West Metro, Minnesota

Before

After

“ I’ve completed multiple projects with Tremco Roofing and CPC across two different school districts and have been very pleased with the experience. Tremco consistently demonstrated professionalism, strong communication, and a commitment to delivering quality work. Their partnership with CPC helped simplify the procurement process and provided access to qualified contractors who completed projects on time.

Based on my experience, I would confidently recommend Tremco Roofing and the CPC for future roofing and building envelope projects.”

Rob Nudell,
Superintendent of
Battle Lake Public Schools

“ Tremco Roofing has found our partnership with CPC to be extremely valuable for our customers. Our primary goal is to make the roofing process as seamless and efficient as possible for school districts and facility owners. By utilizing cooperative purchasing, we are able to serve as the single point of contact throughout the entire roofing project.

You'll save time and move forward with confidence knowing that you are receiving high-quality solutions and support every step of the project.”

Keri Hacker,
Market Manager at Tremco
Roofing & Building
Maintenance

YOUR TRUSTED PARTNER IN PUBLIC PROCUREMENT.

**BROUGHT TO YOU BY YOUR PUBLIC REGIONAL SERVICE COOPERATIVES
BASED IN MINNESOTA AND NORTH DAKOTA**

THE POWER OF PARTNERSHIP:

Procurement Made Simple, Legal, and Smart

Welcome to the latest edition of the Cooperative Purchasing Connection (CPC) contract catalog! If you are a procurement professional in the public or nonprofit sector, you already know that your daily mission is a delicate balancing act. You must stretch public dollars, secure top-tier quality, and satisfy strict legal guidelines—all while keeping your organization running smoothly. It sounds like a tall order, but this catalog is proof that it doesn't have to be a stressful one. We are thrilled to connect you with a network of pre-vetted, competitively solicited contracts designed to turn procurement hurdles into a streamlined success story.

Jane Eastes
Deputy Executive Director
Cooperative Purchasing Connection (CPC)

Let's start with the most important reassurance: using these contracts is 100% legal, fully compliant, and audit-ready (note that some large public construction projects in some states may need additional procurement steps). We understand the immense responsibility that comes with managing public and donor funds. In most cases, you can confidently jump straight to the finish line, knowing the heavy compliance lifting has already been expertly handled for you.

Beyond compliance and legal peace of mind, this catalog is truly about making life easier for the dedicated people who keep our schools, government and nonprofits thriving.

For agency employees on the front lines, it means faster turnarounds and access to the tools they need to succeed. Whether you need facility maintenance supplies, modern office solutions, tech supplies or classroom technology the products your team needs are available right now. By pooling the purchasing power of thousands of public and nonprofit agencies, we unlock volume discounts that individual organizations rarely achieve on their own. You gain immediate access to top-tier national brands and trusted local suppliers at exceptional price points. This responsiveness translates directly into enhanced public service, improved infrastructure, and a happier, more efficient workplace.

Procurement is the engine that drives community progress. When you choose a Cooperative Purchasing Connection contract, you aren't just buying a product—you are choosing a smarter, faster, and legally sound pathway to excellence. Dive into this catalog, explore our trusted partners, and let's continue building vibrant, well-equipped communities together.

The Cooperative Purchasing Connection Team
Your Partners in Public & Nonprofit Procurement Success

CITY OF CROOKSTON

A HOME RUN RENOVATION

"Working with Cooperative Purchasing Connection was easy, convenient and rewarding. The Crookston Baseball Association and the City of Crookston realized significant cost savings through Stadium Steve, a CPC partnered vendor. The construction process was timely, coordinated, and as drafted. The Baseball Association is considering an addition to the previous project and would gladly work with CPC vendors on future projects!"

Charles "Corky" Reynolds, Founder of the Crookston Baseball Association and former City Administrator

The Jim Karn Field grandstand seating installation project included 238 seats, with 133 being stadium seating, 4 wheelchair spaces, and 100 bench seats designed as bleacher seating.
