery, and such loss or destruction shall not release the Supplier from any obligation hereunder.

**Safety Data Sheet (SDS):** Documentation providing workers and emergency personnel with procedures for handling or working with a specific substance safely, and information such as physical data, toxicity, health effects, first aid, reactivity, storage, disposal, protective equipment, and spill-handling procedures. SDS documentation must accompany all deliveries when required by federal, state, and local laws.

**Sales Tax:** Sales and other taxes shall not be included in the prices quoted. The Supplier will charge state and local sales and other taxes on items for which a valid tax exemption certification has not been provided. Each participating agency is responsible for verifying the tax-exempt status to the Supplier. When ordering, participating agencies must indicate that they are tax-exempt entities. Except as set forth herein, no party shall be responsible for taxes imposed on another party as a result of or arising from the transactions contemplated by a Supplier resulting from this solicitation.

**Severability:** If any of the terms of this solicitation conflict with any rule of law or statutory provision or otherwise unenforceable under the laws or regulations of any government or subdivision thereof, such terms shall be deemed stricken from this agreement, but such invalidity or unenforceability shall not invalidate any of the other terms of this agreement, and this agreement shall continue in force, unless the invalidity or unenforceability of any such provisions hereof does substantial violence to, or where the invalid or unenforceable provisions compromise an integral part of or are otherwise inseparable from, the remainder of the resulting agreement.

**Substitutions:** The materials, products or equipment described in these documents establish a standard of type, function, and quality to be met by any proposed substitution. Unless the specification prohibits substitution, Suppliers are encouraged to propose materials, products or equipment of comparable type, function, and quality. Proposals for substitute items shall be stated in the appropriate blank on the proposal form, or if the form does not contain blanks for substitution, on the Supplier's letterhead attached to the pricing form. Suppliers shall attach to the form a statement of the manufacturer and brand name of each proposed substitution plus a complete description of the item, including descriptive literature, illustrations, performance, and test data and any other information necessary for evaluation. The burden of proof is upon the respondent for the merit of the proposed substitution.

**Termination:** CPC reserves the right to terminate this contract, without penalty or recourse, in whole or in part, whereas termination is in the best interest of the participating agencies. The Parties may terminate the Agreement without cause by mutual written consent or by either Party with a minimum of 60 days written notice. The Supplier

will not accept any new orders after the termination date specified in the notice. Participating agencies will only be required to pay the Supplier for goods and services delivered before termination and not otherwise returned following the Supplier's return policy. If the participating agency has paid the Supplier for goods and services not yet provided as of the date of termination, the Supplier shall immediately refund such payment(s). Any termination shall not affect projects that are in progress or in receipt of a purchase order (PO) at the time the termination is received. The Supplier shall be entitled to receive just and equitable compensation in accordance with applicable contract pricing for work in progress, work completed, and materials accepted before the effective date of the termination. The Supplier will not be reimbursed for any anticipated profit. CPC reserves the right to cancel, or suspend the use thereof, any contract resulting from this solicitation upon any one of the following events with the Supplier:

1. Voluntary or involuntary bankruptcy or insolvency;
2. Failure to remedy a material breach to the terms and conditions of this solicitation;
3. Receipt of written information from any authorized agency finding activities the Supplier engaged in according to this solicitation to violate the law.

**Termination for Default:** If either Party is in default under this contract, it shall have an opportunity to cure the default within the time indicated, 10 business days, after it is given written notice of default to the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party shall have 10 business days to provide a satisfactory response. Failure on the part of the defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party shall have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement shall not constitute a waiver of any of the parties' rights hereunder. CPC reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Supplier, or if the Supplier fails to comply with any contract terms and conditions or fails to provide adequate assurances of future performance.

In the event of termination for cause, CPC and its participating agencies shall not be liable to the Supplier for any amount of supplies or services not accepted, and the Supplier shall be liable to CPC and its participating agencies for any and all rights and remedies provided by law. If it is determined that CPC improperly terminated this contract for default, such termination shall be deemed a termination for convenience. CPC will issue written notice to the Supplier for acting or failing to act in any of the following:

1. The Supplier provides material that does not meet the specifications of the contract;
2. The Supplier fails to adequately perform the services set forth in the specifications of the contract;
3. The Supplier fails to complete the work required or to furnish the materials required within a reasonable amount of time;
4. The Supplier fails to make progress in the performance of the contract and/or gives CPC reason to believe that the Supplier will not or cannot perform to the requirements of the contract;
5. The Supplier fails to observe any of the terms and conditions of the contract.

**Termination for Non-Appropriation:** Any individual participating agency's procurement/contract covered by this solicitation and executed in accordance with the resulting contract may be terminated if insufficient appropriations and/or authorizations do not exist due to changes in state or federal law, or because of a court order, or because of insufficient appropriations made available to the participating agency's governing board and/or its State Legislature. Such termination will be affected by sending fifteen (15) days written notice to the Supplier. The participating agency's decision as to whether sufficient appropriations and authorizations are available shall be accepted by the Supplier and shall be final.

**Tri-State Area:** Defined as the three states participating in CPC (Minnesota, North Dakota and South Dakota) and their participating agencies.

**Supplier Orientation (CPC 101):** The Supplier and their participating resellers/sub-contractors will be required to participate in an online training session that is designed to educate the Supplier and resellers/sub-contractors on

the purpose and nature of CPC. The Supplier will not be marketed to participating agencies until they have completed the Supplier orientation session.

**Waiver:** No failure by either party to take any action or assert any right hereunder shall be deemed to be a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right.

2 CFR Part 200

## REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS – APPENDIX II TO 2 CFR 200

**The following provisions are required and apply when federal funds are expended by participating agencies for any contract resulting from this procurement process.**

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

### **(A) Supplier Violation or Breach of Contract Terms**

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. Provisions regarding Supplier default and legal remedies are included in Sections I.K.18 and I.K.19 above. Any contract award will be subject to such provisions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

### **(B) Termination for Cause and for Convenience**

Pursuant to Federal Rule (B) above when federal funds are expended by participating agencies, the participating agency reserves all rights to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by the Supplier, in the event the Supplier fails to” (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. The participating agency reserves the right to terminate the contract immediately, with written notice to Supplier, for convenience, if the participation agency believes, in its sole discretion that it is in the best interest of the participating agency to do so. The Supplier will be compensated for work perform and accepted and goods accepted by the participating agency as of the termination date if the contract is terminated for convenience of the participating agency. Any award made under this procurement process is not exclusive and the participating agency reserves the right to purchase goods and services from other Suppliers when it is in the best interest of the participating agency.

### **(C) Equal Employment Opportunity**

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR Part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

### **(D) Davis Bacon Act**

When required by Federal program legislation, Supplier agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Supplier shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, the Supplier is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. In addition, the Supplier shall pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by

the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Supplier must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

#### **(E) Contract Work Hours and Safety Standards Act**

Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

#### **(F) Right to Inventions Made Under a Contract or Agreement**

If the participating agency’s Federal award meets the definition of “funding agreement” under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the “funding agreement,” the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

#### **(G) Clean Air Act and Federal Water Pollution Control Act**

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

#### **(H) Debarment and Suspension (Executive Order 12549 and 12689)**

A contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), “Debarment and Suspension.” SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

#### **(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)**

Suppliers that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with

obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by participating agencies, the Supplier certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, the Supplier certifies that it is compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be include in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriated tiers and that all subrecipients shall certify and disclose accordingly.

#### **(J) Procurement of Recovered Materials**

For participating agency purchases utilizing Federal funds, Supplier agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

#### **(K) Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment**

A participating agency is prohibited from obligating or expending funds to:

- (1) Procure or obtain.
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
  - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
  - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
  - (iii) Telecommunications or video surveillance equipment or services products or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

**(L) Domestic Preferences for Procurements**

As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For the purpose of this section:

- (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- (2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

---

**PROFIT AS A SEPARATE ELEMENT OF PRICE**

---

For purchases using federal funds in excess of \$250,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, the Supplier agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Supplier agrees that the total price, including profit, charged by the Supplier to the participating agency shall not exceed the awarded pricing.

---

**RECORD RETENTION REQUIREMENTS FOR CONTRACTS PAID FOR WITH FEDERAL FUNDS – 2 CFR § 200.333**

---

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The Supplier further certified that Supplier will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

---

**CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT**

---

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that the Supplier will be in compliance with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18; Pub. L. 94- 163, 89 Stat. 871).

---

**CERTIFICATION OF NON-COLLUSION STATEMENT**

---

Supplier certifies under penalty of perjury that its responsible to this procurement solicitation is in all respects bona fide, fair, and made without collusion or fraud with any person, joint venture, partnership, corporation or other business or legal entity.

**Pursuant to Federal Ruling, when federal funds are expended by participating agencies, the Supplier hereby certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, Supplier certifies compliance will all provisions, laws, acts, regulations as specifically noted above. The Supplier agrees to comply with all federal, state, and local laws, rules, regulations, and ordinances, as applicable.**

## Part 5 - Pricing | RFP #26.05 Technology Catalog

### Part 5 - Pricing

This solicitation is intended to establish a structured discount and pricing framework for technology products and services under an indefinite delivery, indefinite quantity (IDIQ) contract. Suppliers are encouraged to provide clear notes and assumptions supporting their pricing methodology.

**Respondents shall complete this pricing template in full. All required tabs (1-3) in this workbook must be completed for a pricing proposal to be considered. Tabs 4-5 are optional.**

**This workbook contains the following tabs/worksheets:**

- 1 - Discount Structure (Required)
- 2 - Pricing Schedule (Required)
- 3 - Market Basket (Required)
- 4 - Services (Optional)
- 5 - Additional Discounts (Optional)

#### 1 - Discount Structure - REQUIRED

Define your discount structure using the table provided on the tab.

#### 2 - Price Schedule - REQUIRED

Input the Net Effective RFP Price and respective information for all line items in your commercially available catalog(s). Create a separate tab for each catalog. Alternatively, you may upload separate spreadsheets as long as they contain the minimum information as described in the Pricing Schedule instructions.

#### 3 - Market Basket - REQUIRED

Using the Discount Structure provided on tab 1 and the information provided in columns C-E, complete the table provided for this market basket of items. Alternative/equivalent items will be accepted (see columns F-G). This tab will be used for evaluation purposes only.

#### 4 - Services - Optional

Suppliers must provide pricing for any services that are included in their response. **If a Supplier is not offering any services, this tab is not required.**

#### 5 - Additional Discounts - Optional

Suppliers have the opportunity to offer additional discounts on top of contract pricing. If your response includes additional discounts, provide your discount schedule on the tab provided. **If your response does not include additional discounts, this tab is not required.**

**2 - Pricing Schedule (Required)**

**This tab is required.**

**Instructions:**

1. Using your proposed Discount Structure (i.e. by product, catalog, category, manufacturer, etc), complete this sheet for all items in a commercially available catalog. Complete a separate tab for each catalog.
2. Alternative Method. Suppliers may submit their own Pricing Schedules with a minimum of the following information:
  - \*The name and brief description of the product, including the manufacturer (if applicable).
  - \*The current price of the item at the solicitation due date.
  - \*The discount percentage offered for this solicitation.
  - \*The final price after the solicitation discount.
3. The Discount Percentage MUST be consistent with the percentage discounts listed on the Discount Structure tab. Failure to have discounts correspond may be cause for rejection of your offer.

### Question #2

This question is regarding Page 7 of RFP - "When applicable, an online catalog for order entry must be provided for use by and suitable for participating agencies' needs."

We do not have an e-commerce/online ordering website. Is this a requirement for this bid? Or is it acceptable for agencies to place orders via phone and email?

#### Answers

E-commerce or online ordering is not a requirement for this bid. If it is not part of your business model, you may propose alternative ordering methods that meet agency needs.

### Question #4

Can we submit a link to an online catalogue by offering discount structure for each OEM-Category? Or do we need

Nov 10, 2025 2:42:08 PM CST

By: Zones ,Inc - bidteam@zones.com

to add all the SKUs/items on the provided pricing template?

**Answers**

Suppliers must complete the provided pricing workbook (Part 5). However, as stated in the instructions on tab "2 - Pricing Schedule" of Part 5, an alternative pricing schedule may be submitted only if it includes the required information listed on the Pricing Schedule tab and aligns with the Discount Structure tab.

CPC is requesting proposals for **Technology Catalogs** to establish a purchasing solution for use by its participating agencies. Participating agencies include state, city, and county governments; tribal nations; government agencies; public and non-public educational institutions; colleges and universities; nonprofit 501(c)(3) organizations; and other entities acting on behalf of an eligible agency.

CPC utilizes Public Purchase, an e-procurement platform, to administer a competitive, sealed solicitation process. Only proposals submitted through Public Purchase will be considered. Proposals must be submitted no later than **November 25, 2025, at 10:00 AM CST**. Late submissions will not be accepted.

The above-signed certify that all responses to **RFP 26.05 Technology Catalog** were submitted on time through Public Purchase, that each proposer’s materials were digitally sealed upon submission, and that all responses remained inaccessible until the official due date and time identified in the solicitation schedule.

Proposals were received from the following and opened electronically.

**1. Describe your organization. Are you a national or regional service provider, reseller, distributor, or another type of provider (e.g., independent contractor, franchisee/franchisor)? Please specify.**

Trafera is a value-added reseller who operates on a national scale. We are also a regional services provider.

\*If your organization offers products as a distributor, dealer, reseller, or in any capacity that requires manufacturer authorization, provide written documentation from the manufacturer confirming your authorization to offer and distribute those products under this RFP.

**2. If your company is best described as a manufacturer or service provider, describe your relationship with your sales/service force and your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees or employees of a third party?**

Trafera is a value-added reseller and service provider. Our sales force and our service technicians are employed directly through Trafera. We do partner occasionally with third-party subcontractors as needed to best serve our customer base, but that tends to be a rarity in Minnesota due to our strong presence in the area.

**3. List other cooperative or state contracts that your company holds that participating agencies have access to and include the contract expiration date.**

We have attached a list of our current awarded contracts with expiration dates as a separate document.

**4. How will your company position a potential contract with CPC versus other contracts you have access to?**

As a previous CPC contract holder and a business with a primary presence in the state of Minnesota, we have a large local customer base that would prefer to use a CPC contract over other contracts that we currently hold. When speaking with our local customer base, we would position CPC as the primary contract to use since we know that it is the preferred contract of our customers.

**5. In the past five (5) years, has your company or any proposed subcontractors been involved in any alleged or actual contract failures, breaches, or been the subject of any civil or criminal litigation or investigations, whether pending or resolved?**

Yes                       No

If YES, provide detailed documentation. Include any contracts where your organization was found guilty or liable, as well as any issues that could impact your ability to perform the requested services.

n/a

**6. Has your company been disbarred and or suspended from doing business within the United States?**

Yes                       No

If YES, list what states, the reason for debarment and/or suspension, and its effective dates.

n/a

## 2. Qualifications & Experience

**1. Provide a brief background of your organization, including the year it was founded, your company's business philosophy, industry longevity, etc. (1-2 paragraphs max.).**

Trafera is an industry leader in innovative computing solutions for schools and government agencies. In January 2021, FireFly Computers (est 2011) and Trinity3 Technology (est 2014) united as Trafera to provide the educational technology market with the latest and greatest Chromebooks and classroom technology. In early 2022, Louisiana-based IFP reseller and installer AXI Education Solutions joined the Trafera family, and in 2024, so did the Minnesota-based hardware, software, and services vendor; Now Micro. With over 35 years of combined experience, we bring you even better prices, greater product availability, and a wider range of products and services, all without sacrificing the fast, personalized service you deserve.

We currently do business with over 3,500 school districts and organizations across all 50 US states. Trafera is a Google for Education Premier Partner, and we are the #2 vendor of Google Chrome products worldwide. We are also Partners and Authorized Services Providers for all the major computer manufacturers we sell. Our team has become experts in making technology deployments painless, and we focus on providing knowledgeable, end-to-end customer support and service options to save you time, effort, and money.

**2. Provide evidence of what your company is doing to remain viable in the industry (i.e., how you are adapting to changes, etc.?).**

As the technology needs of schools and government agencies continue to evolve, Trafera is on the cutting edge of bringing the latest technology. With an ever-growing line card and expansive product offering, Trafera provides the products and services they need. Trafera's motto is Solve Today, Shape Tomorrow. We continue to look for ways to help schools and government agencies address their needs with the right technology and services. We have attached our line card to the end of this questionnaire.

**3. Describe your customer retention practices, including how you maintain long-term relationships and the percentage or number of customers who return for repeat business.**

Trafera prides itself in delivering exceptional customer service. Every order goes out with a survey asking the customer about their experience, and when there is a problem, we address it immediately. That's why Trafera has one of the highest NPS (Net Promoter Score) in the industry. In 2025 our NPS is over 70. This is on par with some of the top brands in America. Because of this level of customer service, Trafera enjoys a 90%+ customer retention rate.

**4. On average, how many agencies do you currently serve with the same or similar products and services as those proposed in this RFP?**

Trafera serves over 3,500 agencies nationwide with similar products and services as those proposed in the RFP.

**5. Using the table below, input the percentage of your company's annual revenue by customer market**

Customer Market	% of Revenue
City/county government	15%
K12 education	80%
Non-profits - 501(c)(3)	<1%
Higher education	5%

**6. Describe the sales approach your company will take with participating public agencies in marketing this contract?**

As a Minnesota based company, we have several sales associates who regularly meet with schools and government agencies across the state and will actively market this contract. In addition, we will market this contract in the 80+ trade shows we attend each year along with the dozens of lunch & learn events we conduct. We also will launch e-mail and social media campaigns to market this contract.

**7. Outline your geographic coverage or service capabilities for the tri-state region (MN, ND, SD) and beyond.**

Trafera maintains our corporate headquarters and primary service center in the Twin Cities area of Minnesota, so servicing customers in Minnesota, North Dakota, and South Dakota is well within our capabilities.

**8. Provide three (3) references that have purchased the same or similar products and services as those proposed in this RFP from your company within the last two (2) years. References from the tri-state area are preferred. A contact name, phone number and email will be required. \*Note, ensure your references are prepared to communicate with a representative from CPC. Failure to confirm reference of past work may affect your evaluation.**

**3. Performance & Capability**

**1. What has motivated your company to respond to our solicitation? What aspects of our organization or solicitation captured your interest?**

Trafera is based in the Twin Cities area of Minnesota, and we are a former CPC Technology contract holder. Many of our current customers like to use CPC as their preferred purchasing contract, so we are excited to respond to your solicitation so that we have the opportunity to hold a CPC contract again. We have also enjoyed the ease of working with CPC in the past; Trafera and its legacy companies found our experience working with the cooperative to be positive and approachable.

**2. What are your company's expectations in the event of an award?**

In the event of an award, we would expect to hit the ground running within Minnesota by contacting our customer base and letting them know of our new award. Our Contracts Director would work with CPC and with our internal marketing teams to work up a promotion strategy to push sales on the contract. We would expect to begin selling on the newly awarded contract shortly after being awarded as our Minnesota customers would be very anxious to leverage it.

**3. Are there any participating agencies (govt., education, non-profits, etc.) you will NOT be serving through the proposed contract?**

No, Trafera will serve all participating agencies through the proposed contract.

**4. Describe what differentiates your company from your competitors. Describe your differences regarding sales, service, installation, technology, and product line, or any key employees.**

As mentioned, Trafera is a value-added reseller. Some of the main factors that set us apart from our competition are:

- Our in-house warranty services
- Our local proximity to CPC members
- Our ability to sell, repair, and install multiple different products across a vast array of technology types and manufacturers
- Our pre-deployment and repair services
- Our dedicated customer service and sales teams

All-in-all, one of Trafera's biggest perks is our team. Our staff offers our customers the personalized attention and fast and thorough support that they can't get when they purchase from large warehouse retailers, all without sacrificing the quality of the equipment and brands that they want at similar or lower prices than our competition. We focus on providing all-encompassing technology solutions that allow our customers to rely on us for multiple technology needs, rather than just a singular purchase.

**5. Describe your ordering process. If orders are to be handled by distributors, dealers or others, explain the respective roles of your company (as the proposer) and others.**

Orders can be placed with Trafera by calling us at 651-888-7922 or e-mailing us at [orders@trafera.com](mailto:orders@trafera.com). All orders will be handled by Trafera directly.

**6. What is your company's fill rate and/or success in meeting project timelines?**

Trafera has an over 90% success rate in meeting project timelines.

**7. Describe your company's customer service/problem resolution process. Include hours of operation, number of services, modes of contact, etc.**

Our company prides itself on our excellent customer service. We have dozens of customer service representatives who are available to assist Monday-Friday during the hours of 8:00 am - 5:00 pm CST (excluding holidays). Customer service can be reached by phone (651-888-7922) or via email ([support@trafera.com](mailto:support@trafera.com)). Our response time is generally very quick for messages, usually within 1-2 hours of inquiry when operations are open.

**8. Describe how your company plans to utilize this contract. How will you educate and train company personnel on the contract terms and conditions, details, and promotion of the contract.**

We plan to position this contract as our primary purchasing contract vehicle in the state of Minnesota, North Dakota, and South Dakota. As mentioned before, many of our current customers are legacy CPC purchasers and members, and they would be very excited to see Trafera awarded under this new contract.

Once awarded, our Contracts Director will put together training materials for all the sales reps and customer service reps who will be handling the contract. He would also pass along information for the contract reporting to our internal teams to ensure that CPC purchases are being logged and reported correctly.

He would also notify our marketing team of the contract award and together, with the permission of CPC, our team would come up with mutually beneficial contract marketing materials and promotions, operating, of course, within the guidelines of the Terms and Conditions represented in the RFP.

**9. Describe how your organization plans to utilize your marketing and sales staff with this anticipated contract.**  
As a Minnesota based company, we have several sales associates who regularly meet with schools and government agencies across the state and will actively market this contract. In addition, we will market this contract in the 80+ trade shows we attend each year along with the dozens of lunch & learn events we conduct. We also will launch e-mail and social media campaigns to market this contract.

**10. From your perspective, what is CPC's role in promoting a contract resulting from this solicitation?**

CPC should be actively promoting this contract at all events and meetings they are at where schools and/or government agencies are in attendance. They should also be actively promoting this contract to their members via e-mail and social media.

**11. Describe your company's contract implementation or customer transition plan.**

Once awarded a contract, our Contract's Director, Eric Ogden, will spearhead the internal rollout to the sales team. He will be responsible for ensuring that the reps are knowledgeable about products and services that are eligible to be sold on contract. Trafera has an internal onboarding and training process that we follow for all new contracts. Luckily, several of our veteran sales representatives are already very familiar with how to sell on the CPC contract. As far as customers go, we would notify our current customers of our new award.

**12. Describe your company's experience and ability to work with punch-out and cXML marketplace systems.**

While this has been in the works for some time, the demand has grown for a Trafera online store and/or punchout. We are currently working to incorporate all of our contract pricing within our ERP to enable us to more easily enable punchout capability for all our customers that request it. We anticipate this capability to be available in 2026.

**4. Products, Service & Pricing**

**1. What specific products and/or services are you proposing under this solicitation?**

We are proposing our entire line card (attached) which includes such products and services including (but not limited to): Chromebooks, Windows devices, Interactive Flat Panels, computer accessories/peripherals, warranties, repair services, networking equipment, cybersecurity services, installation services, and data center equipment.

**2. Indicate the level of support your company will offer on this contract category.**

- Pricing is better than what is offered to individual agencies.
- Pricing is better than what is offered to cooperative agencies.
- Other, please describe

If OTHER, describe how the pricing submitted differs from individual entities or other purchasing consortiums:  
n/a

**3. Describe how participating agencies will verify they are receiving contract pricing.**

Each and every quote and order will reference the contract. This will ensure that the customer is receiving contract pricing. We can also provide a copy of our contract price list.

**4. Describe any minimum order requirements and if any surcharges will be assessed for not meeting that minimum.**

There are no minimum order requirements that will be implemented under the contract.

**5. Describe your warranty and the warranty process for all products and services.**

Trafera offers both manufacturer and in-house warranties for devices, and manufacturer warranties for other technology and peripheral items. We have attached an informational flyer about our in-house warranties to the end of this questionnaire.

For service, Trafera has developed a free RMA program. With the delivery of an order, we'll include several RMA boxes, and whenever a device needs repair, just record the serial number, insert it into the protective packaging provided, and when there are anywhere from 5-12 devices ready to go, simply contact us for a pre-paid UPS shipping label. Additional RMA

boxes will be replenished as needed throughout the length of the warranty term. This program is solely for convenience and does not interfere with the customer's right to send individual devices for repair under the standard warranty terms.

Trafera also has a customized warranty portal that customers can use to:

- Submit warranty claims
- Track the repair status of devices
- View warranty and device repair history
- Request new parts for the on-site parts closet
- Track the status of replacement parts
- Access a resource library with FAQs, repair videos, guides, and more

Additionally, for customers in Minnesota near our service centers, we can offer the option of weekly local warranty repair pickup.

For the warranty process on other products and services we sell, the manufacturer's warranty process will be followed as the servicer.

## 6. Describe the return process and restocking fees associated with a return.

### **Overview**

Trafera customers may return most products purchased from Trafera and its subsidiaries within thirty (30) calendar days after shipment (15 calendar days after shipment for defective products). All returns require a valid return merchandise authorization (RMA) number, are subject to inspection by Trafera and must be in compliance with this policy. All credits issued by Trafera to the customer under this policy must be used by the customer within one (1) year from the date the credit was issued. Credits are non-transferable and may only be used for the purchase of future products from Trafera. All credits not used within one (1) year will automatically expire.

### **Defective Product Returns**

The Customer may return most defective products directly to Trafera within fifteen (15) calendar days after shipment. For products that are confirmed as defective by Trafera, the customer will receive, at Trafera's option, a credit, replacement, exchange, or repair. After fifteen (15) days, please contact the product manufacturer directly.

### **Non-Defective Product Returns**

Customers may return most non-defective products directly to Trafera within thirty (30) calendar days after shipment and receive, at Trafera's option, a credit or exchange. In such instances, an automatic restocking charge of at least twenty-five percent (25%) will be charged to the Customer.

### **Special Orders**

Products and services that are specially ordered by the Customer including but not limited to etching, asset tags, protective coverings, and/or customer-branded products may not be returned or have unique return restrictions.

### **Licensing and Software**

Licensing and software sales are final and cannot be returned.

### **OEM Warranties**

OEM warranty sales are final and cannot be returned.

### **Return Process**

#### **RMA Number**

No returns of any type will be accepted by Trafera unless accompanied by a unique RMA number, which the customer may only obtain by contacting Trafera Customer Care and providing the following information: customer name, applicable invoice number, product serial number, and description of the reason the product is being returned. Customers must return the applicable products to Trafera within ten (10) calendar days following the issuance of the applicable RMA. Trafera may reject any returns received after the expiration of this ten (10) day period. The customer is responsible for all costs associated with shipping the returned products to Trafera, including the risk of loss during transit. Trafera recommends the customer consider purchasing insurance to cover loss and damage in transit. Trafera accepts no liability for losses that occur during the shipment of returns to Trafera.

Trafera reserves the right to refuse any return including, but not limited to, returns without a valid RMA number, returns that are not in compliance with this policy or received after the above-referenced return periods, and returns that were

used or without the original packaging.

#### Returned Products Must Be Complete

All returned products must be one hundred percent (100%) complete, unused, and including all original packing materials, manuals, blank warranty cards, and other accessories provided by the manufacturer.

#### 7. State your backorder policy. Do you fill the order when available, or cancel the order and require participating agencies to reorder if items are backordered?

When products are backordered, we will the order when it is available, although we do notify the customer of the delay in the event that they wish to cancel or change their order.

#### 8. Describe your company's allowed methods for payment and if any fees are assessed for those methods. How does your company work with agencies to determine payment terms?

We accept purchase orders, ACH payments, and credit card payments. For credit card payments, we reserve the right to apply a 3% fee. To determine payment terms, customers can work with our accounting team. We offer Net 30 standard terms but longer terms can be arranged on a case-by-case basis.

#### 9. Describe the frequency of price list revisions. Describe any indices used to guide price adjustments.

We revise our price list regularly. It is updated, at a minimum, on a quarterly basis, though it is usually updated a couple of times every month. Price adjustments are made based on any MSRP changes from the manufacturer, though, more often than not, the updates performed are not adjustments of price, but rather, additions of products to the price list.

#### 10. Describe how future product introductions will be priced and align with proposed contract pricing.

Our contract pricing will be 1% minimum off of MSRP for devices and 3% minimum off of MSRP for everything else. Our contract pricing discounts will remain the same across all categories. So as a new product is introduced, it too will receive the standard discount at a minimum as all other products on the contract in it's category.

#### 11. Describe any self-audit process/program you plan to employ to verify compliance with your anticipated contract with CPC.

We do a thorough check of all contract sales to ensure they meet the product pricing requirements before we report them to CPC. If by chance a customer is charged over the contract price, we will promptly issue a credit memo for the difference.

### 5. Value Add

Are you offering any additional benefits (outside of discounted pricing) that add value to this contract? If so, please describe below. Also, please indicate if the benefit(s) is exclusive to CPC.

Our on prem services are available to a large number of Minnesota agencies because of the location of our facilities in the twin cities. While these services are not exclusive to the CPC contract, most of our other contracts are not able to take advantage of our Minnesota facilities because they are outside of the immediate service area.

### 6. Additional Information

If there's anything else about your company, approach, or offering that's relevant to the scope of this solicitation, please include it here.

n/a

### 7. Exceptions & Deviations

Our company is requesting an Exception and/or Deviation to the RFP documents.

Yes  No

If YES, complete the questions below:

List any additional stipulations and/or requirements your company requests that are not covered in the RFP.

n/a

List any exceptions your company is requesting to the terms outlined in the Technical Specifications. Respondents must include the following when requesting exceptions:

- RFP section number and page number
- Describe the exception
- Explanation of why this is an issue
- A proposed alternative to meet the needs of participating agencies and the cooperative

None to list

RFP Section	Exception	Why This is an Issue	Proposed Alternative

## 8. Additional Requirements

As required by CPC, please provide each of the following additional items as separate PDF documents. Be sure to follow the specific instructions outlined below for each submission.

### 1. Exhibit A – Manufacturer Authorization

If your organization offers products as a distributor, dealer, reseller, or in any capacity that requires manufacturer authorization, provide written documentation from the manufacturer confirming your authorization to offer and distribute those products under this RFP. **Label and submit as “Exhibit A – Manufacturer Authorization”.**

# Terms & Conditions

## Trafera Warranty Options

\* Trafera warranties exclude replacement of lost or stolen stylus/EMR pen/Apple pencil. Trafera will replace a manufacturer's defective unit or damage event for the lifetime of the warranty period with the pre-exchange of the damaged unit (damage incident clause applies to Gold and/or Platinum warranty only). Replacement of stylus/EMR pen/Apple pencil counts towards ADP claims per device.

\*\* Trafera warranties exclude replacement of lost or stolen AC Adapters. Trafera will replace a manufacturer's defective unit or damage event for the lifetime of the warranty period with the pre-exchange of the damaged unit (damage incident clause applies to Gold and/or Platinum warranty only). Replacement of AC Adapter counts towards ADP claims per device.

\*\*\* Coverage for theft/loss is limited to up to 2% of the total units purchased at one time or under warranty agreement (theft/loss coverage applies to Platinum warranty only; no theft/loss coverage on post-sale warranties). Theft claims are limited to 2% of total transaction purchased, per device. Loss Claims are limited to .5% of total transaction purchased, per device. Cumulative coverage shall not exceed sum balance of 2%. Trafera excludes replacement of lost or stolen stylus/EMR pen/Apple pencil or AC Adapters.

Trafera's warranty does not cover devices that have failure/damage from bugs and/or biohazards. This failure/includes damage caused by contact with any human or animal bodily fluids and biohazardous material/liquids and failure/damage caused by insect infestation or rodents.

---

**Trafera, LLC ("Trafera") is offering for sale extended limited warranty coverage for the specific products purchased from Trafera on your sales quote or sales order.** The warranty period starts on the date of product and/or warranty shipment and continues until the expiration listed on your Trafera sales order. The warranty is limited to the original buyer and is non-transferable.

The warranty may provide for duplicate coverage already provided to you by other insurance policies or manufacturer's warranties available to you. You are not required to purchase a warranty in order to purchase a computer or other electronic device from Trafera. Please contact the manufacturer directly for any issues related to the manufacturer's warranties.

---

**COVERAGE:** If a claim is made under these limited warranties and, after investigation by Trafera, proves to be valid, Trafera will, at its sole discretion, either repair or replace the defective product at no charge. Accidental damage protection ("ADP") is only offered under the Gold & Platinum warranties and applies only for the designated coverage period from the date of original purchase or date of warranty agreement. The warranty protection period varies by product type, specific warranty purchased and the specific coverage period indicated on the Trafera sales order.

**FOR POST-SALE WARRANTIES:** Post-sales warranties are available through Trafera, and can be added to devices at any point starting from purchase until the Google Auto Update Expiration date (without exceeding 48 total months). Devices do not need to have been purchased from Trafera to qualify.

For post-sales warranties, battery, AC Adapters, Stylus/EMR Pen/Apple Pencil coverage for Platinum and Gold warranties are limited to manufacturer defect coverage only. There is no theft/loss coverage included on post-sale warranties

For any post-sale Trafera warranty that is purchased by the customer, a signed document will be required certifying the deployment date, the functionality (fully functional; cosmetic damage only) of the devices in question, device serial numbers, and additional information to qualify for post-sale warranty coverage. Device claims will be limited to 10% of the devices covered under a specific post-sale warranty in the initial year of any post-sale warranty entitlement.

**CLAIM LIMITS:** The warranty is limited to an individual user accidental damage incident that affects the functionality of the device or presents a safety risk to the user. The warranty does not include cosmetic defects or preventive maintenance, so you should maintain the system or device in accordance with the manufacturer's instructions. ADP is not intended to and does not protect multi-system damage events, nor does it protect against the following: general wear and tear, cosmetic wear, vandalism and intentional damage, bugs, biohazards, human/natural disasters (including, but not limited to: fire, smoke, flood, power surge and storm-related damages) and laptop battery replacement. Any modification or treatment to the device outside the manufacturer's recommendations will not be covered under a Trafera Warranty. Platinum warranty coverage on Windows laptop batteries is one year and on Chromebook batteries is three years (on new mobile devices only; manufacturer defect coverage only for post-sale warranties) with one battery replacement from the date of purchase. AC Adapters, Stylus/EMR Pen/Apple Pencil coverage for Platinum and Gold warranties are limited to manufacturer defects plus one ADP incident per original device serial number with the preexchange of the damaged unit (manufacturer defect coverage only for post-sale warranties).

Coverage for theft/loss is limited to up to 2% of the total units purchased at one time or under warranty agreement (theft/loss coverage applies to Platinum warranty only; no theft/loss coverage on post-sale warranties). Theft claims are limited to 2% of total transaction purchased, per device. Loss Claims are limited to .5% of total transaction purchased, per device. Cumulative coverage shall not exceed sum balance of 2%. Trafera excludes replacement of lost or stolen stylus/EMR pen/Apple pencil or AC Adapters. For units reported due to theft, a copy of a police report is required and must be submitted to Trafera with the claim within 15 days of the incident. Loss claims may require a loss document to be filled out within 15 days of the incident occurring September–May. A loss claim occurring June–August must be submitted within 3 months of the incident. The warranty is limited to an individual theft/loss incident. Further, in instances of theft/loss, the end customer is required to set the device to “disable” (lock the device) in the Google Admin Console. A replacement device provided under the Trafera warranty for theft/loss will cease to have additional Trafera warranty coverage for the remainder of the original warranty term. Please contact your Trafera sales representative to purchase additional warranty coverage for the remainder of the warranty term.

**DEDUCTIBLE:** There is no deductible or any other fees required to fulfill a repair and/or replacement.

**ADDITIONAL EXCLUSIONS:** This limited warranty excludes coverage for the following: (i) failure/damage covered by the manufacturer's warranty; (ii) failure/damage related to known manufacturer issues; (iii) failure/damage attributable to manufacturer recalls; (iv) failure/damage attributable to use beyond the auto update expiration date; (v) failure/damage attributable to bugs or biohazards; and (vi) other exclusions further described herein. Trafera will use its best efforts to work with our customers and OEM partners to attempt to reach a remedy on any disputes. Trafera's warranty does not cover devices that have failure/damage from bugs and/or biohazards. This failure/includes damage caused by contact with any human or animal bodily fluids and biohazardous material/liquids and failure/damage caused by insect infestation or rodents. Customers will be notified of a bug or biohazard related incident upon review of the device. Due to vendor shipping policies prohibiting the shipment of such devices, Trafera will dispose/recycle the device and remove any data in advance of disposal. To protect the integrity of other devices at our repair facilities or those devices transferred via delivery vehicles, Trafera will also not return bug and/or biohazard related devices via a local drop-off. Devices replaced/unit swapped under exceptions for bugs or bio-hazard related

incidents will count as “lost” devices under Trafera's theft/loss clause if the customer has eligibility remaining under the theft/loss clause (Trafera Platinum warranty coverage only). If a serial number is no longer visible on the exterior of the device, due to normal wear and tear, the device will continue to be covered under the warranty if the customer provides the serial number during the repair submission. If the serial number is no longer visible on the exterior of the device due to malicious or intentional removal, the device will be excluded from coverage under the warranty.

The warranty is void if a customer utilizes a non-OEM part or accessory not purchased from or provided by Trafera. For any post-sale Trafera warranty that is purchased by the customer, a signed document will be required certifying the deployment date, the functionality (fully functional; cosmetic damage only) of the devices in question, device serial numbers, and additional information to qualify for post-sale warranty coverage. Device claims will be limited to 10% of the devices covered under a specific post-sale warranty in the initial year of any post-sale warranty entitlement.

**REMEDIES/WARRANTY SERVICE:** For claims covered under this limited warranty, please call Trafera Customer Service at 1-855-862-5120 or submit online: <https://portals.trafera.com/Warranty/Add>.

Submissions must be reported in a timely manner and please be prepared to provide the serial number and description of the problem or defect. Prior to submission, please ensure the following steps are taken based on the device's OS in question:

**Chrome OS Devices:** To ensure Trafera can properly diagnose, repair, and test Chrome OS devices, Chromebooks sent in must be "unenrolled" from the Google Admin Console before submitting for repair. Chrome OS devices submitted without being unenrolled may be returned to the customer unrepaired.

**Windows Devices:** When submitting a Windows device for repair, please include login credentials with elevated privileges such as an Administrator account to allow proper diagnosis and testing of issues with the device. If there is a BIOS password present on the device, please include this as well as this will allow us to modify boot options and access onboard device diagnostics. Windows devices submitted without a valid system or BIOS password may be returned to the customer unrepaired.

**Apple macOS Devices:** When submitting a macOS device for repair, please include login credentials with elevated privileges such as an Administrator account to allow proper diagnosis and testing of issues with the device. If there is a Management Device Profile installed on the device, this should be removed to allow access to Recovery within macOS. This can be done by going to System Preferences > Profiles, and selecting the profile, then press the minus icon. Apple devices submitted without a valid password being supplied may be returned to the customer unrepaired.

Trafera repairs all products at our technical facilities. Unless a claim is for theft/loss, returning the original device is required. Trafera will provide you with a prepaid shipping label for you to return your device to Trafera for qualifying warranties. Failure to return the original device may result in additional charges for the non-returned equipment.

Upon receipt, Trafera service technicians will assess the device and take appropriate action to repair and/or replace the device. Damage to, or loss of, any software or data residing or recorded in device when providing repair or replacement service may occur and Trafera hereby disclaims any liability associated with such damage/loss. Trafera will use reasonable efforts to reinstall your device's original software configuration and subsequent update releases, but will not provide any recovery or transfer of software or data. Please backup all data, and remove all confidential information and personally identifiable information, prior to submission.

Repairs and/or replacements may be fulfilled with new or reconditioned equipment. Reconditioned equipment may have minor cosmetic flaws. Replacement of accessories may be with generic or non-original manufacturer accessories. If the exact model is not available, the replacement will be of like kind and quality, but you will be notified in advance if a different model is to be returned. Trafera will use reasonable efforts to amicably resolve any disputes with respect to our warranties. If you have any issues or problems with our warranties or your customer experience working with Trafera, we welcome and invite you to contact your sales and/or customer service representative.

**LIMITATION OF LIABILITY:** THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THOSE STATED HEREIN. ANY IMPLIED WARRANTIES THAT MAY BE APPLICABLE TO PRODUCTS, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. UNDER NO CIRCUMSTANCES SHALL TRAFERA BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES BASED UPON BREACH OF THIS LIMITED WARRANTY, BREACH OF CONTRACT OR STRICT LIABILITY. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

2 CFR Part 200

## REQUIRED CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS – APPENDIX II TO 2 CFR 200

The following provisions are required and apply when federal funds are expended by participating agencies for any contract resulting from this procurement process.

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

### (A) Supplier Violation or Breach of Contract Terms

Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate. Provisions regarding Supplier default and legal remedies are included in Sections I.K.18 and I.K.19 above. Any contract award will be subject to such provisions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

### (B) Termination for Cause and for Convenience

Pursuant to Federal Rule (B) above when federal funds are expended by participating agencies, the participating agency reserves all rights to immediately terminate any agreement in excess of \$10,000 resulting from this procurement process in the event of a breach or default of the agreement by the Supplier, in the event the Supplier fails to (1) meet schedules, deadlines, and/or delivery dates within the time specified in the procurement solicitation, contract, and/or a purchase order; (2) make any payments owed; or (3) otherwise perform in accordance with the contract and/or the procurement solicitation. The participating agency reserves the right to terminate the contract immediately, with written notice to Supplier, for convenience, if the participating agency believes, in its sole discretion that it is in the best interest of the participating agency to do so. The Supplier will be compensated for work performed and accepted and goods accepted by the participating agency as of the termination date if the contract is terminated for convenience of the participating agency. Any award made under this procurement process is not exclusive and the participating agency reserves the right to purchase goods and services from other Suppliers when it is in the best interest of the participating agency.

### (C) Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

### (D) Davis Bacon Act

When required by Federal program legislation, Supplier agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Supplier shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, the Supplier is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determination made by the Secretary of Labor. In addition, the Supplier shall pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by

the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Supplier must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

#### **(E) Contract Work Hours and Safety Standards Act**

Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

#### **(F) Right to Inventions Made Under a Contract or Agreement**

If the participating agency's Federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the "funding agreement," the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

#### **(G) Clean Air Act and Federal Water Pollution Control Act**

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

#### **(H) Debarment and Suspension (Executive Order 12549 and 12689)**

A contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

#### **(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)**

Suppliers that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with

obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by participating agencies, the Supplier certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, the Supplier certifies that it is compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

- (1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be include in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriated tiers and that all subrecipients shall certify and disclose accordingly.

#### **(J) Procurement of Recovered Materials**

For participating agency purchases utilizing Federal funds, Supplier agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

#### **(K) Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment**

A participating agency is prohibited from obligating or expending funds to:

- (1) Procure or obtain.
- (2) Extend or renew a contract to procure or obtain; or
- (3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
  - (i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
  - (ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
  - (iii) Telecommunications or video surveillance equipment or services products or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

**(L) Domestic Preferences for Procurements**

As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For the purpose of this section:

- (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
- (2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

---

**PROFIT AS A SEPARATE ELEMENT OF PRICE**

---

For purchases using federal funds in excess of \$250,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, the Supplier agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Supplier agrees that the total price, including profit, charged by the Supplier to the participating agency shall not exceed the awarded pricing.

---

**RECORD RETENTION REQUIREMENTS FOR CONTRACTS PAID FOR WITH FEDERAL FUNDS – 2 CFR § 200.333**

---

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that it will comply with the record retention requirements detailed in 2 CFR § 200.333. The Supplier further certified that Supplier will retain all records as required by 2 CFR § 200.333 for a period of three years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

---

**CERTIFICATION OF COMPLIANCE WITH THE ENERGY POLICY AND CONSERVATION ACT**

---

When federal funds are expended by participating agencies for any contract resulting from this procurement process, the Supplier certifies that the Supplier will be in compliance with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conversation Act (42 U.S.C. 6321 et seq.; 49 C.F.R. Part 18; Pub. L. 94- 163, 89 Stat. 871).

---

**CERTIFICATION OF NON-COLLUSION STATEMENT**

---

Supplier certifies under penalty of perjury that its responsible to this procurement solicitation is in all respects bona fide, fair, and made without collusion or fraud with any person, joint venture, partnership, corporation or other business or legal entity.

Pursuant to Federal Ruling, when federal funds are expended by participating agencies, the Supplier hereby certifies that during the term of an award for all contracts by participating agencies resulting from this procurement process, Supplier certifies compliance will all provisions, laws, acts, regulations as specifically noted above. The Supplier agrees to comply with all federal, state, and local laws, rules, regulations, and ordinances, as applicable.

## Evaluation Report RFP #26.05 Technology Catalog

### Description of Solicitation

The Cooperative Purchasing Connection (CPC) issued Request for Proposal (RFP) #26.05 Technology Catalog on October 27, 2025. The intent of this solicitation was to establish a cooperative contract(s) for technology products and services.

Proposals were due on November 25, 2025, and CPC followed all established opening procedures to determine responsiveness and compliance.

### Summary of Evaluation Activity

Proposals were evaluated by Amy Lohse, Procurement Specialist, Melissa Mattson, Director of Administrative Services, and Joni Puffett, Procurement Solutions Program Director.

CPC received nine (9) proposals by the submission deadline. They include Aztek Computers, Bluum, Bytespeed, Paloma Learning Inc., Trafera Holdings LLC., Twotrees Technologies, LLC, Zones Inc., vCloud Tech, Inc., and Focus Camera LLC. The proposals were reviewed for compliance with the mandatory requirements outlined in the RFP. Seven (7) proposals were found to be compliant and deemed responsive. Two (2) proposals (vCloudTech, Inc., Focus Camera) did not meet the requirements to be included in the evaluation process.

Evaluators conducted their consensus evaluation on December 10, 2025, using established criteria outlined in the RFP. A summary of results is included below.

### Evaluation Scoring Results

Refer to the attached Master Score Sheet (Exhibit A) for scoring details.

### Evaluation Discussion & Overview

Upon review of the proposals, evaluators did not require clarifications.

Evaluators noted the following:

**Aztek Computers** - Upon technical review, Aztek's submission for Part 3 – Questionnaire was determined to be incomplete, and therefore did not proceed past the technical evaluation.

**Paloma Learning** - Upon technical review, Paloma's proposal did not fully align with the desired scope of work and was not advanced to the next stage of evaluation.

**Bluum**

1. Minnesota-based reseller offering extensive catalogs of technology products.
2. No minimum order requirements.
3. Provides standard delivery times supported by strong logistics capabilities and multiple warehouse locations.
4. Structured customer service processes contributing to customer retention.
5. Clearly defined contract administration processes.

**Bytespeed**

1. Minnesota-based small business that operates as both a manufacturer and reseller.
2. Offers a broad portfolio of technology products; no minimum order requirements.
3. Provides extensive warranty coverage.
4. Proposed value-added services such as free consultations, 30-day trial evaluations, live phone support from locally based technicians, and customized hardware solutions.
5. Demonstrates strong marketing, customer service, and cooperative contract participation practices.

**Trafera Holdings, LLC**

1. Minnesota-based reseller with strong relevance to the tri-state area.
2. Offers a broad K-12-focused catalog; no minimum order requirements.
3. High customer retention rates; high success rates in meeting project timelines.
4. Maintains structured pricing and self-audit practices.
5. Robust customer engagement through trade shows, lunch-and-learns, and established marketing processes.

**TwoTrees Technologies, LLC**

1. Regionally-based reseller with a strong physical presence; multiple office locations across MN, ND, and SD.
2. Offers a broad catalog of education-focused technology.
3. Provides onsite consultative services supported by a highly certified team; extensive installation experience.
4. No minimum order requirements.
5. Demonstrates strong organizational maturity, stability and innovation efforts.

**Zones, LLC**

1. National technology solutions provider and reseller; operates on a national scale.
2. Classified as a minority owned business.
3. Offers robust ordering and procurement integration options.
4. Technical responses were high level; lacked supporting details specific to CPC's tri-state footprint.
5. Proposed a limited number of catalogs despite representing numerous manufacturers.

**Recommendation**

After analysis of the proposals, evaluators recommend the following suppliers for award: Bluum, Bytespeed, Trafera Holdings, LLC., and Twotrees Technologies, LLC.

The recommendations and awards are subject to final review by CPC Administration and approval by the Board of Directors.

**Award Decision, RFP #26.05 Technology Catalog**

---

Dear Eric:

Thank you for your time, effort, and interest in supplying a response for Request for Proposal (RFP) #26.05 Technology Catalog.

The evaluation committee, using the criteria outlined in the RFP documents, has completed its review of the proposals received.

Due to the diverse strengths and capabilities demonstrated by the proposals received, CPC finds great value in awarding multiple vendors, including your organization. We are pleased to announce that your proposal is one of four receiving a recommendation for an award.

This decision is subject to the approval of the Cooperative Purchasing Connection and the North Dakota Educators Service Cooperatives Boards of Directors and the successful negotiation of a mutually acceptable contract.

I will be contacting you soon to finalize a contract. Thank you for submitting your proposal! We look forward to working with you.

Regards,
