3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. Line Item	Question	Response *	
25	Sales force.	Headquartered in the Grand Rapids suburb of Wyoming, MI, HME Ahrens-Fox currently employs an inside sales team comprised of 7 individuals. This team includes a VP of Sales, Inside Sales Manager, Director of Marketing, Fleet Sales Manager, two Sales Application Engineers and a Strategic Business Specialist who administers buying cooperatives and GPOs like Sourcewell.	*
26	Dealer network or other distribution methods.	HME Ahrens-Fox's North American dealer network is comprised of 26 dealers covering 48 states and Canada.	*
27	Service force.	As a requirement of HME Ahrens-Fox's sales representative agreement, all dealerships are required to provide repair and warranty services. As the products we sell save lives and therefore must always be in running condition, our dealer offer 24 hour emergency services as well as mobile repair services. Also, HME provides warranty and service repairs at our headquarters in Wyoming, MI.	*
28	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	All non-federal orders begin at the dealer level. Customers will work with their local dealer and HME's Sales Application Engineers (SAE) to establish a specification which best meets the unique needs their area of operations presents. Once completed, the specification is further reviewed and processed by a SAE. Upon completion, the specification is returned to the dealer and customer. The dealer and the customer hold a preconstruction conference with the purpose of reviewing and approving the final revision of the specification. Once approved, the specification is sent to HME for an internal order review by engineering, purchasing and scheduling. The final step is releasing the order into the system.	*
29	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Customers requiring customer service begin the process by contacting their local dealership. The dealership will utilize our online warranty claims portal and work with a warranty technician to determine the best course of action. Once this course has been set, service will be provided through our national dealer network, HME Ahrens-Fox, or a "customer preferred" independent service center authorized by HME. Spare or replacement parts are generally held in inventory for rapid shipment. Customer Service acts an agent on behalf of the customer, and they are authorized to escalate as they deem necessary to include the president of the company as required. Truck-down situations where service to community is severely impacted result in automatic escalation. HME also maintains an aging-report/dashboard that shows how long open claims remain open in days. Should a claim age beyond what is considered reasonable this will result in automatic escalation.	*
30	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	With 26 North American dealerships covering 48 lower states and Canada, HME Ahrens-Fox's has a very capable ability to provide our products and services to Sourcewell. If the passion our employee's have for building a life saving product can be considered a metric of our willingness to provide products and services to Sourcewell's participating entities, then we might possibly have a surplus of willingness.	*
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	With 26 North American dealerships covering 48 lower states and Canada, HME Ahrens-Fox's has a very capable ability to provide our products and services to Sourcewell. 32	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	The only two geographic areas of the United States for which HME Ahrens-Fox cannot fully serve are Hawaii and Alaska as we do not have dealerships in these states. HME has a large dealer partner in Canada capable of servicing the entire region.	*
33	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	HME Ahrens-Fox is willing to service all of Sourcewell's participating entity sectors. The majority of our customers are from the government sector. However, we have sold fire apparatus to schools and not-for-profits in the past.	*
34	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	HME does not have a dealer in Hawaii or Alaska and therefore cannot provide fire apparatus in those states.	*

Table 7: Marketing Plan

Line Item	Question	Response *
35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	HME Ahrens-Fox plans to market its Sourcewell contract through social media campaigns on Facebook, Instagram, LinkedIn and Twitter as well as on our website, firetrucks.com. Further promotions will occur at tradeshow as we will put up signage advertising our Sourcewell contract and ensure at least one member of the booth staff is knowledgeable enough to answer any questions an attendee may have about Sourcewell's GPO. Finally, we would dedicate one of the breakout sessions at our annual Sales and Training Conference to teach our dealer network the about the advantages of utilizing our Sourcewell contract.
36	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	HME Ahrens-Fox utilizes Facebook, Instagram, LinkedIn and Twitter platforms to market on social media. HME also has a website, www.firetrucks.com, which has a page dedicated to buying cooperatives similar to Sourcewell. The website has geo mapping capabilities and is therefore able to locate the position of a visitor by their IP address. The location can be passed on to the local dealership in that region and from there they can chase down the lead by approaching the fire department.
37	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	In our view, Sourcewell's role in promoting a contract is to provide information to potential customers as to why it is in their best interest to utilize Sourcewell over using a different buying cooperative contract or the traditional bidding process. HME would integrate a Sourcewell-awarded contract in the same manner for which we have done with the other buying cooperative contracts we are currently on. We would provide training to our dealer network, present a link on our website to Sourcewell's FAQ page and add the fee calculation for utilizing the contract into our quoting process.
38	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	HME Ahrens-Fox does not have an e-procurement ordering process.

Table 8: Value-Added Attributes

39	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply. 40	Describe any technological advances that your proposed products or services offer. 42	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors. 43	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	N/A	*
44	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	There are several unique attributes which HME Ahrens-Fox fire apparatus offer to Sourcewell's participating entities. Our stainless steel, bolted bodies are modularly designed. This lowers the cost of ownership as it minimizes the cost of repairing damage to the apparatus body. The end user only needs to replace the damaged panel which does not require cutting and welding. This is something that cannot be done on a traditional extruded, welded aluminum body. HME is also the only OEM fire apparatus manufacturer to mount the apparatus' water tank on the vehicles framerails in leu of building a supportive structure within the body to mount the tank. Mounting the tank to the framerails reduces the weight of the body. It also allows the body and the tank to move independently of one another. This lowers the vehicle center of gravity thereby giving the fire apparatus improved handling. HME's framerail and cross-member designs are the strongest in the industry. They have been engineered to withstand the stress incurred from pulling the fire apparatus out of a position in which its wheels have sunk down and the frame rests on the ground.	*

As there are no trucks in either state there is no need for technicians.	*
49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Whether or not HME Ahrens-Fox will cover the warranty issues of another manufacturer's part is taken on a case by case occurrence.	*
50	What are your proposed exchange and return programs and policies?	As the majority of the fire apparatus HME Ahrens-Fox manufacturers are custom built to the customer's requirements, exchanges and returns are not common. However, we would handle both on a case by case basis.	*

56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	HME Ahrens-Fox shall provide a 15% discount off the listed MSRP price. More specific pricing details can be found on the Excel spreadsheet provided with this proposal.	*
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	HME Ahrens-Fox shall provide a 15% discount off the listed MSRP price.	*
58	Describe any quantity or volume discounts or rebate programs that you offer.	Volume Discount: 3 - 5 Units = 1% 6 - 9 Units = 2% 10 + Units = 3% Pre-pay Discount: 3% @ 365 days; 0% past 365 days	*
59	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	HME Ahrens-Fox is a manufacturer of custom fabricated fire apparatus. With almost no exception, we supply "open market" or "nonstandard options" for all of our customers. We would offer these items at the same 15% of listed MSRP discount for which we offer all our products at.	*
60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	HME Ahrens-Fox has provided pricing for every element of the total cost incurred in the acquisition of our products. This includes delivery and inspection trips.	*
61	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	HME Ahrens-Fox provides shipping at a rate of \$3.00 per mile. The total mileage is calculated by determining the distance from HME's headquarters to the location for which the customer would like their new apparatus delivered.	*
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	We currently do not sell fire apparatus in Alaska or Hawaii. In regard to the vehicles sold to Canada, we would determine shipping costs at \$3.00 per mile.	*
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	N/A	*

HME Ahrens-Fox employs a full time Strategic Business Specialist who's sole responsibility is maintaining GPO and buying cooperative contracts.	*

This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	HME Ahrens-Fox will have an administrative fee of .75% for every truck sold on Sourcewell.	*

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.

The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
