## I. General Solicitation Procedures

### A. Issuing Agency

The great benefit to the Vendor is that one response may be prepared for approval by AEPA and awarded by multiple AEPA Member Agencies and utilized by their Participating Entities located throughout many states. Solicitations may be issued as an IFB or an RFP depending on the category of goods/services being solicited. Respondents to a solicitation will submit their response in the required formats (PDF, Excel) of all files requested along with current pricing via Bonfire, a free online bidding platform, by the published due date and time. Respondents selected in response to this solicitation have the potential to provide products and services to local education agencies serving over 36,000,000 (excludes non-represented AEPA states) students, with additional local government agencies as permitted by state law.

Each AEPA Member Agency will individually publish notice of the solicitation. Respondents will submit responses online, electronically via Bonfire (<https://aepacoop.bonfirehub.com/>). Instructions on registering for AEPA solicitations on Bonfire can be found on the AEPA website, <https://aepacoop.org/registration-solicitations/>. Responses deemed complete at opening will be evaluated by solicitation category committees comprised of AEPA Member Agencies representatives who have indicated they will participate in the category of products and services being solicited, and after AEPA approval, individual AEPA Member Agencies may award contracts to the AEPA Approved Vendor Partners or reject their offers.

The procurement activities of AEPA are limited to document preparation, distribution of the solicitation, initial evaluation, and recommendation for possible approval to AEPA Member Agencies. AEPA consists of agency officials who have agreed to assist one another in meeting the public purchasing needs of local school districts and other political subdivisions.

Contracts awarded through cooperative purchasing must meet the procurement laws of the states of each AEPA Member Agency. When these laws are satisfied, an individual entity using these contracts is deemed in compliance with competitive procurement regulations. As allowed by specific state statutes, they can issue purchase orders for any amount without the necessity to prepare their own solicitation./ This saves the entity time and allows for economical and efficient purchasing.

**AEPA requires that Respondents only respond if they can offer prices equal to or better than what they ordinarily offer to individual entities or cooperatives with equal or lesser volume.** State laws that permit or encourage cooperative purchasing contracts do so in the belief that it saves the participants both time and money. Time is saved by having access to volume discounted contracts publicly solicited and being able to purchase what is needed without having to wade through the solicitation process (write solicitation, advertise the solicitation, open each response, evaluate, and select). Money is saved in procurement cost and lower prices will be the result of volume purchasing. Therefore, a contract issued by a cooperative can be used by hundreds of separate political units; but if it has the same or higher prices than what a single agency or state contract can get through its own solicitation, a cooperatively solicited contract may not be attractive to these members. **We request that Respondents respond with advantageous pricing and package so that together we can attract members to prefer the cooperatively awarded contract.**

The AEPA policy for membership permits new agencies to become AEPA Member Agencies upon approval of existing members. If additional Agencies are added, they and their members may procure from existing contracts upon approval of the awarded Vendor Partners and in accordance with their state laws.

#### **B. Questions**

All questions from Respondents must be submitted online through Bonfire, AEPA will not accept questions in any other format during the solicitation process. All questions received during the solicitation process will be available via Bonfire. All Respondents will be automatically notified through email when AEPA responds to a question asked by a potential respondent. It is the Respondent's responsibility to check Bonfire for any questions and answers before the deadline. Questions received after the deadline date will not be answered.

Should AEPA issue addenda during the solicitation process, all Respondents will be automatically notified through email of the released addenda. AEPA is not responsible for Respondents not acknowledging the issued addenda and not submitting a response according to those changes.

Questions regarding accessing this solicitation through Bonfire can be directed to the Director of Solicitations at [bid-committee@aepacoop.org](mailto:bid-committee@aepacoop.org).

#### **C. Respondent Qualifications**

An essential part of the solicitation process is an evaluation to qualify the company being considered. All solicitations must contain answers, responses, and/or documentation to the information requested in the documents. Any Respondent failing to provide the required information/ documentation may be considered non-responsive, this includes submitting a response not in the proper format.

Respondents must demonstrate their ability, capacity, and available resources to provide the proposed products and services to 90% of the AEPA Member Agencies indicating an interest in participating in the categories being solicited, or at least one Region for solicitations involving a Regional component. The Respondents are required to communicate and demonstrate within their response they have extensive knowledge, background, and at least five (5) years of experience with manufacturing, obtaining, delivering, installing, maintaining, and/or supporting the product lines of products, equipment, services, or software offered. AEPA and/or its Member Agencies reserve the right to accept or reject newly formed companies or companies failing to demonstrate their abilities or capacity solely based on information provided in the solicitation response and/or its own investigation of the company.

#### **D. Bid/Proposal Security**

If required as noted at the top of this Part, bids or proposals must be accompanied by a satisfactory security bond. Please note that not all AEPA Bid categories require a security bond.

If a security bond is required, a hard copy of the bid security must be in the possession of AEPA on or before, the exact due date and time. Original copies of the security must be submitted to AEPA c/o EducationPlus, ATTN: Purchasing Dept, 1460 Craig Road, St. Louis, MO 63146 in a sealed envelope with the Solicitation Number, Solicitation Category, and Respondent's name and address clearly indicated on the envelope or box. A copy of the bid security must be submitted via Bonfire. AEPA will not reject a response from a Vendor whose bid bond has not arrived by the due date and time as long as a scanned copy of the bid bond dated prior to the due date is uploaded with their response and the actual bond is in transit. If the designated location for receiving the bid security is closed due to an unforeseen circumstance on the day the security is due (due date), the security will be due at the same time on the next day the building is open.

An acceptable bid/proposal security will have the principal being the Respondent and the Association of Educational Purchasing Agencies listed as the Agency of Record. The Security may be a one-time bond underwritten by a surety company licensed to issue bonds in the state of Nevada and said surety to be approved in federal circular 570 as published by the United States treasury department or the equivalent in cash or an irrevocable letter of credit from a FDIC financial institution. The security bond must remain in force for one hundred twenty (120) days of the solicitation opening.

#### **E. Solicitation Submittal**

##### **1. Preparation of the Response**

- a. The solicitation is published in multiple parts.
  - i. Part A contains the solicitation instructions, and the technical specifications.
  - ii. Part B is the general terms and conditions for all AEPA agencies.
  - iii. Part C includes specific state terms and conditions. This is where you will find information about each AEPA state member and any specific procurement rules of each state.
  - iv. Part D is a required Questionnaire found and completed in Bonfire.
  - v. Parts E and F are to be filled out in their entirety and submitted online via Bonfire in their required formats with the Respondent's offer. Some categories may request additional forms. All forms must be uploaded before the published solicitation due date and time of opening.

- c. Forms requiring signatures must be submitted by the person authorized to sign the bid or proposal response. Failure to properly sign the solicitation documents may result in the offer being deemed non-responsive.
- d. In case of an error in extension of prices in the solicitation, unit prices must govern.
- e. Periods of time stated as a number of days must be in calendar days, not business days.
- f. It is the responsibility of all Respondents to examine the entire solicitation package, to seek clarification of any item or requirement that may not be clear, and to check all responses for accuracy before submitting an offer. Negligence in preparing an offer confers no right of withdrawal after due time and date.

- g. The Respondents' ability to follow the preparation instructions set forth in this solicitation will also be considered as an indicator of the Respondents' ability to follow instructions should they receive an award as a result of this solicitation. Any contract between the AEPA Member Agency and a Respondent requires the delivery of information and data. The quality of organization and writing reflected in the offer will be considered to be an indication of the quality of organization and writing which would be prevalent if a contract was awarded. As a result, the offer will be evaluated as a sample of data submission.
2. **Document Development:** Forms for this solicitation are published in Bonfire, in Excel, and PDF formats. Some forms (questionnaire) may be completed directly in Bonfire. Respondents must scan and upload all documents to Bonfire following the Solicitation Checklist, along with any additional documents or files other than those listed below that may be requested and/or related to the solicitation.
    - a. **Part C – Member Agency (State) Terms and Conditions:** Some states require additional documentation and signature forms. Review Part C and submit the required state documents with your offer. Submit all state-specific forms as one (1) form in PDF format.

    - d. **Part F – Discount & Pricing Workbook:** Complete the Excel workbook provided. Be sure to complete the **REQUIRED** tabs as outlined in Part F.
    - e. **Price Lists and/or Catalogs:** For catalog bids, Respondent's most recent catalog(s) or price lists must be included. If a hard copy is submitted, it should be in pdf format. Links to online pricing are acceptable as long as pricing is included, not just descriptions of product.
  3. **Solicitation Transmittal**
    - a. It is the responsibility of the Respondent to be certain that its submittal has been uploaded in its entirety to Bonfire, on or prior to the exact published due date and time.
    - b. Submitted responses will be opened, and the Opening Record will be posted on the AEPA website.

F. **Solicitation Evaluation, Approval, and Award:** Solicitation responses received will be evaluated in accordance with acceptable standards of cooperative procurement, set forth in and governed by the Procurement Codes of AEPA Member Agency's states; AEPA by-laws, policies, and procedures; AEPA Member Agencies' policies and procedures.

For IFB categories, approval of prospective Vendor Partners and recommendation of contracts will be made to the lowest responsive and responsible respondents utilizing the criteria listed in this solicitation. As a reminder, AEPA recommends offers to Respondents. Final contract awards are subsequently made by individual AEPA Member Agencies.

1. **Responsive Offer:** A responsive offer reasonably and substantially conforms to all material requirements of the solicitation. Offers must be responsive and

approved by AEPA to receive award consideration by AEPA Member Agencies. To be determined responsive, the response must meet all of the requirements below:

- a. Submitted on time.
- b. Materially satisfy all mandatory requirements identified throughout the solicitation.
- c. Must substantially conform to all of the specified requirements in the solicitation in the judgment of AEPA and its AEPA Member Agency representatives.
- d. Any deviation from the requirements indicated herein must be stated, in writing, and included with the offer submitted. Otherwise, it will be considered that responses are in strict compliance with all requirements, and any successful vendor will be held responsible, therefore.
- e. Deviations or exceptions stipulated in response may result in the offer being classified as non-responsive. Language to the effect that the Respondent does not consider this solicitation to be part of a contractual obligation will result in that Respondent's offer being disqualified. Terms of the solicitation that any Respondent considers particularly unwarranted, and to which that would have to take significant exception in his/her offer, should be stated clearly and concisely as exceptions and/or deviations.
- f. In preparing a proposal, the Respondent's inability to follow the proposal preparation instructions set forth in this solicitation and its inability to provide written responses, narratives, requested and support documentation relating to the Respondent's qualifications; abilities; capacity; products; specifications; delivery, installation, setup, maintenance; support services and pricing utilized by AEPA evaluators may result in the Respondent's offer to be deemed non-responsive.

2. **Non-responsive Offer:** Any offer that does not conform to all material requirements of the solicitation including, but not limited to: offers received in a manner other than via Bonfire; offers that do not contain required items and/or provided in the format required, such as proper and/or signed forms, pricing, catalogs, electronic files; offers that do not contain the proper security bond where required; failure to meet the specified qualifications, product specifications, stipulated documentation or pricing equal to or better than individual entities or cooperatives with equal or lesser volume. AEPA reserves the right to request documents that do not affect pricing, waive minor irregularities, and/or seek clarification following its Board approved procedures. Offers deemed non-responsive will not be considered for approval and award.

3. **Responsible Respondent:** A responsible Respondent is a firm or person with the qualifications, capability, and capacity to perform the contract requirements with integrity and reliability, which will ensure good faith performance. As a part of the process of determining responsible respondents during the evaluation period, the category committee may request reports that describe the financial soundness of your organization. You may be asked to include a third-party report or reports that demonstrate your firm's strength. Accepted financial reports may include balance sheets and Profit & Loss statements for the past three years, a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies).

AEPA's approval of a response will make the Respondent available for consideration to the AEPA Member Agencies for contract award. Factors to be considered in determining whether the standard of responsibility has been met may include but are not limited to whether a Vendor Partner has:

- a. Submitted a responsive offer;
- b. The qualifications stipulated in this solicitation, such as adequate financial resources, production or service facilities, personnel, service reputation and experience to make satisfactory delivery of the products, services, or construction;
- c. A demonstrated and documented satisfactory track record of performance in the national marketplace;
- d. A satisfactory record of integrity and a reputation of responding to and meeting educational and local government institutions' needs, adherence of and compliance with federal, state, local and industry standards, rules, regulations, and codes;
- e. Quality and suitability of products and services offered to meet and perform to the specifications, expectations, and requirements identified in this solicitation;
- f. Supplied all necessary information and data in connection with determining whether a Respondent meets the standard of responsibility.

**4. Cost Evaluation:**

- a. Cost and price schedules conform to and provide the information required in this part of the bid or proposal;
- b. Pricing offered that is equal to or better than what they ordinarily offer to individual entities or cooperatives with equal or lesser volume;
- c. Methodology used by AEPA and its AEPA Member Agencies to approve prospective Vendor Partners and award contracts for a Catalog Bid is as follows;
  - i. Lowest responsive, responsible Bidder(s) is/are determined based on the price evaluation criteria; and by a "Core List" and/or by creating a "Market Basket Study" to compare overall pricing between Respondents. A "Market Basket" is a list of items typically purchased by AEPA Member Agencies and their Participating Entities that represent a cross-section of the types of those items purchased. The selection and quantity of line items evaluated will be at the sole discretion of the AEPA evaluators. Based on the cost evaluation, a recommendation will be made to approve a single Bidder or make a multiple Bidder award. The evaluation committee may consider such factors as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting AEPA members' needs.

**G. Contract Award and Implementation**

An AEPA category committee will perform an initial response review and evaluation and will prepare and make a recommendation to AEPA for its consideration and approval. Those selected Respondents who are approved by AEPA will then be considered by the individual AEPA Member Agencies for contract award. It should be noted that once AEPA has approved the response, a Respondent becomes a "Vendor Partner" for AEPA.

All respondents will be notified of the outcome of the solicitation. Vendors recommended for award by AEPA states will be posted on the AEPA website.

Once approved by the AEPA Board, each Member Agency will be provided with a copy of Part E Signature Forms (contract) to complete and send to the Vendor Partner. Each

AEPA Member Agency will review, evaluate, and determine which Vendor Partner, if any, it will award contracts to.

If necessary, the approved Vendor Partner and the AEPA Member Agency will hold final contract negotiations, if allowed by state laws, prior to the Member Agency submitting the contract to the Vendor Partner, to work out state-specific details of contract implementation including:

1. Acquiring additional information and having discussions on how the awarded contract will be executed.
2. Signing the contract with the AEPA Member Agency.
3. Jointly develop marketing strategies and a plan for contract roll-out activities to the AEPA Member Agency's Participating Entities (Advertising, flyers, website access, etc.).
4. Establish how orders will be processed, handled, and reported.
5. Contract management: Establish how and by whom the day-to-day contract management will be handled and who will be the AEPA Member Agency's representative.

It is not guaranteed that each AEPA Member Agency will enter into a contract with AEPA approved Vendor Partners. The final decision as to the appropriateness of a contract for a Member Agency rests solely with that AEPA Member Agency.

## **II. Responsibilities of a Vendor Partner**

A. As an approved AEPA Vendor Partner, the following is expected in support of the contract:

1. Designate and assign a dedicated senior-level contract manager (one authorized to make decisions) to each of the Member Agency accounts. This employee will have a complete copy and must have a working knowledge of the contract.
2. Train and educate sales staff on what the AEPA cooperative contract promised, including pricing, who can order from the contract (by state), terms/conditions of the contract, and the respective ordering procedures for each state. It is expected that Vendor Partners will lead with AEPA contracts.
3. Develop a marketing plan to support the AEPA contract in collaboration with respective AEPA Member Agencies. The plan should include, but not be limited to, a website presence, electronic mailings, sales flyers, brochures, mailings, catalogs, etc.
4. Create an AEPA-specific sell sheet with a space to add a Member Agency logo and contact information for use by the Member Agencies and the Vendor Partner's local sales representatives to market within each state.
5. Quarterly, complete the sales and administrative fee report (see PDF example included along with other solicitation documents in Bonfire) and submit them to each Member Agency along with the respective administrative fees to be paid. If there are no sales, a \$0 report is required.
6. Report sales and administrative fees to AEPA, by participating state, if requested by AEPA.
7. Have ongoing communication with the Category Committee Chairperson, AEPA Member Agencies, and the Member Agencies Participating Entities.
8. Annually attend two (2) AEPA meetings: Annual meeting which is typically in April or May and the Winter Meeting which is typically the week after Thanksgiving. At the Annual Meeting, Vendor Partners participate in engagement activities with AEPA Member Agencies. Vendor Partners that have paid the registration fees can participate in the meetings.

9. Trade show support: Strongly encourage participation in national and local conference trade shows to promote the AEPA contracts such as, but not limited to, the Association of School Business Officials (ASBO), the National Institute of Governmental Purchasing (NIGP), and the National Association of Educational Procurement (NAEP).
10. Increasing sales over the term of the contract with all participating AEPA Member Agencies.

### **III. Responsibilities of AEPA Member Agencies**

A. In support of the Vendor Partner and respective contract, each AEPA Member Agency should provide the following support:

1. Designate a staff member(s) that will serve as a point person for the AEPA program within that state.
2. Provide a staff member to work collaboratively with the Vendor Partner to determine the best marketing plan for the respective Member Agency state. Marketing efforts may include but not be limited to the education and use of sales force, a website presence, electronic mailings, brochures, mailings, etc.
3. Develop marketing materials for the Member Agency to use that would include representation of the awarded contracts. Materials may include, but not be limited to, a website presence, electronic mailings, sales flyers, brochures, mailings, catalogs, etc. as determined by the respective Member Agency and what works best within their state.
4. Assist the Vendor Partner to jointly market the contract to potential Participating Entities within the state.
5. Work with the Vendor Partner to identify eligible Participating Entities within the state possibly including providing a list of potential customers.
6. Work with the Vendor Partner to identify and help manage costs associated with fulfilling this contract.
7. Attendance at the two (2) AEPA meetings which provides for an opportunity to interact with Vendor Partners.

## 10. Pricing

AEPA has identified and stipulated the type of bid and the pricing methodologies that are to be utilized to price and submit bid prices. The Vendor Partner agrees that the cost for any item bid or offered on this contract will be uniform for all states, and that any differences in pricing are due to state specific installation and labor costs, AEPA Member Agency's Administrative Fee, or other approved reasons. The Bidder must provide their pricing as requested utilizing the various pricing methodologies specified. The Bidder/Vendor Partner must agree that they will offer prices equal to or better than what they ordinarily offer to individual entities or cooperatives with equal or lesser volume. Please note the following that relate to pricing:

1. **Primary Pricing Strategies:** All Bidders will be required to submit "Primary Pricing" in the form of either "Catalog Pricing" or "Line-Item Pricing." Bidders are also encouraged to offer OPTIONAL pricing strategies including "Hot List" and "Volume Discounts".
  - a. **Catalog Pricing:** Catalog pricing is utilized when the products and/or services solicited are clearly identified with set and specific characteristics, attributes and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Bidder offers a fixed discount(s) off retail price, catalog price, published

price or list price. The discounts may be for the entire commercially available catalog, for specific products, product lines, manufacturers or category of products as determined by the Bidder.

- i. **Discounts:** Discount offers must clearly identify percent of discount to apply to a commercially available catalog, manufacturer, MSRP, retail or nationally published price lists. Bidders shall identify and stipulate if the discounts apply to the entire catalog/price list, specific product lines, manufacturers and/or categories of products. Bidder shall agree that there will be no reduction in discount(s) during the term of the contract. Discounts should be identified as a single minimum discount percentage for each line; ranges of discounts, or discount averages, will not be allowed on a single line.
- ii. **New Catalogs/Price Changes:** New catalogs and corresponding nationally published price lists may be submitted throughout the term of the contract and shall be submitted to the AEPA Category Committee for review prior to release to all AEPA Member Agencies. Prices may change based on manufacturer's price changes, new published pricing or price lists, but the original discount bid shall remain firm for the duration of the contract.
- iii. **Core List:** In a Catalog Priced bid, a category (e.g.-office supplies) may include a "core list" which contains a selection of the most commonly used products/services with the expectation that a deeper discount would be bid for these items. If a new catalog and price list are published during the contract term, the original discounts shall be applied to the new published prices to establish the AEPA price for these core items.
- iv. **Product Addition/Discontinuation:** New products, within the same scope of work, may be added at the established percentage discounts at any time. Discontinued products may be dropped at any time during the year. In the event a Core item is discontinued by the manufacturer during the term of the contract, Vendor Partner is required to add a functionally equivalent substitute at the same discount structure.

New products or manufacturers added after the award may only be included if they fall within an established percentage discount category of the original bid submission. Alternatively, for new products or manufacturers not included in the original bid submission, the bidder must stipulate a minimum catalog discount on Tab F.2 of the Part F Pricing Workbook, that would apply to new products or manufacturers. Bidder may stipulate discounts off specific brands or lines of goods, or state a minimum discount that would apply universally to any additions made after the original bid submission (see Sample below). Products that do not align with either of these existing discount structures cannot be added.

  - ii. F.2 - Pricing Schedule (Required) For EACH manufacturer and/or CATALOG you're proposing, provide information as requested. A current price list must be submitted as a PDF or link to an online source.
  - iii. F.3 – Services Price Schedule (Optional)
  - iv. F.4 – Volume Discounts (Optional)
- c. Bid pricing will be evaluated on a combination of items from the Pricing Schedule and Market Baskets for Evaluation. Market Basket information will be entered into Bonfire via the browser. This information is Required. See Submission Instructions for Suppliers for more details.
- d. Pricing evaluation may include considerations, other than product cost, including the total cost of the acquisition and whether the Proposer's offering represents the best value. See Evaluation, Approval and Award in Part B – AEPA General Terms and Conditions for additional information.
- e. Bidders are instructed to include warranty information and incidental charges and fees on Table F.3 of the Part F Pricing Workbook or on additional sheets in the Excel pricing document. Bidders may not charge incidental charges or fees unless such incidental charges and fees are included in the bid. Responses such as “negotiable” or “to be determined” are not acceptable and will be treated as if Bidder did not include such incidental charges or fees in their bid.

### **8. Evaluation**

The AEPA Committee for this category will evaluate bid responses based on the entire response, and according to the criteria detailed in Part A for AEPA's definition of Responsive and Responsible bids.

As a part of the process of determining responsible respondents, the category committee may request reports that describe the financial soundness of your organization. You may be asked to include a third-party report or reports that demonstrate your firm's strength. Accepted financial reports may include balance sheets and Profit & Loss statements for the past three years, a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies).

A recommendation may be made to recommend a single response, or to recommend multiple bidders based on differentiation of product or service between bidders. AEPA will vote as a whole to accept or not accept the committee's recommendation. Once accepted, each recommended bid response will go to the individual states for contract approval. Please note, pricing evaluation may include other considerations, including the total cost of the acquisition and whether the Proposer's offering represents the best value. The evaluation committee may consider such factors as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting AEPA members' needs.

Below is a summary taken from the Evaluation section in Part A, F. Bid Evaluation, Approval and Award:

**I. About AEPA**

Welcome to this [Association of Educational Purchasing Agencies \(AEPA\)](#) solicitation. AEPA is a unique school procurement consortium established in 2000 and incorporated in 2007 under the state laws of Nevada. We are a consortium of non-profit public agencies representing thirty-one (31) states. We joined to issue simultaneous Invitations for Bids (IFB), or Request for Proposals (RFP), generating sales for vendor partners in all fifty (50) states. AEPA’s mission is to cooperatively serve our members through a continuous effort to explore and solve present and future purchasing needs. Our goal is to secure multi-state volume purchasing contracts with benefits for our public members that are measurable, cost-effective, and exceed members’ expectations for customer service and value. AEPA is committed to accomplishing this mission lawfully and ethically, using leading-edge technology and contemporary business practices.

The advantage for vendors to work with AEPA is that you respond to one bid or proposal that is legally performed across as many as 31 states, which have the potential to sell nationwide. You are working with up to 31 agencies with a long and trusted history with their public membership. Through our partnerships, AEPA vendors have access to thousands of public agencies across the country. We are a billion-plus-dollar procurement group through our current awarded vendors and are growing.

AEPA designates one Member Agency per state that is operating legally under the rules and regulations of that state. Any additional agencies that wish to participate will negotiate with the authorized Member Agency and participate through them in a way they mutually agree is not in conflict with AEPA procedures. The Member Agency will be the only agency allowed to represent that state at AEPA and will be the only communication link between AEPA and that state.

Each Member Agency, along with the awarded Vendor Partner, represents, supports, and promotes AEPA contracts within their respective state. While the consortium was initially created to support educational entities, the Member Agency for each state determines which public entities (higher educational institutions, cities, counties, townships, states, etc.) can utilize the competitively solicited contracts. Participating entities may include Public and Private School Districts, Educational Service Agencies, Intermediate School Districts, Higher Education Institutions, Federal Agencies, State Agencies, Local Public Bodies, and Nonprofit Non-Public Corporations, Organizations, other entities contracted to conduct business on behalf of a participating entity provided they are required to follow member state and local procurement regulations, etc. that have authorizations to utilize AEPA Member Agencies’ Awarded Contracts.

AEPA has an elected President, Vice President, Secretary, and Treasurer. Operations are overseen by the Executive Director. Solicitations are overseen by the Director of Solicitations. The AEPA Board representing member states meets twice per year and operates otherwise through a sophisticated committee structure.

## II. General Terms and Conditions for All Agencies

*For the purposes of this Solicitation, the following terms must be defined as indicated below, and constitute the general terms and conditions for all AEPA Member Agencies:*

**Administrative Fee:** The percentage of sales that each Vendor Partner pays the Member Agency for sales in their respective state or states that they extend AEPA pricing to. Administrative Fees must be paid to each Member Agency quarterly. Administrative fees may not exceed 2% based on volume sold net of shipping, sales and government fees.

**Advertising:** Vendor Partner must not advertise or publish information concerning this contract prior to the award being announced by AEPA Member Agencies. Once the award is made, the Vendor Partner may advertise to the individual Participating Entities that products/services are available. Vendor Partner must submit ad copy to the AEPA Member Agency for review and approval prior to issuing the advertisement.

**AEPA Bi-Annual Meetings:** AEPA holds two general meetings each year: one in the Spring (usually in April or May) and the other in the Winter (usually in November or December). AEPA requires that all successful contract holders attend both meetings and participate in the vendor engagement activities at the Spring meeting. AEPA requests that all vendor partners register in advance and stay at the AEPA official hotel if rooms are available. All registrations for the meetings are required by the official registration due date as announced by AEPA.

**AEPA Member Agency:** Refers to the entities identified in the table in Part I of this document who are approved as AEPA members. Member Agencies participating in a particular category are listed in Part A – IV. Specifications, Item 2: Anticipated Member Agency Participation. "Direct or Indirect Participation" may include their involvement through the formulation of any part of a procurement activity; the influencing of the content of any term, condition and/or specification; the evaluation, investigation, auditing and/or the rendering, of advice, recommendation, decision, approval, disapproval and the award and implementation of procurement contract. Not every listed entity may elect to participate in a solicitation once the responses are reviewed and approved.

**Affirmative Action:** An Affirmative Action Plan, Certificate of Affirmative Action, or other documentation regarding Affirmative Action may be required by AEPA Member Agencies. Vendors must comply with requirements and/or requests for information regarding Affirmative Action by Member Agencies.

**Amendment of Solicitation:** A solicitation may be amended up to the time of opening.

### **Appeal:**

1. **Initial Contact with Category Committee:** A Respondent desiring appeal of a decision regarding a solicitation or a contract recommendation shall first address, in writing, the appropriate Category Committee. The Category Committee, in collaboration with the Director of Solicitations, will determine an appropriate resolution to the appeal. In addition, the Executive Director and Solicitations Committee will act as advisors in the appeal process.
2. **First Appeal to President:** If the issue appeal is not satisfactorily resolved, it may be submitted to the President of AEPA to determine if the appeal can be satisfactorily resolved or should be presented to the Board.

**Applicable Law:** The laws of the state of the respective AEPA Member Agency must govern any resulting contract of this solicitation. Suits pertaining to this contract may be brought only in courts in the County and State as prescribed by the AEPA Member Agency. Both parties agree that the Uniform Commercial Code, as adopted by the State of the AEPA Member Agency, must fully apply. The Vendor Partner must comply with any and all laws, whether local, state, federal or otherwise, applicable to any aspect of the work to be performed in relation to the resulting contract. It must be the Vendor Partner's responsibility to identify, make themselves aware of, and determine the applicability and requirements of any such laws and to abide by them.

**Approval and Awarding of Contract:** AEPA and its AEPA Member Agencies reserve the right to approve and award a contract to one Vendor Partner, to make multiple approvals and awards, to reject any or all offers in whole or in part, to waive any minor formalities or irregularities in any offers, and to accept offers, which in its discretion and according to law may be in the best interest of the AEPA Member Agencies and their Participating Entities. A response to this solicitation is an offer to contract with the AEPA Member Agencies based upon the terms, conditions, and scope of work and specifications contained in this invitation. A solicitation does not become a contract unless and until it is accepted, recommended, and approved by AEPA and awarded by the individual AEPA Member Agency. A contract is formed when an AEPA Member Agency administrator and, if required, an AEPA Member Agency Board approves and signs the Acceptance of Solicitation and Contract Award Form (see Part E) document, eliminating the need for a formal signing of a separate contract.

**Assignment:** No right or interest in this contract must be assigned or transferred by the Vendor Partner without prior written permission by AEPA and its AEPA Member Agencies, and no delegation of any duty of the Vendor Partner must be made without prior written permission by the AEPA Member Agency. AEPA and its AEPA Member Agencies must not unreasonably withhold approval and must notify the Vendor Partner within fifteen (15) days of receipt of written notice by the Vendor Partner.

**Audit Rights:** In accordance with applicable law of the State of the AEPA Member Agency, the Vendor Partner's books, and pertinent records related to this contract may be audited at a reasonable time and place.

**Authority:** This solicitation, as well as any resulting contract/agreement, is issued under the general authority of the State laws of the AEPA Member Agency and those identified within the AEPA Member Agencies' Specific Terms and Conditions, Part C, (see also Procurement Code below). Internal or external Cooperative Purchasing Agreements between the AEPA Member Agency and Participating Entities may exist.

**Bidder/Respondent/Offeror/Vendor Partner Definitions:**

**Bidder, Respondent, Offeror, and Vendor Partner** are interchangeable and are used to identify the person(s) or firm(s) submitting a response to an Invitation for Bid or Request for Proposal.

1. Prospective Respondent/Bidder/Offeror: has notified AEPA of a desire to bid by registering on the AEPA solicitation portal. "Bidder" has submitted an offer to AEPA in response to an AEPA solicitation.
2. Recommended Respondent/Bidder/Offeror: has been approved by AEPA for its AEPA Member Agencies for contract consideration.
3. Vendor Partner: has entered into a contract with a participating AEPA Member Agency or subsequently a Participating Entity.

**Bonfire eProcurement Platform (<https://gobonfire.com/>), AKA Euna Procurement:**

An easy-to-use platform that provides Respondents with the automatic notification of open solicitations, automatic notification of answered questions and issued addenda, and a way to electronically submit an organization's solicitation response. All changes, updates, uploads, and downloads are time-stamped and logged as part of the solicitation process. Vendors must register to use Bonfire. Registration information is on the [AEPA website](#). There is no cost for vendors to use Bonfire. Bonfire has recently changed its name to EUNA Procurement. Therefore, the names Bonfire and EUNA Procurement are interchangeable in this solicitation.

**Brand Names:** The use of the name of a manufacturer, brand, make or catalog number does not restrict the Respondent. Brand names and model numbers are used to indicate the character, quality, and/or performance equivalence of the commodity on which offers are submitted. Respondents may submit alternates. However, AEPA reserves the right to decide whether alternatives to the identified manufacturer and brand are equal to the product, equipment, and/or service described in the invitation. AEPA's decision must be final.

**Buyer:** Identifies the AEPA Member Agencies and their Participating Entities that acquire and purchase commodities, supplies, materials, equipment, and services under AEPA Member Agencies' awarded contracts.

**Captions, Headings, and Illustrations:** The captions, illustrations, headings, and subheadings in this solicitation are for explanation only and in no way define, limit, or describe the scope or intent of the request.

**Certification:** By signature in the solicitation section of the Contract Award page, the Respondent certifies: the submission of the offer did not involve collusion or other anti-competitive practices; the Respondent must not discriminate against any employee, or applicant for employment in violation of Federal and State Laws; the Respondent has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with the submitted offer; and the Respondent agrees to promote and offer to AEPA Member Agencies and Participating Entities only those materials and/or services as stated in and allowed under resultant contract(s) awarded.

**Christian Doctrine:** Any federal, state, and local governing authority's/jurisdiction's statutes, codes, rules, and regulations referenced and/or govern the products, services, and activities relating to and are part of this solicitation, whether or not physically noted or included, must be complied with, and adhered to as required. It is the sole responsibility of the Respondent to perform and complete any necessary research and investigation required to make themselves aware of and comply with this item.

**Clarification:** As used in this solicitation, clarification means communication with a Respondent for the sole purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the solicitation. It is achieved by explanation or substantiation, either in response to an inquiry by the AEPA Member Agency or as initiated by the Respondent. Clarification does not allow the Respondent to revise or modify its solicitation.

**Commercially Available Catalog:** A published paper catalog or an online website that is widely distributed or accessible to a wide population or set of businesses across the United States. It is made available to the general public, public or nonprofit entities and contains a verifiable price, along with product descriptions, SKU numbers, and photographs. A commercially available catalog is distinct from a custom catalog or website, whose prices and offerings are tailored to niche audiences or are targeted to a small geographic location. The prices published in a Commercially Available Catalog will be considered a company's base pricing or "commercially available pricing" for the purpose of AEPA bids or proposals. All pricing must be in U.S. Dollars. AEPA will not accept an artificial catalog or price list, or base price created for the purpose of responding to a competitive solicitation.

**Competitive Range:** AEPA and its AEPA Member Agencies reserve the right to establish a competitive range of acceptable responses as part of the evaluation process as defined herein. Responses below the competitive range will be determined to be unacceptable and will not receive further consideration.

**Contract Documents:** AEPA Member Agency will review proposed contract documents. Vendor Partner's contract document must not become part of AEPA Member Agency's contract with Vendor Partner unless and until an authorized representative of an AEPA Member Agency reviews and accepts it.

**Construction:** Each AEPA Member Agency defines what constitutes construction within their state statutes, and identifies the policies, rules, regulations, and codes that govern construction projects. AEPA has defined construction as building, altering, repairing, installing or demolishing in the ordinary course of business any road, highway, bridge, parking area or related project; building, stadium or other structure; airport, subway or similar facility; park, trail, athletic field, golf course or similar facility; dam, reservoir, canal, ditch or similar facility; sewage or water treatment facility, power generating plant, pump station, natural gas compressing station or similar facility; sewage, water, gas or other pipelines; transmission line; radio, television or other towers; water, oil or other storage tanks; shaft, tunnel or other mining appurtenance; electrical wiring, plumbing or plumbing fixture, gas piping, gas appliances or water conditioners; air conditioning conduit, heating or other similar mechanical work; or similar work, structures or installations. Construction must also include leveling or clearing land; excavating earth; drilling wells of any type, including seismographic shot holes or core drilling; and similar work, structures, or installations.

**Cooperative Procurement:** Some individual state procurement codes may contain cooperative purchasing statutes that state any state agency or local public body may either participate in, sponsor or administer a cooperative procurement agreement for the procurement of any services, construction or items of tangible personal property with any other state agency, local public body or external procurement unit in accordance with an agreement entered into and approved by the governing authority of each of the state agencies, local public bodies or external procurement units involved. The cooperative procurement agreement must clearly specify the purpose of the agreement and the method by which the purpose will be accomplished. Any power exercised under a cooperative procurement agreement entered into according to each state's procurement code must be limited to the central purchasing authority common to the contracting parties, even though one or more of the contracting parties may be located in different states.

**Cooperative Purchasing Contracts:** The Vendor Partner agrees that all the prices, terms, warranties, and benefits granted by the Vendor Partner to AEPA Member Agencies or Participating Entities through this contract **will be equal to or better than** those offered to any individual entities or cooperatives that have equal or lesser volume. If the Vendor Partner must, during the term of this Contract, enter into arrangements with any customer or cooperative providing greater benefits or terms that are more favorable, the Vendor Partner must notify the AEPA category committee chairperson and offer said prices, terms, warranties, and benefits to all AEPA Member Agencies. The following must be noted:

1. AEPA and its AEPA Member Agencies reserve the right to accept or reject the Respondent's offer if it is determined it does not comply with the above based on their knowledge, investigation, review, and findings of Respondents' submitted prices.
2. In the event the Vendor Partner offers lower prices to another customer or cooperative, AEPA and its AEPA Member Agencies must notify the Vendor Partner of the deviation and request written justification. Based on AEPA and its AEPA Member Agencies' investigation, review, and findings, AEPA reserves the right to take the following actions: to request the Vendor Partner to immediately adjust its AEPA's offered prices to match the lower prices offered, to work with the Vendor Partner to mediate and resolve the situation; or to notify the Vendor Partner that it intends to suspend and/or terminate their contract.

**Cost of Preparation:** Neither AEPA nor any AEPA Member Agency must reimburse the cost of developing, presenting, or providing any response to this solicitation.

**Credit Hold:** The Vendor Partner must agree not to place the AEPA Member Agency and/or its Participating Entity on “credit hold” without 10-days advanced notice in writing, either by letter, facsimile, or email to the AEPA Member Agency and the Participating Entity. The AEPA Member Agencies believe it is better for the Vendor Partner if the AEPA Member Agency places the slow paying Participating Entity on “credit hold;” if a Vendor Partner places the Member Agency on credit hold, Participating Entities that pay promptly are penalized. If, on the other hand, the Member Agency places the offending Participating Entity on “credit hold,” payment is more likely to result and only the offending Participating Entity is penalized.

**Delivery Terms, Conditions, and Requirements**

1. **Delivery:** is to be made within the specified time identified in Part A Specifications for each solicitation category, unless otherwise stipulated in writing and accepted by all parties (Buyer placing order and Vendor Partner). The Vendor Partner agrees to notify the Buyer if an order cannot be processed within the specified period and/or the agreed-upon timelines.
2. **The title and risk of loss of material or service:** must not pass to the Buyer purchasing the material or services until it receives the material or service at the point of delivery (FOB Destination), and they have been accepted, unless otherwise provided within this document or individual project’s contract.
3. **Ownership of products and services** happens only after receipt and acceptance of delivery by the Buyer. The Buyer will be the determining judge of whether materials and services delivered under the purchase order/contract satisfy the specifications and requirements as identified in the contract/order.
4. **Fungible Goods:** Title to an undivided share or quantity of an identified mass of fungible goods will not pass to a Buyer until the separation of the purchased share has been made, delivered, and received.
5. **Shipping Terms:** (See Part A Specifications for specific instructions on shipping and handling costs for the individual category you are responding to.) Vendor Partner must retain the title and control of all goods until they are delivered and received. All risks of transportation and all related charges must be the responsibility of the Vendor Partner unless other arrangements have been made between the vendor partner and the AEPA Member Agency. Shipping must be FOB destination. The Vendor Partner must file all claims for visible or concealed damage. AEPA Member Agency, or the receiving Buyer, will notify the Vendor Partner and/or Freight Company promptly of any damaged goods and must assist the freight company/Vendor Partner in arranging for inspection. No FOB vessel, car, or other vehicle terms will be accepted.
  - a. **Shipping Costs:** Products may be shipped without separate shipping costs. If shipping is allowed as a separate line item per Part A Specifications and charged, the actual cost of delivery may be added to an invoice. No COD orders will be accepted unless specifically requested by the AEPA Member Agency.
  - b. **Shipment under Reservation:** Vendor Partner is not authorized to ship materials under reservation and no tender of a bill of lading will operate as a tender of the materials.
  - c. **Shipping Errors:** Vendor Partner agrees that shipping errors will be at the expense of the Vendor Partner. For example, if a Vendor Partner ships a product that was not ordered, it is the responsibility of the Vendor Partner to pay for return mail or shipment.

6. **Stored Materials (vendor managed inventory):** Upon prior written agreement between Vendor Partner and Buyer, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to the Buyer prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by Vendor Partner against loss and damage. Vendor Partner agrees to provide proof of coverage and/or addition of Buyer as an additional insured upon Buyer's request. Additionally, if stored offsite, the materials must also be clearly identified as the property of the Buyer and be separated from other materials. The buyer must be allowed a reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Buyer, it must be the Vendor Partner's responsibility to protect all materials and equipment. Vendor Partner warrants and guarantees that title for all work, materials, and equipment must pass to Buyer upon final acceptance. Payment for stored materials must not constitute final acceptance of such materials.
7. **Improper delivery:** Unless contrary to other parts of this solicitation, if the goods, services, or tender of delivery fail in any respect, to conform and adhere to the terms, conditions, specifications of the resulting contract based on this solicitation and/or the individual Buyer's contract/order, the Buyer may reject the whole, accept the whole, or accept any commercial unit or units and reject the rest.
8. **Defective Goods:** Vendor Partner agrees to pay for return shipment on goods that arrive in a defective or inoperable condition. Vendor Partner must agree to arrange for return shipment of damaged goods.
9. **Liquidated Damages:** The Buyer may suffer financial loss if the project is not substantially complete, or products or services are not delivered on the established date. The Vendor Partner (if applicable surety) must be liable for and must pay to the Buyer, not as a penalty, the sums that may be hereinafter agreed upon as liquidated damages per calendar day of delay until the work and/or delivery is determined by Buyer to be complete and/or delivered. Liquidated damages will be determined on a project-by-project basis.
10. **No Replacement of Defective Tender:** Every tender of materials must fully comply with all provisions of this contract. If tender is made which does not fully conform, this must constitute a breach, and Vendor Partner must not have the right to substitute a conforming tender without the written consent of all parties involved.
11. **Default in One Installment to Constitute Total Breach:** Vendor Partner must deliver conforming materials in each installment or lot of this contract and may not substitute nonconforming materials. The AEPA Member Agency reserves the right to declare a breach of contract if the Vendor Partner delivers nonconforming materials or services to any Buyer under this contract.
12. **Restocking Fees:** A restocking fee may only be charged on products ordered and delivered to the Buyer's site in accordance with the order/contract. Restocking fees in excess of 15% will not be allowed. Restocking fees may be waived, at the option of the Vendor Partner. The Vendor Partner must identify, specify, and justify any exceptions or deviations taken.

**Disbarment and Suspension:** By signature accepting Terms and Conditions, it is certified on behalf of the company and their key employees that neither the company nor its key employees have been proposed for debarment, debarred, or suspended by any State or Federal Agency within the last five (5) years. If within the past five (5) years, any Respondent has been disbarred, suspended or otherwise lawfully precluded from participating in any public procurement activity with a federal, state or local government, the Respondent must include a letter with its response that includes the name and address of the public procurement unit, the effective date of the suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. Any failure to supply such a letter or not to disclose in the letter all the pertinent information may result in the cancellation of any resulting contract. By signing the solicitation section, the Respondent certifies that no current suspension or debarment exists.

**EDGAR (2 CFR 200) Compliance:** Respondents are required to complete Education Department General Administrative Regulations (EDGAR) compliance certification, found in Part E of this solicitation. EDGAR regulations govern all federal grants awarded by the U. S. Department of Education on or after December 26, 2014.

**Eligible Entities:** Individual AEPA Member Agency's state procurement codes and statutes dictate which agencies, entities, and organizations can participate in cooperative procurement contracts approved by AEPA and awarded by its members. Depending on state-specific regulations, federal and state agencies, local public bodies, and non-profit/non-public entities may utilize these contracts.

**Estimated Quantities:** In Part A Specifications of this solicitation, AEPA, and AEPA Member Agencies have indicated their anticipated volume for the products and services requested. It is anticipated that a considerable amount of activity will result from this solicitation; however, there is no guarantee of future order quantities since this is an indefinite-quantity contract. Usage depends on the actual needs of the AEPA Member Agencies, their Participating Entities, and the marketing by the Vendor Partner.

**Euna Procurement eProcurement Platform, AKA Bonfire**

(<https://gobonfire.com/>): An easy-to-use platform that provides Respondents with the automatic notification of open solicitations, automatic notification of answered questions and issued addenda, and a way to electronically submit an organization's solicitation response. All changes, updates, uploads, and downloads are time-stamped and logged as part of the solicitation process. Vendors must register to use Bonfire. Registration information is on the [AEPA website](#). There is no cost for vendors to use Bonfire. Bonfire has recently changed its name to EUNA Procurement. Therefore, the names Bonfire and EUNA Procurement are interchangeable in this solicitation.

**Experience, Proven Track Record and Past Performance Information:** It has been determined by AEPA and its AEPA Member Agencies to be a major factor in consideration if a Respondent possesses the ability, capacity, and resources to acquire, manufacture, deliver, construct, install, service and support all of the procurement functions and activities involved in a national contract of this nature. AEPA and its AEPA Member Agencies reserve the right to accept or reject an offer if, in its judgment, the Respondent failed to demonstrate the following: a proven track record in the products and services offered (qualifications, knowledge, and background); is willing and able to deliver the proposed products and/or services to ninety (90%) percent of those participating AEPA Member Agencies identified in Part A (unless otherwise noted in Part A Specifications) and has provided relevant information regarding its actions under previously awarded contracts to schools, local, state, or federal agencies. It includes the Respondent's record of conforming to specifications and standards of good workmanship; the Respondent's record of containing and forecasting costs on any previously performed cost-reimbursable contract schedules, including the administrative aspects of performance; the Respondent's history for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Respondent's businesslike concern for the interests of the customer.

Additionally, any former Vendor Partner that has not been recommended for extension during a solicitation cycle, or current Vendor Partner that has had under \$100,000 in total sales during the solicitation cycle, must appeal to AEPA in writing (to [bid-committee@aepacoop.org](mailto:bid-committee@aepacoop.org)) before being considered as a viable respondent to the solicitation. The appeal should include reasons for the poor past performance and steps that have been taken by the Vendor Partner to improve future performance. AEPA will reject the appeal if, in AEPA's sole discretion, the appeal does not sufficiently address poor past performance and steps to improve future performance. Failure of the Vendor to provide the appeal, before the due date of the solicitation, will result in the Vendor's submission being rejected.

**External Procurement Unit:** means any procurement organization not located in a current AEPA Member Agency state which, if located in the state, would qualify as a federal or state agency or a local public body. Various state procurement codes allow external procurement units to offer their contracts and for agencies within those states to utilize those contracts to acquire goods and services.

**Federal Agency [25] USC 3001 (4):** Is defined as any department, agency, or instrumentality of the United States, any executive department, military department, government corporation, government-controlled corporation, or other establishments in the executive branch of government, including the Executive Office of the President or any independent regulatory agency established through legislative and/or administrative action.

In such projects, the Vendor Partner agrees to post wage rates at the worksite and submit a copy of their payroll to the AEPA Member Agency for their files. Also, to comply with the Copeland Act, the Vendor Partner must submit weekly payroll records to the AEPA Member Agency. The Vendor Partner must keep records for three (3) years and allow the federal grantor agency access to these records, upon demand. All federally assisted contracts to an AEPA Member Agency that exceed \$10,000 may be terminated by the federal grantee for noncompliance by the Vendor Partner. In projects that are not federally funded, Vendor Partners must agree to meet any federal, state, or local requirements, as necessary. Also, if compliance with the federal regulations increases the contract costs beyond the agreed-on costs in this solicitation, the additional costs may only apply to the portion of the work paid by the federal grantee. On all other projects, the prices must agree with this contract. Vendor Partner must comply with all applicable standards, orders, or requirements issued under Section 306 of the Clean Air Act (42 U.S.C.) 187 [h], and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251 et. Seq.); and, Executive Order 11738 and Environmental Protection Agency (EPA) regulations (40 CFR Part 15), which prohibit the use under non-exempt federal contracts, grants, or loans of facilities included in the EPA list of violated facilities.

The force majeure must be deemed to commence when the party declaring it notifies the other party of the existence of the force majeure and must be deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with the contract. Force majeure must not include late deliveries of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, an oversold condition of the market, inefficiencies, or similar occurrences. If either party is delayed at any time by force majeure, the delayed party must notify the other party in writing of such delay within forty-eight (48) hours.

Respondents may be requested to submit such answers in writing but will not be allowed to change or alter their offer.

**Safety Measures:** Vendor Partners must take all necessary precautions for the safety of employees on the worksite, and must erect and properly maintain at all times, as required by job conditions and progress of the work, all necessary safeguards for the protection of the workers and public. They must post danger-warning signs against the hazards created by their operation and work in progress. Proper precautions must be taken pursuant to state law and standard construction practices to protect workers, the general public, and existing structures from injury or damage.

**Safety Standards:** All items supplied in this contract must comply with the current applicable Occupational Safety and Health Standards, the National Electric Code, and the National Fire Protection Association Standards.

**Severability:** The provisions of this contract are severable to the extent that any provision or application held to be invalid must not affect any other provision or application of the contract that may remain in effect without the invalid provision or application.

**Substance Use & Conduct:** All Vendor Partners and Subcontractors must adhere to the local substance (alcohol, drug, smoking, etc.) and conduct (dress code, language, parking, etc.) policies while on AEPA Member Agencies and Participating Entities premises.

**State Agency:** means any department, commission, council, board, committee, institution, legislative body, agency, government corporation, educational institution, or official of the executive, the legislative or judicial branch of the government of this state.

**Survival:** All applicable software license agreements, warranties, or service agreements that were entered into between Vendor Partner and Buyer under the terms and conditions of the Contract must survive the expiration or termination of the Contract. All purchase orders issued and accepted by Vendor Partner must survive expiration or termination of the Contract.

**Tare:** If the Vendor Partner requires the Buyer to pay for shipping, the weight of the empty container and any material used for packing must be of the lightest weight practical for safe delivery of the contents.

**Taxes:** Different jurisdictions taxing authorities have different tax laws, rules, regulations, and processes, therefore, prices offered will not include applicable federal, state, and local taxes. All applicable taxes must be listed as a separate item on all cost proposals and invoices.

**Term of Contract and Extensions:** The initial term of the contract must be for up to fifteen (15) months and will commence on the date as indicated by each Participating Member Agency on the Acceptance of Solicitation and Contract in Part E of this solicitation. By mutual written agreement, the contract may be extended for three additional 12-month periods. AEPA may choose to recommend the contract extension. If so recommended, an individual Member Agency may choose, at their sole discretion, to extend the contract. In the event AEPA does not recommend or approve a contract extension, or a contract expires, a Member Agency may offer an extension not to exceed six (6) months.

**Termination by AEPA Member Agency:** An AEPA Member Agency may cancel any contract secured by the solicitation without any further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the AEPA Member Agency is or becomes, at any time while the contract or any extensions of the contract is in effect, an employee of, or a consultant to any other party to this contract with respect to the subject matter of the contract. Such cancellation must be effective when the parties to this contract receive written notice from the AEPA Member Agency unless the notice specifies a later time. Cancellation by one AEPA Member Agency does not require other Agencies to cancel their contracts.

**Termination by Non-Approval of AEPA:** AEPA Member Agencies, on an annual basis assess, evaluate, and review existing AEPA vendors to determine if the organization as a whole desires to extend its approval of those vendors. If an existing AEPA vendor's approval is not extended for an additional term, the AEPA Member Agencies cannot extend the disapproved vendor's contract for a period exceeding six (6) months. See Term of Contract and Extensions above.

**Termination for Convenience:** AEPA Member Agencies reserve the right to immediately terminate this contract, without penalty or recourse, in whole or in part, if the AEPA Member Agency determines that termination is in the best interest of Participating Entities. The Vendor Partner, after receipt of a "Notice of Termination," must not accept any new orders after the termination date specified in the notice. Any termination must not affect projects that are in progress at the time the cancellation is received by the AEPA Member Agency. Vendor Partner must be entitled to receive just and equitable compensation in accordance with applicable contract pricing for work in progress, work completed, and materials accepted before the effective date of the cancellation. The Vendor Partner will not be reimbursed for any anticipated profit. The AEPA Member Agency reserves the right to cancel, or suspend the use thereof, any contract resulting from this solicitation if the Vendor Partner files for bankruptcy protection or is acquired by an independent third party. Vendor Partner may cancel this contract upon written notice to the AEPA Member Agency prior to the intended termination date (or on the yearly anniversary of the solicitation). Any termination must not affect projects that are in progress at the time the cancellation is received by the AEPA Member Agency.

**Termination for Default:** If either party is in default under this contract, it must have an opportunity to cure the default within the time indicated (ten business days in most states) after it is given written notice of default by the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party must have ten business days to provide a satisfactory response to the AEPA Member Agency. Failure on the part of the defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party must have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement must not constitute a waiver of any of the parties' rights hereunder. The AEPA Member Agency reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Vendor

Partner, or if the Vendor Partner fails to comply with any contract terms and conditions, or fails to provide the AEPA Member Agency, upon request, with adequate assurances of future performance. In the event of termination for cause, the AEPA Member Agency must not be liable to the Vendor Partner for any amount for supplies or services not accepted, and the Vendor Partner must be liable to the AEPA Member Agency or any Participating Entity for any and all rights and remedies provided by law. If it is determined that the AEPA Member Agency improperly terminated this contract for default, such termination must be deemed a termination for convenience. The AEPA Member Agency will issue written notice to the Vendor Partner for acting or failing to act in any of the following:

1. The Vendor Partner provides material that does not meet the specifications of the contract;
2. The Vendor Partner fails to adequately perform the services set forth in the specifications of the contract;
3. The Vendor Partner fails to complete the work required or to furnish the materials required within a reasonable amount of time;
4. The Vendor Partner fails to make progress in the performance of the contract and/or gives the AEPA Member Agency reason to believe that the Vendor Partner will not or cannot fulfil the requirements of the contract;
5. The Vendor Partner fails to extend lower pricing that has been offered to another customer or cooperative that has equal or lesser volume.
6. The Vendor Partner fails to observe any of the terms and conditions of the contract;
7. The Vendor Partner fails to follow the established procedure for purchase orders, invoices, and receipt of funds as stipulated by the AEPA Member Agency.

**Termination for Non-Appropriation:** Any individual Buyer's procurement/contract covered by this solicitation and executed in accordance with the resulting contract may be terminated if insufficient appropriations and/or authorizations do not exist due to changes in state or federal law, or because of a court order, or because of insufficient appropriations made available to the Buyer's governing board and/or its State Legislature. Such termination will be affected by sending fifteen (15) days' written notice to the Vendor Partner. The Buyer's decision as to whether sufficient appropriations and authorizations are available must be accepted by the Vendor Partner and must be final.

**Title and Risk of Loss:** The title and risk of loss of material or service must not pass to the Buyer purchasing the material or services until it receives the material or service at the point of delivery unless otherwise provided within this document.

**Trade-in Equipment:** Equipment for trade-in must be dismantled by the Vendor Partner and removed at its expense. The conditions of the trade-in equipment at the time it is turned over to the Vendor Partner must be the same as when the original agreement was made, except as affected by normal wear and tear from use between the time of the solicitation and the trade-in. Values placed on trade-in products are between the Buyer purchasing the new unit and the Vendor Partner.

**Vendor Partner:** Respondent who has been approved and awarded a contract for the delivery of construction, tangible personal property, supplies, or services in response to this solicitation.

**Vendor Partner Contact:** Vendor Partner will designate one individual who will represent them to AEPA, and its AEPA Member Agencies during the contract period. This contact person will correspond with each AEPA Member Agency for technical assistance, problems, or questions that may arise. If other staff, distributors and/or independent Vendor Partners will be performing the sales or support functions for different geographical areas (states), Vendor Partner must include instructions and contact information that can be distributed to AEPA Member Agencies upon approval of this bid.

**Warranty:** Vendor Partner warrants that all commodities, supplies, materials, equipment, software, and service delivered under this contract must conform to the specifications of this contract. All items should carry a warranty equal to the intended life cycle or a minimum manufacturer's warranty that includes parts and labor unless otherwise specified in the category specifications. The manufacturer has the primary responsibility to honor a manufacturer's warranty; a distributor or dealer agrees to assist the purchaser to reach a solution in a dispute with the manufacturer over a warranty's terms. Any extended manufacturer's warranty will be passed on to the Buyer. For example, if a voice board has a three-year warranty, but the board is in a turnkey system that has a one-year warranty, the voice board's three-year warranty must be honored by the manufacturer and the Vendor Partner. All extended warranties must be passed on, without exception. If upon discovery, the Vendor Partner charges a Buyer for a replacement part that the Vendor Partner actually received at no cost under a warranty, the Vendor Partner will rebate the amount billed and the Buyer reserves the right to cancel the contract.

## Uniform Guidance “EDGAR” Certification Form

### 2 CFR Part 200

When a purchasing agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200, referred to as the “Uniform Guidance” or new “EDGAR”. All Respondents submitting proposals must complete this EDGAR Certification form regarding the Respondent’s willingness and ability to comply with certain requirements, which may apply to specific agency purchases using federal grant funds.

For each of the items below, the Respondent will certify its agreement and ability to comply, where applicable, by having the Respondent’s authorized representative check, initial the applicable boxes, and sign the acknowledgment at the end of this form. If a Respondent fails to complete any item of this form, AEPA will consider and may list the response, as the Respondent is unable to comply. A “No” response to any of the items below may influence the ability of a purchasing agency to purchase from the Respondent using federal funds.

#### 1. Violation of Contract Terms and Conditions

Provisions regarding Respondent default are included in AEPA’s terms and conditions. Any contract award will be subject to such terms and conditions, as well as any additional terms and conditions in any purchase order, ancillary agency contract, or construction contract agreed upon by the Respondent and the purchasing agency, which must be consistent with and protect the purchasing agency at least to the same extent as AEPA’s terms and conditions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

#### 2. Termination for Cause of Convenience

For a participating agency purchase or contract in excess of \$10,000 made using federal funds, you agree that the following term and condition shall apply:

The participating agency may terminate or cancel any purchase order under this contract at any time, with or without cause, by providing seven (7) business days in advance written notice to the Respondent. If this agreement is terminated in accordance with this paragraph, the participating agency shall only be required to pay Respondent for goods and services delivered to the participating agency prior to the termination and not otherwise returned in accordance with the Respondent’s return policy. If the participating agency has paid the Respondent for goods and services provided as the date of termination, Respondent shall immediately refund such payment(s).

If an alternate provision for termination of a participating agency’s purchase for cause and convenience, including how it will be affected and the basis for settlement, is in the participating agency’s purchase order, ancillary agreement or construction contract agreed to by the Respondent, the participating agency’s provision shall control.

#### 3. Davis Bacon Act

When required by Federal program legislation, Respondent agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Respondent shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, Respondent is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determination made by the Secretary of Labor. Also, Respondent shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at [www.wdol.gov](http://www.wdol.gov). Respondent agrees that, for any purchase to which this requirement applies, the award of the purchase to the Respondent is conditioned upon Respondent’s acceptance of wage determination.

Respondent further agrees that is shall also comply with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each construction completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled under his contract of employment, shall be defined under this titled or imprisoned not more than five (5) years, or both.

#### **4. Contract Work Hours and Safety Standards Act**

Where applicable, for all participating agency purchases in excess of \$100,000 that involve the employment of mechanics or laborers, Respondent agrees to comply with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, Respondent is required to compute the wages of every mechanic and laborer based on a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 applies to construction work and provides that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

#### **5. Right to Inventions Made Under a Contract or Agreement**

If the participating agency's federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the "funding agreement," the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

#### **6. Clean Air Act and Federal Water Pollution Control Act**

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). When required, Respondent agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

#### **7. Debarment and Suspension**

Debarment and Suspension (Executive Orders 12549 and 12689), a contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Respondent certifies that the Respondent is not currently listed and further agrees to immediately notify AEPA and all participating agencies with pending purchases or seeking to purchase from the Respondent if Respondent is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under state statutory or regulatory authority other than Executive Order 12549.

#### **8. Byrd Anti-Lobbying Amendment**

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352), Respondents that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that take place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

## **9. Procurement of Recovered Materials**

For participating agency purchases utilizing Federal funds, Respondent agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

## **10. Profit as a Separate Element of Price**

For purchases using federal funds in excess of \$150,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, Respondent agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Respondent agrees that the total price, including profit, charged by the Respondent to the participating agency shall not exceed the awarded pricing, including any applicable discount, under the Respondent's contract with AEPA.

## **11. General Compliance with Participating Agencies**

In addition to the foregoing specific requirements, Respondent agrees, in accepting any purchase order from a participating agency, it shall make a good faith effort to work with a participating agency to provide such information and to satisfy requirements as may apply to a particular purchase or purchases including, but not limited to, applicable record keeping and record retention requirements as noted in the Federal Acquisition Regulation, FAR 4.703(a).

## **12. Governing Law; Forum Selection.**

Respondent acknowledges and agrees that any legal action or proceeding in which the Association of Educational Purchasing Agencies, Inc. ("AEPA"), is a party, that in any way relates to this solicitation, any contract award or the services provided thereunder, any other document executed in connection herewith, or for recognition and enforcement of any judgment in respect hereof brought by Respondent, a participating agency, or other party hereto, or its successors or assigns, will be governed by, construed and interpreted by the laws of the Commonwealth of Kentucky, and must be brought and determined in the state courts of the Commonwealth of Kentucky in Warren County, Kentucky, or the United States Western District of Kentucky (and may not be brought or determined in any other forum or jurisdiction), and each party hereto submits with regard to any action or proceeding for itself and in respect of its property, generally and unconditionally, to the sole and exclusive jurisdiction of the aforesaid courts and waives any further objection.

Respondent further acknowledges and agrees that any legal action or proceeding in which a party includes a participating agency, but does not include AEPA as a party, that in any way relates to this solicitation, any contract award or the services provided thereunder, any other document executed in connection herewith, or for recognition and enforcement of any judgment in respect hereof brought by Respondent, a participating agency, or other party hereto, or its successors or assigns, will be governed by, construed and interpreted by the laws of the state in which the participating agency is domiciled, and must be brought and determined in the state in which the participating agency is domiciled (and may not be brought or determined in any other forum or jurisdiction), and each party hereto submits with regard to any action or proceeding for itself and in respect of its property, generally and unconditionally, to the sole and exclusive jurisdiction of the aforesaid courts and waives any further objection.

## AEPA 026-A Furniture Solutions

### Questions Submitted Through Bonfire & Answers Provided by AEPA

#### Public Q&A

Q#	Question	Answer
1	Can this contract be used by the City of St. Louis?	Yes, the City of St. Louis would be eligible to participate in contract(s) that result from this solicitation. The Missouri AEPA affiliate is EducationPlus, who would hold the contract(s).
2	What address should be listed for AEPA on COI's? And should a COI be submitted for each agencies with this bid?	The COI should list the vendor as the insured so AEPA's address is not needed for this purpose.
3	Do we have to bid every single item on the Market Basket? Or can we bid some and add N/A to the ones we do not want to bid?	Bidders are required to submit a Bid Table-Market Baskets for evaluative purposes. There are two Market Baskets within the Bid Table—one for Office Furniture and one for Classroom Furniture. Vendors wanting to supply Office Furniture should complete the Office Furniture Market Basket and vendors wanting to supply Classroom Furniture should complete the Classroom Furniture Market Basket. Vendors may choose to complete either or both Market Baskets. All items in the Market Basket a vendor chooses to complete must contain a bid. Alternatives per line are allowed. If not completing one of the Market Baskets those items would each need to be marked as No Bid.

4	<p>Part A, Page 5, #3: It says “Respondent’s most recent catalog(s) or price lists must be included. If a hard copy is submitted, it should be in pdf format.” Our organization’s catalog is online, we do not have a physical catalog. On the Excel Form for Part F, in F.2 Price Schedule, we are going to list all of the items in our catalog that we are offering for this category with all the information requested in F.2. In addition to doing this, would we also be required to convert the information we are providing in F2 into a PDF file per Part A, Page 5, #3?</p>	<p>Converting the information in the Part F Discount &amp; Pricing Workbook to a PDF would not meet the requirement listed in Part A, Page 5, #3. The purpose of this requirement is to provide AEPA with a point of comparison of list pricing with what is submitted in the response. Part A, Page 5, #3 goes on to say, after the verbiage quoted in this question, "Links to online pricing are acceptable as long as pricing is included, not just descriptions of products," which is an option for vendors that would meet the requirement. The links to online pricing can be listed in the "Comments" section of the Discount Pricing Workbook.</p>
5	<p>In Part A, Page 11, New Jersey is listed as not being a participant. Does that mean that vendors should not complete and submit the New Jersey State Specific Documents for this bid?</p>	<p>Sometimes states later decide to sign a contract even though they have not indicated initial interest, so it could be in the best interest of the vendor to complete and submit the New Jersey Required Forms. However, completing and submitting the New Jersey Required Forms is not a requirement.</p>
6	<p>Are electronic signatures acceptable?</p>	<p>Yes.</p>
7	<p>Are specification sheets needed for the market basket items?</p>	<p>No, specification sheets are not needed for the market basket items.</p>
8	<p>My dealership is located in Georgia and conducts business with several Southeastern states, however, I cannot cover all 31 states. Will this limit an award with this bid?</p>	<p>The successful vendor will be able to sell in all participating AEPA states (see Part A Section IV.3). Part A, in the Notice to Respondents states "Note that Respondents must be able to provide their proposed products and services in up to 31 states including (31 AEPA states are then named) and Part A Section IV.1. states "Scope of Bid. AEPA is seeking qualified, experienced contractor(s) who possess the necessary resources and capabilities to acquire, deliver and perform the required supplies, materials equipment and labor to all participating member states (up to 31) in the category of Furniture Solutions."</p>

10	Will there be one place to send our administrative fee? Or will it be required to send each coop their fee individually? We can service all 31 states, but we would need to figure out the logistics of setting up this contract and distributing the administrative fee appropriately.	Fees must be remitted to each participating Member State quarterly. A report outlining the sales for the quarter must also be sent to each participating Member State quarterly. Please see Part A, Section II. titled Responsibilities of a Vendor Partner. Item A.5, page 8, applies to your question. Also see the Public File titled AEPA Vendor Quarterly Report Template.
11	Are freight and install to be built into the market basket?	No.
12	Can you explain the tiers in the F.2 Pricing Schedule?	It is common for discounts to be greater with larger purchases. The tiers in the F.2 pricing schedule refer to discounts related to various purchase levels, as identified by the vendor.
13	Can freight be factored into our discounts?	No. The Part F Discount Pricing Workbook, Tab F.2 states "Discount does not include delivery and installation. Delivery and installation to be quoted separately and added to invoice."
14	When will this contact start? Will it overlap with the existing contract?	Vendor Recommendations will be voted on at the AEPA meeting December 1-3, 2026. Member States will then be eligible to sign contracts with Vendors. Those contracts will begin March 1, 2026 or a date mutually agreed upon by the Member State and Vendor (up to 15 months initial award). See Part E - Signature Forms, page 8 - Acceptance of Solicitation & Contract. Existing Furniture contracts expire February 28, 2026.
15	It says that vendor must be registered with the State of Arkansas. Currently we are not. Do we need to do this before we actually bid or can we start the process if/when we are awarded?	We assume your question is based on item A.2 Secretary of State Registration of the Southwest Arkansas Education Service Cooperative Terms and Conditions 2025 found in Part C - Member Agency (State) Terms and Conditions, which states "Contractor shall meet and maintain all registrations as necessary to conduct business in the State of Arkansas, including but not limited to registration with the Arkansas Secretary of State." The referenced registration can occur after award.
16	Are six tiers required?	No, the number of tiers listed is determined by the vendor.

17	<p>The submission instructions state - Any line item you are not completing a bid for will need to be marked "No Bid." Does this mean that we can submit a response to a market basket with some line items marked as N/A and still be eligible for award?</p>	<p>Per the document titled AEPA 026 Submission Instructions for Suppliers-Furniture Solutions" Bidders are required to submit a Bid Table-Market Baskets for evaluative purposes. There are two Market Baskets within the Bid Table—one for Office Furniture and one for Classroom Furniture. Vendors wanting to supply Office Furniture should complete the Office Furniture Market Basket and vendors wanting to supply Classroom Furniture should complete the Classroom Furniture Market Basket. Vendors may choose to complete either or both Market Baskets." Whichever Market Basket a vendor chooses to respond to must be complete. Equivalent substitutions are allowed. If a vendor chooses not to complete one of the Market Baskets, each item in that Market Basket must be marked No Bid. Otherwise, the system will not accept the Bid Table.</p>
18	<p>Will you posting a complete listing of all the Q&amp;A's after the 8/29/25 Q&amp;A close date as an addendum to the bid? Word or pdf format would be best. This would be beneficial to responders as it would be much easier to review all Q&amp;A instead of copy and pasting screen shots of each question and answer, separately.</p>	<p>We will publish a Public Notice containing all the Questions and Answers subsequent to the closing period for questions on Friday, August 29, 2025 at 6 pm Eastern. Monday, September 1 is the Labor Day Holiday. The document will be posted no later than the end of the day on September 2, 2025.</p>

19	<p>If a dealer is awarded the AEPA contract, are they required to submit reports and fees to all 31 member states, or can they choose which states to sign agreements with and only submit reports and fees to those states?</p>	<p>The successful vendor will be able to sell in all participating AEPA states (see Part A Section IV.3). Part A, in the Notice to Respondents states "Note that Respondents must be able to provide their proposed products and services in up to 31 states including (31 AEPA states are then named) and Part A Section IV.1. states "Scope of Bid. AEPA is seeking qualified, experienced contractor(s) who possess the necessary resources and capabilities to acquire, deliver and perform the required supplies, materials equipment and labor to all participating member states (up to 31) in the category of Furniture Solutions." The intention is that recommended vendors will sign agreements with each state listed in Part A, IV. 3. that has expressed interest in participating. Reports and fees must be submitted to all participating member states.</p>
20	<p>"As a part of the process of determining responsible respondents during the evaluation period, the category committee may request reports that describe the financial soundness of your organization." Could you please confirm whether financial statements are required to be submitted with the initial bid response, or if they will only be requested later during the evaluation period?</p>	<p>Financial statements are not required to be submitted with the initial bid response, and will only be requested during the evaluation period if needed. Typically, the information submitted with the response is sufficient for evaluative purposes.</p>
21	<p>This solicitation requests discounts by catalog or manufacturer. For this bid, we would like to propose discounts by furniture product category (e.g., tables, chairs, storage), which will allow us to offer deeper discounts on specific categories. Could you please confirm if this approach will be acceptable under the bid?</p>	<p>Solicitation response structure must remain the same for all vendors to ensure equity in the evaluation process. Therefore, your proposed approach would not be acceptable.</p>

22	I require clarification on the question regarding our annual sales that relates to the scope of work of the solicitation. Is this question asking what percentage of our product line-up will address AEPA's requirements set out in the Market Baskets? If you could provide more details, please advise. Thank you.	This question is not referring to the items in the Market Baskets, which are being used solely as one means of evaluation. The questions in Part D refer to sales volume your company has had, for the time periods and markets indicated, for all furniture sold.
23	In addition to the items in the market basket, will we be able to offer the rest of our catalog of products under this contract?	Yes, you can offer the rest of your catalog of products. The Market Baskets will be used by AEPA for evaluative purposes. All the products you are offering (which should be your full catalog(s), not just the Market Basket items) must be submitted on the Part F Discount Pricing Workbook. The Part F Discount Pricing Workbook is REQUIRED per the Submission Instructions for Suppliers-Furniture Solutions document and must be uploaded to complete your submission. Specifically, reference Part A, sections I.E.1.a.v., I.E.2.d., and IV.11.
24	Are Letters of Authorization required for each of the manufacturers we intend to bid on?	Letters of Authorization are not required. However, as stated in Part A, "A company must be an authorized dealer for the manufacturer(s)."
25	If a vendor already holds an active contract with the cooperative in the same category as this solicitation, how would reporting and administrative fee obligations be applied if the vendor is also awarded under this solicitation? Would the new contract supersede the existing one for reporting purposes, or would both contracts apply (resulting in duplicate reporting/fees)?	The starting date for AEPA contracts awarded by Member States under this solicitation would be subsequent to the ending date of current AEPA contracts in the same category. See Part E Signature Forms-Furniture Solutions, page 8 Acceptance of Solicitation & Contract Award for date parameters of contracts under this solicitation. There would be no overlap of AEPA contracts if a vendor currently holds a contract in this category and is awarded under this solicitation. If the vendor holds a local (non-AEPA) contract with the Member State in this category, the Member State would determine whether a contract awarded under this solicitation would supersede the existing local (non-AEPA) contract and duplicate reporting/fees would apply.

26	<p>Part A of the bid includes a section for design and installation services. While our organization is unable to comply with the specific terms of this section under the current bid structure and intends to “no bid” that portion, we do want to highlight that our organization does in fact provide comprehensive design and installation services through separate arrangements outside of this contract. Would it be acceptable to include a brief statement in our proposal showcasing that these services are available? If so, could you please advise on the most appropriate section of the response to include this information? We believe calling out these additional capabilities would demonstrate our organization’s ability to deliver an even more complete solution to your organization’s needs.</p>	<p>Including Design Layout and/or Installation Services in the vendor's response is Optional (see Part A, Section IV.8.). Any additional information a vendor chooses to add to their response can be included in the Supporting Information section of the response. However, offering these services without including them on Part F Pricing Workbook, tab F.3. may be of no benefit to Member Agencies since these services would not have included bid pricing.</p>
27	<p>Thank you for clarifying regarding overlapping contracts in the same category. Could you also clarify how reporting and administrative fee obligations are applied when a vendor holds an active contract in one category (Category A), but as part of that award has extended additional discounts into another category (Category B) that is now being solicited? If the vendor is later awarded under the Category B solicitation, would sales in that category transition entirely to the new Category B contract, remain under the original Category A contract until expiration, or would both contracts apply in parallel (resulting in duplicate reporting/fees)?</p>	<p>Reporting and administrative fees are tied to a specific AEPA contract number. A vendor submits reports and administrative fees only for the contract under which the product/services were sold. Fees for all contracts can be combined into one payment as long as the total of all reports equals the payment amount.</p>

28	Do forms F.1 and F.2 satisfy the requirements for the "primary pricing" outlined in Section 10.1 for this bid? If no, what form is to be used to meet this requirement?	Yes. Part F Discount Pricing Workbook, tabs F.1 and F.2 satisfy the requirement for primary pricing as outlined in Part A, Section IV.10. Please also note Part A, Section IV.11.ii, which states "F.2 - Pricing Schedule (Required) For EACH manufacturer and/or CATALOG you're proposing, provide information as requested. A current price list must be submitted as a PDF or link to an online source." Also see Question #4 and the answer provided.

## Public Notices

### Notice #1

Part A - Specifications, Section IV, item 9.1.1 states "All deliveries shall be F.O.B. Destination, freight prepaid and allowed." Part F - Discount Pricing Workbook F.2 Pricing Schedule states "Discount does not include delivery and installation. Delivery and installation to be quoted separately and added to invoice." Those statements contradict. The latter (Discount does not include delivery and installation. Delivery and installation to be quoted separately and added to invoice) is correct and should be used in all responses.

### Notice #2

Links to the vendor call recordings and slide deck are attached.

### Notice #3

A question was raised during our call on August 18 regarding the price list. The question entered into the chat was: Can the link to the price list be a link to our website? It is the most up to date source for our pricing.

To clarify, this is addressed in Part A, Section 1.E.2.e., which states, "Price Lists and/or Catalogs: For catalog bids, Respondent's most recent catalog(s) or price lists must be included. If a hard copy is submitted, it should be in pdf format. Links to online pricing are acceptable as long as pricing is included, not just descriptions of product." To further explain, the link should not be to active website pricing. AEPA needs to have a static price that is being submitted at the time of the bid in order to accurately be able to evaluate responses. Therefore, any link submitted for this purpose should only be to manufacturer pricing that is static.

## Uniform Guidance “EDGAR” Certification Form

### 2 CFR Part 200

When a purchasing agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200, referred to as the “Uniform Guidance” or new “EDGAR”. All Respondents submitting proposals must complete this EDGAR Certification form regarding the Respondent’s willingness and ability to comply with certain requirements, which may apply to specific agency purchases using federal grant funds.

For each of the items below, the Respondent will certify its agreement and ability to comply, where applicable, by having the Respondent’s authorized representative check, initial the applicable boxes, and sign the acknowledgment at the end of this form. If a Respondent fails to complete any item of this form, AEPA will consider and may list the response, as the Respondent is unable to comply. A “No” response to any of the items below may influence the ability of a purchasing agency to purchase from the Respondent using federal funds.

#### 1. Violation of Contract Terms and Conditions

Provisions regarding Respondent default are included in AEPA’s terms and conditions. Any contract award will be subject to such terms and conditions, as well as any additional terms and conditions in any purchase order, ancillary agency contract, or construction contract agreed upon by the Respondent and the purchasing agency, which must be consistent with and protect the purchasing agency at least to the same extent as AEPA’s terms and conditions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

#### 2. Termination for Cause of Convenience

For a participating agency purchase or contract in excess of \$10,000 made using federal funds, you agree that the following term and condition shall apply:

If this agreement is terminated in accordance with this paragraph, the participating agency shall only be required to pay Respondent for goods and services delivered to the participating agency prior to the termination and not otherwise returned in accordance with the Respondent’s return policy. If the participating agency has paid the Respondent for goods and services provided as the date of termination, Respondent shall immediately refund such payment(s).

If an alternate provision for termination of a participating agency’s purchase for cause and convenience, including how it will be affected and the basis for settlement, is in the participating agency’s purchase order, ancillary agreement or construction contract agreed to by the Respondent, the participating agency’s provision shall control.

#### 3. Davis Bacon Act

In accordance with the statute, Respondent is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determination made by the Secretary of Labor. Also, Respondent shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at [www.wdol.gov](http://www.wdol.gov). The Act provides that each construction completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled under his contract of employment, shall be defined under this titled or imprisoned not more than five (5) years, or both.
