Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

The Manufacturer's Representative (MR) program is designed to improve Motorola Solutions market reach and account coverage by leveraging a single integrated distribution strategy to combine MSI's Go-to Market Resources with those of our MR Partners so as to deliver unparalleled value and ease of doing business to our Customers. The Motorola Field Team designates the accounts, develops or approves the strategy for the account, determines the products to be offered, and establishes the selling or contract price. The business is transacted in Motorola's name allowing the utilization of State and Local Purchasing contracts and sole source procurements and combines high touch customer consultation with ease of doing business all for the benefit of our Customers. The Manufacturer's Representative (MR) Sales Program requires its representatives to complete necessary training to ensure that our MRs are familiar with our products and how those products fit within the needs of our customers. Manufacturer's Representatives (MRs) serve as an extension of the MSI direct account sales team and perform sales functions on behalf of Motorola. Sales facilitated by MRs are considered MSI sales; the end customer would issue a purchase order to Motorola. Likewise for service, we utilize the Field Service Organization (FSO) within Motorola Solutions as well as our certified Motorola Service Partners. Motorola's technical experts have the most cumulative years of experience in the industry, with over 1,000 years of current experience. They are responsible for the sustainment of our government and commercial LMR systems and related applications. FSO provides onsite support, preventative maintenance and 24X7 support. They support our customers by providing best in class, highly qualified and trained service delivery. From the Service Shop perspective, Motorola has over 450 registered service locations across the United States and our collective service presence remains significant in the industry. The Motorola Servicer Program is designed to recognize and reward a Servicer's level of commitment and investment in the quality of service provided to our customers. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	Our customer service includes essential services that are delivered through a tailored combination of local field service personnel, centralized teams equipped with a sophisticated service delivery platform, product repair depots, and MyView Portal. These service entities will collaborate to swiftly analyze issues, accurately diagnose root causes, and promptly resolve issues to restore the Customer's network to normal operations. Centralized Managed Support Operations The cornerstone of Motorola Solutions' support process is the Centralized Managed Support Operations ("CMSO") organization, which includes the Service Desk and technical support teams. The CMSO is staffed 24x7x365 by experienced personnel, including service desk specialists, security analysts, and operations managers. The Service Desk provides a single point of contact for all service related items, including communications between the Customer, Motorola Solutions, and third-party subcontractors. The Service Desk processes service requests, service incidents, change requests, and dispatching, and communicates with stakeholders in accordance with predefined response times. All incoming transactions through the Service Desk are recorded, tracked, and updated through the Motorola Solutions Customer Relationship Management ("CRM") system. The Service Desk also documents Customer inquiries, requests, concerns, and related tickets. The CMSO coordinates with the field service organization that will serve the Customer locally. Customer Support Manager A Motorola Solutions Customer Support Manager ("CSM") will be the Customer's key point of contact for defining and administering services. The CSM's initial responsibility is to create the Customer Support Plan ("CSP") in collaboration with the Customer. The CSP functions as an operating document that personalizes the services described in this document. The CSP contains Customer-specific information, such as site names, site access directions, key contact persons, any tailored case priority level definitions, case handling instructions, and escalation paths for special issues. The CSP also defines the division of responsibilities between the Customer and Motorola Solutions so response protocols are pre-defined and well understood when the need arises. The CSP governs how the services will be performed and will be automatically integrated into this Statement of Work by this reference. The CSM and Customer will review and amend the CSP on a mutually agreed cadence so the CSP remains current and effective in governing the Essential Services. Repair Depot The Motorola Solutions Repair Depot provides the Customer with a central repair location, eliminating the need to send network equipment to multiple vendor locations for repair. All products sent to the Depot are tracked throughout the repair process, from inbound shipment to return, through a case management system that enables Customer representatives to see repair status. MyView Portal Supplementing the CSM and the Service Desk as the Customer points of contact, My View Portal is a web-based platform that provides network maintenance and operations information. The portal is accessed from a desktop, laptop, tablet, or smartphone web browser. The information available includes: • Remote Technical Support: Manage cases and view self-service reports. Observe incident details by incident priority level, and track the progress of issue resolution. • Network Hardware Repair: Track return material authorizations ("RMA") shipped to Motorola Solutions' repair depot and eliminate the need to call for status updates. In certain countries, customers will also have the ability to create new RMA requests online. • Security Update Service: View available security updates. Access available security update downloads. • Orders and Contract Information: View available information regarding orders, service contracts, and service coverage details. The data presented in MyView Portal is provided to support the services described in the following sections, which define the terms of any service delivery commitments associated with this data. Quality Team Our Quality Team is used as a resource for our customers, and brought in when a customer is having issues with a product or solution that is not being resolved in a timely manner. The Quality team continuously tracks ongoing issues and pushes them to closure when necessary. We have also included the Mission Critical Operations white paper in our attachments for additional information. Response Times Response Times vary depending on the product or system in question, but are in line with the requirements of our customers.

Regional CI Marketing will review the list of participating agencies and reach out to them individually and collectively to promote our public safety video security solutions. Our Field Marketing and Events teams will ensure that prospective customers have access to product demos, either on-premises or at one of our customer experience centers in Chicago IL, Dallas TX, Vancouver BC or Fort Lauderdale FL. The Global Product Marketing team will publish case studies of customers around the world who have deployed our solutions with successful outcomes. We will make these customers available for direct consultation with Sourcewell participating agencies wherever possible. All leads will be passed to our Direct and Channel Sales Teams for further development.
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	Motorola Solutions uses multiple channels of communication to reach our markets. We maintain official corporate social media channels on Facebook, LinkedIn, Instagram, YouTube and X. We also encourage our employees to post content on their own social media accounts, and to engage customers and prospects on social media wherever appropriate. The company has websites available worldwide, segmented into 4 different regions and translated into 12 different languages. We are continually monitoring and optimizing the performance of the pages, to ensure that we reach the maximum possible audience. Visitors can use the on-page chat feature for immediate information, or the "contact us" links to request a callback. We host a blog (https://www.google.com/url?q=https://blog.motorolasolutions.com/en_us/&sa=D&source=docs&ust=1697125837311213&usg=AOvVaw2mygvGahzKj-RuUzWu5HA4) on our website, where industry experts regularly post insights and best practices regarding the deployment of our technology. Within the Support portal, there is also a community area, where our customers can exchange ideas, share information, and request technical guidance. Our marketing call center uses data on public contact lists to reach out to agencies who may benefit from our technology. Those who express interest are passed to our sales teams for follow-up. We use our digital campaign tools to send regular updates to buyers on new products, new commercial offers, and periodic promotions. For more information, they are directed to campaign pages, where they can download white papers, buyers' guides and FAQs in exchange for their contact information. Post-sale, we have a well-developed product update communication process that ensures customers stay up-to-date with the latest features and enhancements on products they have purchased.
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	We would appreciate Sourcewell's assistance in promoting the community benefits associated with successful deployments of Motorola Solutions technology. We propose creating short case study videos that could be published on Sourcewell's News page (https://news.sourcewell-mn.gov/), for other agencies to view. Our sales process already includes several cooperative purchasing organizations, and we are confident that we will be able to give excellent service to all Sourcewell participating agencies.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	At present, none of our mobile video products are available through an e-commerce system. We maintain an online shop (https://shop.motorolasolutions.com/) for some of our radio products and accessories, and may choose to add mobile video products to it in the future.

Table 8: Value-Added Attributes

Line Item	Question	Response *	
40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Motorola Solutions has a Learning eXperience Portal (LXP) that encapsulates all that our Worldwide Learning Services (WLS) team. Here you can register for training, complete online training, and track where you are on all required training that you have. We also offer in-person training for specific classes. While training is never required, we highly recommend training be included for customers that will be utilizing a solution for the first time. Our training website can be found here: https://learning.motorolasolutions.com/	*
41	Describe any technological advances that your proposed products or services offer.	Record-After-The-Fact™ Both V300 and V700 body-worn cameras as well as the M500 in-car video system offer the benefit of Record-After-The-Fact. These devices can be configured to constantly buffer video to their internal storage in addition to recording triggered events. When a recording trigger is activated, the device automatically stores the event alongside the Record-After-The-Fact footage. This gives the Department a very secure and redundant way to store video. Most video systems are able to have pre and post event recording, which adds about 60 to 120 seconds on to the front or back of a recorded event. Record-After-The-Fact however, literally gives the Department the ability to go back in time to recover video from both the in-car cameras and body camera that did not previously initiate a recording. If a critical event occurs and no recording triggers were active, the Department can still go back and capture the video from these devices. Peer-Assisted Recording When configured, an activated VB400 camera will put out a Bluetooth trigger beacon so that an unactivated camera that enters the area will start a recording when it comes within an agency-defined proximity radius.	*
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	Please find attached the 2022 Corporate Responsibility Report in our "Additional Documents" upload	*
43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Please find attached the 2022 Corporate Responsibility Report in our "Additional Documents" upload	*
44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	We do not qualify for any of these certifications, but we partner with WMBE and SBEs regularly.	*
45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	Motorola Solutions is a public safety solutions company that has been in business over 90 years. Public safety is who we serve. We focus our R&D dollars and time investments on building solutions that are integrated solutions. With all of these solutions, we have created an end-to-end platform and can provide the technology to handle an incident from the time someone picks up the phone to call 911, through case closure. We also offer implementation, managed, and support services to assure that our solutions are properly installed and maintained throughout their lifecycle.	*

49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Within the United States and Canada we are able to serve all geographic regions	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty covers all products and systems manufactured by Motorola. For any individual drop-ship items, those are covered by the warranty provided by that specific vendor. In other words, for third party products we will flow through the OEM's standard warranty as provided to us.	*
51	What are your proposed exchange and return programs and policies?	Warranty covers the repair and return of products provided by Motorola. Advanced replacement options can be quoted in addition to the standard warranty.	*

Additional transaction documents will be dependent on the equipment and/or services quoted.	*
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	P-card payments are accepted. There is no additional cost to Sourcewell or participating entities if this process is used.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *	
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	The pricing model we are using in this RFP response is showing percentage discounts off of MSRP price for each product category. Our categories are known as Accounting Product Categories or "APCs". The details can be found in the pricing section that has been uploaded with our response.	*
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The discounts provided in our pricing is reflective of a percentage off MSRP. Discounts vary based on each product category.	*
59	Describe any quantity or volume discounts or rebate programs that you offer.	Volume discounts or system incentives may be applied based on the size and scope of the quote /project.	*
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	For items that are dropship and not sourced by Motorola Solutions, we supply those items at a cost plus. The percentage we use varies depending on the item.	*
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Each opportunity is unique and may require a custom quote for these services.	*
62	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	Shipping is included for most products. For those where it is not included, shipping cost will be specifically identified on the quote. Shipping terms are FOB Shipping.	*
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	We have no specific or different freight, shipping, or delivery terms for Alaska, Hawaii or Canada. We currently have customers in all 3 of these locations and can ship to them.	*
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	We have no unique distribution and/or delivery methods or options.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	d. other than what the Proposer typically offers (please describe).	The pricing offered in this proposal varies based on the solutions / items and scope selected by the customer. In some cases it's the same we offer municipality, university, school districts or other GPOs, cooperative procurement organizations, or state purchasing departments but oftentimes if better.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	In Motorola's order entry process, each order requires a contract number prior to order submission. This contract number will be specific to Sourcewell, and will be used to track the sales volume associated with the contract. This is the same tried and true method we have used to track and report sales via the NASPO, HGAC contracts for over a decade. We currently use this method for our various Sourcewell contracts.	*
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	It is in Motorola's best interest to source as much business as possible through Sourcewell. Sourcewell will help provide beneficial pricing to the customers and a clear procurement path. We will determine the success of using the Sourcewell contract by measuring the sales volume against other less established contract procurement vehicles that are currently in place at Motorola.	*
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	We are proposing a 1% admin fee that will be calculated off of total sales under this contract.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *	
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	At Motorola Solutions, our history of innovation for public safety is part of who we are. Motorola Solutions believes that transparency in public safety starts with every police officer being outfitted with a body-worn camera, and that it should be as commonplace as the badge they wear. The proposed products all have the common goal of providing agencies with a fully unified solution and ecosystem. The goal of Motorola Solutions' technology umbrella is to provide best-of-breed products capable of integrating to reduce the steps in the officer's workflow and provide automation to increase efficiency and productivity. Examples of this include integrations with the Motorola APX radios, in-car and body-worn camera activation triggers, and CAD/RMS integration (automatically associate CAD information with recorded video). These integrations allow the systems to communicate and share information to reduce the number of touch points for the officer and dispatch, which allows them to focus on the critical events at hand. The Motorola Solutions ecosystem provides an end-to-end software suite purpose built for public safety. It enables information to be entered once, at any point in your operations, and shared by everyone—from call to case closure.	*
70	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	In-Car Video Cameras, Body-Worn Cameras, License Plate Readers, Interview Room Systems, Evidence Management Software & Hardware Cloud, Hybrid, and On-Premise Storage Solutions.	*

Table 15: Industry Specific Questions

Line Item	Question	Response *	
78	Describe the security features of your proposed solutions in relation to data security.	Our Body-Worn and In-Car Video Camera data security features include: Encryption of data at rest and in transit. CJIS compliance. FIPS-140-2 compliance. Data security is elevated with encryption at rest and in transit technology. Video, audio and metadata is encrypted at rest and in motion using FIPS-140-2 compliant encryption. Motorola Solutions body-worn solutions will not allow users to save or download videos directly from the camera to a USB or other external drive/device. There are no cables that directly connect to the camera. Video may only be accessed for downloading and saving when the camera is connected to its paired DEMS environment.	*

79	Describe the data storage, Artificial Intelligence (AI) analytics, and management features and functionality as they relate to your proposed products.	CommandCentral Evidence's digital evidence management tools streamline collecting, securing, and managing multimedia evidence. These tools simplify how a secure digital evidence library is built by incorporating data from multiple sources into a unified evidence storage framework. Users can upload digital evidence from a variety of sources to quickly build cases. Evidence stored within the tool is easy to search, correlate, and review alongside other case-related information from your CAD or RMS database. Relevant content can be marked and intelligently sorted to quickly locate critical information from a central touchpoint. This unified storage framework allows personnel to make informed decisions from an organized and complete case evidence view, while offering an access control system to allow only authorized personnel to view sensitive information. CommandCentral Evidence simplifies building a secure digital evidence library by incorporating data from multiple sources into a unified evidence storage framework. Users can upload digital evidence files from a variety of sources to build cases. Products from Motorola Solutions, such as body-worn cameras, in-car cameras, the mobile field response application, and other CommandCentral software, automatically transmit data to its associated Digital Evidence Management System. This saves the time and effort needed to manually upload files. Once the content is securely stored, content management is more efficient. Digital Evidence Management streamlines content management workflows, with tags and metadata that make it easier to correlate, search, and manage evidence. The application automatically links evidence based on the tags and metadata attached to those files, helping users find additional contextual information on an incident and build cases quickly. Users can search and filter content to locate additional relevant data to link to a case or incident. To quickly access evidence items that they frequently need to reference, users can group or bookmark files within the interface.
80	Describe how your proposed product(s) or systems integrates with Computer Aided Dispatch, Records Management, Digital Evidence Management, and/or Situational Awareness Systems.	Motorola has several APIs on hand that allows integration with other third party CAD and RMS systems to allow searching, tagging, etc. Our professional service team engages with the utilized CAD vendor to discuss the integration. When paired with our in-car camera system, the V300/V700 recordings automatically inherit the properties, including the event tag(s) of the in-car recording. CAD/RMS integration is also available to allow auto tagging. Aside from customizations of standard system options, customers have the ability to request API customization for CAD and RMS integration with third party vendors. Motorola offers our own CAD and RMS solutions which can be integrated as one "ecosystem" ensuring compatibility and long term support. Available metadata includes: - Date / Time - GPS - Officer Name - Event Category - Badge ID - Stream Quality - Unit / Camera ID - Time Zone - Software Version - Serial Number - MAC ID - Battery Level - Temperature - Power On - Power Off - Record Start - Record Stop - Docked/Undocked - Covert On / Off
81	Describe how your system allows for secured sharing of videos – file sharing systems.	Motorola Solutions' DEMS provides multiple means and workflows for sharing digital evidence with internal users, external partners and prosecuting agencies to meet an entity's procedures and requirements. Internal sharing can be utilized with individual named users or user groups defined by the user's organization. External sharing of assets can be accomplished in the same manner, with individual external users and user groups that can be managed by the customer within their own Motorola DEMS environment as part of your deployment. External link sharing allows link based shares to individuals who are not users within Motorola DEMS. Sharing allows time restricted access and permission controls for viewing annotations, viewing metadata, or ability to download content. All metadata are accessible to the user and can be viewed prior to sharing. Users can also provide permission to allow the shared user to view metadata as well.
82	Detail how your system complies with Criminal Justice Information Systems (CJIS) security requirements.	Our on-premise DEMS solution is CJIS compliant. Our cloud solutions use the Microsoft Azure Government environment and is a CALEA and CJIS certified data center. In addition, we build on a strong foundation with an Azure architecture designed and managed to meet a broad set of international compliance standards, as well as region-specific and industry-specific standards.

Change Orders are effective and binding on the Parties only upon execution of the Change Order by an authorized representative of both Parties.

Section 4. Term and Termination.

4.1. Term. The applicable Addendum or Proposal will set forth the Term for the Products and Services governed thereby.

4.1.1. Subscription Terms. The duration of Customer's subscription commences upon delivery of the first Subscription Software (and recurring Services, if applicable) ordered under this Agreement and will continue for a twelve (12) month period or such longer period identified in a Proposal (the "**Initial Subscription Period**") and will automatically renew for additional twelve (12) month periods (each, a "**Renewal Subscription Year**"), unless either Party notifies the other of its intent not to renew at least thirty (30) days before the conclusion of the then-current Subscription Term. (The Initial Subscription Period and each Renewal Subscription Year will each be referred to herein as a "**Subscription Term**".) Motorola may increase Fees prior to any Renewal Subscription Year. In such case, Motorola will notify Customer of such proposed increase no later than thirty (30) days prior to commencement of such Renewal Subscription Year.

Unless otherwise specified in writing, additional Subscription Software or recurring Services purchased under this Agreement will (a) commence upon delivery of such Subscription Software or recurring Service, and continue until the conclusion of Customer's then-current Subscription Term (a "**Partial Subscription Year**"), and (b) automatically renew for Renewal Subscription Years thereafter, unless either Party notifies the other of its intent not to renew at least thirty (30) days before the conclusion of the then-current Subscription Term. Unless otherwise specified in writing, the Subscription Terms for all Subscription Software and recurring Services hereunder will be synchronized.

4.2. Termination. Either Party may terminate the Agreement or the applicable Addendum or Proposal if the other Party breaches a material obligation under the Agreement and does not cure such breach within thirty (30) days after receipt of notice of the breach or fails to produce a cure plan within such period of time. Each Addendum and Proposal may be separately terminable as set forth therein.

4.3. Termination for Non-Appropriation. In the event any identified funding is not appropriated or becomes unavailable, the Customer reserves the right to terminate this Agreement for non-appropriation upon thirty (30) days' advance written notice to Motorola. In the event of such

termination, Motorola shall be entitled to compensation for all conforming goods delivered and for all services performed prior to the effective date of termination date.

- 4.4. - 4.6. Effect of Termination or Expiration.** Upon termination for any reason or expiration of this Agreement, an Addendum, or a Proposal, Customer and the Authorized Users will return or destroy (at Motorola's option) all Motorola Materials and Motorola's Confidential Information in their possession or control and, as applicable, provide proof of such destruction, except that Equipment purchased by Customer should not be returned. If Customer has any outstanding payment obligations under this Agreement, Motorola may accelerate and declare all such obligations of Customer immediately due and payable by Customer. Notwithstanding the reason for termination or expiration, Customer agrees to pay Motorola for Products and Services already delivered. Customer has a duty to mitigate any damages under this Agreement, including in the event of default by Motorola and Customer's termination of this Agreement.
- 4.7. Equipment as a Service.** In the event that Customer purchases any Equipment at a price below the published list price for such Equipment in connection with Customer entering into a fixed- or minimum required-term agreement for Subscription Software, and Customer or Motorola terminates the Agreement prior to the expiration of such fixed- or minimum required-term, then Motorola will have the right to invoice Customer for, and Customer will pay, the amount of the discount to the published list price for the Equipment or such other amount set forth in writing. This Section will not limit any other remedies Motorola may have with respect to an early termination.

Section 5. Payment, Invoicing, Delivery and Risk of Loss

- 5.1.** Customer affirms they have signatory authority to execute this contract. The Contract Price of \$_____, excluding taxes, is fully committed and identified, including all subsequent years of contracted services, if applicable. The Customer will pay all invoices as received from Motorola subject to the terms of this Agreement and any changes in scope will be subject to the change order process as described in this Agreement.

Motorola acknowledges the Customer may require the issuance(s) of a purchase order or notice to proceed as part of the Customer's procurement process. However, Customer agrees that the issuance or non-issuance of a purchase order or notice to proceed does not preclude the Customer from its contractual obligations as defined in this Agreement.

- 5.2. Fees.** Fees and charges applicable to the Products and Services will be as set forth in the applicable Addendum or Proposal. Changes in the scope of Services described in a Proposal that require an adjustment to the Fees will be set forth in the applicable pricing schedule. Unless otherwise specified in the applicable Proposal, the Fees for any Services exclude expenses associated with unusual and costly Site access requirements (e.g., if Site access requires a helicopter or other equipment), and Customer will reimburse Motorola for these or other expenses incurred by Motorola in connection with the Services. The annual subscription Fee for Subscription Software and associated recurring Services may include certain one-time Fees, such as start-up

fees, license fees, or other fees set forth in a Proposal. Motorola may suspend the Subscription Software and any recurring Services if Customer fails to make any payments within thirty (30) days of invoice due date when due.

5.3. Taxes. The Fees do not include any excise, sales, lease, use, property, or other taxes, assessments, duties, or regulatory charges or contribution requirements (collectively, “**Taxes**”), all of which will be paid by Customer, except as exempt by law, unless otherwise specified in a Proposal. If Motorola is required to pay any Taxes, Customer will reimburse Motorola for such Taxes (including any interest and penalties) within thirty (30) days after Customer’s receipt of an invoice therefore. Customer will be solely responsible for reporting the Products for personal property tax purposes, and Motorola will be solely responsible for reporting taxes on its income and net worth.

5.4. Invoicing. Motorola will invoice Customer as described in this Agreement and Customer will pay all invoices within thirty (30) days of the invoice date or as otherwise specified in writing. In the event Customer finances the purchase of the Motorola Products and Services contemplated herein via Motorola Solutions Credit Corporation (“MSCC”), invoices for such purchase will be paid via the disbursement of the financing proceeds pursuant to the Equipment Lease - Purchase Agreement executed between the parties and the payment schedule enclosed therein shall control payment of the related invoices. Late payments will be subject to interest charges at the maximum rate permitted by law, commencing upon the due date. Motorola may invoice electronically via email, and Customer agrees to receive invoices via email at the email address set forth in a Proposal. Customer acknowledges and agrees that a purchase order or other notice to proceed is not required for payment for Products or Services.

5.5. Payment. Customer will pay invoices for the Products and Services provided under this Agreement in accordance with the invoice payment terms set forth in Section 5.4. Generally, invoices are issued after shipment of Equipment or upon Motorola’s delivery of Licensed Software, or upon System Completion Date of a Software System, as applicable, but if a specific invoicing or payment schedule is set forth in the Agreement, such schedule will determine the invoicing cadence.

Motorola will have the right to suspend future deliveries of Products and Services if Customer fails to make any payments when due.

5.6. INVOICING AND SHIPPING ADDRESSES. Invoices will be sent to the Customer at the following address:

Name: _____

Customer may change this information by giving written notice to Motorola.

Notwithstanding the foregoing and unless otherwise stated in a Equipment Lease - Purchase Agreement, delivery of Equipment (and any incorporated Licensed Software) will occur, and title and risk of loss for the Equipment will pass to Customer, upon shipment by Motorola in accordance with ExWorks, Motorola's premises (Incoterms 2020). Customer will pay all shipping costs, taxes, and other charges applicable to the shipment and import or export of the Products and Services, as applicable, and Customer will be responsible for reporting the Products for personal property tax purposes.

Delivery of Licensed Software for installation on Equipment or Customer-Provided Equipment will occur upon the earlier of (a) electronic delivery of the Licensed Software by Motorola, and (b) the date Motorola otherwise makes the Licensed Software available for download by Customer. If agreed upon in a Proposal, Motorola will also provide Services related to such Products. Title to Licensed Software and/or Subscription Software will not pass to Customer at any time.

5.8. Delays. Any shipping dates set forth in a Proposal are approximate, and while Motorola will make reasonable efforts to ship Products by any such estimated shipping date, Motorola will not be liable for any delay or related damages to Customer. Time for delivery will not be of the essence, and delays will not constitute grounds for cancellation, penalties, termination, or a refund.

5.9. Future Regulatory Requirements. The Parties acknowledge and agree that certain Services (i.e. cyber) are an evolving technological area and therefore, laws and regulations regarding Services may change. Changes to existing Services required to achieve regulatory compliance may be available for an additional fee. Any required changes may also impact the price for Services.

Section 6. Sites; Customer-Provided Equipment; Non-Motorola Materials.

6.1. Access to Sites. Customer will be responsible for providing all necessary permits, licenses, and other approvals necessary for the installation and use of the Products and the performance of the Services at each applicable Site, including for Motorola to perform its obligations hereunder, and for facilitating Motorola's access to the Sites. No waivers of liability will be imposed on Motorola or its subcontractors by Customer or others at Customer facilities or other Sites, but if and to the extent any such waivers are imposed, the Parties agree such waivers are void.

6.2. Site Conditions. Customer will ensure that (a) all Sites are safe and secure, (b) Site conditions meet all applicable industry and legal standards (including standards promulgated by OSHA or other governmental or regulatory bodies), (c) to the extent applicable, Sites have adequate physical space, air conditioning, and other environmental conditions, electrical power outlets, distribution, equipment, connections, and telephone or other communication lines (including modem access and interfacing networking capabilities), and (d) Sites are suitable for the installation, use, and maintenance of the Products and Services. This Agreement is predicated

upon normal soil conditions as defined by the version of E.I.A. standard RS-222 in effect on the Effective Date.

- 6.3. Site Issues.** Upon its request, which will not be unreasonably denied, Motorola will have the right to inspect the Sites and advise Customer of any deficiencies or non-conformities with the requirements of this **Section 6 – Sites; Customer-Provided Equipment; Non-Motorola Materials**. If Motorola or Customer identifies any deficiencies or non-conformities, Customer will promptly remediate such issues or the Parties will select a replacement Site. If a Party determines that a Site identified in a Proposal is not acceptable or desired, the Parties will cooperate to investigate the conditions and select a replacement Site or otherwise adjust the installation plans and specifications as necessary. A change in Site or adjustment to the installation plans and specifications may cause a change in the Fees or performance schedule under the applicable Proposal.
- 6.4. Customer-Provided Equipment.** Customer will be responsible, at its sole cost and expense, for providing and maintaining the Customer-Provided Equipment in good working order. Customer represents and warrants that it has all rights in Customer-Provided Equipment to permit Motorola to access and use the applicable Customer-Provided Equipment to provide the Products and Services under this Agreement, and such access and use will not violate any laws or infringe any third-party rights (including intellectual property rights). Customer (and not Motorola) will be fully liable for Customer-Provided Equipment, and Customer will immediately notify Motorola of any Customer-Provided Equipment damage, loss, change, or theft that may impact Motorola's ability to provide the Products and Services under this Agreement, and Customer acknowledges that any such events may cause a change in the Fees or performance schedule under the applicable Proposal.
- 6.5. Non-Motorola Materials.** In certain instances, Customer may be permitted to access, use, or integrate Non-Motorola Materials with or through the Products and Services. If Customer accesses, uses, or integrates any Non-Motorola Materials with the Products or Services, Customer will first obtain all necessary rights and licenses to permit Customer's and its Authorized Users' use of the Non-Motorola Materials in connection with the Products and Services. Customer will also obtain the necessary rights for Motorola to use such Non-Motorola Materials in connection with providing the Products and Services, including the right for Motorola to access, store, and process such Non-Motorola Materials (e.g., in connection with Subscription Software), and to otherwise enable interoperation with the Products and Services. Customer represents and warrants that it will obtain the foregoing rights and licenses prior to accessing, using, or integrating the applicable Non-Motorola Materials with the Products and Services, and that Customer and its Authorized Users will comply with any terms and conditions applicable to such Non-Motorola Materials. If any Non-Motorola Materials requires access to Customer Data (as defined below), Customer hereby authorizes Motorola to allow the provider of such Non-Motorola Materials to access Customer Data, in connection with the interoperation of such Non-Motorola Materials with the Products and Services.
- 6.6.** Customer acknowledges and agrees that Motorola is not responsible for, and makes no representations or warranties with respect to, the Non-Motorola Materials (including any disclosure, modification, or deletion of Customer Data resulting from use of Non-Motorola Materials or failure to properly interoperate with the Products and Services). If Customer receives notice that any Non-Motorola Materials must be removed, modified, or disabled within the Products or Services, Customer will promptly do so. Motorola will have the right to disable or remove Non-Motorola Materials if Motorola believes a violation of law, third-party rights, or Motorola's policies is likely to occur, or if such Non-Motorola Materials poses or may pose a security or other risk or

adverse impact to the Products or Services, Motorola, Motorola's systems, or any third party (including other Motorola customers).

6.7. Motorola may provide certain Non-Motorola Materials as an authorized sales representative of a third party as set out in a Proposal. As an authorized sales representative, the third party's terms and conditions, as set forth in the Proposal, will apply to any such sales. Any orders for such Non-Motorola Materials will be filled by the third party. Nothing in this Section will limit the exclusions set forth in **Section 8.2 – Intellectual Property Infringement**.

6.8. End User Licenses. Notwithstanding any provision to the contrary in the Agreement, certain Non-Motorola Materials software are governed by a separate license, EULA, or other agreement, including terms governing third-party equipment or software, such as open source software, included in the Products and Services. Customer will comply, and ensure its Authorized Users comply, with any such additional terms applicable to third-party equipment or software. Third party software flow-down terms applicable to Motorola products are located at the following site: https://www.motorolasolutions.com/en_us/about/legal/motorola-solutions-customer-terms/flow-down-terms.html

6.9. Prohibited Use. Customer will not integrate or use, or permit a third party or an Authorized User to integrate or use, any Non-Motorola Materials with or in connection with a Software System or other software Product provided by Motorola under this Agreement, without the express written permission of Motorola.

6.10. API Support. Motorola will use commercially reasonable efforts to maintain its Application Programming Interface ("API") offered solely in connection with any Software System. APIs will evolve and mature over time, requiring changes and updates. Motorola will use reasonable efforts to continue supporting any version of an API for 6 months after such version is introduced, but if Motorola determines, in its sole discretion, to discontinue support of an API for any reason, Motorola will provide reasonable advance notification to Customer. If an API presents a security risk, Motorola may discontinue an API without prior notice.

6.11. Support of Downloaded Clients. If Customer purchases any software Product that requires a client installed locally on any Customer-Provided Equipment or Equipment in possession of Customer, Customer will be responsible for downloading and installing the current version of such client, as it may be updated from time to time. Motorola will use reasonable efforts to continue supporting any version of a client for forty-five (45) days following its release, but Motorola may update the current version of its client at any time, including for bug fixes, product improvements, and feature updates, and Motorola makes no representations or warranties that any software Product will support prior versions of a client.

Section 7. Representations and Warranties.

7.1. Mutual Representations and Warranties. Each Party represents and warrants to the other Party that (a) it has the right to enter into the Agreement and perform its obligations hereunder, and (b) the Agreement will be binding on such Party.

7.2. Communications System Warranty. Motorola represents and warrants that, on the date of System Acceptance, (a) the Communications System will perform in accordance with the descriptions in the applicable Proposal in all material respects, and (b) if Customer has purchased any Equipment or Motorola Licensed Software (but, for clarity, excluding Subscription Software) as part of such Communications System, the warranty period applicable to such Equipment and Motorola Licensed Software will continue for a period of one (1) year commencing upon System Acceptance (the "Warranty Period").

7.3. During the Warranty Period, in addition to warranty services, Motorola will provide Maintenance and Support Services for the Equipment and support for the Motorola Licensed Software pursuant to the applicable maintenance and support Proposal. Support for the Motorola Licensed Software will be in accordance with Motorola's established Software Support Policy ("SwSP"). Copies of the SwSP can be found at https://www.motorolasolutions.com/en_us/about/legal/motorola-solutions-customer-terms/software_policy.html, a copy of which is available to Customer upon written request. If Customer wishes to purchase (a) additional Maintenance and Support Services during the Warranty Period; or (b) continue or expand maintenance, software support, installation, and/or Motorola's Lifecycle Management Services ("LMS") after the Warranty Period, Motorola will provide the description of and pricing for such services in a separate proposal document and such terms will be agreed upon in a Proposal. Unless otherwise agreed by the Parties in writing, the terms and conditions in this Agreement applicable to maintenance, support, installation, and/or LMS, will be included in the Maintenance and Support Addendum, LMS Addendum, the applicable Proposals, and the proposal (if applicable). These collective terms will govern the provision of such Services.

7.4. On-Premises Software System Warranty. Motorola represents and warrants that, on the System Completion Date, or on the applicable Product Completion Date for a specific Product within such on-premises Software System, if earlier, (a) such Software System or Product will perform in accordance with the descriptions in the applicable Proposals in all material respects, and (b) if Customer has purchased any Equipment or Motorola Licensed Software (but, for clarity, excluding Subscription Software) as part of such on-premises Software System, the warranty period applicable to such Equipment and Motorola Licensed Software will continue for a period of one (1) year commencing upon the System Completion Date for the Software System that includes such Products, or on the applicable Product Completion Date, if earlier.

7.4.1. On-premises Software Systems as a service and cloud hosted Software Systems are provided as a service and accordingly do not qualify for the On-premises Software System Warranty. System completion, however, for each of these solutions is determined in accordance with **Section 12.2 Software System Completion** below.

7.5. Motorola Warranties - Services. Subject to the disclaimers and exclusions below, Motorola represents and warrants that (a) Services will be provided in a good and workmanlike manner and will conform in all material respects to the descriptions in the applicable Proposal; and (b) for a period of ninety (90) days commencing upon the Service Completion Date for one-time Services, the Services will be free of material defects in materials and workmanship. Other than as set forth in subsection (a) above, recurring Services are not warranted but rather will be subject to the requirements of the applicable Addendum or Proposal.

7.6. Motorola Warranties - Equipment. Subject to the disclaimers and exclusions set forth below, (a) for a period of one (1) year commencing upon the delivery of Motorola-manufactured Equipment under **Section 5.7 – Delivery, Title and Risk of Loss**, Motorola represents and warrants that such Motorola-manufactured Equipment, under normal use, will be free from material defects in materials and workmanship; and (b) The warranties applicable to Motorola-manufactured Equipment set forth in herein shall be applicable to all radio Equipment purchased hereunder whether or not such Equipment was manufactured by Motorola.

7.7. Motorola Licensed Software Warranty. Unless otherwise stated in the License Agreement, for a period of ninety (90) days commencing upon the delivery of Motorola-owned Licensed Software, Motorola represents and warrants that such Licensed Software, when used in accordance with the Documentation and the Agreement, will be free from reproducible defects that prevent operation of features critical to the primary functionality or successful operation of the Motorola-developed Licensed Software (as determined by Motorola)

7.7.1. As Customer's sole and exclusive remedy for any breach of the Motorola Licensed Software Warranty, Motorola will use commercially reasonable efforts to remedy the material defect in the applicable Licensed Software; provided, however, that if Motorola does not remedy such material defect within a reasonable time, then at Motorola's sole option, Motorola will either replace the defective Licensed Software with functionally-equivalent software, provide substitute software to Customer, or terminate the applicable software license and refund any paid license fees to Customer on a pro-rata basis.

7.7.2. For clarity, the Motorola Licensed Software Warranty applies only to the most current version of the Licensed Software issued by Motorola, and issuance of updated versions of any Licensed Software does not result in a renewal or extension of the Motorola Licensed Software Warranty beyond the ninety (90) day warranty period.

7.8. ADDITIONAL WARRANTY EXCLUSIONS. NOTWITHSTANDING ANY PROVISION OF THE AGREEMENT TO THE CONTRARY, MOTOROLA WILL HAVE NO LIABILITY FOR (A) DEFECTS IN OR DAMAGE TO PRODUCTS RESULTING FROM USE OTHER THAN IN THE NORMAL AUTHORIZED MANNER, OR FROM ACCIDENT, LIQUIDS, OR NEGLECT; (B) TESTING, MAINTENANCE, REPAIR, INSTALLATION, OR MODIFICATION BY PARTIES OTHER THAN MOTOROLA; (C) CUSTOMER'S OR ANY AUTHORIZED USER'S FAILURE TO COMPLY WITH INDUSTRY AND OSHA OR OTHER LEGAL STANDARDS; (D) DAMAGE TO RADIO ANTENNAS, UNLESS CAUSED BY DEFECTS IN MATERIAL OR WORKMANSHIP; (E) EQUIPMENT WITH NO SERIAL NUMBER; (F) BATTERIES OR CONSUMABLES; (G) FREIGHT COSTS FOR SHIPMENT TO REPAIR DEPOTS; (H) COSMETIC DAMAGE THAT DOES NOT AFFECT OPERATION; (I) NORMAL WEAR AND TEAR; (J) ISSUES OR OBSOLESCENCE OF LICENSED SOFTWARE DUE TO CHANGES IN CUSTOMER OR AUTHORIZED USER REQUIREMENTS, EQUIPMENT, OR SYSTEMS; (K) TRACKING AND LOCATION-BASED SERVICES; OR (L) BETA SERVICES.

7.9. Warranty Claims; Remedies. To assert a warranty claim, Customer must notify Motorola in writing of the claim prior to the expiration of any warranty period set forth in this Agreement. Unless a different remedy is otherwise expressly set forth herein, upon receipt of such claim, Motorola will investigate the claim and use commercially reasonable efforts to repair or replace any confirmed materially non-conforming Product or re-perform any non-conforming Service, at its option. Such remedies are Customer's sole and exclusive remedies for Motorola's breach of a warranty. Motorola's warranties are extended by Motorola to Customer only, and are not assignable or transferable.

7.10. Pass-Through Warranties. Notwithstanding any provision of this Agreement to the contrary, Motorola will have no liability for third-party software or hardware provided by Motorola; provided, however, that to the extent offered by third-party providers of software or hardware and to the extent permitted by law, Motorola will pass through express warranties provided by such third parties.

7.11. WARRANTY DISCLAIMER. EXCEPT FOR THE EXPRESS AND PASS THROUGH WARRANTIES IN THIS AGREEMENT, PRODUCTS AND SERVICES PURCHASED HEREUNDER ARE PROVIDED "AS IS" AND WITH ALL FAULTS. WARRANTIES SET FORTH IN THE AGREEMENT ARE THE COMPLETE WARRANTIES FOR THE PRODUCTS AND SERVICES AND MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND QUALITY. MOTOROLA DOES NOT REPRESENT OR WARRANT THAT USE OF THE PRODUCTS AND SERVICES WILL BE UNINTERRUPTED, ERROR-FREE, OR FREE OF SECURITY VULNERABILITIES, OR THAT THEY WILL MEET CUSTOMER'S PARTICULAR REQUIREMENTS.

Section 8. Indemnification.

8.1. General Indemnity. Motorola will defend, indemnify, and hold Customer harmless from and against any and all damages, losses, liabilities, and expenses (including reasonable fees and expenses of attorneys) arising from any actual third-party claim, demand, action, or proceeding (“Claim”) for personal injury, death, or direct damage to tangible property to the extent caused by Motorola’s negligence, gross negligence or willful misconduct while performing its duties under this Agreement, except to the extent the claim arises from Customer’s negligence or willful misconduct. Motorola’s duties under this **Section 8.1 – General Indemnity** are conditioned upon: (a) Customer promptly notifying Motorola in writing of the Claim; (b) Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise to the extent allowed by applicable law; and (c) Customer cooperating with Motorola and, if requested by Motorola, providing reasonable assistance in the defense of the Claim.

8.2. Intellectual Property Infringement. Motorola will defend Customer against any third-party claim alleging that a Motorola-developed or manufactured Product or Service (the “Infringing Product”) directly infringes a United States patent or copyright (“Infringement Claim”), and Motorola will pay all damages finally awarded against Customer by a court of competent jurisdiction for an Infringement Claim, or agreed to in writing by Motorola in settlement of an Infringement Claim. Motorola’s duties under this **Section 8.2 – Intellectual Property Infringement** are conditioned upon: (a) Customer promptly notifying Motorola in writing of the Infringement Claim; (b) Motorola having sole control of the defense of the suit and all negotiations for its settlement or compromise; and (c) Customer cooperating with Motorola and, if requested by Motorola, providing reasonable assistance in the defense of the Infringement Claim.

8.2.1. If an Infringement Claim occurs, or in Motorola’s opinion is likely to occur, Motorola may at its option and expense: (a) procure for Customer the right to continue using the Infringing Product; (b) replace or modify the Infringing Product so that it becomes non-infringing; or (c) grant Customer (i) a prorated refund of any amounts pre-paid for the Infringing Product (if the Infringing Product is a software Product, i.e., Licensed Software or Subscription Software) or (ii) a credit for the Infringing Product, less a reasonable charge for depreciation (if the Infringing Product is Equipment, including Equipment with embedded software).

8.2.2. In addition to the other damages disclaimed under this Agreement, Motorola will have no duty to defend or indemnify Customer for any Infringement Claim that arises from or is based upon: (a) Customer Data, Customer-Provided Equipment, Non-Motorola Materials, or third-party equipment, hardware, software, data, or other third-party materials; (b) the combination of the Product or Service with any products or materials not provided by Motorola; (c) a Product or Service designed, modified, or manufactured in accordance with Customer’s designs, specifications, guidelines or instructions; (d) a modification of the Product or Service by a party other than Motorola; (e) use of the Product or Service in a manner for which the Product or Service was not designed or that is inconsistent with the terms of this Agreement; or (f) the failure by Customer to use or install an update to the Product or Service that is intended to correct the claimed infringement. In no event will Motorola’s liability resulting from an Infringement Claim extend in any way to any payments due on a royalty basis, other than a reasonable royalty based upon revenue derived by Motorola from Customer from sales or license of the Infringing Product.

8.2.3. This **Section 8.2 – Intellectual Property Infringement** provides Customer’s sole and exclusive remedies and Motorola’s entire liability in the event of an Infringement Claim.

8.3. Customer Indemnity. To the extent allowed by applicable law, Customer will defend, indemnify, and hold Motorola and its subcontractors, subsidiaries and other affiliates harmless from and against any and all damages, losses, liabilities, and expenses (including reasonable fees and expenses of attorneys) arising from any actual or threatened third-party claim, demand, action, or

proceeding arising from or related to (a) Customer-Provided Equipment, Customer Data, or Non-Motorola Materials, including any claim, demand, action, or proceeding alleging that any such equipment, data, or materials (or the integration or use thereof with the Products and Services) infringes or misappropriates a third-party intellectual property or other right, violates applicable law, or breaches the Agreement; (b) Customer-Provided Equipment's failure to meet the minimum requirements set forth in the applicable Documentation or match the applicable specifications provided to Motorola by Customer in connection with the Products or Services; (c) Customer's (or its service providers, agents, employees, or Authorized User's) negligence or willful misconduct; and (d) Customer's or its Authorized User's breach of this Agreement. This indemnity will not apply to the extent any such claim is caused by Motorola's use of Customer-Provided Equipment, Customer Data, or Non-Motorola Materials in violation of the Agreement. Motorola will give Customer prompt, written notice of any claim subject to the foregoing indemnity. Motorola will, at its own expense, cooperate with Customer in its defense or settlement of the claim.

Section 9. Limitation of Liability.

9.1. EXCEPT FOR PERSONAL INJURY OR DEATH, THE TOTAL AGGREGATE LIABILITY OF MOTOROLA, ITS AFFILIATES, AND ITS AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SUBCONTRACTORS, AGENTS, SUCCESSORS, AND ASSIGNS (COLLECTIVELY, THE "MOTOROLA PARTIES"), WHETHER BASED ON A CLAIM IN CONTRACT OR IN TORT, LAW OR EQUITY, RELATING TO OR ARISING OUT OF THE AGREEMENT WILL NOT EXCEED THE FEES, OR PORTION OF FEES, RELATED TO THE PRODUCT OR INTEGRATION SERVICE UNDER WHICH THE CLAIM AROSE. WITH RESPECT TO ANY SUBSCRIPTION SOFTWARE OR ANY RECURRING SERVICES, THE MOTOROLA PARTIES' TOTAL AGGREGATE LIABILITY FOR ALL CLAIMS RELATED TO SUBSCRIPTION SOFTWARE OR RECURRING SERVICES WILL NOT EXCEED THE TOTAL FEES PAID FOR THE APPLICABLE SUBSCRIPTION SOFTWARE OR RECURRING SERVICE DURING THE CONSECUTIVE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT FROM WHICH THE FIRST CLAIM AROSE. EXCEPT FOR PERSONAL INJURY OR DEATH, THE MOTOROLA PARTIES WILL NOT BE LIABLE IN CONNECTION WITH THIS AGREEMENT (WHETHER UNDER MOTOROLA'S INDEMNITY OBLIGATIONS, A CAUSE OF ACTION FOR BREACH OF CONTRACT, UNDER TORT THEORY, OR OTHERWISE) FOR ANY INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES OR DAMAGES FOR LOST PROFITS OR REVENUES, EVEN IF MOTOROLA HAS BEEN ADVISED BY CUSTOMER OR ANY THIRD PARTY OF THE POSSIBILITY OF SUCH DAMAGES OR LOSSES AND WHETHER OR NOT SUCH DAMAGES OR LOSSES ARE FORESEEABLE.

9.2. EXCLUSIONS FROM LIABILITY. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, MOTOROLA WILL HAVE NO LIABILITY FOR DAMAGES ARISING OUT OF (A) CUSTOMER DATA, INCLUDING ITS TRANSMISSION TO MOTOROLA, OR ANY OTHER DATA AVAILABLE THROUGH THE PRODUCTS OR SERVICES; (B) CUSTOMER-PROVIDED EQUIPMENT OR SITES; NON-MOTOROLA MATERIALS; THIRD-PARTY EQUIPMENT, HARDWARE, SOFTWARE, DATA, OR CONTENT; OR UNKNOWN OR UNAUTHORIZED COMBINATION OF PRODUCTS AND SERVICES ; (C) LOSS OF DATA, HACKING, RANSOMWARE, THIRD-PARTY ATTACKS OR DEMANDS; (D) MODIFICATION OF PRODUCTS OR SERVICES NOT AUTHORIZED BY MOTOROLA; (E) RECOMMENDATIONS PROVIDED IN CONNECTION WITH THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT; (F) DATA RECOVERY SERVICES OR DATABASE MODIFICATIONS; OR (G) CUSTOMER'S OR ANY AUTHORIZED USER'S BREACH OF THIS AGREEMENT OR MISUSE OF THE PRODUCTS AND SERVICES.

IN ADDITION TO THE FOREGOING EXCLUSIONS FROM DAMAGES, AND NOTWITHSTANDING ANY PROVISION OF THE AGREEMENT TO THE CONTRARY, MOTOROLA WILL HAVE NO LIABILITY FOR (A) INTERRUPTION OR FAILURE OF CONNECTIVITY, VULNERABILITIES, OR SECURITY EVENTS; (B) DISRUPTION OF OR DAMAGE TO CUSTOMER'S OR THIRD PARTIES' SYSTEMS, EQUIPMENT, OR DATA, INCLUDING DENIAL OF ACCESS TO USERS, OR SHUTDOWN OF SYSTEMS CAUSED BY INTRUSION DETECTION SOFTWARE OR HARDWARE; (C) AVAILABILITY OR ACCURACY OF ANY DATA AVAILABLE THROUGH THE SUBSCRIPTION SOFTWARE OR SERVICES, OR INTERPRETATION, USE, OR MISUSE THEREOF; (D) TRACKING AND LOCATION-BASED SERVICES; OR (E) BETA SERVICES.

9.3 Statute of Limitations. Customer may not bring any claims against a Motorola Party in connection with this Agreement or the Products and Services more than one (1) year after the date of accrual of the cause of action.

Section 10. Confidentiality.

- 10.1. Confidential Information.** In order to be considered Confidential Information, information that is disclosed orally must be identified as confidential at the time of disclosure and confirmed by disclosing party ("Discloser") by submitting a written document to receiving party ("Recipient") within thirty (30) days after such disclosure. The written document must contain a summary of the Confidential Information disclosed with enough specificity for identification purpose and must be labeled or marked as confidential or its equivalent.
- 10.2. Obligations of Confidentiality.** During the Term and for a period of three (3) years from the expiration or termination of this Agreement, Recipient will (a) not disclose Confidential Information to any third party, except as expressly permitted in this **Section 10 - Confidentiality**; (b) restrict disclosure of Confidential Information to only those employees, agents or consultants who must access the Confidential Information for the purpose of providing Services and who are bound by confidentiality terms substantially similar to those in this Agreement and licenses; (c) not copy, reproduce, reverse engineer, decompile or disassemble any Confidential Information; (d) use the same degree of care as for its own information of like importance, but no less than reasonable care to safeguard against disclosure; (e) promptly notify Discloser upon discovery of any unauthorized use or disclosure of the Confidential Information and take reasonable steps to regain possession of the Confidential Information and prevent further unauthorized actions or other breach of this Section; and (f) only use the Confidential Information as needed to fulfill its obligations and secure its rights under this Agreement.
- 10.3. Exceptions.** Recipient may disclose Confidential Information to the extent required by law, or a judicial or legislative order or proceeding. Recipient is not obligated to maintain as confidential any information that Recipient can demonstrate by documentation (a) is publicly known or available prior to without breach of this Agreement; (b) is lawfully obtained; or (c) is independently known or developed by Recipient without the use of, or reference to, any of Discloser's Confidential Information or any breach of this Agreement.
- 10.4. Ownership of Confidential Information.** All Confidential Information is and will remain the property of Discloser, and will not be copied or reproduced without written permission. Within ten (10) days of receipt of Discloser's written request, Recipient will return or destroy all Confidential Information to Discloser, or certify in writing that all such Confidential Information has been destroyed. However, Recipient may retain (a) one (1) archival copy for use only in case of a dispute concerning this Agreement, and (b) Confidential Information that has been automatically stored in accordance with Recipient's standard backup or recordkeeping procedures. Recipient will remain subject to the obligations of this Agreement with respect to any Confidential Information retained

subject to clauses (a) or (b). No license, express or implied, in the Confidential Information is granted to the Recipient other than to use it in the manner, and to the extent authorized by this Agreement. Discloser represents and warrants that it is authorized to disclose any Confidential Information it discloses pursuant to this Agreement.

Section 11. Proprietary Rights; Data; Feedback.

11.1. Motorola Materials. Customer acknowledges that Motorola may use or provide Customer with access to “Motorola Materials”. Except when Motorola has expressly transferred title or other interest to Customer by way of an Addendum, the Motorola Materials are the property of Motorola or its licensors, and Motorola or its licensors retain all right, title and interest in and to the Motorola Materials (including, all rights in patents, copyrights, trademarks, trade names, trade secrets, know-how, other intellectual property and proprietary rights, and all associated goodwill and moral rights).

This Agreement does not grant to Customer any shared development rights in or to any Motorola Materials or other intellectual property, and Customer agrees to execute any documents and take any other actions reasonably requested by Motorola to effectuate the foregoing. Motorola and its licensors reserve all rights not expressly granted to Customer, and no rights, other than those expressly granted herein, are granted to Customer by implication, estoppel or otherwise. Customer will not modify, disassemble, reverse engineer, derive source code or create derivative works from, merge with other software, distribute, sublicense, sell, or export the Products and Services or other Motorola Materials, or permit any third party to do so.

11.2. Ownership of Customer Data. Customer retains all right, title and interest, including intellectual property rights, if any, in and to Customer Data. Motorola acquires no rights to Customer Data except those rights granted under this Agreement including the right to Process and use the Customer Data as set forth in the DPA.

11.3. Data Retention and Deletion. Except as expressly provided otherwise under the DPA, Motorola will delete all Customer Data following termination or expiration of this MCA or the applicable Addendum or Proposal, with such deletion to occur no later than ninety (90) days following the applicable date of termination or expiration, unless otherwise required to comply with applicable law. Any requests for the exportation or download of Customer Data must be made by Customer to Motorola in writing before expiration or termination, subject to **Section 15.9 – Notices**. Motorola will have no obligation to retain such Customer Data beyond expiration or termination unless the Customer has purchased extended storage from Motorola through a mutually executed Proposal.

11.4. Service Use Data. Customer understands and agrees that Motorola may collect and use Service Use Data for its own purposes, and may disclose Service Use Data to third parties. It is Customer’s responsibility to notify Authorized Users of Motorola’s collection and use of Service Use Data and to obtain any required consents, provide all necessary notices, and meet any other applicable legal requirements with respect to such collection and use, and Customer represents and warrants to Motorola that it has complied and will continue to comply with this Section.

11.5. Third-Party Data and Motorola Data. Customer will not, and will use reasonable efforts to ensure its Authorized Users will not: (a) use the Motorola Data or Third-Party Data for any purpose other than Customer’s internal business purposes; (b) disclose the data to third parties; (c) “white label” such data or otherwise misrepresent its source or ownership, or resell, distribute, sublicense, or commercially exploit the data in any manner; (d) use such data in violation of applicable laws; (e) remove, obscure, alter, or falsify any marks or proprietary rights notices indicating the source, origin, or ownership of the data; or (f) modify such data or combine it with Customer Data or other

data or use the data to build databases. Additional restrictions may be set forth in the applicable Addendum.

- 11.5.1.** Any rights granted to Customer or Authorized Users with respect to Motorola Data or Third-Party Data will immediately terminate upon termination or expiration of the applicable Addendum, Proposal, or this MCA. Further, Motorola or the applicable Third-Party Data provider may suspend, change, or terminate Customer's or any Authorized User's access to Motorola Data or Third-Party Data if Motorola or such Third-Party Data provider believes Customer's or the Authorized User's use of the data violates the Agreement, applicable law or Motorola's agreement with the applicable Third-Party Data provider.
- 11.5.2.** Upon termination of Customer's rights to use any Motorola Data or Third-Party Data, Customer and all Authorized Users will immediately discontinue use of such data, delete all copies of such data, and certify such deletion to Motorola. Notwithstanding any provision of the Agreement to the contrary, Motorola will have no liability for Third-Party Data or Motorola Data available through the Products and Services. Motorola and its Third-Party Data providers reserve all rights in and to Motorola Data and Third-Party Data not expressly granted in an Addendum or Proposal.
- 11.6. Feedback.** Any Feedback provided by Customer is entirely voluntary, and will not create any confidentiality obligation for Motorola, even if designated as confidential by Customer. Motorola may use, reproduce, license, and otherwise distribute and exploit the Feedback without any obligation or payment to Customer or Authorized Users and Customer represents and warrants that it has obtained all necessary rights and consents to grant Motorola the foregoing rights.
- 11.7. Improvements; Products and Services.** The Parties agree that, notwithstanding any provision of this Agreement to the contrary, all fixes, modifications and improvements to the Services or Products conceived of or made by or on behalf of Motorola that are based either in whole or in part on the Feedback, Customer Data, or Service Use Data (or otherwise) are the exclusive property of Motorola and all right, title and interest in and to such fixes, modifications or improvements will vest solely in Motorola. Customer agrees to execute any written documents necessary to assign any intellectual property or other rights it may have in such fixes, modifications or improvements to Motorola.

Section 12. Acceptance

12.1. Communications System Acceptance.

- 12.1.1.** Any Communications System described in the Proposal hereunder (including the Products, Integration Services, and all other components thereof) will be deemed completed upon successful completion of the acceptance procedures ("Acceptance Tests") set forth in the Acceptance Test Plan ("System Acceptance"). Motorola will notify Customer at least ten (10) days before the Communications System testing commences. Upon System Acceptance, the Parties will memorialize this event by promptly executing a certificate documenting such System Acceptance as set forth in Exhibit C. If the Acceptance Test Plan includes separate tests for individual sub-Systems or phases of the Communications System, acceptance of the individual sub-System or phase will occur upon the successful completion of the Acceptance Tests for the sub-Communications System or phase, and the Parties will promptly execute an acceptance certificate for the sub-Communications System or phase. If Customer believes the Communications System has failed the completed Acceptance Tests, Customer will provide to Motorola a written notice that includes the specific details of the failure. If Customer does not provide to Motorola a failure notice within thirty (30) days after completion of the Acceptance Tests, System Acceptance will be deemed to have occurred as of the completion of the

Acceptance Tests. Minor omissions or variances in the Communications System that do not materially impair the operation of the Communications System as a whole will not postpone System Acceptance or sub-Communications System acceptance, but will be corrected according to a mutually agreed punch list schedule. This Section applies to Products purchased as part of a Communications System notwithstanding any conflicting delivery provisions within this Agreement and this Section will control over such other delivery provisions to the extent of a conflict.

12.1.2. Beneficial Use. Customer acknowledges that Motorola's ability to perform its implementation and testing responsibilities may be impeded if Customer begins using the Communications System before System Acceptance.

12.1.3. Customer shall not commence using the system before System Acceptance without Motorola's prior written authorization, which will not be unreasonably withheld. Motorola is not responsible for Communications System performance deficiencies that occur prior to System Acceptance or written authorized use. Upon the date Customer begins using the Communications System, Customer assumes responsibility for the use and operation of the Communications System.

12.2 Software System Completion. Any Software System described in the Proposal (including the Products, Integration Services, and all other components thereof) will be deemed completed upon Customer's (or the applicable Authorized User's) Beneficial Use of each Product that is included in the Software System (unless alternative acceptance procedures are set forth in the Proposal) (the "System Completion Date"). Customer will not unreasonably delay Beneficial Use of any Product within a Software System, and in any event, the Parties agree that Beneficial Use of a Product will be deemed to have occurred thirty (30) days after functional demonstration. For clarity, if a Software System is comprised of more than one Product, Motorola may notify Customer that all Integration Services for a particular Product within the Software System have been completed, and Customer may have Beneficial Use of such Product prior to having Beneficial Use of other Products in the Software System, or of the Software System as a whole. In such case, the Integration Services applicable to such Product will be deemed complete upon Customer's Beneficial Use of the Product ("Product Completion Date"), which may occur before the System Completion Date. As used in this Section, "Beneficial Use" means use by Customer or at least one (1) Authorized User of the material features and functionalities of a Product within a Software System, in material conformance with Product descriptions in the Proposal. This Section applies to Products purchased as part of a Software System notwithstanding any conflicting delivery provisions within this Agreement, and will control over such other delivery provisions to the extent of a conflict.

Section 13. Force Majeure; Delays Caused by Customer.

13.1. Force Majeure. Except for Customer's payment obligations hereunder, neither Party will be responsible for nonperformance or delayed performance due to events outside of its reasonable control. If performance will be significantly delayed, the affected Party will provide notice to the other Party, and the Parties will agree (in writing) upon a reasonable extension to any applicable performance schedule.

13.2. Delays Caused by Customer. Motorola's performance of the Products and Services will be excused for delays caused by Customer or its Authorized Users or subcontractors, or by failure of any assumptions set forth in this Agreement (including in any Addendum or Proposal). In the event of a delay under this **Section 13.2 – Delays Caused by Customer**, (a) Customer will continue to pay the Fees as required hereunder, (b) the Parties will agree (in writing) upon a reasonable extension to any applicable performance schedule, and (c) Customer will compensate Motorola for its out-of-pocket costs incurred due to the delay (including those incurred by Motorola's affiliates, vendors, and subcontractors).

Section 14. Disputes. The Parties will use the following procedure to resolve any disputes relating to or arising out of this Agreement (each, a “Dispute”):

- 14.1. Governing Law.** All matters relating to or arising out of the Agreement are governed by the laws of the State of Illinois, unless Customer is the United States Government (or an agency thereof) or a state government or state agency or local municipality within the United States, in which case all matters relating to or arising out of the Agreement will be governed by the laws of the State in which the Products and Services are provided. The terms of the U.N. Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act will not apply.
- 14.2. Negotiation; Mediation.** The Parties will attempt to timely resolve the Dispute promptly through good faith negotiations. Either Party may initiate dispute resolution procedures by sending a notice of Dispute (“Notice of Dispute”) to the other Party. The Parties will choose an independent mediator within thirty (30) days of such Notice of Mediation. Neither Party may unreasonably withhold consent to the selection of a mediator, but if the Parties are unable to agree upon a mediator, either Party may request that the American Arbitration Association nominate a mediator. Each Party will bear its own costs of mediation, but the Parties will share the cost of the mediator equally. Unless otherwise agreed in writing, all in person meetings under this **Section 14.2 – Negotiation; Mediation** will take place in Chicago, Illinois, and all communication relating to the Dispute resolution will be maintained in strict confidence by the Parties. Notwithstanding the foregoing, any Dispute arising from or relating to Motorola’s intellectual property rights must be decided by a court of competent jurisdiction, in accordance with **Section 14.3 – Litigation, Venue, Jurisdiction** below.
- 14.3. Litigation, Venue, Jurisdiction.** If the Dispute has not been resolved by mediation within sixty (60) days from the Notice of Mediation, either Party may submit the Dispute exclusively to a court in Cook County, Illinois, or in the case the Customer is the United States, a state agency, or local municipality, then the appropriate court in the State in which the Products and Services are provided. Each Party expressly consents to the exclusive jurisdiction of such courts for resolution of any Dispute and to enforce the outcome of any mediation.

Section 15. General.

- 15.1. Compliance with Laws.** Each Party will comply with applicable laws in connection with the performance of its obligations under this Agreement, including that Customer will ensure its and its Authorized Users’ use of the Products and Services complies with law (including privacy laws), and Customer will obtain any FCC and other licenses or authorizations (including licenses or authorizations required by foreign regulatory bodies) required for its and its Authorized Users’ use of the Products and Services. Motorola may, at its discretion, cease providing or otherwise modify Products and Services (or any terms related thereto in an Addendum or Proposal), in order to comply with any changes in applicable law.
- 15.2. Audit; Monitoring.** Motorola will have the right to monitor and audit use of the Products, including an audit of total user licenses credentialed by Customer for any Subscription Software, which may also include access by Motorola to Customer Data and Service Use Data. Customer will provide notice of such monitoring to its Authorized Users and obtain any required consents, including individual end users, and will cooperate with Motorola in any monitoring or audit. Customer will maintain during the Term, and for two (2) years thereafter, accurate records relating to any software licenses granted under this Agreement to verify compliance with this Agreement. Motorola or a third party (“Auditor”) may inspect Customer’s and, as applicable, Authorized Users’ premises, books, and records. Motorola will pay expenses and costs of the Auditor, unless Customer is found to be in violation of the terms of the Agreement, in which case Customer will be

responsible for such expenses and costs. In the event Motorola determines that Customer's usage of the Subscription Software during the applicable Subscription Term exceeded the total number of licenses purchased by Customer, Motorola may invoice Customer for the additional licenses used by Customer, pro-rated for each additional license from the date such license was activated, and Customer will pay such invoice in accordance with the payment terms in the Agreement.

15.3. Assignment and Subcontracting. Neither Party may assign or otherwise transfer this Agreement without the prior written approval of the other Party. Motorola may assign or otherwise transfer this Agreement or any of its rights or obligations under this Agreement without consent (a) for financing purposes, (b) in connection with a merger, acquisition or sale of all or substantially all of its assets, (c) as part of a corporate reorganization, or (d) to a subsidiary corporation. Subject to the foregoing, this Agreement will be binding upon the Parties and their respective successors and assigns. Motorola may subcontract any of the work, but subcontracting will not relieve Motorola of its duties under this Agreement.

15.4. Waiver. A delay or omission by either Party to exercise any right under this Agreement will not be construed to be a waiver of such right. A waiver by either Party of any of the obligations to be performed by the other, or any breach thereof, will not be construed to be a waiver of any succeeding breach or of any other obligation. All waivers must be in writing and signed by the Party waiving its rights.

15.5. Severability. If any provision of the Agreement is found by a court of competent jurisdiction to be invalid, illegal, or otherwise unenforceable, such provision will be deemed to be modified to reflect as nearly as possible the original intentions of the Parties in accordance with applicable law. The remaining provisions of this Agreement will not be affected, and each such provision will be valid and enforceable to the full extent permitted by applicable law.

15.6. Independent Contractors. Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership, or formal business organization of any kind.

15.7. Third-Party Beneficiaries. The Agreement is entered into solely between, and may be enforced only by, the Parties. Each Party intends that the Agreement will not benefit, or create any right or cause of action in or on behalf of, any entity other than the Parties. Notwithstanding the foregoing, a licensor or supplier of third-party software included in the software Products will be a direct and intended third-party beneficiary of this Agreement.

15.8. Interpretation. The section headings in this Agreement are included only for convenience. The words "including" and "include" will be deemed to be followed by the phrase "without limitation". This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

15.9. Notices. Notices required under this Agreement to be given by one Party to the other must be in writing and either personally delivered or sent to the address provided by the other Party by certified mail, return receipt requested and postage prepaid (or by a recognized courier service, such as FedEx, UPS, or DHL), and will be effective upon receipt.

15.10. Cumulative Remedies. Except as specifically stated in this Agreement, all remedies provided for in this Agreement will be cumulative and in addition to, and not in lieu of, any other remedies available to either Party at law, in equity, by contract, or otherwise. Except as specifically

stated in this Agreement, the election by a Party of any remedy provided for in this Agreement or otherwise available to such Party will not preclude such Party from pursuing any other remedies available to such Party at law, in equity, by contract, or otherwise.

- 15.11. Survival. The following provisions will survive the expiration or termination of this Agreement for any reason: Section 3.4 – Customer Obligations; Section 4.6 – Effect of Termination or Expiration; Section 5 – Payment and Invoicing; Section 7.11 – Warranty Disclaimer; Section 8.3 – Customer Indemnity; Section 9 – Limitation of Liability; Section 10 – Confidentiality; Section 11 – Proprietary Rights; Data; Feedback; Section 13 – Force Majeure; Delays Caused by Customer; Section 14 – Disputes; and Section 15 – General.
- 15.12. Entire Agreement. This Agreement, including all Exhibits, Addenda, and Proposals, constitutes the entire agreement of the Parties regarding the subject matter hereto, and supersedes all previous agreements, proposals, and understandings, whether written or oral, relating to this subject matter. This Agreement may be executed in multiple counterparts, and will have the same legal force and effect as if the Parties had executed it as a single document. The Parties may sign in writing or by electronic signature. An electronic signature, facsimile copy, or computer image of a signature, will be treated, and will have the same effect as an original signature, and will have the same effect, as an original signed copy of this document. This Agreement may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any Customer purchase order, acknowledgment, or other form will not be considered an amendment or modification or part of this Agreement, even if a representative of each Party signs such document.

The Parties hereby enter into this MCA as of the Effective Date.

Software License Addendum

This Software License Addendum (this “**SLA**”) is subject to, and governed by, the terms of the Motorola Solutions Customer Agreement (“**MCA**”) to which it is attached. Capitalized terms used in this SLA, but not defined herein, will have the meanings set forth in the MCA.

Section 1. Addendum. This SLA governs Customer’s use of Licensed Software (and, if set forth in a Proposal, related Services) and Subscription Software from Motorola, as applicable, and is an integral part of the Parties’ Agreement.

Section 2. Licensed Software License and Restrictions.

2.1. Licensed Software License. Subject to Customer’s and its Authorized Users’ compliance with the Agreement (including payment terms), Motorola hereby grants Customer and its Authorized Users a limited, non-transferable, non-sublicensable, and non-exclusive license to use the Licensed Software identified in a Proposal, in object code form only, and the associated Documentation, solely in connection with the Equipment provided by Motorola or authorized Customer-Provided Equipment (as applicable, the “**Designated Products**”) and solely for Customer’s internal business purposes. Unless otherwise stated in an Addendum or the Proposal, the foregoing license grant will be limited to the number of licenses set forth in the applicable Proposal and will continue for the life of the applicable Designated Product. Except as otherwise permitted in an applicable Addendum or Proposal, Customer may install, access, and use Licensed Software only in Customer’s owned or controlled facilities, including any authorized mobile sites; provided, however, that Authorized Users using authorized mobile or handheld devices may also log into and access the Licensed Software remotely from any location.

2.2. Subscription License Model. If the Parties mutually agree that any Licensed Software purchased under this Agreement will be replaced with or upgraded to Subscription Software, then upon such time which the Parties execute the applicable Change Order or Proposal, the licenses granted under this **Section 2 Licensed Software License and Restrictions** will automatically terminate, and such Subscription Software will be governed by the terms of **Section 3 Subscription Software License and Restrictions**.

2.3. Customer Restrictions. Customers and Authorized Users will comply with the applicable Documentation in connection with their use of the Products. Customer will not and will not allow others, including the Authorized Users, to: (a) make the Licensed Software available for use by unauthorized third parties, including via a commercial rental or sharing arrangement; (b) reverse engineer, disassemble, or reprogram the Licensed Software or any portion thereof to a human-readable form; (c) modify, create derivative works of, or merge the Licensed Software with other software or equipment; (d) copy, reproduce, distribute, lend, lease, or transfer the Licensed Software or Documentation for or to any third party without the prior express written permission of Motorola; (e) take any action that would cause the Licensed Software or Documentation to be placed in the public domain; (f) use the Licensed Software to compete with Motorola; or (g) remove, alter, or obscure, any copyright or other notice.

2.4. Copies. Customer may make one (1) copy of the Licensed Software solely for archival, back-up, or disaster recovery purposes during the term of the applicable Licensed Software license. Customer may make as many copies of the Documentation reasonably required for the internal use of the Licensed Software during such Licensed Software’s license term. Unless otherwise authorized by Motorola in writing, Customer will not, and will not enable or allow any third party to: (a) install a licensed copy of the Licensed Software on more than one (1) unit of a Designated Product; or (b) copy onto or transfer Licensed Software installed in a unit of a Designated Product onto another device. Customer may temporarily transfer Licensed Software installed on a

Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Customer provides written notice to Motorola of the temporary transfer and identifies the device on which the Licensed is transferred. Temporary transfer of the Licensed Software to another device must be discontinued when the original Designated Product is returned to operation and the Licensed Software must be removed from the other device. Customer must provide prompt written notice to Motorola at the time the temporary transfer is discontinued.

- 2.5. Resale of Equipment.** Equipment contains embedded Licensed Software. If Customer desires to sell its used Equipment to a third party, Customer must first receive prior written authorization from Motorola, which will not be unreasonably denied, and obtain written acceptance of the applicable Licensed Software license terms, including the obligation to pay relevant license fees, from such third party.

Section 3. Subscription Software License and Restrictions.

- 3.1. Subscription Software License.** Subject to Customer's and its Authorized Users' compliance with the Agreement, including payment terms, Motorola hereby grants Customer and its Authorized Users a limited, non-transferable, non-sublicensable, and non-exclusive license to use the Subscription Software identified in a Proposal, and the associated Documentation, solely for Customer's internal business purposes. The foregoing license grant will be limited to use in the territory and to the number of licenses set forth in a Proposal (if applicable), and will continue for the applicable Subscription Term. Customer may access, and use the Subscription Software only in Customer's owned or controlled facilities, including any authorized mobile sites; provided, however, that Authorized Users using authorized mobile or handheld devices may also log into and access the Subscription Software remotely from any location. No custom development work will be performed under this Addendum.
- 3.2. Customer Restrictions.** Customers and Authorized Users will comply with the applicable Documentation and the copyright laws of the United States and all other relevant jurisdictions (including the copyright laws where Customer uses the Subscription Software) in connection with their use of the Subscription Software. Customer will not, and will not allow others including the Authorized Users, to make the Subscription Software available for use by unauthorized third parties, including via a commercial rental or sharing arrangement; reverse engineer, disassemble, or reprogram software used to provide the Subscription Software or any portion thereof to a human-readable form; modify, create derivative works of, or merge the Subscription Software or software used to provide the Subscription Software with other software; copy, reproduce, distribute, lend, or lease the Subscription Software or Documentation for or to any third party; take any action that would cause the Subscription Software, software used to provide the Subscription Software, or Documentation to be placed in the public domain; use the Subscription Software to compete with Motorola; remove, alter, or obscure, any copyright or other notice; share user credentials (including among Authorized Users); use the Subscription Software to store or transmit malicious code; or attempt to gain unauthorized access to the Subscription Software or its related systems or networks.
- 3.3. User Credentials.** If applicable, Motorola will provide Customer with administrative user credentials for the Subscription Software, and Customer will ensure such administrative user credentials are accessed and used only by Customer's employees with training on their proper use. Customer will protect, and will cause its Authorized Users to protect, the confidentiality and security of all user credentials, including any administrative user credentials, and maintain user credential validity, including by updating passwords. Customer will be liable for any use of the Subscription Software through such user credential (including through any administrative user credentials), including any changes made to the Subscription Software or issues or user impact arising therefrom. To the extent Motorola provides Services to Customer in order to help resolve

issues resulting from changes made to the Subscription Software through user credentials, including through any administrative user credentials, or issues otherwise created by Authorized Users, such Services will be billed to Customer on a time and materials basis, and Customer will pay all invoices in accordance with the payment terms of the MCA.

Section 4. Software Systems - Applicable Terms and Conditions

4.1. On-Premise Software System. If Customer purchases an “on-premises Software System,” where Licensed Software is installed at Customer Sites or on Customer-Provided Equipment, then, unless otherwise specified in writing that any software is being purchased as Subscription Software, the Licensed Software is subject to Section 2 of the SLA.

4.1.1. CAD and Records Products. The terms set forth in this Section 4.1.1. apply in the event Customer purchases any Computer Aided Dispatch (“CAD”) or Records Products under the Agreement.

4.1.1.1. Support Required. Customer acknowledges and agrees that the licenses granted by Motorola under this SLA to CAD and Records Products for on-premises Software Systems are conditioned upon Customer purchasing Maintenance and Support Services for such Products during the term of the applicable license. If at any time during the term of any such license, Customer fails to purchase associated Maintenance and Support Services (or pay the fees for such Services), Motorola will have the right to terminate or suspend the software licenses for CAD and Record Products.

4.1.1.2. CJIS Security Policy. Motorola agrees to support Customer’s obligation to comply with the Federal Bureau of Investigation Criminal Justice Information Services (“CJIS”) Security Policy and will comply with the terms of the CJIS Security Addendum for the term of the Addendum or Proposal for the applicable Product. Customer hereby consents to Motorola screened personnel serving as the “escort” within the meaning of CJIS Security Policy for unscreened Motorola personnel that require access to unencrypted Criminal Justice Information for purposes of Product support and development.

4.2. On-Premise Software System as a Service. If Customer purchases an “on-premises Software System as a service,” where software Products are installed at Customer Sites or on Customer-Provided Equipment, and generally licensed on a subscription basis (i.e, as Subscription Software), then such Subscription Software is subject to Section 3 of the SLA. The firmware preinstalled on Equipment included with an on-premises Software System as a service purchase, and any Microsoft operating system Licensed Software are subject to Section 2 of the SLA.

4.2.1. Transition to Subscription License Model. If the Parties mutually agree that any on-premises Subscription Software purchased under this SLA as part of an “on-premises Software System as a service” solution will be replaced with or upgraded to Subscription Software hosted in a data center, then upon such time the Parties execute the applicable agreement, (a) the licenses granted to such on-premises Subscription Software under this SLA will automatically terminate, (b) Customer and its Authorized Users will cease use of the applicable on-premises copies of Subscription Software, and (c) the replacement hosted Subscription Software provided hereunder will be governed by the terms of **Section 4.3 Cloud Hosted Software System**.

4.2.2. Transition Fee. Motorola will not charge additional Fees for Services related to the transition to hosted Subscription Software, as described in **Section 4.2.1 – Transition to Subscription License Model**. Notwithstanding the foregoing, subscription Fees may be greater than Fees paid by Customer for on-premises Subscription Software.

4.2.3. Software Decommissioning. Upon (a) transition of the on-premises Software System as a service to Subscription Software hosted in a data center or (b) any termination of the Subscription Software license for the on-premises Software System as a service, Motorola will have the right to enter Customer Sites and decommission the applicable on-premises Subscription Software that is installed at Customer's Site or on Customer-Provided Equipment. For clarity, Customer will retain the right to use Licensed Software that is firmware incorporated into Equipment purchased by Customer from Motorola and any Microsoft operating system Licensed Software.

4.3. Cloud Hosted Software System. If Customer purchases a "cloud hosted Software System," where the applicable software is hosted in a data center and provided to Customer as a service (i.e., as hosted Subscription Software), then such Subscription Software is subject to Section 3 of the SLA.

4.4. Additional Cloud Terms. The terms set forth in this **Section 4.4 – Additional Cloud Terms** apply in the event Customer purchases any cloud-hosted software Products.

4.4.1. Data Storage. Motorola will determine, in its sole discretion, the location of the stored content for cloud hosted software Products. All data, replications, and backups will be stored at a location in the United States for Customers in the United States.

4.4.2. Data Retrieval. Cloud hosted software Products will leverage different types of storage to optimize software, as determined in Motorola's sole discretion. For multimedia data, such as videos, pictures, audio files, Motorola will, in its sole discretion, determine the type of storage medium used to store the content. The type of storage and medium selected by Motorola will determine the data retrieval speed. Access to content in archival storage may take up to twenty-four (24) hours to be viewable.

4.4.3. Maintenance. Scheduled maintenance of cloud-hosted software Products will be performed periodically. Motorola will make commercially reasonable efforts to notify customers one (1) week in advance of any such maintenance. Unscheduled and emergency maintenance may be required from time to time. Motorola will make commercially reasonable efforts to notify customers of any unscheduled or emergency maintenance twenty-four (24) hours in advance.

Section 5. Term.

5.1. Term. The term of this SLA (the "**SLA Term**") will commence upon the Effective Date of the MCA.

5.2. Termination - Licensed Software License. Notwithstanding the termination provisions of the MCA, Motorola may terminate this SLA (and any Agreements hereunder) immediately upon notice to Customer if Customer breaches **Section 2 – Licensed Software License and Restrictions** of this SLA, or any other provision related to Licensed Software license scope or restrictions set forth in a Proposal, EULA, or other applicable Addendum. Upon termination or expiration of the SLA Term, all Motorola obligations under this SLA (including with respect to Equipment and Licensed Software delivered hereunder) will terminate. If Customer desires to purchase additional Services in connection with such Equipment or Licensed Software, Customer may enter into a separate Addendum with Motorola, governing such Services.

5.3. Termination - Subscription Software License. Notwithstanding the termination provisions of the MCA, Motorola may terminate this SLA, or suspend delivery of Subscription Software or Services, immediately upon notice to Customer if (a) Customer breaches **Section 3 – Subscription Software License and Restrictions** of this SLA, or any other provision related to Subscription Software license scope or restrictions set forth therein, or (b) it determines that Customer's use of the Subscription Software poses, or may pose, a security or other risk or adverse impact to any

Subscription Software, Motorola, Motorola's systems, or any third party (including other Motorola customers).

5.4. Customer acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Licensed Software, Subscription Software, and Documentation, and that Customer's breach of the SLA will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Customer breaches this SLA, in addition to termination, Motorola will be entitled to all available remedies at law or in equity (including immediate injunctive relief).

5.5. Applicable End User Terms. Additional license terms apply to third-party software included in certain software Products which are available online at www.motorolasolutions.com/legal-flow-downs. Customer will comply, and ensure its Authorized Users comply, with all such additional license terms.

Section 6. Copyright Notices. The existence of a copyright notice on any Licensed Software will not be construed as an admission or presumption of publication of the Licensed Software or public disclosure of any trade secrets associated with the Licensed Software.

Section 7. Survival. The following provisions will survive the expiration or termination of this SLA for any reason: Section 2 – Licensed Software License and Restrictions; Section 3 -- Subscription Software License and Restrictions; Section 4 -- Software Systems -- Applicable Terms and Conditions; Section 5 – Term; Section 7 – Survival.

Additional CC licenses may be purchased for an additional fee.

9.3 VideoManager EX. Subject to **Section 11.1 – VaaS Term**, if specified in the Proposal, Equipment purchased under the VaaS Program provides Customer with a single subscription to Video Manager EX during the VaaS Term (as defined below), the use of which is subject to the MCA and SLA. Following expiration of the applicable Commitment Term, Customer must purchase additional access to VideoManager EX, at Motorola’s prevailing rates, to continue using expired Equipment with the VideoManager EX, or Motorola may disconnect connectivity of any expired Equipment.

9.4. Vigilant VehicleManager or Vigilant ClientPortal. The VaaS Program provides Customer with a subscription to Vigilant VehicleManager or Vigilant ClientPortal, as specified in the

Proposal, during the VaaS Term (as defined below). Following expiration of the applicable Commitment Term, if Customer desires to continue use of expired Equipment with the Vigilant VehicleManager or Vigilant ClientPortal, Customer must purchase additional access to Vigilant VehicleManager or Vigilant ClientPortal based on Motorola's prevailing rates, or Motorola may disconnect connectivity of any expired Equipment to such software.

9.4.1. Access. Use and access to VehicleManager is strictly restricted to Law Enforcement Agencies ("LEAs") and their Authorized Users. Non-LEAs and their Authorized Users may purchase/access Client Portal.

9.5. CarDetector. Customer Customer may purchase Vigilant CarDetector which is Subscription Software. For Customers subscribing to CarDetector, Customer is required to obtain a CLK for each Motorola-approved camera which uses CarDetector. A CLK can be obtained by Customer by going to Motorola's company support website and completing the online request form to Vigilant technical support staff.

Section 10. VaaS Program Payment.

10.1 Mobile Video System: Unless otherwise provided in a Proposal (and notwithstanding the provisions of the MCA), Customer will prepay a subscription Fee quarterly (each a "**Subscription Quarter**"), as set forth in a Proposal. If Customer orders any additional Product(s) under the VaaS Program subsequent to the initial purchase by Customer, Fees for such additional Product will be added to the quarterly subscription Fee, and will be payable on the same Fee payment schedule as the initial Product purchased under the VaaS Program; provided, however, that for the first Subscription Quarter during which such additional Product is purchased, the subscription Fee for the applicable additional Product will be prorated based on the applicable number of days remaining in the such initial Subscription Quarter.

10.2 LPR System: Unless otherwise provided in a Proposal (and notwithstanding the provisions of the MCA), Customer will prepay a subscription Fee yearly (each a "Subscription Year"), as set forth in a Proposal. If Customer orders any additional LPR Product(s) under the VaaS Program subsequent to Customer's initial purchase, the Fees for the additional LPR Product will be added to the yearly subscription Fee and will be payable on the same Fee payment schedule as the initial LPR Products purchased by the Customer; provided, however, that for the first Subscription Year during which such additional LPR Product(s) is purchased, the subscription Fee for the applicable additional LPR Product(s) will be prorated based on the applicable number of days remaining in such initial Subscription Year.

Section 11. VaaS Program Term and Termination.

11.1 VaaS Term. Customer's participation in the VaaS Program will commence upon the System Completion Date under this MVA, and will continue through the end of the final Commitment Term hereunder ("the "**VaaS Term**"). Following the end of any Commitment Term, Customer's access to the Cloud Hosted Evidence Management System with respect to the Equipment purchased relative to that Commitment Term will expire, and Customer must download or transfer all Customer Data associated with the applicable Equipment within thirty (30) days following expiration unless Customer purchases extended access to the Cloud Hosted Evidence Management System from Motorola at the prevailing rates. Motorola has no obligation to retain Customer Data for expired Equipment beyond thirty (30) days following expiration of the applicable Commitment Term. For example, if Customer purchases 100 devices on January 1 of Year 1 of the VaaS Term or the Initial Commitment Term, and then 100 additional devices on January 1 of Year 3, on December 31 of Year 5 (i.e., the conclusion of the Initial Commitment Term), Customer's access to the Cloud Hosted Evidence Management System with respect to

the first 100 devices will be discontinued, and Customer must purchase extended storage or transfer all Customer Data associated with the first 100 devices within thirty (30) days of expiration of the Initial Commitment Term. In the foregoing example, the Cloud Hosted Evidence Management System access and data storage for the second 100 devices purchase will extend until December 31 of Year 7.

11.2 Termination. The termination provisions applicable to the VaaS Program will be those set forth in the MCA and SLA, as applicable. If Customer's participation in the VaaS Program is terminated for any reason prior to the end of the Initial Commitment Term or any Subsequent Commitment Term, Customer will pay the prorated remainder of the aggregate Equipment list price (prevailing as of the time of delivery). This is calculated by multiplying the list price of all Equipment purchased under the VaaS Program by the percentage resulting from dividing the number of months remaining in the Commitment Term applicable to such Equipment by sixty (60). In the event Customer purchased Equipment on multiple dates, resulting in separate Commitment Terms, the preceding calculation will be made relative to the applicable Commitment Term for each Equipment order.

11.3 Post Termination Subscription Software Access. Upon completion of the VaaS Term, Customer may elect to purchase additional CLKs, at then current rates, for continued Vigilant CarDetector and/or Subscription Software access. If applicable, additional network costs, at then current rates, may apply. Any continued Software Subscription access shall continue to be governed by the MCA and SLA.

Section 12. System Completion. Any Mobile Video System sold hereunder will be deemed completed upon Customer's (or the applicable Authorized User's) Beneficial Use of the applicable Mobile Video System (the "**System Completion Date**"). Customer will not unreasonably delay Beneficial Use, and in any event, the Parties agree that Beneficial Use will be deemed to have occurred thirty (30) days after functional demonstration. As used in this Section, "**Beneficial Use**" means use by Customer or at least one (1) Authorized User of the material features and functionalities of Mobile Video System, in material conformance with Product descriptions in the applicable Proposal. Any additional Equipment sold in connection with the initial Mobile Video System shall be deemed delivered in accordance with the terms of the MCA. Any additional Subscription Software purchased under the VaaS Program will be deemed delivered upon Customer's receipt of credentials required for access to the Cloud Hosted Evidence Management System or upon Motorola otherwise providing access to the Cloud Hosted Evidence Management System. This Section applies to Products purchased under the MVA notwithstanding any delivery provisions of the Agreement, and this Section will control over such other delivery provisions to the extent of a conflict.

Section 13. Additional Cloud Terms. The terms set forth in Section 4.4 Additional Cloud Terms of the SLA apply in the event Customer purchases any cloud hosted software Products, including a Cloud Hosted Evidence Management System.

Section 14. Survival. The following provisions will survive the expiration or termination of this MVVA for any reason: Section 1 – Addendum; 3 – Evidence Management Systems; Applicable Terms and Conditions; Section 4 – Payment; Section 6.2 – Applicable End User Terms; Section 9.1 – VideoManager EL Section 11 – VaaS Program Term and Termination; Section 14 – Survival.

MAINTENANCE, SUPPORT AND LIFECYCLE MANAGEMENT ADDENDUM

This Maintenance, Support and Lifecycle Management Addendum (this “**MSLMA**”) is subject to, and governed by, the terms of the Motorola Solutions Customer Agreement (“MCA”) to which it is attached. Capitalized terms used in this MSLMA, but not defined herein, will have the meanings set forth in the MCA.

Section 1. Addendum. This MSLMA governs Customer’s purchase of Maintenance, Support and Lifecycle Management (as defined below) services (and, if set forth in an Proposal related Services) from Motorola and will form part of the Parties’ Agreement. This MSMLA will control with respect to conflicting terms in the MCA or any other applicable Addendum, but only as applicable to the Maintenance, Support and Lifecycle Management services purchased under this MSMLA and not with respect to other Products and Services.

Section 2. Scope

Motorola will provide break/fix maintenance, technical support, or other Services (such as software integration Services) (“Maintenance and Support Services”) and/or upgrade services (“Lifecycle Management”) as further described in the applicable Proposal.

Section 3. Terms and conditions

3.1 Maintenance and Support services

3.1.1 Purchase Order Acceptance. Purchase orders for additional, continued, or expanded maintenance and software support, during the Warranty Period or after the Warranty Period, become binding only when accepted in writing by Motorola.

3.1.2 Start Date. The “Start Date” for Maintenance and Support Services will be indicated in the applicable Proposal.

3.1.3 Auto Renewal. Unless the applicable Proposal specifically states a termination date or one Party notifies the other in writing of its intention to discontinue the Maintenance and Support Services, this Agreement will renew for an additional one (1) year term on every anniversary of the Start Date. At the anniversary date, Motorola may adjust the price of the Services to reflect the renewal rate.

3.1.4 Termination. Written notice of intent to terminate must be provided thirty (30) days or more prior to the anniversary date. If Motorola provides Services after the termination or expiration of this MSLMA, the terms and conditions in effect at the time of termination or expiration will apply to those Services and Customer agrees to pay for those services on a time and materials basis at Motorola’s then effective hourly rates. This provision survives the expiration or termination of the Agreement and applies notwithstanding any contrary provision.

3.1.5 Equipment Definition. For maintenance and support services, Equipment will be defined to mean the hardware specified in the applicable Proposal.

3.1.6 Additional Hardware. If Customer purchases additional hardware from Motorola that becomes part of the Communications System, the additional hardware may be added to this MSLMA and will be billed at the applicable rates after the warranty period for that additional equipment expires. Such hardware will be included in the definition of Equipment.

3.1.7 Maintenance. Equipment will be maintained at levels set forth in the manufacturer's product manuals and routine procedures that are prescribed by Motorola will be followed. Motorola parts or parts of equal quality will be used for Equipment maintenance.

3.1.8 Equipment Condition. All Equipment must be in good working order on the Start Date or when additional equipment is added to the MSLMA. Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment. Customer must promptly notify Motorola in writing when any Equipment is lost, damaged, stolen or taken out of service. Customer's obligation to pay maintenance and support fees for this Equipment will terminate at the end of the month in which Motorola receives the written notice. If Equipment cannot, in Motorola's reasonable opinion, be properly or economically maintained for any reason, Motorola may modify the scope of Services related to that Equipment; remove that Equipment from the Agreement; or increase the price to maintain that Equipment.

3.1.9 Equipment Failure. Customer must promptly notify Motorola of any Equipment failure. Motorola will respond to Customer's notification in a manner consistent with the level of Service purchased as indicated in this MSLMA and applicable Proposal.

3.1.10 Intrinsically Safe. Customer must specifically identify any Equipment that is labeled intrinsically safe for use in hazardous environments.

3.1.11 Excluded Services.

a) Service excludes the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards; excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.

b) Unless specifically included in this MSLMA or the applicable Proposal, Service excludes items that are consumed in the normal operation of the Equipment, such as batteries or magnetic tapes.; upgrading or reprogramming Equipment; accessories, belt clips, battery chargers, custom or special products, modified units, or software; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet or the worldwide web, or for Equipment malfunction caused by the transmission medium.

3.1.12 Time And Place. Service will be provided at the location specified in this MSLMA and/or the applicable Proposal. When Motorola performs maintenance, support, or installation at Customer's location, Customer will provide Motorola, at no charge, a non-hazardous work environment with adequate shelter, heat, light, and power and with full and free access to the Equipment. Waivers of liability from Motorola or its subcontractors will not be imposed as a site access requirement. Customer will provide all information pertaining to the hardware and software elements of any system with which the Equipment is interfacing so that Motorola may perform its Services. Unless otherwise stated in this MSLMA or applicable Proposal, the hours of Service will be 8:30 a.m. to 4:30 p.m., local time, excluding weekends and holidays. Unless otherwise stated in this MSLMA or applicable Proposal, the price for the Services exclude any charges or expenses associated with helicopter or other unusual access requirements; if these charges or expenses are reasonably incurred by Motorola in rendering the Services, Customer agrees to reimburse Motorola for those charges and expenses.

3.1.13 Customer Contact. Customer will provide Motorola with designated points of contact (list

of names and phone numbers) that will be available twenty-four (24) hours per day, seven (7) days per week, and an escalation procedure to enable Customer's personnel to maintain contact, as needed, with Motorola.

3.1.14 Warranty. Motorola warrants that its Maintenance and Support Services under this section will be free of defects in materials and workmanship for a period of ninety (90) days from the date the performance of the Services are completed. In the event of a breach of this warranty, Customer's sole remedy is to require Motorola to re-perform the non-conforming Service or to refund, on a pro-rata basis, the fees paid for the non-conforming Service. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

3.2 Lifecycle Management Services

3.2.1 The License terms included in the MCA and its SLA Addendum apply to any Motorola Licensed Software provided as part of the Lifecycle Management transactions.

3.2.2 The term of this MSLMA is [REDACTED] years, commencing on [REDACTED], 202[REDACTED]. The Lifecycle Management Price for the [REDACTED] years of services is \$ [REDACTED], excluding applicable sales or use taxes but including discounts as more fully set forth in the pricing pages. Because the Lifecycle Management is a subscription service as more fully described in the applicable Proposal, payment from Customer is due in advance and will not be in accordance with any Payment Milestone Schedule.

3.2.3 The Communications System upgrade will be scheduled during the subscription period and will be performed when Motorola's upgrade operation resources are available. Motorola may substitute any of the promised Equipment or Licensed Software so long as the substitute is equivalent or superior to the initially promised Equipment or Licensed Software.

3.2.4 Acceptance of a Lifecycle Management transaction occurs when the Equipment (if any) and Licensed Software are delivered, in accordance with the MCA, and the Lifecycle Management services are fully performed.

3.2.5 The Warranty Period for any Equipment or Licensed Software provided under a Lifecycle Management transaction will commence upon shipment and is for a period of ninety (90) days. The ninety (90) day warranty for Lifecycle Management services is set forth in the applicable Proposal.

3.2.6 In addition to the description of the Lifecycle Management services and exclusions provided in the applicable Proposal, the following apply:

- a) Upon reasonable request by Motorola, Customer will provide a complete serial and model number list of the Equipment.
- b) Lifecycle Management services exclude the repair or replacement of Equipment that has become defective or damaged from use in other than the normal, customary, intended, and authorized manner; use not in compliance with applicable industry standards;

excessive wear and tear; or accident, liquids, power surges, neglect, acts of God or other force majeure events.

- c) Unless specifically included in this MSLMA or the applicable Proposal, Lifecycle Management services exclude items that are consumed in the normal operation of the Equipment; accessories; and repair or maintenance of any transmission line, antenna, microwave equipment, tower or tower lighting, duplexer, combiner, or multicoupler. Motorola has no obligations for any transmission medium, such as telephone lines, computer networks, the internet, or for Equipment malfunction caused by the transmission medium.
- d) Customer will provide Motorola with designated points of contact (list of names and phone numbers) that will be available during the performance of the Lifecycle Management services.

3.2.7 The Lifecycle Management annualized price is based on the fulfillment of the two year cycle. If Customer terminates this service during a two year cycle, except for Motorola's default, then Customer will be required to pay for the balance of payments owed for the two year cycle if a major system release has been implemented before the point of termination.

3.2.8 If Customer terminates this Maintenance and Support or Lifecycle Management service and contractual commitment before the end of the [] year term, for any reason other than Motorola's default, then the Customer will pay to Motorola a termination fee equal to the discount applied to the last three years of service payments related to the [] year commitment. This provision survives the expiration or termination of the Agreement and applies notwithstanding any contrary provision.

Section 4. Payment

4.1 Unless alternative payment terms are stated in this MSLMA, Motorola will invoice Customer in advance for each payment period. All other charges will be billed monthly and the Customer must pay each invoice in U.S. dollars within thirty (30) days of the invoice date. Customer will reimburse Motorola for all property taxes, sales and use taxes, excise taxes, and other taxes or assessments that are levied as a result of Services rendered under this Agreement (except income, profit, and franchise taxes of Motorola) by any governmental entity.

4.2 INFLATION ADJUSTMENT. For multi-year agreements, at the end of the Agreement's first year and each year thereafter, a CPI percentage change calculation shall be performed using the U.S. Department of Labor, Consumer Price Index, "All Items," Unadjusted Urban Areas (CPI-U). Should the annual inflation rate increase greater than 3% during the previous year, Motorola shall have the right to increase all future maintenance prices by the CPI increase amount exceeding 3%. The adjustment calculation will be based upon the CPI for the most recent twelve (12) month increment beginning from the most current month available posted by the U.S. Department of Labor (<http://www.bls.gov>) immediately preceding the new maintenance year. For purposes of illustration, if in Year 5 the CPI reported an increase of 8%, Motorola may increase the Year 6 price by 5% (8%-3% base).

Exhibit A

PAYMENT

Except for a payment that is due on the Effective Date, Customer will make payments to Motorola within thirty (30) days after the date of each invoice. Customer will make payments when due in the form of a check, cashier's check, or wire transfer drawn on a U.S. financial institution. Payment for the System purchase will be in accordance with the following milestones.

System Purchase (excluding Subscribers, if applicable)

- 1. 25% of the Contract Price due upon contract execution (due upon effective date);**
- 2. 60% of the Contract Price due upon shipment of equipment from Staging;**
- 3. 10% of the Contract Price due upon installation of equipment; and**
- 4. 5% of the Contract Price due upon Final Acceptance.**

If Subscribers are purchased, 100% of the Subscriber Contract Price will be invoiced upon shipment (as shipped).

Motorola shall make partial shipments of equipment and will request payment upon shipment of such equipment. In addition, Motorola shall invoice for installations completed on a site-by-site basis or when professional services are completed, when applicable. The value of the equipment shipped/services performed will be determined by the value shipped/services performed as a percentage of the total milestone value. Unless otherwise specified, contract discounts are based upon all items proposed and overall system package. For invoicing purposes only, discounts will be applied proportionately to the FNE and Subscriber equipment values to total contract price. Overdue invoices will bear simple interest at the maximum allowable rate by state law.

**For Lifecycle Support Plan and Subscription Based Services:
Motorola will invoice Customer annually in advance of each year of the plan.**
